APPENDIX D: CASE CLOSING CODES

PD – The case has been processed, responsive records were released in part.

G1 – The case has been processed, responsive records were released in full.

DP – The case was closed as a duplicate of another case.

ER – Created in error. (see **ER Case Closings**)

WD – Case was closed as a withdrawal.

NA – FOIA/PA not applicable. You are required to select the office the request is being redirected to. Select “ALL”, two letters will be generated.

NR – The case was closed as no record. A search of all databases was conducted for any files relating to the subject. No results were found. All (non-responsive) screen prints are scanned in as CSD.

UT – Unable to locate alien file. Cases can be closed if the alien file is marked as lost and it has been more than one year. A thorough search of all systems must be completed.

FC – Cases close failure to comply when requesters fail to supply requested information. (i.e. Interim Interest Project, consent, subject has fugitive status or request for additional information)

FP – Cases close failure to pay when requesters fail to submit payment.

RD – Advise requester to contact another government agency to acquire records. We tell the requester whom they should contact to obtain records responsive to their request.

RF – Cases forwarded to DHS components. We tell the requester the name of the agency we referred their request to.

APPENDIX G: DEFINITIONS

The definitions listed below are words and phrases that frequently appear in FOIA and PA requests. The list is arranged in alphabetical order. Additional definitions can be located at <http://www.uscis.gov/portal/site/uscis/menuitem>. Select the tab titled "Education and Resource."

Access - Includes any form of disclosure, to include oral, visual, or reproduced copy. A reproduced copy, whether in paper or electronic format, always satisfies FOIA/PA access requirements.

Agency - Any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency. This does not include the legislative (Congress) or judicial (Courts) branches of the Government, nor does it apply to state, local, or foreign government agencies. The Department of Homeland Security (DHS) is an agency as defined above. The following are components or bureaus of the Department of Homeland Security; United States Immigration and Customs Enforcement (ICE), United States Customs and Border Protection (CBP), United States Secret Service (USSS), etc.

Agency Record - Any tangible recording of information and/or any item, collection, or grouping of information, including electronic that is maintained and controlled by an agency.

Notes or documents which are made by an employee, kept purely voluntarily, not circulated to nor used by anyone other than the author, and discarded or retained at the author's sole discretion for his/her own individual purposes are personal records. These are not generally agency records because they are not subject to the rules and controls of the agency for records management and disposition. These may, however, become agency records for purposes of the FOIA or PA if used to carry out an agency function (e.g., as the basis for a performance rating).

Component - Each separate bureau, office, board, division, commission, service, or administration, or agency of a Federal Executive Branch Department. For example: Border and Transportation Security (BTS), Citizenship and Immigration Services (USCIS), Federal Emergency Management Agency (FEMA), Immigration and Customs Enforcement (ICE) are components of the Department of Homeland Security.

Conditions of Disclosure - Specific provisions in the Privacy Act (5 U.S.C. § 552a(b)(1) through (12)) allows the agency to disseminate information from a PA system of records without the prior written consent of the record subject.

Congressional Committee Request - A request from either House of Congress, to the extent of matters within its jurisdiction; a subcommittee thereof; any joint committee of Congress; any subcommittee of any such joint committee. Agencies may not use FOIA or PA exemptions to deny records that are the subject of such a request.

Congressional Request - A request from a Member of Congress on his or her own behalf, or on behalf of a constituent. After acknowledgment under congressional correspondence procedures, congressional requests are to be processed in the same manner as any other FOIA or PA request.

Consolidation – Combination of paperwork into a main file. After the service completes work on a petition or application, we combine it into the person's A-file. If the service discovers two "unconsolidated" A-numbers for a person, we combine the two files. One of the A-numbers becomes the "survivor" and the other becomes the "consolidated A-number."

Consultation - Obtaining the views of another DHS component or Federal agency concerning the release of information that has been incorporated into immigration documents or a reciprocal request. The National Records Center, FOIA/PA Division, makes the final overall determination on release.

Freedom of Information Act Request - A request in writing by any person for access to any record maintained by any Federal agency. Federal agencies are not persons for purposes of FOIA.

Included are requests for access to Privacy Act records of another person without the written consent of the record subject, as well as requests from nonimmigrant aliens for access to their own records.

FOIA/PA Information Processing System (FIPS) - Through the use of imaging, workflow, and graphical user interface technologies, FIPS allows USCIS to electronically manage and process FOIA and PA requests.

First Party Requester - A subject or designated representative asking for access to his/her record. A notarized signature or a sworn declaration under penalty of perjury from the record subject is required for access to records.

Forms – Various government forms available from www.uscis.gov/portal/site/uscis that are provided for the use of requesters and their representatives when submitting a FOIA or PA request with USCIS. The more common forms include:

- **G-28 – Notice of Entry of Appearance as Attorney or Representative** - This form is used for information purposes only. It should be signed by the attorney or representative and by the subject of the record. Does not qualify for consent unless the attorney or representative has inserted the penalty of perjury statement and the subject of the file has signed the document.
- **G-639 Freedom of Information/Privacy Act Request** – This form can be used to make a FOIA/PA request. When completed it provides enough information to complete an extensive search for records.

Individual - The PA describes an individual as follows: a U.S. Citizen (U.S.C.) or alien lawfully admitted for permanent residence (LPR). Conditional residents are considered LPRs. Corporations and organizations are not individuals.

Multi-track System - USCIS utilizes a three-track system to process all FOIA requests.

Track Drop-Down List

- **Track 1** is used for the less complex cases. These are cases where only one or a few specific documents are being requested from the file.
- **Track 2** is used for the more complex cases. A complete copy of a file, requests from the news media or special interest groups are considered Track 2 cases.
- **Track 3** is used for cases that specifically involve individuals who have been scheduled to appear before an immigration judge.

To view the track history of the active case, click the **Track history** icon next to the Track drop-down list.

Privacy Act Amendment Request - A request from a U.S.C. or LPR to amend, expunge, or correct information in his/her PA record that the individual believes is not accurate, relevant, timely or complete.

Privacy Act Record - Any item, collection, or grouping of information about an individual which the maintaining agency retrieves by the person's name, identifying number, symbol, or other identifying particular assigned to that individual. This information includes, but is not limited to, a person's education, financial, medical, criminal or employment history.

Privacy Act Request - A request in writing submitted either in person or by mail, for records that are contained in a Privacy Act system of records. The records must be under the control of DHS and be retrieved by the name of the requester or other personal identifier. Requests are received from:

- A USC or LPR for access to or his/her own records, or
- A third-party with a signed privacy waiver from the record subject acting on the subject's behalf, or
- The parent of an LPR or USC minor child or the legal guardian of a person declared incompetent by a court of competent jurisdiction.

Records Custodian - The official responsible for the maintenance, security, control, and final disposition of official records that are required by law, regulation, or other directive to be kept by the Agency.

Referral - Information found in immigration records – the forwarding of a record that originated with another component of DHS or another Federal agency for direct response to the FOIA/PA requester. Also includes transferring responsibility for responding to a request regarding the release of records to the DHS component best able to determine whether to disclose, or to the Federal agency that originated the record.

Retire – The service sends the A-file to the Federal Records Center (FRC) after a number of years have passed with no activity. This is called “retiring” the file. Occasionally, we have to request a retired file from the FRC.

Rider – A person who is also listed on a petition or application that will also benefit if that petition or application is approved. For example, a woman applying for asylum lists her husband and two children on her asylum application. They are riders.

Routine Use - An established use and authority for disclosure of records from a Privacy Act System of Records, other than an intra-agency disclosure. Disclosure or use must be for a purpose that is compatible with the purpose for it was collected, that would be otherwise prohibited by the PA. Such disclosures do not require the written consent of the record subject, but require Federal Register publication prior to such use.

System of Records - A group of any records under the control of an agency from which information is retrieved by the name of the individual or by some other identifying number, symbol, or identifying particular assigned to the individual.

Third Agency - Other administrative agencies of the Executive Branch of the Federal government, including other components of DHS.

Third Party Request - A request from any person for access to another individual's record without that individual's written consent. The identity of a third party requester and his/her relationship to the subject does not increase (or decrease) his/her rights of access to the records.

White House Inquiries - An official request from any member of the White House staff, or letters of the President forwarded to the agency for response.

PAGE 1 OF 2 RECORDS DIVISION (REV. 2/7/2011)

FOREWORD

The FOIA/PA Assistant's Guide has been prepared as a ready reference to assist with day-to-day tasks, such as creating Freedom of Information Act and Privacy Act requests, handling mail, working records locator, and general troubleshooting.

Any previous material distributed in *FOIA Information Bulletins* has been incorporated into this Guide.

For the purposes of this Guide, we may refer to a FOIA/PA Assistant as “you,” or “Assistant,” and in some cases “team member.”

The Guide has been saved in PDF format. The PDF format makes searching for information in the Guide easier. **Please view the guide in PDF/A mode while you have FIPS 7 open.** A potential Java scripting conflict exists if you have the document open in PDF mode while running FIPS 7. Viewing the Guide in PDF/A mode disables Java scripting within the Guide – which means hyperlinks within the Guide will not work, but FIPS 7 will not freeze or crash. You may alternate between PDF and PDF/A mode in Acrobat Reader by selecting Edit ⇨ Preferences ⇨ Documents ⇨ PDF/A View Mode. Select “Never” to turn PDF/A mode off, and select “Only for PDF/A documents” to turn PDF/A mode on.

How does the rulemaking process for this Guide work? The Chief of FOIA/PA Operations and your Supervisors direct how Paralegal Specialists, FOIA/PA Assistants and Office Automation personnel accomplish their missions. Through the Chief of Operations, Supervisors submit a new rule or procedure to the Chief FOIA/PA Program Officer. At the direction of the Chief Program Officer, Program Office may immediately amend the guide, or they may seek clarification from Office of Chief Counsel. After consultation, Program Office will either amend the Guide or propose a modified rule to Chief of FOIA/PA Operations. Major re-writes or revisions of the guide are subject to the final approval of the USCIS FOIA Officer.

You, the FOIA/PA Assistant, may notice something in the Guide that is awkwardly worded, or contains a typographical error, or something that simply is not true. You contact your supervisor and then Program Office amends the guide.

Ideally, before we amend the Guide, we first publish a FOIA Information Bulletin (the exception being a misspelled word or a missing punctuation mark). FOIA Information Bulletins and the latest version of this Guide are available on the USCIS FOIA/PA Operations intranet page. When we make additions or revisions, we create a Record of Revision at the front of the Guide for quick reference.

Paragraph 7.1, Consent of Parents or Guardians, of the FOIA/PA Assistant's Guide has been changed (changed portion is underlined):

If a parent is filing on behalf of a minor child, then the parent must submit proof of parentage. Proof of parentage can be in the form of a birth certificate, adoption decree or similar document, naming them as a legal parent.

If a guardian is filing on behalf of a minor or person judicially determined to be incompetent, he or she must submit proof of guardianship. No consent is necessary from the minor child or the person judicially determined to be incompetent, however the parent/guardian must provide his or her own verification of identity that is notarized or signed under penalty of perjury [6 C.F.R. § 5.21(e)]. The case processor will have to request more information if he or she cannot determine parentage or guardianship within the file.

Minors may request their own files; they do not have to have the consent of their parents or guardians to do so. Attorneys may represent minors also.

Paragraph 12.7.11 T-files of the FOIA/PA Assistant's Guide has been changed (changed portion is underlined):

The exception to this rule – We do not receive A-files from ESC, SSC, NSC, WSC or RDF for scanning. Those offices either scan directly into FIPS for us or we export the A-file from EDMS. Therefore, if the A-file is at one of the above service centers and there is a T-file anywhere else, including at the NRC, you will have to staff for the T-file. MSC is the only service center that sends the A-file to the NRC for scanning. Another example of when we staff for an in-house T-file is when the responsive records are scanned in simultaneously with the request.

Paragraph 12.7.3 Files Lost or Not Found MORE THAN NINE MONTHS of the FOIA/PA Assistant's Guide has been changed (changed portion is underlined):

12.7.3.9 **If the A-file is lost but other records exist** (such as receipt files we would normally request or other a-files, including T-Files, wherever they may be, including NRC) Request the additional records. Put in a Discussion that reads:

A-file number XXXXXXXXXX is currently showing as lost. Staffed for the following additional files: XXXXXXXX, XXXXXXXX, XXXXXXXX. Once they are received, please review. Please also verify that the original a-file is still lost. If the original a-file has been consolidated in fact but not in the systems, please process and send your case to approver. Also send an e-mail to the MSB for resolution. Include both a-numbers. If no documents exist from the original a-file, please process what is available. Advise the requester that the original a-file is lost. Your case will close as a PD even if no redactions are made. Thank you.

APPENDIX H: CASE CREATE FLOW CHARTS has been added to the FOIA/PA Assistant's Guide.

APPENDIX I: ALIEN NUMBER ASSIGNMENT has been added to the FOIA/PA Assistant's Guide.

Paragraph 12.7.6 of the FOIA/PA Assistant's Guide has been changed as follows (added portion underlined ~~deleted portion stricken through~~):

When conducting "no record" research, do the query and provide screen prints of all searches as directed. ~~Open a RAFACS (not RAFACS/CIS) staffing slot only. Click on "Customize Letter."~~ Print the appropriate CLAIMS screen prints (this should be no less than six pages and may be lengthier if subject has provided multiple names or multiple alias names). Prepare a "Scan As" sheet to be scanned as case supporting documents responsive records for the case number you have just created, attach it to the screen prints and take those to the OA room for scanning as CSD person designated to scan RAFACS-only responsive records. ~~Pend the case~~ prepare a Final Action Letter with closing code

WARNING: This guide is FOR OFFICIAL USE ONLY (FOUO) and is intended for internal National Records Center use only. It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552). This document is to be controlled, handled, transmitted, distributed, and disposed of in accordance with Department of Homeland Security policy relating to Sensitive But Unclassified (SBU) information and is not to be released to the public or other personnel who do not have a valid need to know without prior approval from the FOIA Officer

Updated on 10/20/2011

NR. Insert a Discussion outlining the systems you searched and stating that you have sent the documentation to OA for scanning as CSD. Send to Up-front Approver.

Paragraph 12.7.12 of the **FOIA/PA Assistant's Guide** has been changed as follows (added portion underlined ~~deleted portion stricken through~~):

12.7.12 Receipt files

- (b)(6) **12.7.12.1** Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For example, [REDACTED] etc., are not receipt files we can request.

12.7.12.2 If the requester does not specifically ask for a receipt file and provides an alien number, request the alien file only. If the requester specifies a receipt file, search NFTS and staff for that receipt file OR if the receipt has been consolidated into an alien file, staff for that alien file.

12.7.12.3 If the requester does not provide any receipt number or alien number, then you must research CIS, CLAIMS and possibly PCQS.

Be cautious about requesting receipt files that are for EAD cards only. There should be another application/petition filed in conjunction with this EAD card. If the only receipt numbers you can find is for an EAD card, and they are within the seven-year retention time, then yes, you will request the EAD card.

If they provide a receipt number, you must research CLAIMS, PCQS and NFTS thoroughly. Ensure the receipt file has not been consolidated into a T-file or into an A-file. Please request the A-file or T-file if the receipt file has been consolidated. Check CLAIMS to be sure that the Service did not reject the receipt. Receipts that are shown as rejected in CLAIMS are returned to the submitter by the Service Center. Print the CLAIMS screen(s) that shows the receipt was rejected by the service. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

If there is no location information in NFTS, and if NVC does not have the receipt, but there is a record in PCQS, print any PCQS screen(s) concerning the petition. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark

the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

~~12.7.12.4 If there is no information about the receipt file in NFTS, regardless of the prefix of the receipt number, you should staff to the owner of the receipt file and paste in the CLAIMS screen. This information can be located on the CLAIMS inquiry screen upper right hand corner. The CLAIMS screen will show "owned by."~~

New paragraph:

12.7.12.4 As a matter of last resort, if there is neither information about the receipt file in NFTS nor PCQS and you have called National Visa Center and determined NVC does not have the receipt, you should staff to the owner of the receipt file and paste in the CLAIMS screen. This information can be located on the CLAIMS inquiry screen upper right hand corner. The CLAIMS screen will show "owned by."

Paragraph 6.3.4.6 of the FOIA/PA Assistant's Guide will be changed as follows: (changed portion in red)

As it used to read:

The case is not Genealogy unless it meets one of the above criteria. If the case you are creating does meet the criteria for Genealogy, create it as **OTHER** then do the following:

- a. Close the request as an ER and send to Up Front Approver
- b. Send an e-mail to the OA room and include the following information:
 - 1) REQ#
 - 2) NRC#
 - 3) Scanner's initials
 - 4) Date scanned

The OA room will pull the original request, include it in the current days count and follow return procedures.

Updated Paragraph:

The case is not Genealogy unless it meets one of the above criteria. If the case you are creating does meet the criteria for Genealogy, create it as **OTHER** then do the following:

- a. Create the and control the case.
- b. Do not staff for any records and do not prepare an acknowledgment letter.
- c. Send the case to Unit Chief with a discussion explaining it is a possible Genealogy

- d. Send an email to the designated person who handles genealogy cases (currently Donna Brasfield) with the control number.

The designated person will review the request to determine if it is, in fact, a genealogy.

If it does not meet the criteria for genealogy it will be returned to you in Case Create to send an acknowledgment letter and staff for records.

If it does meet the criteria, the designated person will create a letter referring the requester to the Genealogy program and will close the case as ER.

Paragraph 12.5 Receipt Numbers of the FOIA/PA Assistant's Guide has been changed as follows:

As it used to read:

Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For receipt files at HBG, use the NON-FOIA MSC/NBC file request. **Do not request DIG T-files at HBG with RPC codes XX or ZG.** Refer to the Staffing Sheet Guide for the most current information.

Updated Paragraph:

Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For receipt files at HBG, use the NON-FOIA HBG file request. **Do not request DIG T-files at HBG with RPC codes XX, XY, ZG, ZY, or ZZ.** Refer to the Staffing Sheet Guide for the most current information.

June 10, 2011

The wording of paragraph 28 of the **FOIA/PA Assistant's Guide** has been changed as follows:

Current language:

28. CONGRESSIONAL REQUESTS AND APPEALS

All Congressional Requests and Appeals are pulled out of the in-coming mail and handled by a supervisor. If you encounter a Congressional Request or an Appeal in Records Locator queue that was not previously addressed; send an e-mail to NRC, FOIAMS mailbox, include the control number and alien number of the case and specific instructions as to what needs to be done. Put the case in Unit Chief. FOIA/PA Assistants assigned to mail will place the mail in the MSB or Appeals bin.

Here is the new paragraph:

28. CONGRESSIONAL REQUESTS AND APPEALS

a. Congressional requests. True congressional requests are requests from a congressman or senator for information which usually does not relate to an alien file or receipt file. Most FOIA/PA requests with congressional correspondence should be handled under paragraph b. of this section, however, if you feel that you have a true congressional request or appeal, control the case, put the case in Unit Chief, and e-mail your supervisor the control number. A supervisor will either send the case to SIG or return the case to you for staffing.

b. Congressional requests on behalf of a constituent. These are requests that have some kind of congressional correspondence included with the request from the subject. These cases should be created in the same manner as any other FOIA or PA request. Please use the subject's name as the requestor, mark "self" in the source block, create the acknowledgment letter and go out for verification of identity or consent as needed. Insert a case note, and e-mail Vicki Ohrnell the control number.

