- Must be at least 1 year old (or be expected to last 1 year); and
- Must not have been caused by illegal drug use.

The applicant must demonstrate a disability or impairment that affects the functioning of the individual such that, even with reasonable accommodations, he or she is unable to demonstrate the educational requirements for naturalization. Illiteracy alone is not a valid reason to seek an exception to the educational requirements. In addition, advanced age, in and of itself, is not a medically determinable physical or developmental disability or mental impairment.

If you qualify, an interpreter, who is fluent in English and the language of your choice, must come with you to your interview.

☒ Yes ☐ No

Submit a completed Form N-648 when you file this application.

In general, applicants for naturalization must demonstrate an understanding of the English language, including an ability to read, write, and speak words in ordinary usage. They must also demonstrate a knowledge and understanding of the fundamentals of the history and principles and form of government of the United States. Together, these are known as the English and civics requirements for naturalization. The [Form N-648, Medical Certification for Disability Exceptions](#) is intended for applicants who seek an exception to the English and/or civics requirements due to a physical or developmental disability or mental impairment that has lasted, or is expected to last, 12 months or more.

Requests for Accommodations

Are you requesting an accommodation because of your disabilities and/or impairments?

[How might USCIS accommodate me if I have a disability?](#)

USCIS will make every effort to make reasonable accommodations for applicants with disabilities who need modifications to the naturalization process in order to demonstrate their eligibility. For example:

- If you use a wheelchair, we will make sure you can be fingerprinted, interviewed, and sworn in at a location that is wheelchair accessible, and all domestic USCIS facilities meet the Accessibility Guidelines of the Americans with Disabilities Act.
- If you are unable to travel to a designated USCIS location for an interview, USCIS may visit you at your home or a hospital to conduct the naturalization interview.
- If you are hearing impaired, the officer conducting your interview will speak loudly and slowly, or we will work with you to arrange for an American Sign Language interpreter. If you require an American Sign Language interpreter at the oath ceremony, your interview, or any other immigration benefit-related appointment, please indicate that here.
- If you use a service animal such as a guide dog, your animal may come with you to your interview, oath ceremony, or any other immigration benefit-related appointment.
- If you are blind or have low vision, USCIS may permit you to take a test orally rather than in writing.
