### Form I-751 Data Entry Delay at California Service Center

USCIS' California Service Center (CSC) is experiencing a delay in initial data entry for [Form I-751, Petition to Remove Conditions on Residence](#). Since initial data entry has to be completed before a receipt notice can be issued, some petitioners and their dependents may experience a delay in receiving a receipt notice for a Form I-751 submitted to the CSC.

If you submitted a Form I-751 to the CSC in May 2018 and you have not received a receipt notice, do not file a duplicate Form I-751 unless you have received a rejection notice or have been instructed to do so by the CSC.

The CSC is working to complete data entry of these petitions by the end of June 2018, and will issue another web alert once initial data entry has returned to normal. Petitioners will receive a receipt notice once their data is entered into USCIS systems.

If your 2-year green card has expired, you should call the USCIS Contact Center at 1-800-375-5283 (TTY for people with hearing or speech disabilities: 1-800-767-1833). The USCIS Contact Center will setup an appointment for you and any eligible dependents at your local field office. If possible, bring evidence that you sent your Form I-751 via USPS or courier service, such as FedEx.