July 8, 2011

A new flow chart for Lost File procedure has been added to **APPENDIX H:**

Additionally, in paragraphs

12.7.2 Files Lost or Not Found LESS THAN NINE MONTHS
and

12.7.3 Files Lost or Not Found MORE THAN NINE MONTHS
the following new sentence has been added:

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

Paragraph 6.1.1.10 of the **FOIA/PA Assistant's Guide** has been changed as follows:

Old version:

6.1.1.10 If the only evidence of an attorney is an envelope or letter, but there is not a duly executed Form G-28, create the case using the name and address of the requester in Section 2,

7

WARNING: This guide is FOR OFFICIAL USE ONLY (FOUO) and is intended for internal National Records Center use only. It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552). This document is to be controlled, handled, transmitted, distributed, and disposed of in accordance with Department of Homeland Security policy relating to Sensitive But Unclassified (SBU) information and is not to be released to the public or other personnel who do not have a valid need to know without prior approval from the FOIA Officer

Updated on 10/20/2011

"Requester Information." Do not use the address on the envelope or letterhead.

New version:

6.1.1.10 If the request came to us on Form G-639, always use the name and address of the requester in Section 2, *"Requester Information."* Do not use the address on the envelope, or Form G-28 or letterhead *unless* the requester did not use Form G-639 *or unless* Section 2 of Form G-639 is illegible. If the address on the G-639 is a foreign consulate office, or is a congressional office, you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you can find no other address, insert a case note and send the case to U/C.

Be careful - it is easy to miss apartment or suite numbers because the space for them is at the right side of Form G-639.

The following has been added to 6.4 SEARCH FOR DUPLICATE CASES of the FOIA/PA Assistant's Guide: (old text lined through, new text in red)

This does not include instances in which the requester has faxed the request and then mailed it. If you open a case and find that the exact same request has very recently been created, chances are that you have opened the mailed copy which followed a few days after the fax. ~~Create this case as ER (created in error).~~ Do not create such a case. Click "Send to Research." That case will go and you will be ready for your next case.

Ordinarily, you will search by Alien Number, and if you do not find a duplicate or similar case, your search will be complete. If the requester did not provide an alien number, you may search by the subject's last name and first name, or even by the requester's last name and first name. You may use a percent sign (%) as a wild-card for these searches. For example, if the requester's name is Jaime Vazquez, but you see he also has spelled his name Vasquez - you can search by Subject Last Name "Va%" and Subject First Name "Jaime."

Further on within paragraph 6.4, in the examples, there are two more changes:

~~Create a Final Action Letter and select final action code ER: Created in Error. After this, send the case to Up front Approver~~ Do not click "Create Case." Click "Send to Research." You will then be ready for your next case.

If you determine that it is not a true duplicate, please insert a new Discussion entitled "Similar Case" in each of the cases, so that a processor or approver can review both.

If the date of the request is either the same as your request or within a very few days and:

1. The requester is the same, and
2. The information being requested is the same in both requests,

Do not close this case as a duplicate. ~~Instead, close this case as ER (created in error)~~ Do not click "Create Case." Click "Send to Research."

We have added a new paragraph 8.23 to the FOIA/PA Assistant's Guide, as follows:

8.23 SITUATION: Requests from Prospective Adoptive Parents

In the recent past, Vietnam, Cambodia, Guatemala, Nepal, Ethiopia and other countries have had problems concerning adoptions. Birth Certificates have been forged and babies have been taken without consent of the biological parent. In Vietnam, "baby brokers" scour villages looking for unwed, impoverished mothers. They purchase the babies for about \$50 and sell them to commercial adoption services. In Guatemala and elsewhere, people steal babies and sell them to middlemen. Prospective adoptive parents from Spain, Italy and the United States are typically willing to pay as much as \$25,000 to adopt a child. (This information comes from kidsofkathmandu.org).

Normally if we cannot verify consent or prove parentage in a case, we send out for more information. Please do not send out for additional information in pending (not finalized) adoption cases for the following reasons:

1. The Prospective Adoptive Parents (PAP) have the right to all information they submitted for the adoption. It is likely that the adoption never happened. If that is the case, they have no proof of parentage or guardianship.
2. The child is usually too young to give consent.
3. Congress has substantial interest in this matter.

If you decide you need proof of parentage after a full search, please send your case to Admin for supervisor review.

The following new bullet has been added to sub-paragraph 12.1.1.6, "Blued-in information":

- * Comments may be important because a File Control Office may not be able to change a file location to "LOST" in NFTS. When that happens, the records person at the FCO will notate in Comments that the file is lost. If that is the situation, please refer to the Lost File Flowchart in Appendix H of this guide.

October 24, 2011

We have added a sentence to **Paragraph 8.21**, as follows, (added material in red):

NFTS may show that the file has been retired and is at a Federal Records Center. If that is the case, request the file.

Paragraph 32.12 is no longer valid because creators now Up-Front close requests without good VOI. The following has been deleted:

32.12 If the requester/subject does not return proper verification of identity, generate a FC letter and replace the contents of the letter with the template letter Failure to comply letter-Consent. The template is located at: O:\FOIA\FOIA Library\Case Create References\Case Create Template Letters\Failure to Comply Letter. Send the case to approver when you are finished.

We have added a sentence to **Paragraph 34**, as follows, (added material in red):

After you have changed the track, send an e-mail to NRC, FIPSPROBLEM and copy NRC, FOIA PROGRAM and your supervisor. The e-mail should include the case number and the action you took.

Paragraph 36 is no longer valid because a person working Records Locator role may now create an acknowledgment letter. The following has been deleted:

36. CASES NEEDING ACKNOWLEDGEMENT LETTERS

[The following paragraph has been deleted in its entirety] Cases received in Records Locator queue that need acknowledgement letters must be re-assigned to a Troubleshooter in the Case Create role. Please contact a supervisor with the NRC Control Number and ask that the case be re-assigned to you in the Case Create role.

Paragraph 6.4, **SEARCH FOR DUPLICATE CASES** has been changed as follows (~~old version in strikethrough~~) (new version in red):

~~Just before you create the case,~~ Before you begin filling in the worksheet, you should look for duplicates.

A new **Appendix J: 16 RULES OF CASE CREATE** has been added to the *FOIA/PA Assistant's Guide*

1. THE FREEDOM OF INFORMATION ACT

Congress passed the Freedom of Information Act (FOIA) in 1966 to establish the public's right to access records created or maintained by federal executive branch agencies. The statute became effective on July 4, 1967. The statute relating to the Freedom of Information Act is 5 U.S.C. § 552.

2. THE PRIVACY ACT

The Privacy Act of 1974 regulates the collection, maintenance, use, and dissemination of personal information by the federal government. The statute relating to the Privacy Act is 5 U.S.C. § 552a. The statute became effective September 27, 1975.

3. WHAT ARE FOIA REQUESTS AND HOW DO WE GET THEM?

A Freedom of Information Act (FOIA) request is a request in writing for a copy of any record maintained by any agency of the executive branch of the government. Persons must reasonably describe the records sought, and those records must already exist. Requests can come in a variety of ways. They can come in on the Form G-639 or as a letter from an attorney or representative. They can come in the form of a letter from the alien himself. The requester may mail, fax, hand deliver, or e-mail a request. No matter how we receive them or what the format is, as long as they are in written form and provide enough information to ascertain that they want documents from us, we treat them as FOIA requests. A Privacy Act (PA) request is a request by a person for a copy of his or her file.

For case creating purposes, the difference between a FOIA and PA request does not matter. You will create all cases as FOIA requests, although some of the requests we receive are PA requests. The case processor determines whether the case falls under the Freedom of Information Act or the Privacy Act.

4. WHO CAN MAKE A FOIA REQUEST?

Anyone can request any record kept by the executive branch of government. The tricky part is determining if we have enough information and consent to provide the record and who is entitled to what. The most common types of requesters are:

- First party requesters, that is, the alien himself or his designee, attorney or representative, are entitled to a complete copy of the alien file, after any applicable exemptions are applied. However, a parent or guardian may make a request for a minor's record. Please refer to the section titled **"CONSENT RELATING TO RECORDS CONCERNING A MINOR OR PERSON JUDICIALLY DETERMINED TO BE INCOMPETENT"** in this guide.
- Third party requesters, that is, an individual seeking a copy of an alien's file without the subject of record's consent, are entitled only to documents of a public nature or documents they provided in support of an application/petition. Please refer to the section titled **"THIRD PARTY REQUESTS"** in this guide.
- Media requesters are typically accredited members of the media.
- Bond obligors, companies who posted immigration bonds for the aliens, are entitled to a copy of the file under a court case entitled *Amwest v. Reno*. Please refer to the section titled **"IMMIGRATION BOND OBLIGORS"** in this guide.
- Other state and local government agencies are entitled to documents from alien files for law enforcement purposes. Requests for information originating with any other federal agency are operational matters and not FOIA or Privacy Act requests. Please refer to the section titled **"ROUTINE USE"** in this guide.

5. SYSTEMS USED AND DESCRIPTION OF THE SYSTEMS

The paragraphs below provide a description of some of the systems used by USCIS, ICE and CBP. Most A-files contain screen prints from one or more of these systems.

5.1 Central Index System

(CIS) is a database used to maintain records, search for records, and display data. CIS is a menu driven system as opposed to a point-and-click graphical user interface system. CIS provides information about persons and information about file location and movement. The CIS user navigates among various screens, depending on the type of information he or she needs. A user may search for a person in CIS by using the a-number, social security number, FBI number or a passport number. CIS provides the option of searching for people using "sounds-like" and exact name searches.

5.1.1 Introduction Screen

This screen is the introduction to TeleView. From this screen use the designated UserID (last 4 digits of Social Security Number plus an alpha) and Password to sign onto the database.

5.1.2 TeleView Main Menu

The number selected to access CIS will vary for each computer.

5.1.3 CIS Login Screen

This is the screen used to navigate through CIS. Pressing enter can access the main menu for CIS.

5.1.4 CIS Main Menu

This screen displays a variety of ways to search for information. The transaction numbers that we use within FOIA are 91, 92, and 95. By typing the number 91 next to select transaction number and pressing enter, another search screen will appear. The main purpose of the “91” transaction number is to search the database for specific information concerning an individual. Transaction number “92” is used to display card information. The transaction number “95” is used mainly to see the location of the A-file.

From this search screen a decision is made as to how to begin a search for an individual's records. The most commonly used methods to search for an individual's record are:

Code Search By Category

- 01 ID # (A-number, certificate number, social security number, passport number ect.)
- 02 Sounds-Like Name Search
- 03 Exact Name Search
- 04 Alias (AKA) Name Search
- 06 Sounds-Like Name Search with DOB

Type in the two-digit code (01) and press enter. The screen displayed will be the screen where the search for records begins. ***Note:** Remember to read the screen in its entirety for additional information.

If there is information in the system on the subject it will populate in the fields below the ID#. Pay special attention to the legend at the bottom of the screen specifically PF8, PF11, and any information listed under (other information). By pressing PF8 the history menu is displayed. This screen holds chronological information about actions that have been taken or changes in the subject's immigration status. The PF11 screen shows EOIR (Executive Office of Immigration Review) information. The significance of this screen is it holds information about ongoing or closed deportation proceedings. In the section of the screen listed (other information) different acronyms may appear such as: CARD, EADS, RAPS and DACS. For additional information on DACS please see Chapter 3.

5.2. Computer Linked Application Information Management System

5.2.1 Introduction

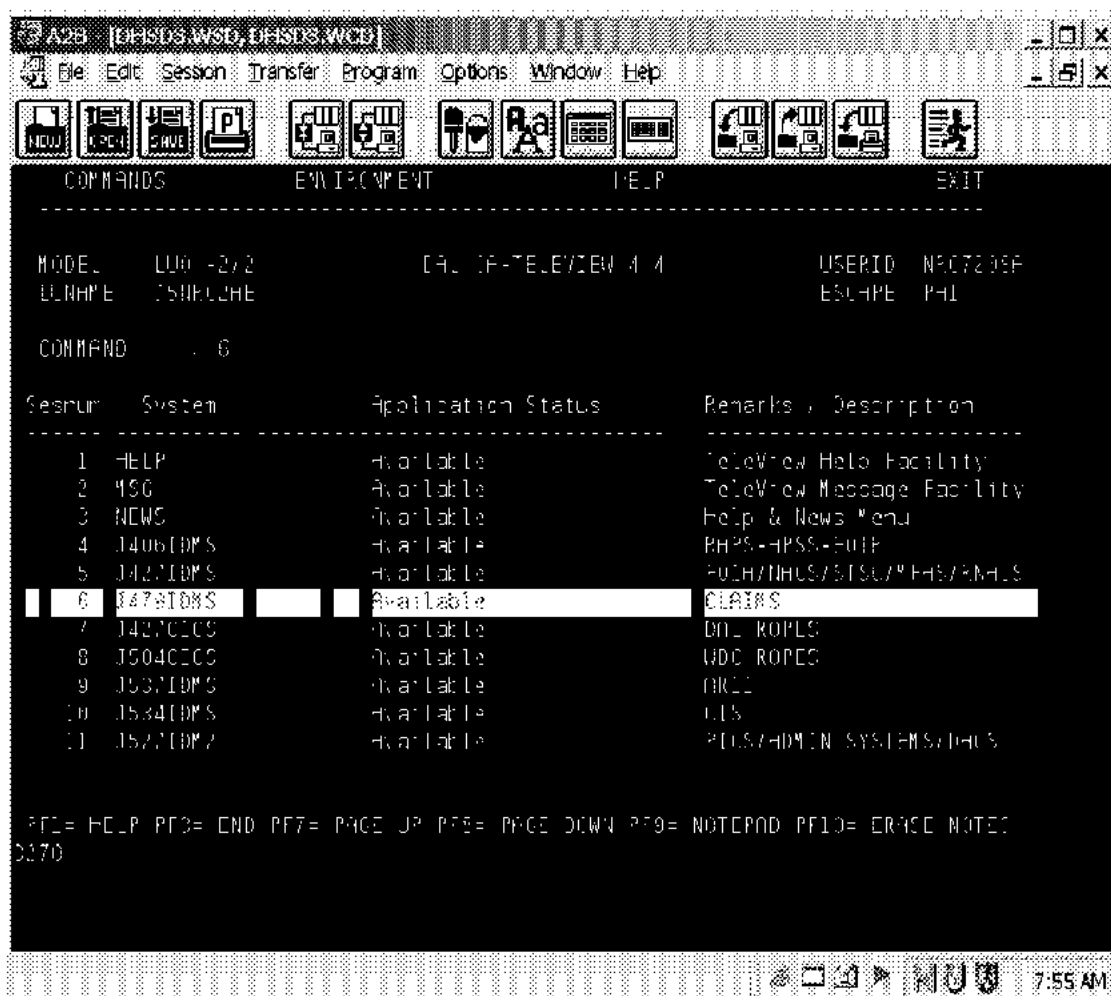

The Computer Linked Application Information Management System (CLAIMS) tracks application and petitions. CLAIMS is a menu driven system. The Inquiry/Update Processing selection on the menu is the only menu NRC FOIA uses because we search for receipts but never modify information in CLAIMS.

5.2.2 Teleview Introduction Screen

This screen is the introduction to TeleView. From this screen, use the designated UserID (NRC####A) and Password to sign onto the database.

5.2.3 CLAIMS Selection Screen

The number selected to access CLAIMS can vary for each computer.

5.2.4 CLAIMS Function Screen

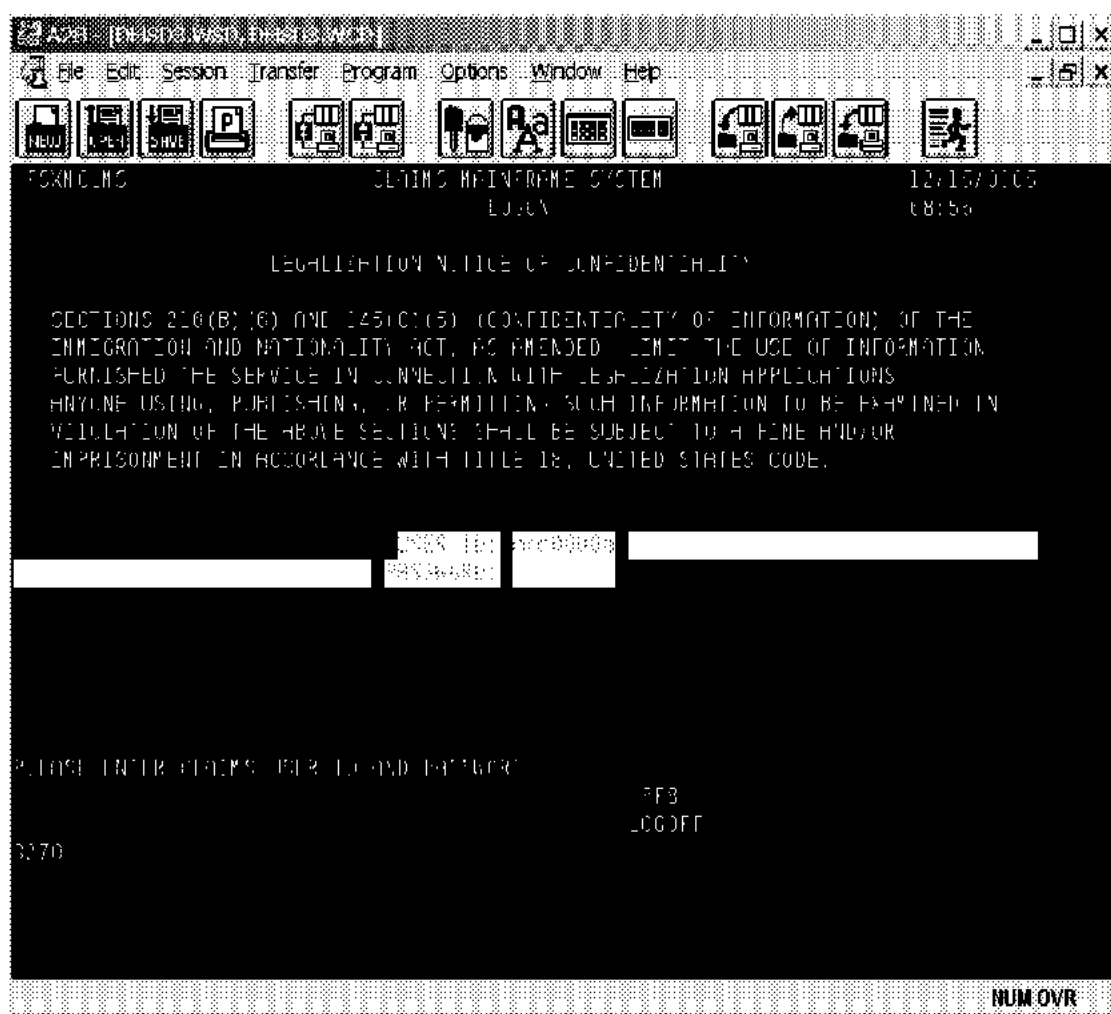

After selecting CLAIMS from the main menu, you will see the screen print shown above. Type in claims and press enter. This screen is not case sensitive.

5.2.5 CLAIMS Welcome Screen

Press enter from here to get to the logon screen.

5.2.6 CLAIMS Logon Screen

To logon, your USER ID will be NRC and the last 4 digits of your social security number followed by a letter (NRC1234A). Check with your supervisor for your password.

5.2.7 CLAIMS Main Menu Screen

From the Main Menu type the number for INQUIRY/UPDATE PROCESSING and press enter.

You may also search name and birth date. CLAIMS does not forgive spelling errors and will not conduct "sounds-like" searches. If you do not immediately find a receipt, you should also search by alias names and variations of the name. You may also search without the birth date. This may have the results you are looking for depending on how common the name of the subject. Searching using the birth date will narrow the findings.

You may search by A-number. Navigate through these fields by tabbing, or to go backwards, use Shift-Tab. CLAIMS used to allow adjudicating officers to enter alien numbers as an eight-digit number without a leading zero. Ordinarily you should enter a leading zero immediately following the letter A (in purple on this screen) and then enter the rest of the A-number. If you do not find what you need, try deleting the zero immediately after the "A." If the person has a nine digit A-number, you will not have to worry about it. Note: if you search by A-number, it may not show every receipt belonging to the person, so you may still have to search by name and date of birth or by petitioner's name.

