**SUPPLEMENTARY INFORMATION:**

**Public Comment Procedures**

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the regulations.gov docket for this notice as “other” documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly

Abstract: Section 10 of the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), as amended, states that “The Foundation is authorized to award, within the limits of funds made available . . . scholarships and graduate fellowships for scientific study or scientific work in the mathematical, physical, biological, engineering, social, and other sciences at accredited U.S. institutions selected by the recipient of such aid, for stated periods of time.”

The Graduate Research Fellowship Program has two goals:

• To select, recognize, and financially support, early in their careers, individuals with the demonstrated potential to be high achieving scientists and engineers;

• To broaden participation in science and engineering of underrepresented groups, including women, minorities, persons with disabilities, and veterans.

The list of GRFP Awardees recognized by the Foundation may be found via FastLane through the NSF website: https://www.nsf.gov/publications/pub_summ.jsp?key=nsf19590&org=NSF.

The Graduate Research Fellowship Program is an annual application program providing three years of support to individuals, usable over a five-year fellowship period. The application deadlines are in late October. It is estimated that each submission is averaged to be 16 hours.
