H-2A and H-2B Electronic Filing through iCERT

Implementation Webinar Technical Details

The Department is holding four public webinars to orient H-2A and H-2B program users to electronic filing through the iCERT System.

The first two webinars will be dedicated to the electronic filing in the H-2B program and will take place on Monday, October 1st and Thursday, October 4th of 2012 starting at 1:30 pm Eastern Time and lasting approximately 90 minutes. **Each webinar will cover essentially the same information.**

The last two webinars will be dedicated to the electronic filing in the H-2A program and will take place on Monday, November 26th and Thursday, November 29th of 2012 starting at 1:30 Eastern Time and lasting approximately 90 minutes. **Each webinar will cover essentially the same information.**

The capacity of each webinar is limited to 200 concurrent participants and the ability to log in to a webinar session is established on a first-come, first-served basis. **There is no pre-registration for the four webinars**. Participants will be able to log in to each webinar session **no earlier than** approximately 30 minutes prior to the official start time. Please note that due to the large number of participants, callers will not have the ability to ask questions over the phone line. However, you will be able to submit your questions through the webinar chat function.

Because of a potentially high demand for these webinars, we encourage organizations or other groups of participants to access the webinars at a single, centralized location to maximize attendance.

These webinars are subject to change or cancellation. The Department will post on this website any updates to this schedule.