5.3. National File Tracking System (NFTS)

NFTS is an automated system that enables USCIS to track and account for nearly 50 million Alien Files (A-Files) and Receipt Files. NFTS allows for local control of all files within a designated USCIS File Control Office (FCO) or Case Control Office (CCO). The system supports the file migration from the USCIS field offices to facilitate a national tracking system that supports the National Records Center (NRC) and a centralization of agency records. You will learn much more about using NFTS in the Staffing section of this guide.

5.4. Person Centric Query Service (PCQS)

PCQS is an automated system that allows a person to submit a single query for all transactions involving an immigrant across a number of USCIS and Department of State (DoS) systems. PCQS returns a consolidated view of the immigrant's past interactions with USCIS and the Department of State as he or she passed through the U.S. immigration system.

Since PCQS can give us a comprehensive overview of a person's immigration history, it can help us locate certain documents to request, for instance, we may find information about an archived receipt in PCQS that we would not find in CLAIMS. You do not have to log in to PCQS to read the PCQS User Guide. Simply go to <https://pcq.esb.uscis.dhs.gov/> and click on the Users Guide link below the Warning.

The screenshot shows the top section of the PCQS search interface. Annotation 1 points to the 'Person Centric Query Service' header. Annotation 2 points to the 'Search Criteria' dropdown menu. Annotation 3 points to the 'Select All' button. Annotation 4 points to the 'Search' button. The interface includes fields for 'Alias Number', 'Last Name', 'First Name', and 'Date of Birth', and a 'Range' dropdown. A grid of checkboxes for various document types is visible on the right.

Annotation 3 points to the 'First Name' field. Annotation 4 points to the 'Date of Birth' field. The 'Range' dropdown is set to 'Select Date'. The same grid of checkboxes for document types is visible on the right.

5.5. FOIA/PA Information Processing System (FIPS)

The Freedom of Information Processing System (FIPS) is an automated system that allows us to process FOIA/PA requests electronically. This automated system enables the scanning of paper files into electronic images. These images are easily stored, retrieved, and processed. FIPS provides workflow processing for the life of a case. Any time you do any transaction concerning a FOIA/PA case, it will be through FIPS.

6. CREATING THE CASE

[illegible]

On the FIPS worksheet under the header “Contents,” you will notice that usually Sequence 1 is the “Request Letter” and Sequence 2 is usually “Request Supporting Documents.” There will be a date and time in the right column.

WARNING: This guide is FOR OFFICIAL USE ONLY (FOUO) and is intended for internal National Records Center use only. It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552). This document is to be controlled, handled, transmitted, distributed, and disposed of in accordance with Department of Homeland Security policy relating to Sensitive But Unclassified (SBU) information and is not to be released to the public or other personnel who do not have a valid need to know without prior approval from the FOIA Officer

Updated on 10/20/2011

Sometimes the request will be Form G-639 only, sometimes it will be the G-639 and a G-28, Power of Attorney, sometimes it will be a letter from an attorney or representative and a G-28. Sometimes it will be a letter from the subject of record. At times, there will be documents scanned in, such as alien registration card, driver's license or other forms of identification. Other documents you may see can include miscellaneous screen prints or memoranda. You should view (almost) all documents scanned in FIPS in the Request Letter and Request Supporting Documents slots before you create the case.

During the Case Create process, you may need to leave your work station, or you may receive a telephone call, or various things may happen to distract you from creating the case. If anything happens and you need to stop work temporarily, it is always a good idea to click:

You must identify the following critical items and enter them into the FIPS worksheet before creating the case:

6.1.1 RULES FOR ENTERING INFORMATION ON THE FIPS WORKSHEET

6.1.1.1 Do not use all capital letters in names.

6.1.1.2 Do not use professional titles, such as Doctor or Reverend in the requester information.

6.1.1.3 You may use Jr., Sr. or II, III, etc., if the requester or subject uses it on the request.

6.1.1.4 Do not open cases in the name of a company or firm only. If the name of the requester on the Form G-639 is a company name, please review the supporting documents to try to locate the name of the attorney/representative of the company.

For example, if your request comes in on a G-639 and the name of the requester is only the name of the law firm representing the alien (for example, Wilens & Baker) you will need to look through your supporting documents to see if you can locate the name of the attorney at Wilens & Baker who is representing the alien. If you cannot locate the name of the attorney who is representing the alien, then open the case in the name of the alien, in care of the law firm. Do not use "Wilens & Baker" as the requester name.

6.1.1.5 Do not hyphenate names.

6.1.1.6 Double-check the spelling of the names. If the name of the requester is not clear on the request letter, check the supporting documents for a Form G-28 for a clear copy.

6.1.1.7 Add a period after the middle initial.

6.1.1.8 Rescinded. ~~If the subject does not provide a middle name or initial, enter "NMN" in the "Middle" field.~~

6.1.1.9 Do not use part of the last name as a middle name, for example Hispanic names. Sometimes it is obviously a middle name, such as Juan Jose Gonzalez. Sometimes it is obviously a first and second last name, such as Juan Gonzalez Becerra. Other times, it is not so clear. You might look at the mother's and father's last names, if provided. If you are unsure, contact a supervisor.

6.1.1.10 If the request came to us on Form G-639, always use the name and address of the requester in Section 2, "*Requester Information*." Never use the address on the envelope, or Form G-28 or letterhead *unless* the requester did not use Form G-639 *or unless* Section 2 of Form G-639 is illegible. If the address on the G-639 is a foreign consulate office, or is a congressional office, you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you can find no other address, insert a case note and send the case to U/C.

Be careful - it is easy to miss apartment or suite numbers because the space for them is at the right side of Form G-639.

6.1.1.11 Each line of the address in FIPS can contain no more than 35 characters; this includes spaces and punctuation. When we are printing the responsive records to CD, nothing over 35 characters prints on the CD. This requires the OA clerks to print a label separately for those CD's before mailing.

6.1.1.12 Do not use special characters, such as “&” and “#” in the address field; rather, spell them out or use an abbreviation, such as “and” or “No.” Note: you *may* use spaces, dashes, periods, commas or single quotes (‘). You *may not* use @, #, \$, %, ^, &, *, (,), =, +, [,], { , }, \, <, >, or /.

6.1.1.13 Please include the suite number or apartment number on the same line as the street address. FIPS will allow you to key in more than 4 lines in the address box. The issue is when the case is processed and the CD is printed, it only prints the first 4 lines. The requester’s name is the first line of the address, so you have three lines left. Enter any suite numbers or apartment numbers in the address line.

6.1.1.14 If the requester does not provide a valid address use: 123 Main Street, Washington, DC 12345. Send an e-mail to your supervisor and assign the case to Unit Chief.

6.1.1.15 When the attorney or subject of the request provides both a physical mailing address and a P.O. Box, use the P.O. Box for the official mailing address and do not include the physical address. Please do not use both.

6.1.1.16 The address can only be four lines long, even though FIPS gives you an extra line. The requester’s name is always the first line.

6.1.1.17 If an attorney represents the subject, the first line of the address should be the name of the law firm the attorney is affiliated with, or, Attorney at Law, or “c-o” and the law firm name or the name of the attorney.

6.1.1.18 If the address is foreign, you must check the box marked Foreign. This will change the format of the worksheet to include the Province and Country. You must complete these fields to ensure proper delivery. Before pending this case for any further action, please check the “Print to CD” box and add a Discussion note that you did so.

A foreign address may be very long, and you may have to consult a supervisor to complete the address field correctly.

6.1.2 Requester Search/Entry. To locate and select existing requesters or to enter new requesters, click the **Requester Search/Entry** link to open the Requester Search Form. To search for an existing requester, click in one of the available fields in the Requester Search Form and begin entering pertinent information. When searching for a requester whose last name is Smith, for example, click in the Last Name field and enter a portion or the entire last name. After you have entered enough information, click **Search** to locate requesters with matching information.

A-Number	<div></div>	
Topic	<div></div>	

6.2.1 Name

Enter the subject's name, as it appears in section 5 of Form G-639 (except in the case of a petitioner asking for a petition).

The name portion of the worksheet is the name of the alien whose file we are requesting. This is usually the name in the subject portion of the Form G-639, or in the subject line of the request letter. However, if the requester is asking for a petition he or she filed on behalf of a beneficiary, then that document will be a separate receipt or it will be in the beneficiary's file, not the requester's file. In situations like this, the subject information would be that of the beneficiary, not the requester.

6.2.2 Alien Number

In the alien number field, enter your subject's alien number, as provided on the request, as an eight-digit or nine-digit number.

6.2.2.1 You should always check the A-number in CIS to be sure it belongs to the correct subject. Once you have established that it is the correct A-number, copying and pasting the A-number will save you from making a typographical error and inadvertently staffing for the wrong file.

6.2.2.2 If the alien provided us with more than one A-Number, please separate these numbers with a comma.

6.2.2.3 If you have created the case and you see less than eight digits in the A-number field, please re-check (by pasting the number into CIS) to make sure you have entered the number correctly.

6.2.2.4 Please do not enter the A-number if the requester is a petitioner asking for a copy of an unconsolidated petition, as it will result in a bad staffing.

6.2.2.5 If the requester is a petitioner asking for a copy of a petition that has been consolidated into the A-file of the beneficiary, you should enter the A-number of the beneficiary, since we will request the beneficiary's A-file.

6.2.3 Topic

If the request is for something other than an alien file, for example, a receipt file or a vacancy announcement, then you will add this information in the "Topic" field in the Subject Information area.

"Topic" is used at different times, such as:

- when there is an unconsolidated receipt file
- when it is a request for a vacancy announcement
- when it is a request for a personnel file
- when it is a request relating to policies and procedures service-wide

6.2.3.1 If the alien is requesting a receipt number, enter the information in the following format:

Correct: MSC0412360000

Incorrect: MSC-04-123-60000

6.2.3.2 Enter the receipt number with no dashes or spaces. This format assists the Mission Support Assistants in locating the files and in locating the cases in FIPS when the receipt files come into the facility, and it will make it possible for case creators to spot duplicate or similar cases. If you are requesting multiple receipt files from the same facility, use only one file request. See Staffing Sheet Guide for more guidance.

6.3.2.3 When the request is for vacancy announcements, the vacancy announcement number must be the first part of the description. See CIS Personnel Information for more information on handling personnel related requests. In other types of situations, put as much of the pertinent information in the description line as space will allow. You may need to modify the acknowledgement letter.

6.3 CASE SPECIFICATIONS

6.3.1 Track

6.3.1.1 Track 1 – Requests for receipt files and requests for partial records such as a specific document. A specific document request consists of three documents or less (except asylum or refugee requests, which you should create under category **Alien File** and assign to Track 2).

6.3.1.1.1 Please select the category **Specific Documents** and make the case a Track 1. The first paragraph of the acknowledgement letter sent to the requester must contain the following paragraph:

We respond to requests on a first-in, first-out basis and on a multi track system. Your request has been placed in the simple track (Track 1). You specifically requested [enter specific document information here]. If you would like a copy of all your records, please send a written request to the address above, otherwise you will receive only the documents you specified.

6.3.1.1.2 Continue to create the case in Track 1 as Specific Documents. The requester may write back later responding that they need the whole file, and a FOIA/PA Assistant working in Records Locator queue can change it to Track 2 at that time.

6.3.1.2 Track 2 – Requests for entire copy of alien file, asylum or refugee requests, and requests from news media or special interest groups.

If the request has “all records” checked and lists more than three documents on the G-639, please select the category **Alien File** and make the case a Track 2.

6.3.1.3 Track 3 – Requests for records of individuals scheduled in the future to appear before an immigration judge. Requesters must provide one of the following documents to receive Track 3 processing:

- Form I-862, Notice to Appear, documenting a future scheduled date of the subject’s hearing before the immigration judge.
- Form I-122, Order to Show Cause, documenting a future scheduled date of the subject’s hearing before the immigration judge.
- Form I-863, Notice of Referral to Immigration Judge

- Written notice of the continuation of a future scheduled hearing before an Immigration Judge.

6.3.1.3.1 A supervisor will review all incoming FOIA requests and identify Track 3 requests. The supervisor will verify that necessary documentation is present with the request. There should be an attached cover sheet indicating to the case creator whether the request for Track 3 is approved or denied.

6.3.1.3.2 If there is no cover sheet, please evaluate the request and make a determination to approve or deny Track 3. If you are unsure, consult your supervisor.

6.3.1.3.3 Before you create the case, look at the documentation. Sometimes you will find a reference to a current, open case which the requester wishes to upgrade to Track 3. After you verify that the case is open, you may simply click “Send to Research” and you are finished with the case.

6.3.1.3.4 Requesters will sometimes request both Track 3 processing and expedited processing. Do not select both. Neither has to do with the other. A requester could be granted either Track 3 processing or expedited processing, but never both on the same case. For expedited processing guidelines, please refer to **“Expedited Treatment”** in this guide.

6.3.1.3.5 Track 3 processing is not “expedited” processing as that term is used and understood in law. It is not appropriate to use the word “expedited” when discussing Track 3 processing of a FOIA request (“priority” or “accelerated” processing are more appropriate terms for Track 3). Don’t confuse the two in correspondence with requesters.

6.3.1.3.6 Refer to the cover sheet the supervisor attached to the request. There should be either an Expedited coversheet or a Track 3 coversheet, but not both. Follow the instructions on the cover sheet attached to the request. If there is no cover sheet, do not mark either box.

6.3.1.3.7 If the requester specified Track 3 processing but the request does not have a cover sheet, please create the case. If you have a request for Track 3 and you see that we have a future court date provided in the request, prepare your response according to the Track 3 Ack Letter found in O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters

6.3.1.3.8 If the requester did not provide any documentation or if the documentation says “a date and time to be determined” prepare an acknowledgment letter and click “Add Track 3 Denial Paragraph.” Proceed with creating the case.

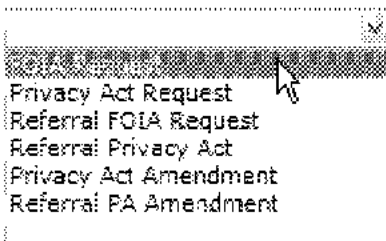

6.3.1.3.9 If you are not sure whether to approve or deny Track 3, please consult your supervisor.

6.3.1.3.10 If you assign the case to Track 3, ensure you put the words “TRACK 3” at the top of the file request.

6.3.1.3.11 If the requested file has already been scanned because of a prior FOIA request that has now been resubmitted for Track 3 processing, do not create the case. You should send the case to Research, where they will attach the new request to the existing case as a CSD. If Track 3 processing has been approved, you have to change the track on the original case to Track 3 and add a Discussion to that case explaining why.

6.3.2 Type

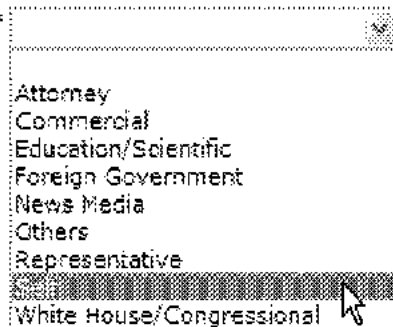

Type *

Always select **FOIA**. It will be incumbent upon the processor to verify the status of the alien, and to change the case type if necessary.

6.3.3 Source

Source *

The source of the request is, quite simply, who is making the request. Is the requester the individual or an attorney or representative speaking on the alien’s behalf? Is it a request from the media or a true third party requester? Below is a list of possibilities for requesters:

- **Attorney** - The requester is an attorney representing the alien. The attorney will have checked the box on the G-28 marked “Attorney,” or will have sent us a letter on the law firm’s letterhead.

- Commercial
- Education/Scientific
- Foreign Government
- News Media
- Others - The requester of the file is someone other than the alien, an attorney or an accredited representative. They might possibly include a G-28 with something other than "Attorney" or "Accredited Representative" checked.
- Representative - The requester is an accredited representative under the provisions of 8 CFR 103.2(a)(3) and 292.1(a)(1) or 292.1(a)(4). On a G-28, the requester will have marked the box "Accredited Representative."
- Self - This is a request from the alien himself or herself. The request may have the name of an individual followed by "care of" a certain law firm. This is still a self-request.
- White House/Congressional

If you feel that you have a case of a different source of request, please contact a supervisor for further guidance.

There are 30 different categories of requests. However, the most commonly used ones are:

6.3.4.1 Alien File – The requester is asking for an entire copy of an alien file.

This category includes the following:

- a. Files of living subjects
- b. Naturalization records on or after April 1, 1956
- c. Visa records on or after May 1, 1951 in A-files
- d. A-Files above 8 million (A8000000), and documents therein dated on or after May 1, 1951
- e. Registry records on or after May 1, 1951 in A-Files
- f. Alien Registration Forms on or after May 1, 1951 in A-Files

6.3.4.2 Specific Documents – The requester is asking for specific documents, such as a copy of a receipt file, an application or a copy of his or her naturalization certificate. A Specific Document case is a Track 1 case, and vice versa. As a rule, you should create a case as Specific Documents if the requester is asking for up to three documents. If a requester is asking for an asylum application and supporting documents, you should create it as Alien File. (Refer to the section “*What track is my case?*” that follows.)

6.3.4.3 Personnel – The requester is seeking information relating to USCIS personnel matters.

6.3.4.4 Special Interest Group – Requester(s) are seeking information relating to special interest requests such as news media requests, highly visible or public interest cases. We receive this kind of request from members of the media, activist groups, watchdog organizations or educational institutions. The documents requested are normally associated with a controversial or sensitive subject.

6.3.4.4.1 Select “Special Interest Group” if any of the following criteria are met:

- a. The FOIA request relates to a Presidential or agency priority;
- b. The FOIA requester or requested documents will garner media attention or is receiving media attention;
- c. The FOIA request is for documents associated with meetings with prominent elected, business, and/or community leaders;
- d. The FOIA request is for congressional correspondence;
- e. The FOIA request is from a member of Congress;
- f. The FOIA request is from a member of the media;
- g. The FOIA request is from a member of an activist group, watchdog organization, special interest group, etc.;
- h. The FOIA request is for documents associated with a controversial or sensitive subject;
- i. The FOIA request is for documents associated with a senior official of the component;
- j. A FOIA appeal if it meets one of the “a” through “i” criteria;

Items listed above are suggestive and not exclusive – exercise judgment when marking cases with category “Special Interest Group.”

6.3.4.4.2 If you believe a request qualifies as a Special Interest Group, choose that case category in FIPS, change the office from NRC to COW, search for duplicates and then create the case. Do not create a file request or an acknowledgment letter. Prepare an e-mail explaining the situation for NRC, FOIASIG. Click “Reassign Office.” Send the case to Unit

Chief. A Special Interest Group (SIG) processor will create the staffing and acknowledgment letter. This enables the Special Interest Group (SIG), responsible for special interest cases, to create a report and determine whether the case is actually a Special Interest Group case and report it accordingly. If the case creators do not mark Special Interest Group cases properly, we have no way to track and report these high visibility cases. When in doubt, choose the Special Interest Group category in FIPS. The Special Interest Group will sort it out later. If you have questions or need to send information regarding SIG cases to the Special Interest Group, their e-mail address is: NRC, FOIASIG.

6.3.4.5 SFR cases at NRC – NRC uses this category to track all workload staffed to SFR. This includes cases retired by or lost by SFR, but **does not include ZSF**.

6.3.4.6 Genealogy: Genealogy cases are requests for searches and/or copies of historical records relating to a deceased person. The lists below represent the records that the public would be able to request from the Genealogy Program:

- a. Naturalization Certificate Files (C-Files) from September 27, 1906 to April 1, 1956.
- b. Microfilmed Alien Registration Forms (AR-2), from August 1, 1940 to March 31, 1944 and Alien Registration Forms from March 31, 1944 to April 30, 1951 in A-Files.
- c. Visa Files from July 1, 1924 to May 1, 1951.
- d. Registry files from March 2, 1929 to March 31, 1944 and Registry records from April 1, 1944 to April 30, 1951.
- e. A-Files numbered below 8 million (A8000000), and documents therein dated prior to May 1, 1951.

