ROSANNA BERARDI NAMED “WOMAN LEGAL ENTREPRENEUR OF THE YEAR” BY WOMEN OWNED LAW

Berardi to be honored with award at Women’s Entrepreneurship Symposium on March 11, 2020

BUFFALO, NY – Berardi Immigration Law is pleased to announce that the firm’s founder and managing partner, Rosanna Berardi, has been named a 2020 “Woman Legal Entrepreneur of the Year” award recipient by Women Owned Law (WOL), a national nonprofit networking and advocacy group for women-owned law and legal services firms. Berardi will be honored with the award at Women Owned Law’s Symposium on Women’s Entrepreneurship on March 11, 2020, at Drexel University’s Thomas R. Kline Institute of Trial Advocacy in Philadelphia.

Established in 2005, Rosanna Berardi founded Berardi Immigration Law with the vision of developing a team of world-class immigration lawyers, paralegals and assistants. In less than 15 years, she grew the firm exponentially from a solo practice to a team of 18 employees, with offices in Buffalo, NY; Rochester, NY; Beverly Hills, CA; London, England and Toronto, Canada. With a commitment to excellence in immigration law, the firm represents multinational corporations and individuals who seek to enter the U.S. to obtain work permits, green cards and U.S. citizenship.

Each year, Women Owned Law recognizes women entrepreneurs in law who have excelled in supporting and advancing other women in the legal field. The organization advocates on behalf of women legal entrepreneurs and strives to raise the profile of women entrepreneurs in law across the country.

“As an immigration attorney who embarked on an entrepreneurial path, it’s an honor to be recognized by Women Owned Law for the firm I’ve built over these past several years,” said Rosanna Berardi. “I’ve always seen the value in developing female employees both in and outside the office, giving them the guidance and mentorship to grow professionally in their roles.”

“Rosanna constantly strives to assist women in reaching their full leadership potential, and her entrepreneurial spirit has allowed her to build a successful immigration firm from the ground up,” said Jennifer Behm, a partner at Berardi Immigration Law. “Her work ethic, unwavering spirit, responsiveness, and values have enabled us to help our clients achieve the American Dream.”
