Re: Grand Opening of USCIS Field Office in Holtsville, New York

When: October 14th, 2010 @ 1:00 pm

You are cordially invited to join me and Congressman Timothy Bishop as we officially open the Long Island Field Office of United States Citizenship and Immigration Services. This new field office will be located at 30 Barretts Avenue, Holtsville, New York 11742. This field office will provide full-service immigration processing for USCIS customers who reside in Queens, Nassau and Suffolk County. The new office is based on a national model for new USCIS office locations throughout the country, and includes resources necessary to accommodate the large number of customers that we see on a daily basis. Attendees will have an opportunity to meet USCIS staff and tour the new facility.

This new facility underscores our commitment to providing the absolute best service to our customers. USCIS customers living in Queens, Nassau and Suffolk Counties will see further improvements in service, accessibility, and timeliness while our own employees benefit from a more work-friendly environment.

If you have any other questions of	or concerns,	please feel	free to	contact Shy	conia	Burden,
Community Relations Officer at		or ema	il;			

On March 1, 2003 U.S. Citizenship and Immigration Services became one of three legacy INS components to join the U.S. Department of Homeland Security. USCIS is charged with fundamentally transforming and improving the delivery of immigration and citizenship services, while enhancing the integrity of our nation's security.