The case is not Genealogy unless it meets one of the above criteria. If the case you are creating does meet the criteria for Genealogy, create it as **OTHER** then do the following:

- a. Create the and control the case.
- b. Do not staff for any records and do not prepare an acknowledgment letter.
- c. Send the case to Unit Chief with a discussion explaining it is a possible Genealogy
- d. Send an email to the designated person who handles genealogy cases (currently Donna Brasfield) with the control number.

The designated person will review the request to determine if it is, in fact, a genealogy.

If it does not meet the criteria for genealogy it will be returned to you in Case Create to send an acknowledgment letter and staff for records.

If it does meet the criteria, the designated person will create a letter referring the requester to the Genealogy program and will close the case as ER.

6.3.5 Bureau

Bureau

CIS	▼
CBP	
ICE	

The three possible selections for Bureau are:

ICE – Used to identify requests wherein the requester is seeking information in connection with deportation hearings and other immigration related litigation (OPLA/DRO/SAC)

CIS – Used for all other categories. This is the default in FIPS.

CBP – Used for requests pertaining to documents relating to the Border Patrol, incident reports relating to apprehension, entry without inspection (EWI), smuggled humans, mobile patrol group, voluntary return, repatriation, checkpoints, entry/exit information, inspection, Port of Entry (POE), legacy customs or legacy inspections. Key words that you could see on a request relating to CBP are inspection, Port of Entry, Bridge of the Americas, Friendship Bridge, and smuggled goods. **Note: If request is for entry/exit information and the requester/subject provided an alien number, request the file.**

6.3.6 Is there a request for expedited treatment?

Expedited

Not Requested	▼
Requested	
Granted	
Denied	

A requester may ask for his or her request to be expedited and processed outside the order of receipt. By law, we must respond to a request for expedited treatment within 10 business days.

USCIS will grant expedited processing if the requester establishes **either**:

(1) circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;

or

(2) an urgency to inform the public about an actual or alleged federal government activity, if the requester is a person primarily engaged in disseminating information.

The requester must send a statement explaining in detail the basis for requesting expedited treatment. If a requester asks for expedited processing and fails to meet the criteria, we process the request in the appropriate track, using the “first in/first out” rule [See 6 C.F.R. § 5.5(a)].

6.3.6.1 OA personnel normally separate mail and faxes pertaining to expedited treatment prior to scanning. A supervisor then reviews and makes a determination regarding the expedited treatment. The supervisor will attach a cover sheet to the front of the request detailing the determination. Please create the case in accordance with the instructions on the cover sheet.

6.3.6.2 If the requested file has already been scanned because of a *currently open* prior FOIA request that has now been resubmitted for expedited processing, do not create the case. You should send the request to Research where they will attach the new request to the existing case as a CSD.

6.3.6.2.1 If expedited processing has been approved based on new information, you have to check expedited processing approved on the original case and send an expedited treatment approval letter by opening the original case in stand-alone mode, creating a Blank Letter, and adding the following: This letter serves to notify you that your case has been approved for expedited processing.

6.3.6.2.2 If expedited treatment was already denied in the *currently open* prior case, and the supervisor’s decision is the same, if you have not already created the case, you may Send to Research, where they will attach your request to the original case as a CSD. Go to the original case in Standalone, go to Tasks, and create the Expedited Denial Letter.

6.3.6.2.3 If the expedited treatment request refers to a case that *has already been closed*, either close it as DP and send a duplicate letter or create it as a new case, based on the situation. If in doubt, consult your supervisor. Please refer to the section on DP (duplicate) Cases.

6.3.6.3 Sometimes the OA room will miss an expedited request. If this happens, select “Denied” in the drop-down box, create the Expedited Denial Letter, and then create the case as normal.

6.3.6.4 If you believe the requester meets the requirements for expedited treatment (and there was no cover sheet) then select “Requested” and send the request to Unit Chief. E-mail your supervisor with the details. If the supervisor granted expedited processing, you will not create an Expedited Denial Letter, of course. You must select “Granted” in the

Expedited drop-down box. When you create the acknowledgement letter, it will address the fact that Expedited Treatment is granted.

USCIS denies most requests for expedited treatment because the requester failed to establish either of the necessary criteria.

6.3.6.5 If you have made a determination to deny, or if the supervisor has indicated denial, you must select “Denied” in the Expedited drop-box. After this, you should create the Expedited Denial Letter. If you or the supervisor denied expedited processing, we must advise the requester of the criteria for expediting a request and offer an opportunity to resubmit additional justification. The requester also has the right to appeal the decision to the USCIS FOIA Appeals Office.

6.3.6.6 Do not mark both “Expedited Treatment Requested” and “Track 3.” A request can be either expedited or Track 3, but not both. If the requester has asked for Expedited Treatment and Track 3, treat it as if it is a Track 3 request and follow the instructions in TRACK 3 PROCEDURES. In such a case, you should not mark “Expedited Treatment Requested” before sending it to Unit Chief.

Click on OK to continue.

A dialog box will pop up. Select “Save”:

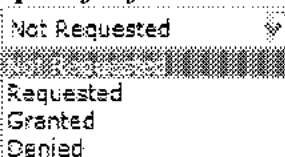

A word document explaining the denial and appeal rights will pop up. After you have done any editing necessary, save the document and check it back in.

After you have made that selection, your acknowledgement letter will address expedited treatment granted.

6.3.6.7 If there is an Expedited Treatment Requested cover sheet, and if you determine during case create that this needs to be a multiple case, you must check the Expedited Treatment Requested box (and create the appropriate response letters) for each child case. On the other hand, it might be that we will treat only the parent case as an expedited treatment request. You may make the determination or the supervisor will make a statement to that effect on the cover sheet, and of course, in such a situation, you would not mark the child cases as expedited treatment requests.

6.3.6.8 If there is an Expedited Treatment Requested cover sheet, and if you determine during case create that we need to close the case RD, RF, DP or ER, then change the Expedited drop-down box to "Not Requested" before you send the case to Up-front Approver. Because we are not generating a letter regarding expedited treatment denial or grant, and because it would cause erroneous reporting of Expedited Treatment Requests, you must change it to "Not Requested."

6.3.7 Is there a request for fee waiver?

Fee Waiver: 

The requester may ask for a waiver of fees in his or her request or in accompanying documentation submitted with his or her request. USCIS considers all requests for fee waivers on a case-by-case basis.

A requester must meet two requirements in order for USCIS to grant a fee waiver:

1. The disclosure of the requested information must be in the public interest,
2. AND the disclosure of the information is not primarily in the commercial interest of the requester. For a detailed explanation, please refer to the U.S. Department of Justice Guide to the Freedom of Information Act, "Fees and Fee Waivers."

Also note: the requester must ask for a fee waiver. Simply including a DOJ Fee Waiver form does not constitute a request for fee waiver. If the requester has written any statement to the effect of a request for fee waiver on the form, then you treat it as a request for fee waiver.

6.3.7.1 When a requester has asked for a fee waiver, there should be a cover sheet advising you of approval or denial. You may determine to deny based upon the two criteria listed above. If you do so, you must select "Denied" in the Fee Waiver drop-down box on the FIPS worksheet. Regardless of the decision on the fee waiver, you must insert a Discussion in FIPS indicating that you addressed the fee waiver request.

6.3.7.2 When you are finished creating a case with a fee waiver request, create a Specialty Letter and select Fee Waiver Denied, edit the document if necessary and then create the case as normal. If you are not sure, please consult your supervisor.

6.3.7.3 If you believe the requester meets the requirements for fee waiver (and there was no cover sheet) then select "Requested" and send the request to Unit Chief. E-mail your supervisor with the details. A supervisor will make the decision to approve or deny the fee waiver and send the case back to you in the case create role. At that point, you will select either "Granted" or "Denied."

6.3.7.4 Fee Waiver Denied: When you respond to a request for fee waiver, you must add specific language to the acknowledgement letter. Please see O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters\Fee Waiver(denied) for an example of the denial language. Copy and paste this language into the acknowledgement letter. Do not bold, underline, highlight or enlarge the font of the

language. If the font changes to bold when you paste it in, highlight that text and remove the bold.

6.3.7.5 Fee Waiver Granted: If the decision is to grant the fee waiver, then please select “Granted” in the Fee Waiver drop-down box. In the acknowledgement letter, please add the following sentence to the end of the first paragraph:

This is to inform you that your request for a fee waiver has been granted.

6.3.7.6 If there is a Fee Waiver Request cover sheet, and if you determine during case create that we need to close the case RD, RF, DP or ER, then change the Fee Waiver drop-down box to “Not Requested” before you send the case to Up-front Approver. Because we are not generating a letter regarding Fee Waiver denial or grant, and because it would cause erroneous reporting of Fee Waiver Requests, you must change it to “Not Requested.”

6.3.8 *Print to CD*

- ☒ Print To CD
- ☐ PA Cited
- ☐ In Litigation 
- ☐ In Circular Search
- ☐ Delinquent

In an effort to save time, money and resources, the FOIA unit sends out final action responses on CD to all requesters (with two exceptions). When we send out the acknowledgement letter to the requester, it advises them that unless they write in and specifically ask for their documents on paper, they will be receiving them in a CD format. The acknowledgement letter templates reflect the change.

RULES FOR CHECKING “PRINT TO CD”

6.3.8.1 Check the “Print to CD box” on all new case creates, unless the mailing address of requester is to a correctional facility or unless the requester specified paper in the initial request letter (for requesters who are attorneys, the default is Print to CD).

6.3.8.2 If the responsive records are already scanned in when you create the case, you will still check print to CD.

6.3.8.3 All responsive records mailed to a correctional facility must be on paper. In such an instance, you must modify the acknowledgement letter so that we do not tell the requester we are printing the responsive records to CD. Modify the acknowledgement letter by deleting the paragraph that begins with “This office will

be providing your records on a Compact Disc (CD)”

6.3.8.4 If the requester is in prison but we are sending the responsive records to an attorney’s office, we will print to CD.

6.3.8.5 If a requester specifically asks for their records on paper, do not check “Print to CD” box create a Discussion note citing the reason. In such an instance, you must modify the acknowledgment letter so that we do not tell the requester we are printing the responsive records to CD. Modify the acknowledgement letter by removing the paragraph that begins with “This office will be providing your records on a Compact Disc (CD)”

6.3.9 Is this a delinquent requester?

- ☐ Print To CD
- ☐ PA Cited
- ☐ In Litigation 
- ☐ In Circular Search
- ☐ Delinquent

The Delinquent Requester search helps FIPS users identify requesters who have unpaid bills in the system. Requesters are delinquent when case fees remain unpaid for more than 45 days.

After you enter the last name of the requester, FIPS will automatically conduct a search for delinquent fees owed by that requester, using the last name of the requester. If the requester is delinquent on any case in any office nationwide, a box will pop up on the screen (see below).

If a requester/subject previously submitted a request and owed a fee on a case and he or she did not pay the fee within 30 days, the case closed as FP (failure to pay). If the subject/requester submits a new FOIA request, the Delinquent Requester notification is going to pop up. Your requester may possibly not be on the pop-up list. FIPS conducts a search by the last name(s) of delinquent requesters.

DELINQUENT REQUESTER RULES:

6.3.9.1 Do not treat the case as delinquent if the case was processed on or before January 1, 2004. Send an e-mail to [NRC_FIPSPROBLEM](#) (clicking on the link will automatically include a copy to NRC, FOIAPROGRAM). In the body of the e-mail, include the name of the delinquent requester and the delinquent case number(s).

6.3.9.2 If you encounter a delinquent requester from a FIPS Lite office, do not treat them as delinquent. You will know the request was processed in FIPS Lite when you open the case because you will see a "FIPS Lite placeholder."

6.3.9.3 Make sure the requester of the case you are creating is the same requester that FIPS is showing as delinquent. You must view the delinquent request(s) to make this determination. To view a case, highlight the line and click "view." If the delinquent requester matches your requester, treat the new request as delinquent. To get the delinquent case information (case number, dollar amount) in your acknowledgement letter and in the new case, highlight the name in the box that matches your requester and click ok.

Next, to create the case, go to the Tasks tab and click:

Contents		Discussions	Case Actions

When you complete the case create process and the new case has a control number, FIPS will notate the delinquency on the worksheet.

6.3.9.4 If the requester is delinquent, do not request responsive records until we receive payment.

NOTE: If you are creating multiple cases, you should “Create Additional Cases” before you prepare the Acknowledgment Letter and File Request(s) for the original case.

NOTE: A FOIA/PA Assistant working in Records Locator queue may need to cancel pending requester documentation for cases pending requester documentation due to a prior delinquent status that has been removed, because the system does not.

If the FOIA/PA Assistant working in Records Locator queue does cancel pending requester documentation, he or she should generate a new interim acknowledgement letter and staff the case as usual.

If the requester has more than one delinquent case, you will have to add up the total and modify the delinquent requester letter providing the case number for each delinquent case, the dollar amount owed for each, the total dollar amount owed, and instructions to prepare a check for the total amount made out to “U.S. Treasury.”

When you click “ACK Letter” the following screen pops up. Click OK to generate the letter.

We will take no further action until the delinquency is resolved. Please pend.

Before you move to another part of the case create process, click:

6.4 SEARCH FOR DUPLICATE CASES

~~Just before you create the case,~~ Before you begin filling in the worksheet, you should look for duplicates. Duplicate cases are cases in which the request was submitted multiple times to the Service, or was inadvertently scanned into FIPS multiple times, or are cases that we previously processed.

Sometimes a requester will take a “shotgun” approach. He or she will submit the same FOIA request multiple times to ICE, CBP and CIS, hoping to get an answer more quickly. The receiving offices will then in turn, transfer these requests to NRC. These are duplicate cases when an office has already processed this request with a final action code of either PD or G1, or has it ready to be processed.

This does not include instances in which the requester has faxed the request and then mailed it. If you open a case and find that the exact same request has very recently been created, chances are that you have opened the mailed copy which followed a few days after the fax. Do not create such a case. Click “Send to Research.” That case will go to the research queue and you will be ready for your next case.

Ordinarily, you will search by Alien Number, and if you do not find a duplicate or similar case, your search will be complete. If the requester did not provide an alien number, you may search by the subject’s last name and first name, or even by the requester’s last name and first name. You may use a percent sign (%) as a wild-card for these searches. For example, if the requester’s name is Jaime Vazquez, but you see he also has spelled his name Vasquez – you can search by Subject Last Name “Va%” and Subject First Name “Jaime.”

4. The information being requested is the same in both requests,

Do not close this case as a duplicate. Do not click "Create Case." Click "Send to Research."

If you are not sure your case meets the duplicate requirements, create a new Discussion in the case and send the case to Unit Chief. Send your supervisor an e-mail with the case information for his or her review.

6.5 COPYING RECORDS FROM A CLOSED CASE

You may be checking for duplicates and discover responsive records of an existing closed case meet the following criteria:

- Regular (not Appeals) case
- Status of the duplicate case is "Closed" and
- The date closed was within six months of the current date

If the duplicate case meets all those criteria, then you may copy from the existing case into the new (active) case. The Request Type that you have selected for the existing case and the new case will determine whether any redactions are copied with the responsive records. If both new and existing cases are FOIA Requests or both cases are Privacy Act requests, then redactions will be copied into the new case with the responsive records. However, if the new case is a FOIA Request and the existing case is a Privacy Act request (or vice versa), then the responsive records will be copied but without any redactions.

To begin the search, select the Tasks tab and click **Search for Duplicate Cases**.

7. CONSENT, VERIFICATION OF IDENTITY, AND DESCRIPTION OF RECORDS

“Consent” for the purposes of FOIA/PA is written agreement, approval or permission for access to information in the record by the competent individual to whom the record pertains. **The case creator must review the request and supporting documents to determine if proper consent is present.**

5 U.S.C. § 552a(b) No agency shall disclose any record ... except pursuant to a **written** request by, or with the prior **written** consent of, the individual to whom the record pertains.

6 CFR § 5.21(f): If you are making a request for records concerning *(a living) individual (other than yourself)*... You must also provide a statement from the individual certifying the individual's agreement that records concerning the individual may be released to you.

Consent could be:

- Block 3 on Form G-639, or
- A properly executed Form G-28, or
- A separate declaration by the subject, such as:

Pursuant to the Privacy Act of 1974 and DHS policy, I hereby consent to the disclosure to _____ of any record pertaining to me that appears in any system of records of USCIS, USCBP, or USICE.

7.1 Consent of parents or guardians

If a parent is filing on behalf of a minor child, then the parent must submit proof of parentage. Proof of parentage can be in the form of a birth certificate, adoption decree or similar document, naming them as a legal parent.

If a guardian is filing on behalf of a minor or person judicially determined to be incompetent, he or she must submit proof of guardianship. No consent is necessary from the minor child or the person judicially determined to be incompetent, however the parent/guardian must provide his or her own verification of identity that is notarized or signed under penalty of perjury [6 C.F.R. § 5.21(e)]. The case processor will have to request more information if he or she cannot determine parentage or guardianship within the file.

Minors may request their own files; they do not have to have the consent of their parents or guardians to do so. Attorneys may represent minors also.

7.2 Verification of Identity

If a requester is asking for a Privacy Act record, he or she must provide verification of identity.

A Privacy Act record, for USCIS purposes, is any item, collection, or grouping of information about a person which we retrieve by the person's name, identifying number, symbol, or other identifying particular assigned to that person. This information includes, but is not limited to, a person's nationality, immigration status, education, financial, medical, criminal, or employment history.

6 CFR § 5.21(d) *Verification of Identity*, says the requester must provide us:

- Full Name
- Current address
- Date of Birth
- Place of Birth

If the requester did not provide all four required pieces of information, you must send for additional requester documentation. A requester who provides full name, current address and alien number only has not provided sufficient verification of identity.

Next, it says the subject of record must sign the request and his or her signature must either be notarized or submitted under 28 U.S.C. 1746 (*penalty of perjury in lieu of notarized signature*).

The notarized signature of the subject or the signature under penalty of perjury does not need to be on the G-639. If a requester has inserted the **penalty of perjury statement on ANY document**, and the subject of the file has signed the document, it fulfills the requirement to verify identity.

The notarized signature or signature under penalty of perjury **might** be on a:

- Separate letter, or any piece of paper *including* a G-28, but then only if the penalty of perjury statement is directly above the signature of the subject of record.
- G-639, when the subject has signed the first page and the second page does not contain the signature of the subject but has been notarized.
- DOJ-361, Certificate of Identity: we may not suggest or require that a requester use a DOJ-361, but we can accept one as certification of identity with a signature under penalty of perjury or a notarized signature.

A current photo ID is for information purposes only and is not verification of identity.

“Verification of Identity” for purposes of FOIA/PA does not include a Form G-28 with a statement made under penalty of perjury by the requesting attorney or representative “that the information I have provided on this form is true and correct.” The statement must come from the subject of the record. A statement made under penalty of perjury must conform to the requirements of 28 U.S.C. § 1746: **Unsworn declarations under penalty of perjury**, which reads as follows:

Wherever, under any law of the United States or under any rule, regulation, order, or requirement made pursuant to law, any matter is required or permitted to be supported, evidenced, established, or proved by the sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, or an oath of office, or an oath

(SIGNATURE)".

(2) If executed within the United States, its territories, possessions, or commonwealths:

"I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date).
(SIGNATURE)".

If the requester is asking for records concerning *(a living)* individual, and if there is only one signature and it does not fall under one of the categories above, request consent and/or verification of identity using the Track 1, Track 2 or Track 3 Ack Letter Requester Docs located at: O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters or the form "Requester Documentation Attachment" located at:

O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters\Requester Docs Attachment. Check the first box on the document.

7.3 Reasonable Description of Records being Sought:

If the requester provided all elements required by 6 CFR § 5.21(d), but did not provide an alien number or receipt number, you may still request a file if there is only one match and there is no other indicator that it may not be the correct subject of record.

