(b) The alternate calculation method referred to in subsection (a) is a method of calculating the actual yield for the 2018 crop year for county-level agriculture risk coverage payments under section 1117(b)(1) of the Agricultural Act of 2014 (7 U.S.C. 9017(b)(1)), under which—

(3) if there is insufficient NASS data for a comparable contiguous county (as determined under standards of the Secretary in effect as of the date of enactment of this Act), the calculation of the county yield is determined using reliable yield data from other sources, such as Risk Management Agency data, National Agricultural Statistics Service district data, National Agricultural Statistics Service State yield data, or other data as determined by the Farm Service Agency office in the applicable State.

(c)(1) A supplemental payment made under the pilot program established under this section may be made to an agricultural producer who is subject to the alternate calculation method described in subsection (b) if that agricultural producer would otherwise receive a county-level agriculture risk coverage payment for the 2018 crop year in an amount that is less than the payment that the agricultural producer would receive under the alternate calculation method.
(2) The amount of a supplemental payment to an agricultural producer under this section may not exceed the difference between—

(A) the payment that the agricultural producer would have received without the alternate calculation method described in subsection (b); and

(B) the payment that the agricultural producer would receive using the alternate calculation method.

(d)(1) There is appropriated to the Secretary, out of funds of the Treasury not otherwise appropriated, $5,000,000, to remain available until September 30, 2020, to carry out the pilot program described in this section.

(e)(1) To the maximum extent practicable, the Secretary shall select States to participate in the pilot program under this section so the cost of the pilot program equals the amount provided under subsection (d).

(2) To the extent that the cost of the pilot program exceeds the amount made available, the Secretary shall reduce all payments under the pilot program on a pro rata basis.

(f) Nothing in this section affects the calculation of actual yield for purposes of county-level agriculture risk
coverage payments under section 1117(b)(1) of the Agricultural Act of 2014 (7 U.S.C. 9017(b)(1)) other than payments made in accordance with the pilot program under this section.

(g) A calculation of actual yield made using the alternate calculation method described in subsection (b) shall not be used as a basis for any agriculture risk coverage payment determinations under section 1117 of the Agricultural Act of 2014 (7 U.S.C. 9017) other than for purposes of the pilot program under this section.

The Bureau of Indian Affairs may carry out the operation of Indian programs by direct expenditure, contracts, cooperative agreements, compacts, and grants, either directly or in cooperation with States and other organizations.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Affairs for central office oversight and Executive Direction and Administrative
Services (except executive direction and administrative services funding for Tribal Priority Allocations, regional offices, and facilities operations and maintenance) shall be available for contracts, grants, compacts, or cooperative agreements with the Bureau of Indian Affairs under the provisions of the Indian Self-Determination Act or the Tribal Self-Governance Act of 1994 (Public Law 103–413).

In the event any tribe returns appropriations made available by this Act to the Bureau of Indian Affairs, this action shall not diminish the Federal Government’s trust responsibility to that tribe, or the government-to-government relationship between the United States and that tribe, or that tribe’s ability to access future appropriations.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Education, other than the amounts provided herein for assistance to public schools under 25 U.S.C. 452 et seq., shall be available to support the operation of any elementary or secondary school in the State of Alaska.

No funds available to the Bureau of Indian Education shall be used to support expanded grades for any school or dormitory beyond the grade structure in place or approved by the Secretary of the Interior at each school

rate and apart from Bureau funds, and the Bureau does not assume any obligation for charter school programs of the State in which the school is located if the charter school loses such funding. Employees of Bureau-funded schools sharing a campus with a charter school and performing functions related to the charter school’s operation and employees of a charter school shall not be treated as Federal employees for purposes of chapter 171 of title 28, United States Code.

Funds available under this Act may not be used to establish satellite locations of schools in the Bureau school system as of September 1, 1996, except that the Secretary may waive this prohibition in order for an Indian tribe to provide language and cultural immersion educational programs for non-public schools located within the jurisdictional area of the tribal government which exclusively serve tribal members, do not include grades beyond those

available under this Act may be used to fund operations,
maintenance, rehabilitation, construction or other facili-
ties-related costs for such assets that are not owned by

remedies available as deemed necessary and appro-

(d) The Secretary shall also take appropriate steps
to ensure that project-based contracts remain in effect,
subject to the exercise of contractual abatement remedies
to assist relocation of tenants for major threats to health
and safety after written notice to the affected tenants. To
the extent the Secretary determines, in consultation with
the tenants and the local government, that the property
is not feasible for continued rental assistance payments
under such section 8 or other programs, based on consid-
