4. Evidence for your application

Based on the answers you provided, we have generated an evidence checklist for you. In this section, you will upload the requested evidence.

Please keep in mind the following as you gather and upload your evidence:

- If you do not provide enough evidence with your application, we may ask you to send more, which can delay the processing of your application.
- Though you will be uploading evidence with your application, you may also need to bring the original versions to your naturalization interview.
- If you are submitting documents that are not in English, you must also include translations certified by the translator to be true.
- If you cannot get original copies of certain pieces of evidence, you may submit a certification from the recording authority (organization that issues the evidence) explaining why the originals are not available.
