Subject: USCIS Message: Status of USCIS Operations

Dear Stakeholder:

USCIS operations continue despite the Federal Government shutdown, because fee-for-service activities performed by USCIS are not affected by a lapse in annual appropriated funding. Therefore, all USCIS offices worldwide are open for interviews and appointments as scheduled. E-Verify is an exception and is unavailable during the shutdown. For more information about how the shutdown is effecting E-Verify please visit www.dhs.gov/e-verify.

Kind regards,

USCIS Public Engagement Division
