U.S. Citizenship and Immigration Services

September 22, 2010

Meeting Invitation

TO: USCIS Stakeholders

FROM: U.S. Citizenship & Immigration Services - Office of Public Engagement and the Baltimore District Office

SUBJECT: Stakeholder Roundtable and Open House with USCIS Director Alejandro Mayorkas

DETAILS: **Monday, October 4, 2010**
Baltimore District Office
31 Hopkins Plaza
Baltimore, MD 21201

This summer, Director Mayorkas announced the "We Are America" children's art project which is a collaboration with community-based organizations serving America's immigrant communities. This initiative encouraged children to express, through their artwork, why cultural diversity makes America great. To further build and strengthen our ties with local communities, our District offices will open their doors during the month of October to stakeholders and visitors as we begin a new chapter of partnership with the communities we serve. The children's art will serve as a welcome, and the young artists and their families will be invited to attend.

To celebrate the first day of this initiative, USCIS Director Alejandro Mayorkas and the USCIS Baltimore District Office will be hosting a stakeholder roundtable directly followed by an Open House where artwork submitted from the Children's Art Project will be on display.

We welcome your participation in both of these events:

Stakeholder Roundtable
4:00pm – 5:00pm EDT

Open House
5:00pm – 6:30pm EDT

Please provide your full name and the organization you represent to Deneice Jones at Deneice.jones@dhs.gov by COB Thursday, September, 30, 2010.

Bring a photo I.D. and be sure to allow sufficient time to be processed through security.
