### U.S. Citizenship and Immigration Services Fee Schedule; Correction

**AGENCY:** U.S. Citizenship and Immigration Services, DHS.

**ACTION:** Final rule; correction.

**SUMMARY:** The Department of Homeland Security corrects an inadvertent error in the amendatory language of the final rule *U.S. Citizenship and Immigration Services Fee Schedule* published in the **Federal Register** on September 24, 2010.

**DATES:** This correction is effective November 23, 2010.

**FOR FURTHER INFORMATION CONTACT:** Timothy Rosado, Acting Chief Financial Officer, U.S. Citizenship and Immigration Services, Department of Homeland Security, 20 Massachusetts Avenue, NW., Washington, DC 20529-2130, telephone (202) 272-1930.

#### SUPPLEMENTARY INFORMATION:

#### Need for Correction

On September 24, 2010, the Department of Homeland Security (DHS) published a final rule in the **Federal Register** adjusting the U.S. Citizenship and Immigration Services (USCIS) fee schedule. 75 FR 58962. As discussed in the preamble to the final rule, DHS determined that the fee for a refugee travel document for an adult age 16 or older should match the fee charged for the issuance of a passport to a United States citizen (\$110 plus a \$25 dollar execution fee). 75 FR at 58964, 58972. Accordingly, DHS intended to reduce the fee for filing Application for Travel Document, Form I-131, for a

refugee travel document to \$135 for an adult age 16 or older.

The final rule inadvertently listed a fee of \$165 for filing an Application for Travel Document, Form I-131, for a refugee travel document for an adult age 16 or older. 75 FR at 58987. DHS needs to correct that portion of the final rule to indicate that an adult age 16 or older must submit a fee of \$135 with an Application for Travel Document, Form I-131, to request a refugee travel document. No other changes are made in this correction.

#### Correction of Publication

■ Accordingly, the publication on September 24, 2010 (75 FR 58962) of the final rule that was the subject of FR Doc. 2010-23725 is corrected as follows:

#### § 103.7 [Corrected]

■ 1. On page 58987, in the first column, § 103.7 is amended by revising the dollar figure "\$165" in paragraph (b)(1)(i)(M)(1) to read: "\$135".

Dated: November 9, 2010.

[Docket No. APHIS-2009-0034]

RIN 0579-AD12

### Changes in Disease Status of the Brazilian State of Santa Catarina With Regard to Certain Ruminant and Swine Diseases

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Final rule.

**SUMMARY:** We are amending the regulations governing the importation of certain animals and animal products by adding the Brazilian State of Santa Catarina to the list of regions we recognize as free of foot-and-mouth disease (FMD), rinderpest, swine vesicular disease, classical swine fever, and African swine fever. We are also

adding Santa Catarina to the list of regions that are subject to certain import restrictions on meat and meat products because of their proximity to or trading relationships with rinderpest- or FMD-affected countries. These actions will update the disease status of Santa Catarina with regard to FMD, rinderpest, swine vesicular disease, classical swine fever, and African swine fever while continuing to protect the United States from an introduction of those diseases by providing additional requirements for live swine, pork meat, pork products, live ruminants, ruminant meat, and ruminant products imported into the United States from Santa Catarina.

**DATES:** *Effective Date:* December 1, 2010.

**FOR FURTHER INFORMATION CONTACT:** Dr. Silvia Kreindel, Senior Staff Veterinarian, Regionalization Evaluation Services Staff, National Center for Import and Export, VS, APHIS, 4700 River Road Unit 38, Riverdale, MD 20737; (301) 734-4356 or (301) 734-8419.

#### SUPPLEMENTARY INFORMATION:

#### Background

The regulations in 9 CFR part 94 (referred to below as the regulations) govern the importation into the United States of specified animals and animal products in order to prevent the introduction of various animal diseases, including rinderpest, foot-and-mouth disease (FMD), African swine fever (ASF), classical swine fever (CSF), and swine vesicular disease (SVD). These are dangerous and destructive communicable diseases of swine and ruminants.

Section 94.1 of the regulations prohibits, with certain exceptions, the importation into the United States of live swine, live ruminants, and products from these species from regions where FMD or rinderpest is known to exist. Rinderpest or FMD exists in all regions of the world except for certain regions that are listed as free of rinderpest or free of both rinderpest and FMD in § 94.1. Section 94.11 of the regulations lists regions of the world that have been determined to be free of rinderpest and FMD, but that are subject to certain restrictions because of their proximity to or trading relationships with rinderpest- or FMD-affected regions. Section 94.8 of the regulations restricts the importation into the United States of pork and pork