You may possibly find multiple matches, or you may find no matches at all. In a situation like this, we do not have a reasonable description of the records the requester wants. We will have to send for additional requester documentation, specifically:

- Alien Number (if known)
- Application/Petition Receipt Number (if known)

Additionally, we may ask for items of information such as mother's and father's names. The requester is not required by law or regulation to provide that information, but if the requester does not, we may be unable to locate a responsive record.

Please request the additional PII with your Acknowledgement Letter. After you create the acknowledgment letter requesting additional documentation, do not create the file request. In the “Contents” tab, you will see a Pending slot for Requester Documentation. Send the case to Pend. After we receive a response from the requester, a FOIA/PA Assistant working in Records Locator queue will request the file. The processor will use the requested information to verify the release of the correct records.

Note: if the requester marks “unknown,” “none” or “N/A” for any element of the above PII, please do not request this information as part of the Acknowledgement Letter.

At this point, you will send an acknowledgment letter requesting additional information. You will not request a file.

Go to the “Tasks” tab and select “Acknowledgement Letter”

All requested information is checked below:

☐ **Consent.** It appears that you are requesting records about another individual. If that is the case, please submit either: (a) written authorization signed by that individual permitting disclosure of those records to you or (b) proof that that individual is deceased, e.g. a copy of a death certificate or an obituary. See 6 CFR §5.3(a)

☐ **Verification of Identity:** It appears that you are requesting records about another individual. If that is the case, along with the consent requested above, please submit a statement prepared by that individual, in which the individual verifies his/her identity by submitting his/her full name, current address, date of birth, and place of birth. This statement must be signed by that individual and the signature must either be notarized or submitted under 28 USC §1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. 6 CFR §§ 5.3(a) and 5.21(d).

☐ **Verification of Identity:** It appears that you are requesting records about yourself. If that is the case, please verify your identity by submitting a statement containing your full name, current address, date of birth, and place of birth. This statement must be signed and the signature must either be notarized or submitted by you under 28 USC §1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. 6 CFR §§ 5.3(a) and 5.21(d).

☒ **Description of Records Sought:** We have determined that your request does not reasonably describe the records that are being sought. Please provide the following additional information.

☐ Subject's Alien Number

☒ Subject's Application/Petition Receipt Number

☒ Name of Subject's Parents

☐ Other Names Used by Subject

☒ Other: Name of the person who filed the petition for you, when it was filed, other information that could help us locate the petition]

All FOIA/PA related requests, including address changes, must be submitted in writing and be signed by the requester. Please include the NEC number listed above on all correspondence with this office. Requests may be mailed to the FOIA/PA Officer at the PO Box listed at the top of the letterhead, or sent by fax to 816-350-5785. You may also submit FOIA/PA related requests to our e-mail address at uscis-foia@dhs.gov.

When the requester provides the additional information, A FOIA/PA Assistant working in Records Locator queue will request the records.

7.4 Third party requests

Sometimes consent is not necessary. For instance, a requester asking for a “*list of all employers in Utah who use E-Verify*” does not have to provide consent. Commercial, contract, and media requests are usually third party requests.

On the other hand, USCIS will not release personally identifying information (PII) or personally sensitive information to a third party without consent. If the requester is asking for records concerning an individual and does not provide consent, nor does it appear likely that the requester is going to get consent, we treat it as a third party request without consent. It may be obvious from the request that the requester will not be able to obtain consent from the subject of record. If you have a doubt, consult your supervisor. The supervisor may have you send for consent, call the requester to see if you can make a determination, or create the case as third party without consent.

Third party requesters are entitled to any public documents that may be in the file they are seeking, as well as documents they provided in support of an application or petition. For example, if a wife is looking for a copy of her husband’s file so that she may divorce him, and says in her request letter that she does not know where he is or says she cannot get his consent, do not send a request back to her for her husband’s consent. In a situation like this, simply request the file and put a Discussion in FIPS that it is a third party request without consent. In the above example, if she did not specifically say she cannot get his consent or that she does not know where he is, do not request the file. In a situation like this, send a request for consent and pend the case for requester documentation.

7.5 Deceased subjects and the 100-year rule

If the subject of a request is deceased, it is incumbent upon the requester to provide proof of death. Proof of death could be any of the following:

- Death Certificate;
- Obituary;
- Funeral Memorial; or
- Photograph of headstone

If the subject of a request is over 100 years old, USCIS assumes he or she is deceased and no proof of death is required.

8. CASE CREATE SITUATIONS/OTHER PROBLEMS

At any time during the case-create process you may encounter a quirky or unusual situation. Some not-so-usual situations follow this paragraph, but as a case creator, you will inevitably see situations you have never seen before. Case creators should seek assistance from their supervisors as a first step. If the problem cannot be resolved, the creator should send the case to the Unit Chief and send an e-mail to the supervisor for clarification. If it is not a situation that needs clarification but some type of FIPS error, send an e-mail to the FIPS Problem mailbox ([NRC, FIPSPROBLEM](#)), or in other situations to the MSB mailbox ([NRC, NRCFOIAMSMB](#)).

Clicking on the FIPSPROBLEM link above will automatically generate an e-mail addressed to both the NRC, FIPSPROBLEM mailbox and the NRC, FOIA PROGRAM mailbox.

8.1 REQUESTS: Foreign Consulate

Immediately forward any type of correspondence, FOIA request or inquiry received from the consulate of a foreign nation to the Director's Office for handling. USCIS Headquarters is the only one authorized to correspond with foreign consulates.

Please make sure it is a consulate requesting the records and not the subject of the request putting the consulate's address on the G-639 to mail the records to the consulate (for passports). If the request is from a consulate, please send the FOIA request to Up-front Approver to be closed as an ER and send an e-mail to [NRC, FOIAOA](#) mailbox with the case information. The supervisor will review and close the case. If the subject mailed the request and wrote the consulate's address on the G-639, use the subject's address from the envelope and set it up as a self request.

8.2 REQUESTS: Non-immigrant visa material

If the requester specifically asks for non-immigrant visa data and there is no record of the person in CIS or CLAIMS; do not close the request as NR. If the requester is asking a question about being a student, au pair, camp counselor, or participating in a summer work/travel program, or if the requester specifically mentions visa type F-1, F-3, J-1, M-1 or M-3, then you should refer the request to ICE, since that record will be tracked in SEVIS (Student and Exchange Visitor Information System.) An example of a "refer to ICE" type request might be: "Type of visa, visa number and legal documents allowing entry into the US. The subject was a student at the University of Nebraska."

Otherwise, redirect the requester to Department of State. An example of a "re-direct to State" type request might be for a B1/B2 visa, such as: "Type of visa, visa number and legal documents allowing entry into the US. The subject visited Disney World and Cape Canaveral and entered at Orlando International Airport."

8.3 REQUESTS: Routine use, no consent required, not FOIA

USCIS may disclose records to an appropriate Federal, State, tribal, local, international, or foreign agency, including law enforcement, or other appropriate authority charged with investigating or prosecuting a violation or enforcing or implementing a law, rule, regulation, or order, where a record, either on its face or in conjunction with other information, indicates a violation or potential violation of law, which includes criminal, civil, or regulatory violations and such disclosure is proper and consistent with the official duties of the person making the disclosure.

What does that mean? We may disclose records from alien files to other Federal, State and local government agencies as a normal course of operation for law enforcement purposes. Consent is not necessary for the processing of these types of requests. Some examples of these types of requests include requests relating to child support enforcement and aliens seeking public assistance.

Requests from government agencies (federal, state or local) for verification of status of aliens are routine use.

These types of requests are not a part of FOIA and should not be in FIPS. For example, you may open a request from a county public assistance agency attempting to locate a child's father who is avoiding financial responsibility. If you open a request from a state or local government agency requesting information about an alien, send the case to Up-front Approver for closing as ER. The only exception to this rule is if there is a cover sheet with instructions to create as FOIA.

8.4 REQUESTS: Bond obligor, no consent required, not USCIS FOIA

Criminal bonds are bonds posted by individuals or bail bondsmen relating to non-immigration violations of the law. These requests are processed by Immigration and Customs Enforcement.

Immigration bond obligors are surety companies who have posted an immigration bond (I-352) for an alien who has been taken into custody by the Service. If the alien fails to attend his or her hearing, then he or she forfeits the bond. Under the court case *Amwest v. Reno*, the surety companies, or their attorneys, are entitled to a complete copy of the alien's file to assist them in trying to locate the alien. Consent is not required for the bond obligor; however, they should provide a copy of the bond contract, Form I-352, with their FOIA request.

We no longer process requests received from immigration bond obligors or criminal bond obligors. Please send any new requests that are scanned into FIPS to Up-front Approver for closing as ER. Please send an e-mail to NRC, FOIAOA and provide the REQ number or control number, and also include the requester's name.

OA room will mail the request to the following address:

Immigration and Customs Enforcement
Attention: Catrina Pavlik-Keenan
ICE FOIA/PA Unit
800 North Capitol Street, NW, Room 585
Washington, DC 20536-5009

8.5 REQUESTS: A-number only

If a requester/subject is asking for his or her alien number only, follow these steps:

- Search CIS with the information provided on the request to locate an A-number.
- If you locate an A-number, compare the information provided on the request with the information in CIS to make a positive ID.
- You must have proper consent and all of the required PII in order to proceed. If consent or any PII are missing, generate the acknowledgement letter and request the additional information.
- If proper consent is present and all of the required PII is present:
 - Open a RAFACS staffing slot only
 - Print a copy of CIS 9101 screen, attach a “Scan As” cover sheet and mark the box “Responsive Records.” Take the screen print to the designated person (currently John Latimer) for scanning.

Make the case a Track 1 case and pend the case for responsive records. When the responsive records are scanned in, the case will move to the processing queue.

8.6 REQUESTS: Bracero Program

The Bracero Program (1942-1964) began as a temporary World War II program to fill agricultural labor shortages, and continued in one form or another for more than twenty years. Initially the program included workers from Mexico, the Virgin Islands, British West Indies, and elsewhere. After about 1945, the program was limited to agricultural workers from Mexico, and the term “bracero” refers to an imported farm worker from Mexico. “Brazo” means arm, and “bracero” means a person who works with his arms.

Begin with a thorough search of CIS. If no record is located, request a manual search. Create a Records Indexing Staffing and enter all information provided by the requester. If the manual search produces no record, generate a "NR" letter and send the case to Up-front Approver. The supervisor will review and close the case.

In these no record cases, the researcher's only recourse may be to search for a record of admission at the National Archives (NARA). Today NARA holds microfilm of arrivals at US-Mexico Border ports of entry from ca. 1905 to 1954 (some to 1957). A Bracero admitted in 1960 will not appear in these records due to the cut-off dates.

The requester can request a search by writing directly to NARA. In their letter, the requester should ask for a search of Mexican border arrival manifests in Record Group 85. The correspondence to NARA should contain the date and port of entry, as well as the name used at the time of entry, age at the time of entry and any other identifying information.

8.7 REQUESTS: Referrals and Consultations received from other agencies

As other agencies process FOIA/PA requests, they will sometimes find our agency's documents within their files. These documents will be referred to us for processing. The responsive records could be USCIS documents being referred to us for review or joint documents i.e., co-authored by the referring agency and other agencies. A transmittal memorandum advising us to respond directly to the referring agency is a consultation. A transmittal memorandum advising us to reply directly to the requester is a referral.

Send the case to processor. Send an e-mail to the MSB mailbox advising them that you have created the case and that it is a referral/consultation from another agency. Include the alien name and the NRC control number.

8.8 REQUESTS: USCIS personnel information

- Requests that deal specifically with USCIS vacancy announcements, performance ratings and awards are scanned and handled in the HQS queue by the Special Interest Group.
- If a request for CIS Personnel Information mistakenly is scanned in the NRC queue, create the case and reassign the case to **HQS**. Create the case as a Track 2 case. Use

Click on the “Reassign Office” and select the HQS office. The case will be staffed when it is re-assigned to the HQS queue. Send an e-mail to NRC, FOIASIG with the case information.

8.9 REQUESTS: Official Personnel File

You may open a FOIA request received from an individual for a copy of his or her Official Personnel File (OPF). Inform such requesters in the final action letter that they may access their OPFs on-line at:

http://cbpnet.cbp.dhs.gov/xp/cbpnet/hrm/for_employees/info_about_you/eop_folder/eopf_logon.xml

You should then create a Final Action Letter and select the closing code “NA: FOIA or PA not applicable.” You will have to select a Non-FOIA Operational Unit. Choose “NRC-Director.” You do not have to modify the referral letter, but you should make the appropriate edits in the Final Action Letter. Next, send the case to Up-front Approver. The supervisor will review and close the case.

8.10 REQUESTS: Red Cross / Last known address

Requests from the Red Cross or from some other non-governmental organization (such as Salvation Army, etc.) looking for the last known address of an alien are normal FOIA requests. You should create the case and request the file as a specific document request. It is not necessary to create an acknowledgement letter if the request is from the Red Cross.

8.11 REQUESTS: Federal, state, local agencies

Governmental agencies, including county public assistance agencies, are seeking the alien to enforce court ordered support or enforcement of some other lawful responsibility. These types of requests fall under the routine use category.

8.12 REQUESTS: Return of original documents

Requesters will sometimes ask for the return of original documents, such as adoption decrees, birth certificates or other documents of a personal nature on a request addressed to FOIA. If the request for the return of original documents is submitted on a G-639, we are required to provide the requester with a copy of the specific documents requested. For return of original documents, the requester must submit a G-884 to the SAVE Unit of their local district office. Insert the following verbiage in the acknowledgement letter.

In your FOIA request you have specifically asked for the return of original documents. We will provide you with a copy of these documents. In order to obtain the original documents you must submit a G-884, "Request for the Return of Original Documents" to the Save Unit of the nearest district office.

If a Form G-884 has accidentally been scanned into FIPS as a FOIA request, send the case to Up-front Approver for closure as "ER" (created in error). A letter is not created by FIPS; you will need to create a Blank Letter explaining the reason we did not accept their request as a FOIA request. Print two copies of the letter. Attach a cover sheet on one copy to be scanned in as a CSD and send the other copy to the OA room for mailing to the requester. Include a detailed Discussion note. Send the case to Up-front Approver. The supervisor will review and close the case.

If the alien file is located at the NRC, the Case Resolution Team at the NRC handles all G-884's (Request for Return of Original Documents). OA ordinarily forwards any requests for return of original documents to Case Resolution.

8.13 REQUESTS: Privacy Act Amendment

A person who is a United States Citizen or a Lawful Permanent Resident may request that we amend, expunge, or correct information in his/her PA record that the individual believes is not accurate, relevant, timely or complete. Sometimes a supervisor will place a coversheet on the request stating "Privacy Act Amendment."

If you are creating a Privacy Act Amendment request, please do the following:

1. Begin as usual, filling in requester and subject information and searching for duplicates.
2. Assign it to Track 2. Assign it to Category: Special Interest Group.
3. Create the case.
4. Prepare an email for NRC, FOIASIG and insert the case number in the body of the e-mail.
5. Change the Office to "COW." Click "SAVE." Click "Reassign Office." You are now ready to move on to the next case.

8.14 SITUATION: Untranslated Foreign Language Documents

If you find an untranslated foreign language document which may contain essential information needed to create a case, and you are unable to determine what that information is, there are individuals at the NRC available to translate. Here is the procedure:

- Insert a Discussion titled “Untranslated Documents” and the reference page numbers.
- Copy the text of the Discussion and paste it into an e-mail to [NRC, NRCFOIAMS@MSB](#).
- Send the case to Unit Chief.
- After translation, a copy of the translated information may be scanned in, or the translator may add a Discussion response. The translator will then return it to you for creation and/or staffing.

8.15 SITUATION: Congressional correspondence

When the unit receives correspondence from a member of Congress, the creator will need to create the case as a track two case, mark the category as Congressional, request the requested documents and send an e-mail to the [MSB Mailbox](#) advising them of the control number, congressional contact information and name of the subject of the request. Do not use the Congressional office address as the address for the FOIA request. If an address for the subject cannot be found, please contact a member of the MSB for more guidance.

8.16 SITUATION: Appeals

While case creating, you may open a request and see that it is marked “Appeal.” The requester will include the case number he or she is appealing. If this happens, you do not create the case. In the upper right hand of the image portion of the FIPS worksheet, there is a printer logo:

8.17 SITUATION: New requests received on the I-694

If you see a case in the creator role or the processor role that has the I-694, Notice of Appeal of Decision Under Sections 245A or 210 of the Immigration and Nationality Act (INA), scanned as the FOIA request letter, this is considered a legitimate request. The Administrative Appeals Office sends this form along with the A-file to the NRC for processing under FOIA.

Form I-694 is used to notify USCIS that an individual is appealing the denial of their permanent residence, temporary residence, or a waiver of grounds of inadmissibility.

To assist you in identifying this request, the words "NEW REQUEST" should have been written on the top of the form before scanning. Please note the request may not have a current date. The case creator should create the case, and request additional information or consent if needed. If additional information or consent is not necessary, send the case to processor.

8.18 SITUATION: Subpoena or court order

If you pull a new request that is a subpoena or court order, please send it to Up-front Approver for closure as ER. Send a message to NRC, FOIA PROGRAM; McDaniel, Marcia M (clicking the link generates the e-mail) providing the REQ number and information indicating the request was a subpoena or court order. The NRC Program Office is currently addressing these requests. Subpoenas or court orders are a high priority. Please notify NRC, FOIA PROGRAM as soon as possible. If you aren't sure, please contact your supervisor for guidance on how to proceed.

8.19 SITUATION: Certification of record

When creating a new case, insert a Discussion "requester wants documents certified." The processor or approver will handle the certification process.

Certification of records is done in accordance with 8 C.F.R. § 103.7(d) and the Records Operations Handbook (ROH).

The NRC will certify certain documents from A-files as being true and correct copies. The physical file must be located at either the NRC or the FRC. Genealogy requests that were received, staffed and processed by NRC can also be certified by the NRC. The NRC will not certify copies of documents that belong to other agencies. Information will be provided to the requester on how to obtain certified copies of these documents. The NRC can also provide a certified letter giving information such as the date of entry and the status of the individual.

First, evaluate if the request qualifies under the Genealogy Program. Refer to the section entitled Case Specifications, Category 4 (Other).

NRC will not certify naturalization certificates for living persons. If the individual has his or her original naturalization certificate and want or need a certified copy of it, he or she must make an INFOPASS appointment. An individual must submit an N-565, Application for Replacement Naturalization/Citizenship Document if he or she has lost or misplaced the original.

Records Services Branch, USCIS does all certificates of non-existence; these requests must be submitted in writing to the address shown below:

U.S. Citizenship and Immigration Services
ATTN: Records Service Branch
1200 First Street, NE, 2nd Floor
Washington, DC 20529-2204

8.20 SITUATION: Certification of record for dual Italian citizenship

If we receive a request asking for a certified copy of a relative's naturalization certificate for the purpose of applying for dual Italian citizenship:

Evaluate if the request qualifies under the Genealogy Program. Refer to the section entitled Case Specifications, Category 4 (Other).

If the requester's relative is deceased, he or she must submit the request to the USCIS Genealogy Program. The web address for more information and instructions for submitting their request is **USCIS.gov** or;

If the requester's relative is living, please include the following paragraph in your acknowledgement letter:

This is in response to your request for a certified copy of a relative's naturalization certificate in order to apply for dual Italian citizenship. According to information obtained from the Italian Embassy in Washington, D.C., certified copies of naturalization certificates are not required for the dual citizenship application. The Italian Embassy requires the naturalization certificate copy along with our USCIS cover letter and envelope. The records that we release as part of this FOIA request will serve that purpose.

