FORM I-360

Instructions for Form I-360, Petition for Amerasian, Widow(er), or Special Immigrant

OMB Number: 1615-0020

Submission Date 10/08/2014

Reason for Revision: Adding a new classification in the form; updating the instructions related to a self-petitioning battered or abused parent of a U.S. citizen pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (VAWA 2005), Public Law 109-162; clarifying instructions for existing classifications and other clarifying edits throughout the instructions, reformatting for better flow; reorganizing the form questions in a more logical manner; adding a single check box as a means to provide the VAWA self-petitioners to request employment authorization; incorporating a fact sheet for prospective employment-based fourth preference (EB-4) petitioners; and updating the form's certification statement to conform with standard certification language.

Comment [U5]: Thank you for your suggested edit ("U.S. Department of Homeland Security"). However, it is not consistent with the overall standards used in all USCIS forms.

OIDP's Forms Management Branch (FMB) and OCC and have worked for several months with DOJ, ICE, CBP, and OGC-Immigration to obtain their review, suggestions, and concurrence on new applicant, preparer, and interpreter statements. It was also reviewed by the USCIS desk officer at OMB. The language in standard sections that the Front Office wants to revise is part of the product from that effort. The language may not be perfect, but if we revise it we must obtain agreement from the outside stakeholders who have previously concurred with the language. For that reason, we would prefer to maintain it as is, as noted in the comment bubbles below.

If you feel strongly that the language is deficient and the edits are required, we will revise it as you suggest and work with OCC again to send it to DOJ, ICE, CBP, and OGC for their agreement. Please understand that the changes you request here affect every other USCIS collection for public use. Currently, these changes would impact more than 25 collections in various stages of revision (public comment, DHS review, OMB review, etc).