8.21 SITUATION: Record at National Archives and Records Administration (NARA)

The National Archives and Records Administration has designated alien files as permanent records for the Federal Government, ensuring their retention indefinitely. As with all permanent records of the Federal Government, ownership and physical custody of the record is transferred to NARA at a designated point and NARA becomes the custodian of the record. Once the record is transferred to NARA, anyone who wants documents out of the file will have to file his or her FOIA request directly with NARA. The "magic date" for alien files to be turned over to NARA is when the subject of the file passes 100 years of age. The NRC has begun the process of transferring the targeted files into the custody of NARA.

As a result, case creators need to pay close attention to those cases in which the subject of the file was born more than one hundred years ago, particularly if the request does not meet the criteria for a genealogy case.

For example, the requester writes in and makes the following request:

"I want the records of Joe Crab, date of birth, March 22, 1899. Mr. Crab naturalized in 1957 and died in 1969. Enclosed is proof of his death and alien number."

NOTE: You may find the complete list of criteria in Section 3, “Category of request” in the sub-paragraph “GEN.”

Mr. Crab meets one prong of the criteria for genealogy because he was born long ago; however, since he was naturalized in 1957, he does not meet the prong of having no documents in his file dated after 1951. If you are creating a case and the subject of the request is 100 years of age or older, **but** the person DOES NOT fully meet the criteria for a genealogy case, please pay special attention to NFTS. NFTS may show that the file has been retired and is at a Federal Records Center. If that is the case, request the file. If NFTS shows that the a-number has been retired to NARA, it means we have turned the records over to NARA permanently. The requester will have to send a request to NARA. Please select FINAL ACTION OPTIONS when creating the Acknowledgement Letter, select NA and replace the normal Acknowledgement Letter with the NARA Historical Record Letter located at O:\Foia\FOIA_LIBRARY\Case_Create_References\Case_Create_Template_Letters\Historical_Record_Letter.

It may happen that USCIS has not yet transferred the file to NARA. If NFTS still shows a shelf location within NRC (or any other office), request the file.

8.22 SITUATION: Old records

Occasionally we will receive a request for records pre-dating our recordkeeping system. The agency maintains immigrant arrival records created since 1892; and naturalization records since 1906.

When a request is for records older than those maintained by the agency, create a Final Action Letter and select “OR.” This generates a letter to the requester explaining that the records being requested are older than those maintained by the agency. After generating the final action letter, send the case to Up-front Approver. The supervisor will review and close the case.

8.23 SITUATION: Requests from Prospective Adoptive Parents

In the recent past, Vietnam, Cambodia, Guatemala, Nepal, Ethiopia and other countries have had problems concerning adoptions. Birth Certificates have been forged and babies have been taken without consent of the biological parent. In Vietnam, “baby brokers” scour villages looking for unwed, impoverished mothers. They purchase the babies for about \$50 and sell them to commercial adoption services. In Guatemala and elsewhere, people steal babies and sell them to middlemen. Prospective adoptive parents from Spain, Italy and the United States are typically willing to pay as much as \$25,000 to adopt a child. (This information comes from kidsofkathmandu.org).

Normally if we cannot verify consent or prove parentage in a case, we send out for more information. Please do not send out for additional information in pending (not finalized) adoption cases for the following reasons:

1. The Prospective Adoptive Parents (PAP) have the right to all information they submitted for the adoption. In cases like this, it is likely that the adoption never happened. If that is the case, they have no proof of parentage or guardianship.
2. The child is usually too young to give consent.
3. Congress has substantial interest in this matter.

If you decide you need proof of parentage after a full search, please send your case to Admin for supervisor review.

9. REFERRAL AND REDIRECTION

9.1 Referral

The FOIA requires us not to close a case if there is information in another component of our department. For instance, the Drug Enforcement Administration and the Federal Bureau of Investigation are both components of the Department of Justice. If DEA receives a FOIA request and determines the information is with FBI, they may not close the case and tell the requester to write to FBI (that is redirection). They must send the request to the FBI and advise the requester they have done so (that is referring).

USCIS occasionally receives FOIA requests for non A-file records totally under the purview of another DHS component. When this occurs, we refer the FOIA request in FIPS to the correct component. The following agencies are DHS components:

- Transportation Security Administration (TSA)
- U.S. Customs and Border Protection (CBP)
- U.S. Immigration and Customs Enforcement (ICE)
- U. S. Secret Service (USSS)
- Federal Emergency Management Agency (FEMA)
- U.S. Coast Guard (USCG)

Under the “Tasks” tab, select Final Action Letter. Select “RF: Referred to a DHS Component” as the final action code. Under “Redirects/Referrals” select the component to which we are referring the request and click “Submit.”

You may have to edit the letter to add needed information. After you exit from the Word documents, they will appear under the “Contents” tab:

Click on the “Check in Document” icon and you will get a “Save” dialog box. Click “Open.”

After you have done this for both documents, send the case to Up-front Approver.

9.2 Redirection

If we receive a request for records that belong to an agency outside of DHS, we close it and write a “redirect letter.” Under the “Tasks” tab, select Final Action Letter. Select “RD: Redirected to

another agency” as the final action code. Under “Redirects/Referrals” select the agency to which we are referring the request and click “Submit.”

An example of a request we close and redirect is a petition that we discover has been forwarded to the National Visa Center for issuance of an immigrant visa. The redirect letter advises the requester to contact the different agency for the information they are seeking. The procedure for the documents is the same as for referrals. You may have to edit the letters to add needed information. After you exit from the Word documents, they will appear under the “Contents” tab. Click on the “Check in Document” icon and you will get a “Save” dialog box. Click “Open.” After you have done this for both documents, send the case to Up-front Approver.

9.3 Entry/Exit Information referral to CBP

CBP handles FOIA requests for entry and exit information dating back to 1982, inspection, Port of Entry (POE), requests for information relating to air and/or marine incidents, or the U.S. Border Patrol Academy, legacy Customs or legacy Inspections. Key words that you could see on a request relating to CBP are inspection, Port of Entry, Bridge of the Americas, Friendship Bridge, and smuggled goods. A FOIA request for this type of information should be referred to **CBP** at the address shown below.

U.S. Customs and Border Protection
FOIA Division
799 9th Street NW, Mint Annex
Washington, DC 20229-1177

Note: If the request is for entry/exit information and the requester/subject provided an alien number, request the file. If the request is for entry/exit information and the requester/subject did not provide an alien number, you must thoroughly search CIS and CLAIMS to be sure the person does not have an alien number or application. CBP has records on entry and exit information dating back to 1982, but no further back. You may modify the referral letter; any information you can provide as to what the requester is asking for will be helpful to CBP.

9.4 Border Patrol referral to CBP

If you encounter a Border Patrol Request in Case Create, refer the case to CBP. This includes Border Patrol records relating to apprehension, entry without inspection (EWI), smuggled humans, mobile patrol group, voluntary return, repatriation, or checkpoints.

Exception to this rule; if the requester provides an A-number or you locate an A-number through a search of the systems, please request the A-file.

9.5 Personnel/hiring practices/vacancy announcements

If you receive a request concerning employee records, vacancy announcements, or any personnel matter generally, please create the case as you normally would by filling in the blanks and controlling the case. After that, change the Category to PER. Do not create a staffing and do not send any correspondence to the requester. Add a Discussion note that this appears to be a personnel-type FOIA request. Send an e-mail to [NRC.FOIASIG](#). After that, send the case to Unit Chief.

9.6 US-VT referral to US Visit

Refer requests relating to United States Visit. The United States Visit is a Border Security Program that records biographic, biometric and travel information for all foreign visitors to the United States. The system screens all crewmembers and passengers that travel to the United States by air, sea or land. United States Citizens are not in the system.

If the requester is asking for both a copy of the alien file and for entry and exit information, you should request the file. See [Entry/Exit CBP](#) information above.

10. DETERMINING TO STAFF BASED ON BEST INFORMATION AVAILABLE:

If you determine that the requester has provided all the PII possible after performing the CIS 9102 or 9106 and 9103 screen searches shown above, and there is only one person in the CIS 9101 screen with the same information, please request the file. However, prepare a Discussion explaining why you staffed for the file.

11. SOCIAL SECURITY NUMBER

USCIS does not use Social Security numbers in the Freedom of Information/Privacy Act requests. Even if the alien disclosed his or her SSN in the request, do not enter that number on the FIPS worksheet. We will not request the Social Security number when requesting additional documentation.

12. REQUESTING THE RESPONSIVE RECORDS

After the acknowledgement letter is created, if all required information is present, the next step is to request the records that are responsive to the request.

How do you determine what records are responsive to the request? First, you have to read the request. Typically, the requester will ask for a complete copy of an alien file and they will provide an alien number. If this is the situation, you must verify in CIS that this alien number belongs to the subject.

There is a staffing guide/RPC reference sheet available on the FOIA Operations intranet page to use for requesting the file.

If the requester is only seeking specific documents, please make a Discussion in FIPS detailing what those documents are. You will also be mentioning those specific documents in your acknowledgment letter to the requester.

The Service Centers (except MSC/NBC) scan the responsive records into FIPS when they are the FCO for that file. Please see the staffing guide for more instructions on requesting these types of Service Center files.

If the requester did not provide an alien number or receipt number but did provide enough information to conduct a thorough search, you should search CIS, CLAIMS and possibly PCQS to determine the subject's alien number or receipt number. If the requester did not provide enough information to conduct a thorough search, then you will have to ask the requester for more information.

We do not request "S" (substitute) or "W" (working) files unless instructed to by a supervisor/lead. After the creator has staffed for the appropriate files, the next and final step to case creation is to pend the case for the responsive records.

If the file is located at COW, with the Responsible Party Code (RPC) of RK, please insert a Discussion after you have created the case. The title of the Discussion should read "File is at RK." Send the case to Unit Chief. Send your supervisor an e-mail with the control number of the case and that the file is located at COW with an RPC of RK.

If you see an RPC of "ZW" in NFTS; that indicates the file is classified. Staff the file to the current FCO. If you see an RPC code ZW0004; that indicates the file is here at the NRC in the safe and you should staff: FOIA Safe.

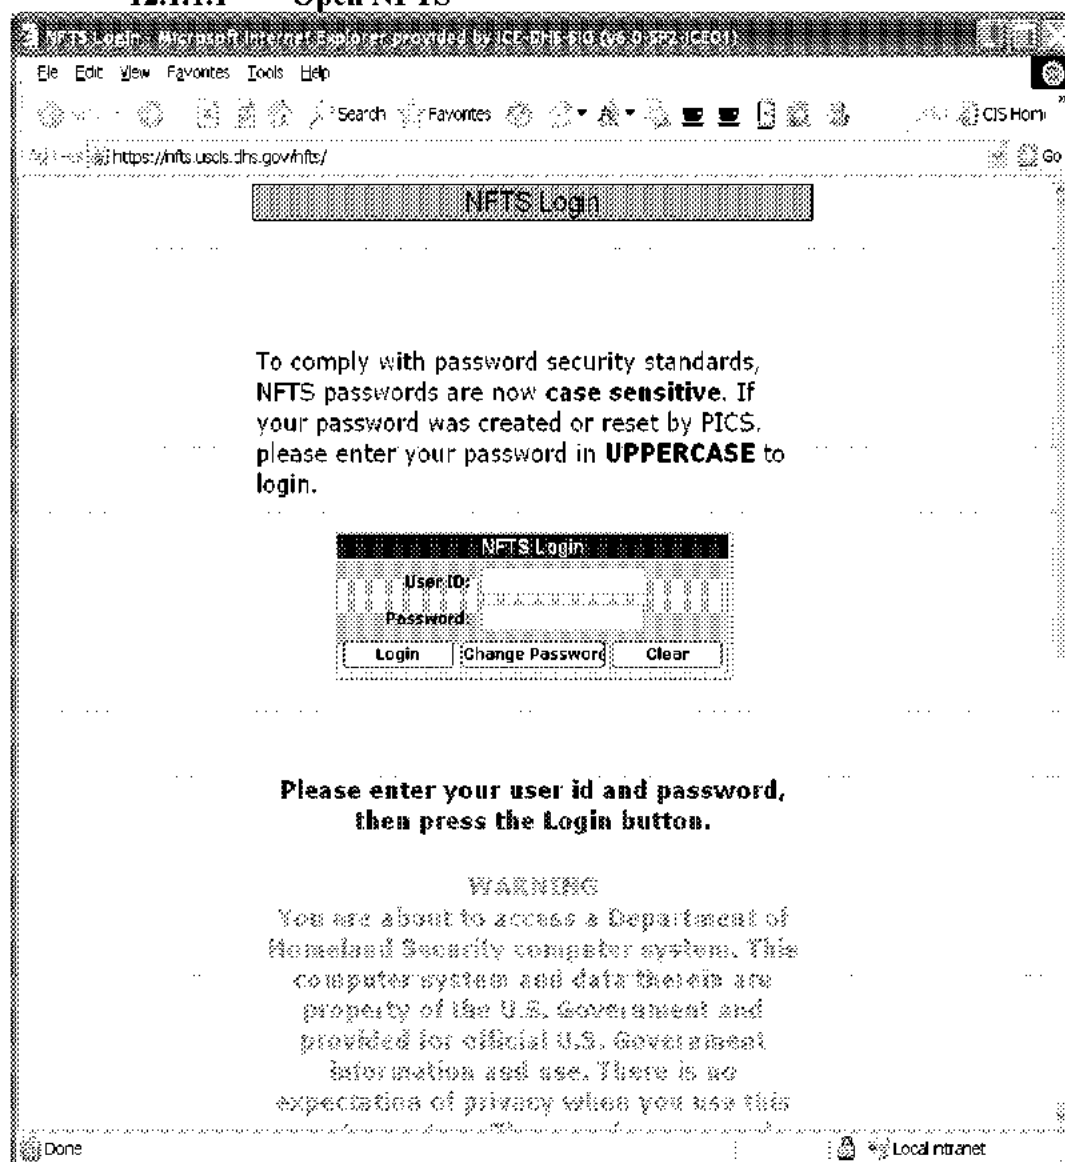

If you pull a case that has a FOIA Safe staffing you should **NEVER** cancel the file request. Send the case to Pend.

12.1 Staffing by Alien Number

12.1.1 One A-number provided on the request (with example staffing)

If an A-number is provided on the request and CIS confirms that it belongs to the alien, ensure you have all the other required elements (DOB, COB, DOE, POE and parents' names) to complete the case create. If any of the required elements are missing, request the additional information when sending the Acknowledgment Letter. The section that follows is a systematic example of staffing by A-number when the requester has provided one.

12.1.1.2 Submit your location

The address bar displays "http://nfts.uscis.dhs.gov/nfts/setuseroffice.asp". The page content includes a header "NFTS Login/Choose Location" and a central form titled "Select Office and Default Section". The form contains the following fields:

- Select Office:** A dropdown menu with "AA" selected.
- Default Section:** A dropdown menu with "AA" selected.
- Default Resp. Party:** A text input field.
- Submit:** A button.

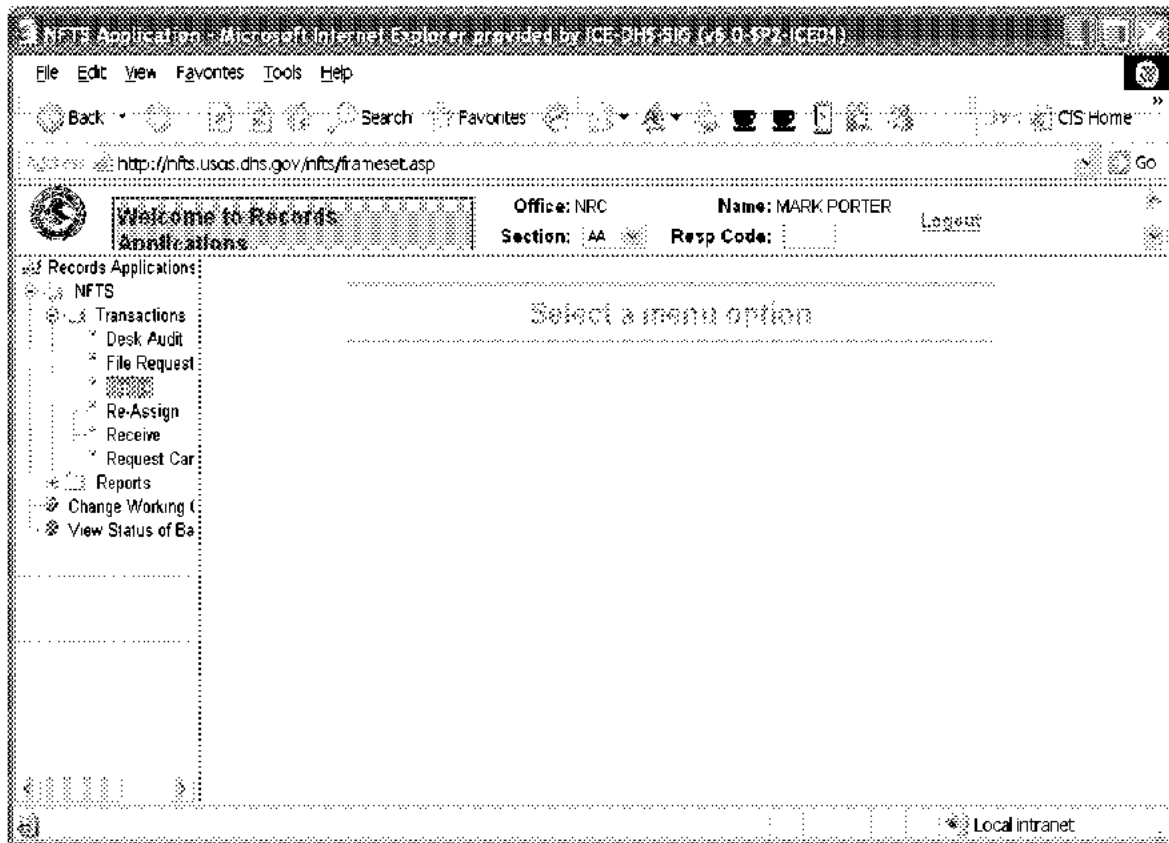

The status bar at the bottom shows "Done" and "Local intranet".

The page has a left sidebar with a tree view under "Records Applications" containing "NPTC" and "Transactions" (with sub-items: Desk Agent, File Request, PerAssign, Receive, Request Car, Reports, Change Working, New Status of Pa). The main content area is titled "Inquiry" and includes fields for "Office: NRC", "Name: MARK PORTER", "Section:", and "Resp Code:". Below these is a "Search" button and a "Legend" link. A section titled "Enter File Number:" contains a text input field with "A" entered, a "Search" button, and two radio buttons: "Search In ALL Converted Offices?" (selected) and "Search for Only Specified File Prefix?". Below this is a "Show Information entered on or after:" field with a date picker. At the bottom of the search section are "Clear" and "EXIT" buttons. A table titled "General Inquiry For" is visible below the search section, with columns: "File #", "Seq", "Office", "Status/Last Action", and "Location". The table is currently empty. The browser's status bar at the bottom shows "Done" and "Local intranet".

12.1.1.6 “Blued in” information

- If “Retire” had been blued in, it would have been important. We would have used that inquiry screen to staff from the FRC.
 - If “In Transit” had been blued in, it would have been important. We would have staffed to the receiving FCO.
 - If “Consolidation” had been blued in, it would have been important. We would have checked to make sure our file is the “survivor” and not the consolidated file.
 - “Rider” could be important to the case processor, but it has nothing to do with how we request this file.
- * Comments may be important because a File Control Office may not be able to change a file location to “LOST” in NFTS. When that happens, the records person at the FCO will notate in Comments that the file is lost. If that is the situation, please refer to the Lost File Flowchart in Appendix H of this guide.

12.1.1.7 The FOIA Operations Division Intranet Page

Now, an RPC beginning with “DP” is easy because NFTS shows right beside it that it means “Deportation.” Sometimes an RPC prefix can be important and it’s not obvious right away. If that’s the situation, we need to look at the FCO List, which also has the RPC Reference Guide.

12.1.1.8 The RPC Reference Guide says that no matter what the FCO is, if the RPC starts with DP, we staff to DRO. If you don't already know this, SAC, RAC, ASAC, DRO and OPLA are all ICE functions. That's important for staffing.

12.1.1.10 Figuring out a Staffing Scenario

The Guide confirms what we thought. If we staff to DRO, then we choose the FCO where the file is located. We're going to look for DRO-SEA. Note that the quickest way for me to find the information is by searching "DRO." I could have also gone to the table of contents and looked under Staffing Scenarios.

STAFFING SCENARIOS - ICE FILES

There are currently five different types of staffings for files located within the ICE function. The NETS screen print should be posted to the second page of the staffing letter.

OPLA – Staffing sheets are to be used for files that are located in the following office sections. Choose the FCO where the file is located, such as OPLA-BOS.

Office Section	Acronym
Trial Attorney's Office	TA
Chief Counsel	
Litigation	LI or LIT
Legal Section	LS
District Counsel	DC

– Staffing sheets are to be used for files that are located in the following office sections. Choose the FCO where the file is located, such as DRO-DEN.

Finally, we exit and save our work. We have successfully staffed for the A-file. The next thing we have to do is check the staffing letter back in.

12.1.1.15 Save changes and check it back in

After this, send the case to "Pend."

12.1.2 Two or more A-numbers

Multiple unconsolidated A-numbers - If the requester has provided more than one A-number, you must research CIS for each A-number to determine if they relate to the subject. If the subject has multiple A-numbers, you will create one case and do multiple staffings. When you are required to request two or more unconsolidated A-files, the individual file request must

include the words “**MULTIPLE STAFFINGS**” at the top of each sheet. Do not confuse this with the subject of the file having an “A” file and a “T” file. The alien numbers must refer to different unconsolidated A-files and relate to the subject of the request if you are to mark it “**MULTIPLE STAFFINGS.**”

Important note: If one of the files you are requesting is located at RAFACS/CIS, FRC or one of the Service Centers, request those alien numbers first. These locations produce the file faster than other offices. MSB will not know to pull the staffing letters for follow-up unless you noted “Multiple Staffing” on the sheet.

If the alien has multiple unconsolidated A-numbers and the files are both located at the NRC, please add them to the spreadsheet that Records Operations maintains at S:\Record_Ops\Files to Consolidate.xls. You are responsible for entering the alien numbers of the files that may possibly need consolidation. Records Operations will review the files and consolidate if necessary. If both files are not at NRC, do not add the information to the spreadsheet.

12.1.3 Consolidated A-numbers

If the alien has a consolidated A-number, then please enter only the lead (or surviving) A-number on the worksheet in FIPS and request that file. Consolidated A-numbers are reflected in CIS on the 9101 screen, under the section titled “Consolidated A-Nos”. The A-number listed first is the primary A-number; the other A-numbers listed below the primary have been consolidated into the primary number.

Note: please do not add consolidated A-numbers to the “files to consolidate” spreadsheet.

12.2 Border crossing card number

If the alien number provided by the requester is an 80,000,000 through 86,899,999 series number, it is a Border Crossing Card number. Even though you can research this number in CIS, there is no physical A-file associated with these types of numbers. You will need to research CIS and CLAIMS to see if there are any other A-files/receipt files associated with this alien.

Previously during the Case Create process, if a requester/subject provided a Border Crossing Card Number and all of the required PII (except an A-Number), we asked the requester/subject to provide additional information (Alien or receipt number, copies of documents from the service, etc...). We used this information to determine if the subject had an A-File. We would find the A-file only in very rare instances.

We no longer request additional information if the requester/subject provides all of the required PII (except an A-Number). Since Border Crossing Cards are strictly electronic records (no actual file), we will have the Border Crossing Card screen prints scanned into a RAFACS slot.

Use the Border Crossing Card Number provided; search and print CIS screens 9101, 9101-history (F8), 9222 and 9223. Open a RAFACS staffing slot. Make sure "Customize Letter" is selected. Prepare the screen prints for scanning into this slot as responsive records. Pend the case for responsive records. Please attach a "Scan As" sheet and mark it as "responsive records" with the screen prints to be scanned. The case will be sent to the processor after screen prints are scanned in. Create it as a Track 1 case.

Note: Alien numbers from 86,900,000 through 87,999,999 are not Border Crossing Card Numbers; they are general alien numbers and have corresponding A-files.

12.3 EAD numbers (100,000,000 through 149,999,999)

If the alien number provided by the requester is 100,000,000 through 149,999,999, it is an EAD (Employment Authorization Document) card number. There is no physical A-file associated with EAD numbers, even though they can be researched in CIS. You will have to research CLAIMS to locate the receipt number that corresponds with the EAD number, and then request that receipt number. Please refer to the section titled *Staffing Scenarios – Receipt Files* for additional information.

12.4 New alien numbers (300,300,000 through 300,322,501)

As of June 2009, the range of numbers 300,300,000 through 300,322,501 are being used as general A-file numbers.

12.5 Receipt numbers

Receipt numbers are comprised of the three-letter office code, followed by a 10-digit number. Receipt numbers are assigned to applications and petitions filed with the Service, such as Form I-765, Employment Authorization applications and Form I-130, Petition for Alien Relative. If the requester provides a receipt number on their request, log into CLAIMS and verify the information.

If the requester provides only a receipt number and it is for a Service Center we work, then we need to request the receipt file. Enter the receipt information into the Topic field. Make the first part of the description the receipt file number. Use the complete receipt number with no spaces or dashes.

Example of the correct way: EAC0812345678

An example of how **NOT** to do it: EAC-08-123-45678

If every case creator enters receipt information the same way, it is easier for the next case creator to identify duplicate or similar cases. The next case creator may base the search on “EAC081234567%,” and if the previous case creator entered dashes, the search will not identify the duplicate.

Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For receipt files at HBG, use the NON-FOIA HBG file request. Do not request DIG T-files at HBG with RPC codes XX, XY, ZG, ZY, or ZZ. Refer to the Staffing Sheet Guide for the most current information.

12.6 Archives and Records Centers Information System (ARCIS)

ARCIS is a new system used by the Federal Records Center (FRC) to track the location of retired files. The accession data is now 27 digits long. NFTS will not accept the accession data because of the length. Instead, you will see the word “ARCIS” in the location field in NFTS.

When the case you are creating shows the file is located at FRC and you see the word “ARCIS” in the location field in NFTS, use the FRC file request and paste the retired screen from NFTS.

Not all files located at the FRC will have “ARCIS” in the location field. For those files, continue to staff using the FRC file request and paste the retired screen print.

12.7 Staffing Scenarios

12.7.1 Digitized files

If you are requesting an A-file that has been digitized please use the **RDF** file request. If the file has been digitized, the current FCO does not matter; you would still use the RDF file request.

How do I tell if it is a digitized file?

NFTS will show the “Location” of the file as either **RDF** or **NRC**. If the file location is NRC, you will see a banner stating “**DIGITIZED ON**” The screen print below is a sample of the NFTS screen.

The temptation may be to staff RAFACS/CIS because the file shows available in records at NRC. Do not do that. If it shows “**DIGITIZED,**” then staff to RDF. Also include any T files you find in the General Inquiry screen.

The screenshot shows the 'General Inquiry For A/c' screen. At the top, there are fields for 'File #', 'Date', and 'Status'. Below this is a table with columns: 'File #', 'Date', 'Status', 'Description', 'Action', and 'Location'. The table contains one row with the following data: '100', '10/10/10', 'RDF', '100', '10/10/10', 'RDF'. Below the table, there is a section for 'General Inquiry For A/c' with fields for 'File #', 'Date', and 'Status'. The 'File #' field contains '100', 'Date' contains '10/10/10', and 'Status' contains 'RDF'. Below this, there is a section for 'General Inquiry For A/c' with fields for 'File #', 'Date', and 'Status'. The 'File #' field contains '100', 'Date' contains '10/10/10', and 'Status' contains 'RDF'.

Paste in the “General Inquiry” information on the RDF staffing the same as you would on a RAFACS/CIS staffing. Delete the status/action item column, but **DO NOT** delete any T-files. MSB will know the file is digitized because you have staffed using an RDF file request. This also applies to Retired files that have been digitized. Do not use the retired screen on Retired digitized files. An example has been provided below.

In the example above, you will have to make two staffings. Notice there is a T-file currently in use at OPLA San Francisco? That also changes the Category of the case to "SFR Cases at NRC."

12.7.2 Files Lost or Not Found LESS THAN NINE MONTHS

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

When an A-file is lost, it will appear in NFTS as a "Lost File" in the Status/Last Action section of the General Inquiry screen.

12.7.3 Files Lost or Not Found **MORE THAN NINE MONTHS**

(Please note: this is NOT the procedure for a request for alien number only or for petitions destroyed in accordance with federal paperwork retention guidelines.)

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

12.7.3.1 If the A-file is lost but other records exist (such as receipt files we would normally request or other a-files), please go to paragraph 12.7.3.9 now. *Otherwise*,

- a. **if** the file has been marked as lost for more than nine months
- b. **and** there is no recent activity in CLAIMS (within last 2 years) or PCQS,
- c. **and** there are no additional files, then: a FOIA/PA Assistant working in Records Locator queue should put in the following Discussion: **A-file has been lost for more than 9 months and no other records exist. Closing as UT.** Detail all systems searched as part of this Discussion.

12.7.3.2 Complete the attached Lost File Worksheet (and send it for scanning as CSD with any screen prints you do.)

12.7.3.3 If the file was not staffed to OPLA, please move to step four now. *Otherwise*, if the file was staffed to OPLA, look at NFTS history. If the NRC file request was cancelled and the file indicator was subsequently changed to "Lost File," create a Discussion with the subject "Unit Chief" listing the date the file was staffed, the date the request was cancelled, and the date the file status was changed to lost. Send the case to Unit Chief. You're done.

12.7.3.4 If there is no CIS screen referencing "EARM" "DACS" or "NAILS," please move to the next step now. *Otherwise*, if there is a 9101 screen containing "EARM-X" "DACS-X" or "NAIL-X," or if there are CLAIMS screens showing "NAIL: Y" or "NAIL: N," go to the next step.

12.7.3.5 Create a Final Action Letter and select the status UT. In the final action letter, after the sentence "You may, if you wish, resubmit at a later date," please add the following sentence: "As we were unable to locate a physical file, we are including screen prints of the electronic record." Go to the next step.

12.7.3.6 In the UT final action letter, attach the screen prints to the letter electronically (cut and paste). Do not make any redactions to the screen prints. Save and close the letter and send to Up-front Approver. You're done, *unless* the case is later returned to you for further research.

12.7.3.7 The Up-front Approver will review the UT letter with the inserted screen prints. If he or she is satisfied that a thorough search was conducted, the approver will forward the case to FOIA Approver. If the approver is not satisfied with the search results, he or she will return it to you for further research.

12.7.3.8 The FOIA Approver will review the research and either close the case or return it for further action. If the case is approved, the FOIA Approver will close the case.

12.7.3.9 **If the A-file is lost but other records exist** (such as receipt files we would normally request or other a-files, including T-Files, wherever they may be, including NRC) Request the additional records. Put in a Discussion that reads:

A-file number XXXXXXXXXX is currently showing as lost. Staffed for the following additional files: XXXXXXXX, XXXXXXXX, XXXXXXXX. Once they are received, please review. Please also verify that the original a-file is still lost. If the original a-file has been consolidated in fact but not in the systems, please process and send your case to approver. Also send an e-mail to the MSB for resolution. Include both a-numbers. If no documents exist from the original a-file, please process what is available. Advise the requester that the original a-file is lost. Your case will close as a PD even if no redactions are made. Thank you.

12.7.3.10 Cancel the lost file staffing and pend for responsive records.

NOTES:

12.7.4 Staffing FAQ's

Q: What screen print do I attach?

A: The screen prints attached are typically a NFTS screen. In some situations, there is no screen print attached at all. See the Staffing Sheet Guide for current information.

Q: Which file request do I use?

A: Each office has its own file request in FIPS. The Staffing Sheet Guide details which sheet to use in specific circumstances.

Q: What if they have two alien files with two different numbers?

A: In cases like this, we request each alien file on a separate file request and write MULTIPLE STAFFINGS at the top of each sheet.

12.7.5 Records Indexing / Manual Requests

If you do not find a person in CIS, CLAIMS or PCQS, do not automatically print the screens and close the case NR. In some instances, the A-number exists but it will not be found in any systems search. This is especially true of individuals who had no business with the Service after the date CIS was put in use. A general rule which applies most of the time is the subject had no business concerning any immigration matter since 1975 or earlier. Look at the information in the request. For instance, if an individual claims to have arrived in the United States in 1960 and naturalized in 1971, it is important not to close the case NR. In these instances, staff the request using a "Records Indexing" staffing so that a manual search can be conducted.

Sometimes the requester/subject will provide an A-number and the file cannot be located in NFTS or CIS, but they claim to have done business with the service after 1975.

Ensure requesters provide the minimum information to allow a positive identification (i.e., full name, aliases, an alien number, date and country of birth). If the requested records relate to:

- A-Files;
- Dates of birth;
- Dates of entry; or
- Naturalization dates

which are after 1975, do not create a Records Indexing file request, because no records will exist; check CIS and/or CLAIMS for a record. If you find no record, please refer to the section on NO RECORDS. It is important that you provide as much information as possible on the Records Indexing file request. The name of the subject, year of birth and country of birth are required information. You should use the latest version of records_indexer.doc, which you may find in O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters. A sample records_indexer.doc follows:

TO RECAP RECORDS INDEXING: If the subject has had no business with the service since 1975 or earlier, they may or may not have a CIS record. If they do not, then staff to records indexing. If the subject has had business from 1976 forward, do not staff to records indexing.

12.7.6 No Record:

When closing a case as a NR (No Record), ensure that you have done the required system searches to support your decision. If there is wording on the request that would indicate the subject was detained, stopped, arrested or sent back across the border and a thorough system search yielded no information, you should refer the request to CBP. CBP will possibly have a record responsive to their request. Your search should include CIS, CLAIMS and PCQS. Consult the sections of this manual entitled “Central Index System” and “Computer Linked Application Information Management System” for more information regarding the systems.

When conducting no record research, check the following screens in CIS (Central Index System):

9103 Exact Name
9104 AKA (Alias) Name
9102 Sounds-Like Name

When conducting a search in CLAIMS (Computer Linked Application Information Management System) run alien's name as the beneficiary/applicant (3) **AND** as petitioner (6).

When conducting “no record” research, do the query and provide screen prints of all searches as directed. Print the appropriate CLAIMS screen prints (this should be no less than six pages and may be lengthier if subject has provided multiple names or multiple alias names). Prepare a “Scan As” sheet to be scanned as case supporting documents for the case number you have just created, attach it to the screen prints and take those to the OA room for scanning as CSD and prepare a Final Action Letter with closing code NR. Insert a Discussion outlining the systems you searched and stating that you have sent the documentation to OA for scanning as CSD. Send to Up-front Approver.

Genealogy is exempt from this process.

12.7.7 A-number in CIS but not in NFTS

If there is an A-number in CIS but no information in NFTS, create a file request according to the Staffing Sheet Guide and FCO List, and paste in the 9504 screen of the CIS record rather than the NFTS information. Otherwise, the procedure is the same.

12.7.8 ICE files

There are currently five different types of staffings for files located within the ICE function. Paste the NFTS screen print to the second page of the staffing letter.

OPLA file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as OPLA-BOS.

<u>Office Section</u>	<u>Acronym</u>
Trial Attorney's Office	TA
Chief Counsel	
Litigation	LI or LIT
Legal Section	LS
District Counsel	DC

DRO file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as DRO-DEN.

<u>Office Section</u>	<u>Acronym</u>
Detention & Removal	DENTENT, D&R, DET, DRO, DD&P
Criminal Alien Program	CAP
Deportation Officer/Assistant/Clerk	DO, SDDO
Bond Control Spec.	
Immigration Enforcement	IEA
Field District Office	FOI (Washington DC) (DRO-WAS)
Admin Program Office	
Non-Detained or Detained	
Processing Center	OC-Otero County
Detention Facility name	ie... Otay Mesa, Krome
Fugitive Ops	FO

SAC file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as SAC-ATL. Please note the section that follows concerning SAC locations.

<u>Office Section</u>	<u>Acronym</u>
Investigations	INV, IV
Special Agent in Charge	SAC
Internal Audit	IA
Resident Agent in Charge	RAC
Assistant Special Agent in Charge	ASAC

12.7.9 SAC locations

Occasionally, you will see a requesting a SAC (Special Agent in Charge) case, and not be able to find the File Control Office under SAC in your FIPS staffing list (ex. POO/Portland, Oregon). How do you staff correctly for the file? Would you use the “ICE General” staffing?

Yes, you do, but only as a last resort. Before staffing under ICE General, please check under RAC (Resident Alien in Charge) and ASAC, in consecutive order to find the staffing location. Since you cannot find Portland under SAC, you would next check RAC, and then ASAC (Portland is found under ASAC). Finally, if you cannot find the location after searching SAC, RAC and ASAC, please staff under ICE General.

12.7.10 LESC (LSC) records

On all of these file requests, you must attach the NFTS screen print to page two.

12.7.11 T-files

Q. What if the subject has an A-file at one office other than NRC and a T-file at a different office other than NRC (for example, an A-file in Chicago and a T-file in Milwaukee)?

A: In this case, we will request both files, EXCEPT, do not request T-files at HBG with RPC codes XX or ZG.

Q: What if they have an A-file at an outside office and a T-file here at the NRC?

A: Request the A-file only, but include the T-file portion on the file request. The T-file will get combined with the A-file when it arrives at the facility for scanning. **NEVER CROP THE T-FILE INFORMATION FROM THE NFTS SCREEN PRINT.**

The exception to this rule – We do not receive A-files from ESC, SSC, NSC, WSC or RDF for scanning. Those offices either scan directly into FIPS for us or we export the A-file from EDMS. Therefore, if the A-file is at one of the above service centers and there

is a T-file anywhere else, including at the NRC, you will have to staff for the T-file. MSC is the only service center that sends the A-file to the NRC for scanning. Another example of when we staff for an in-house T-file is when the responsive records are scanned in simultaneously with the request.

12.7.12 Receipt files

(b)(6) **12.7.12.1** Do not request receipt files from any offices other than one of the five Service Centers (**ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN**). For example, [REDACTED] etc., are not receipt files we can request.

12.7.12.2 If the requester does not specifically ask for a receipt file and provides an alien number, request the alien file only.

12.7.12.3 If the requester does not provide any receipt number or alien number, then you must research CIS, CLAIMS and PCQS.

Be cautious about requesting receipt files that are for EAD cards only. There should be another application/petition filed in conjunction with this EAD card. If the only receipt numbers you can find is for an EAD card, and they are within the seven-year retention time, then yes, you will request the EAD card.

If they provide a receipt number, you must research CLAIMS, PCQS and NFTS thoroughly. Ensure the receipt file has not been consolidated into a T-file or into an A-file. Please request the A-file or T-file if the receipt file has been consolidated. Check CLAIMS to be sure that the Service did not reject the receipt. Receipts that are shown as rejected in CLAIMS are returned to the submitter by the Service Center. Print the CLAIMS screen(s) that shows the receipt was rejected by the service. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

If there is no location information in NFTS, and if NVC does not have the receipt, but there is a record in PCQS, print any PCQS screen(s) concerning the petition. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

12.7.12.4 As a matter of last resort, if there is neither information about the receipt file in NFTS nor PCQS and you have called National Visa Center and determined NVC does not have the receipt, you should staff to the owner of the receipt file and paste in the CLAIMS screen. This information can be located on the CLAIMS inquiry screen upper right hand corner. The CLAIMS screen will show “owned by.”

12.7.13 Archived receipts

If we receive a request for a receipt file and the receipt file has been archived per CLAIMS, create the case as usual. To determine whether we need to request the archived receipt file or redirect the request please do one or all of the following as necessary:

1. Enter the receipt number in NFTS. There may be evidence that the receipt file has been consolidated into an A-file or there may be evidence that the receipt file has been forwarded to the NVC in which case you would redirect the request to NVC. Sometimes, you can discover that an archived receipt has been forwarded to NVC through PCQS.
2. On the USCIS website enter the receipt number in the “Check Case Status.” Checking the receipt number on the website may provide

evidence that the receipt file has been forwarded to the NVC in which case you would redirect the request to NVC.

3. You may call the NVC automated help line at **603-334-0700** and enter the receipt number. There may be evidence that the receipt file has been forwarded to the NVC in which case you would redirect the request to NVC.
4. If there is no evidence that the archived receipt file has been forwarded to NVC we will create a file request using RAFACS (not RAFACS/CIS). Find the information from the archived receipt in PCQS and print that information. Prepare a "Scan As" sheet to be scanned as responsive records for the case number you have just created, attach it to the screen prints and take those to the person designated to scan RAFACS-only responsive records. Pend the case.
5. If there is no evidence in PCQS, follow the instructions for *Receipt files; Lost receipt file, File destroyed or File cannot locate.*

Reading the request is very important; if the requester is seeking information relating to what appears to be a receipt number and it begins with "CDJ" or one of the other prefixes found in the section National Visa Center Valid Consulate Prefix Codes, call the NVC help line at **603-334-0700** and enter the receipt number. If there is evidence that the NVC has the receipt file, redirect the request to NVC.

To redirect a request to NVC do the following: Click Final Action Letter and choose the code "RD" and select "NVC". Send the case to Up-front Approver.

12.7.14 Receipt files; Lost receipt file, File destroyed or File cannot locate

If a staffing response from one of the service centers (ESC, SSC, NSC or WSC) has been scanned and a screen print from CLAIMS is shown on the staffing response with any of the following verbiage; "FILE CANNOT LOCATE", "FILE DESTROYED", or "LOST RECEIPT FILE", the case creator will need to follow the steps outlined below.

Open a RAFACS (*not* RAFACS/CIS) staffing slot only. The default selection for the letter is "Customize Letter." Be sure that option is selected. Print the appropriate CLAIMS screen prints (should be a minimum of 3 pages if the receipt file is for an I-130). Print the staffing letter, attach it to the screen prints and take to person designated to scan RAFACS-only responsive records. Pend the case.

13. REASSIGN OFFICE

This function is used to move a case that was scanned in the NRC queue to another queue for processing.

Re-assign the case if the request is for a contract (CNT).

Re-assign the case if the request is for CIS Personnel Information (HQS).

Re-assign any SIG case to COW.

First you must select the correct office. Use the drop-down box to select the office where you want the case to go, search for duplicate cases, and then create the case:

You will not be creating an acknowledgement letter or staffing. Before you click on "Reassign Office," prepare an e-mail addressed to NRC, FOIASIG with the case number and brief description of the topic, requester or reason you assigned the case to SIG.

14. CLOSING A CASE AS “NA:FOIA or PA not applicable:”

Sometimes a requester will file a FOIA request asking for the return of original documents, the status of a petition, or a question, not asking for records. If FOIA/PA does not apply to the request, you would create a Final Action Letter and select the closing code “NA: FOIA or PA not applicable.” You will have to select a Non-FOIA Operational Unit. Choose “NRC-Director.” Note: if the request for return of original documents is on Form G-884 which was inadvertently scanned in as a request, you will be closing the case “ER.” Please refer to REQUESTS: Return of original documents.

You do not have to modify the referral letter. You will have to select the applicable box in the Final Action Letter and possibly add other instruction, if necessary. Send the case to Up-front Approver.

15. ER (created in error) CASE CLOSINGS

Prepare a Final Action Letter using the “ER” option for cases when the following situations arise:

1. When a G-884 Return of Original Documents is scanned in FIPS.
2. When a routine use/child support request has been scanned in FIPS.
3. When subpoenas/court orders have been scanned in FIPS.
4. When a Bond Obligor request has been scanned in FIPS.
5. Requests from Foreign Consulates (no letter required)

FIPS will not create a letter. Prepare a detailed Discussion. Send the case to Up-front Approver. The supervisor will review and close the case.

16. FC (failure to comply) CASE CLOSINGS

If you are closing a case FC because of consent, verification of identity or failure to reasonably describe the record they are seeking, please refer to

O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters\Failure to Comply Letter and select the applicable paragraph for your final action letter. Please enter the date of the last correspondence to the requester/subject.

17. MARKING A DOCUMENT “DO NOT SEND”

From time to time, there will be an instance when we should not mail a system-generated letter. Examples include instances where a status letter is created in error, or a referral memo is erroneously created. To ensure that the letter or memorandum is not inadvertently mailed, please take the following steps:

1. Type “DO NOT SEND” at the top of the page,
2. Delete all the information in the letter/memorandum, and
3. Create a Discussion which explains why the letter/memo should not be mailed.

Accomplishing the steps above will make it easier for the O/A room to identify letters created in error.

18. ACKNOWLEDGEMENT LETTERS

We prepare acknowledgement letters in all cases **except** for routine use and Red Cross last known address requests. The example in this guide shows how to do a standard acknowledgement letter if we have verified consent and identity, the requester has not asked for expedited treatment or a fee waiver, and we have found a responsive record. As you go through this example, please keep in mind that there are many factors which would require you to prepare the acknowledgement letter differently.

Go to the “Tasks” tab and select “Acknowledgement Letter”

19. DISCUSSIONS

Discussion notes are crucial to creating and processing a case. When creators are establishing the case in FIPS, they should note any unusual circumstances or details in a Discussion for later reference. FIPS also automatically generates Discussions in various situations, such as duplicate,

multiples and when responsive records are copied from one case to another. Because Discussions become a permanent part of the case in FIPS, you should not use Discussions to record personal feelings or to debate, question, or even to seek clarification. A FOIA/PA Assistant should discuss issues needing clarification via e-mail, a telephone call or a personal visit to his or her supervisor.

20. CHANGING A REQ TO A CSD

(Note: this article pertains to people who work in the Research Queue)

Occasionally requester documents, certificates of identity, status requests and other correspondence will inadvertently get scanned into FIPS as a new request. If you encounter these types of documents in FIPS as REQ's, please attempt to locate the case to which the documents belong. After you locate the case in FIPS, make a note of the control number. Create a Discussion asking Research to add the request as CSD to the appropriate case. Next, go back to the worksheet in FIPS and Send to Research.

A person working the Research queue will assign the request to CSD as follows:

21. TROUBLESHOOTING WORK *FROM* THE OA ROOM

The FOIA/PA Assistants assigned to the mail are responsible for picking up faxes and mail (in the black bins marked Troubleshooter) from the OA room and in the basket located next to the copier in shared workroom each day and are responsible for sorting and working the mail. Individual team members expecting a fax should notify his or her supervisor or retrieve the fax. If the case has been created, insert a Discussion (Scan in fax and notify [me] when the fax has been scanned). If the fax needs to be scanned in before reviewing, the FOIA/PA Assistants can scan it in and notify you. They may also deliver the fax or mail if needed.

22. TROUBLESHOOTING WORK *TO* THE OA ROOM

When new requests are taken to the OA room, place them in the “New Request” bin on the counter.

When taking requester documentation, CSD’s, responsive records or certifications of identity to the OA room, write “Requester Docs” or “CSD” on the first page, along with the date and your initials.

23. FOIA MAILBOXES:

FOIA has access to various e-mail mailboxes that serve different purposes. The paragraphs below describe these mailboxes and their purposes. E-mails to any of the FOIA mailboxes must contain specific instructions.

23.1 THE OA ROOM (NRC, FOIAOA)

Send e-mails to the OA Room when:

- The request letter and supporting docs need to be printed and scanned in as a new case. Include instructions to the case creator, if necessary.
- The original Final Action Letter and responsive records were mailed but the requester never received them. The OA room will reprint the records to CD or paper and re-mail per instructions provided in the e-mail. The instructions must include the control number and whether to print CD or paper, as well as how the case was closed "G1 or PD." Include a Discussion in the original case.
- The responsive records need to be re-printed to CD due to the requester receiving a broken CD.
- The requester has either has a changed or new address; therefore, the records need to be re-printed and re-mailed to the requester. You need to state in your instructions to the OA room that you've made the changes to the address in the final action letter. Correct the address on the final action letter and the FIPS database. State that you've changed the address in a Discussion.

Don't forget to add a Discussion to the original case.

23.2 MSB (NRC, NRCFOIAMS)

Send e-mails to the MSB mailbox when:

- An appeal is encountered in case create that was not previously addressed.
- An expedited treatment is encountered in case create or Records Locator queue that was not previously addressed. Personnel handling the MSB mailbox will forward the e-mail to the supervisor(s) handling the expedited treatment.

All e-mails to the MSB mailbox should contain the control number, the A-number or subject of the case, and specific instructions relating to the case.

23.3 FIPS PROBLEM (NRC, FIPSPROBLEM)

Send e-mails to the FIPS Problem mailbox:

- If errors are encountered in the case

Updated on 10/20/2011

- If responsive records need to be copied from one case to another
- If records are incorrectly scanned in a case and need to be removed

All e-mails to FIPS Problem mailbox must contain specific instructions, including a description of the problem and the role of the case; standalone, create, locator or processing and the control number or REQ number if you were creating the case.

23.4 FOIA FILE REQUEST (NRC, FOIAFILEREQ)

Send e-mails to FOIA File Request if you discover A file sitting on a shelf and it has not been scanned in to the case. Include the control number and the A-number in these e-mails.

24. E-MAIL TO CUSTOMERS

If necessary, send a message to the USCIS mailbox outlining what needs to be sent. The MSB supervisor will generate the e-mail to the requester and transmit. Include all information in the e-mail that the MSB supervisor will need in order to be able to send the e-mail. Put a Discussion in FIPS outlining your request to MSB. If you are asking for more information from the requester, create a slot in the case in FIPS to ensure that the case will close out automatically if no response is received from the requester.

25. MAIL

The FOIA Division receives two types of mail: Returned Mail and Direct Mail.

25.1 RETURNED MAIL:

25.1.1 *Interim Interest Letters*

Returned Interim Interest Letters are scanned as Requester Docs.

Except for Interim Interest Letters, all returned envelopes and letters are scanned as CSD's.

Do not use forwarding addresses provided by US Postal Service.

OA's will note each case with action taken for each piece of returned mail. Notes are to be complete and concise. They should include the reason the letter was returned, action taken, and the OA's name.

Note: Not all letters are acknowledgment letters. The returned correspondence could be a status letter or request for additional information. Before letters are updated with the correct address, confirm the correct letter is being updated. The Discussion should include the type of letter being corrected and resent.

25.1.2 Acknowledgement letters

Compare address on acknowledgement letter to address on the G-639, G-28 and returned address on the original envelope.

A. If there is a transcription error in the address:

1. Correct the address in the address section of the FIPS worksheet and click on the "U" to update FIPS.
2. Correct the acknowledgement letter and resend letter.
3. Write the ID of the case creator on the returned letter and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.
4. Note the case. Example of the Discussion:

Title of Discussion: Returned Mail – no such number

Body of Discussion: Address on letter did not match G639. Street address should be 1003 Market Street, not 103 Market Street. Updated FIPS and ack letter and resent letter. Name.

5. Returned acknowledgement letters with a requester document need to be repended for additional time. **Give the letter to the OA supervisor to repend.**

B. If the address on the acknowledgement letter matches the address on the G-639, G-28 and/or return address on original envelope:

1. Note the case. Example of the Discussion:

Title of Discussion: Returned Mail – no forwarding address

Body of Discussion: Address matches G-639. No other address found. Did not resend ack letter.

2. Give acknowledgement letter to OA Supervisor to Close.

25.1.3 Final Action Letters

Compare address on final action letter to address on the G-639, G-28 and returned address on original envelope. Check all CSDs for a new address.

- A. If address matches G-639 and/or G-28 and no other address is found, note case with the reason the letter and responsive records were returned. Discussion should include “no other address found; did not resend final action letter” and OA’s name. **Scan envelope and front page of letter as CSD.**

Shred the letter and responsive records.

- B. If another address is found in the CSDs:

1. Update FIPS and final action letter, reprint letter, and label and resend. **Scan original letter and envelope as CSD.**
2. Write the ID of the **case processor** on the returned letter and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.

25.1.4 CDs

- A. CDs Returned for postage.

Make a copy of the CD and re-mail. Attach the copy of the CD to the original CD mailer and give to the OA Supervisor. Note the case with the following Discussion.

Title of Discussion: CD Returned for Additional Postage

Body of Discussion: Re-mailed CD, date and name

- B. CDs Returned due to Incorrect Address.

Compare address on final action letter to address on the G-639, G-28 and return address on original envelope. Check all CSD’s for a new address.

1. If address matches G-639 and/or G-28 and no other address is found, note case with the reason the CD was returned. Discussion should include “no other address found; did not resend CD” and OA’s name.

Shred the CD.

2. If another address is found in the CSD’s:

- a. Make a copy of the CD and returned envelope.
- b. Update FIPS and reprint a new label. (Do not update letter in FIPS). Put the new label on the outside of the CD Mailer (not directly on the CD).
- c. Write the ID of the **case processor** on the copy of the returned CD and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.

25.2 DIRECT MAIL:

This is mail sent directly to NRC from requesters, subjects, attorneys, etc. The content of direct mail is varied and usually requires some type of action. Direct mail could consist of, but not limited to, any of the following:

- Change of Address (see Request for Change of Address)
- Status Request (see Status Letters)
- Withdrawal of Request (see Withdrawal of FOIA/PA Request)
- A request to change the scope of a FOIA request. The action required to change the scope of a request could involve changing the track of the case; depending upon the type of information/documents requested.
- Correspondence about delinquent payments (including checks)
- Responses to Track 3 denial or Expedited Treatment denial
- Responses to requests for additional information
- Requester asks for their record on paper: scan in as a case supporting document (CSD)

We may respond to direct mail in writing or by phone, and some mail requires no response.

Please create a Discussion describing the problem and how it was corrected. FOIA/PA Assistants assigned to handle mail should initial, date, and write what kind of document (such as CSD or REQ DOCS) on the top page and staple the pages together after scanning. Case creators may deliver the fax or mail with CSD's to the OA room for scanning.

Mail or faxes regarding delinquent payments, payments made or checks received is pulled prior to distributing to the Team. If any of these types of documents are inadvertently left in with the mail, please give them to the Team supervisor.

25.2.1 Mail concerning Track 3 or expedited treatment

If we receive additional correspondence via e-mail, mail or fax relating to an existing case, asking for expedited processing or processing as Track 3; forward the correspondence to the MSB supervisor. A supervisor must review the correspondence and make a determination. We must address within 10 days in writing our response to the expedited or Track 3 processing request, whether we grant or deny. FOIA/PA Assistants assigned to mail will place the mail in the Track 3 or Expedited Review bin.

Insert a Discussion titled "Expedited Treatment Request" or "Track 3 Request." In the text of the Discussion type whether it was denied or approved and the sequence number of the status letter. Scan the additional correspondence in as a CSD.

If the requester responds to our denial of expedited treatment or Track 3 processing, the procedure is essentially the same: forward it to the MSB supervisor, who will make the determination.

If a FOIA/PA Assistant working in Records Locator queue discovers correspondence relating to expedited processing or Track 3 scanned in but has not been addressed by a supervisor; the Assistant should insert a Discussion and send the case to Admin or Unit Chief. Send an e-mail to the supervisor handling the expedited requests and include the control number of the case.

25.2.2 Requester documentation / additional information

This consists of documents or more information that we have asked the requester/subject to provide. When the information is received it is scanned into the requester documentation slot. Use the additional information provided to continue creating the case. If the requester/subject did not provide the alien number, use the information provided to search CIS (9102, 9103 or 9106) and CLAIMS to locate any responsive records, or receipt files. If you cannot locate any records relating to your person, close the case as NR. Copy screen-prints of your searches for scanning in as CSD. (FYI CSD's can be scanned in after a case is closed).

We do not re-open cases that close as FC because the requester failed to reply within the time allotted - unless it is our fault. An example of our fault would be they sent back the requester docs and the envelope was postmarked before the deadline. It doesn't matter if they are one day late returning the requested information. The Team will send the

requester a letter advising them that their case has been closed as a FC. If the requester still has an interest in receiving the information, he or she will need to submit a new FOIA request. This includes cases closed within the same month. We are handling these FC requests the same for everyone so nobody is getting unfair treatment. However, if you receive a call asking for more time to return the requester docs, and before the case closes, you may repend. A template FC letter is located at: O:\Foia\FOIA LIBRARY\Case Create References\Template Letters\FC Letter.

25.2.3 Request for change of address

If you receive a Form AR-11 or other correspondence from an alien wanting to submit a change of address, forward the original letter and enclosures to the following address:

U.S. Department of Homeland Security
Bureau of Citizenship and Immigration
Change of Address
PO Box 7134
London, KY 40742-7134

For commercial overnight or fast freight services only:

U.S. Department of Homeland Security
Bureau of Citizenship and Immigration
Change of Address
1084-I South Laurel Road
London, KY 40744

25.2.4 Status letters

The public has the ability to check online the status of their FOIA request(s) with NRC at (www.uscis.gov).

From www.uscis.gov, find the link near the bottom of the left column under "Other Services" marked "[FOIA Request Status Check](#)." Click there to navigate to the online status check page.

The on line status check will indicate whether the request is still pending, or whether the case has been processed or closed within the last six months.

If the request is still pending, the online status check will indicate the position of the request relative to all pending USCIS requests in the same processing track. It also provides the date the request was received.

If the request was processed or closed within the last six months the requester will be given the date the request was closed. The system does not discern how the request was closed i.e. DP, GI, PD etc., however it does address cases closed for Failure to Comply.

If the control number entered is not recognized, the requester will be advised the number entered is invalid or the case was processed more than six months ago.

The previous method of providing a status letter did not give the requester accurate information. In order to better serve our customers Teams should paste in the online FOIA Request Status Check every time a status is requested.

If you need to generate a status letter due to correspondence via mail, e-mail or fax, please run the control number with the online FOIA Request Status Check. You should not provide status to the requester using the "Q" button. Change the information on the letter that shows the status of the case, replacing it with the results from the online status check before you close and save. Use the latest Status Letter from O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters, since the letter in FIPS may not be the current version. This ensures that the requester will receive accurate information.

Please print the online status check and send it to be scanned in as a CSD to support the status letter.

25.2.5 Withdrawal of a FOIA/PA request

A requester must send us a document to withdraw a pending request. Upon receipt of a written request to withdraw a FOIA, please have the request scanned into the case as CSD. Make sure that the WD letter has been scanned in before you close the case. Ask your supervisor to send the case to you in Records Locator queue. Add a Discussion indicating that the request was withdrawn per the documents found in CSD.

25.2.6 Mail received in a foreign language

If we receive mail written in a foreign language and you cannot determine whether it is a FOIA request, forward the mail to a supervisor. The supervisor will forward the documentation to MSB, who will then return the translated mail.

26. BLANK TAPES/CD's

If you receive a blank VHS tape, cassette or CD with a FOIA/PA Request, return it to the requester.

27. VIDEO REPRODUCTION

As responsive records are scanned into FIPS, when the scanner encounters any type of media, they forward the alien file to MSB when their scanning is complete. The MSB staff assigned to audio/video reproduction will copy the media and insert a Discussion that it is complete. Once the case is processed, the processor will send an e-mail to the MSB mailbox with the case number and the page(s) number where the media can be located. MSB will pull the media and process/make any necessary redactions. The media will be mailed to the requester separately.

28. CONGRESSIONAL REQUESTS AND APPEALS

a. Congressional requests. True congressional requests are requests from a congressman or senator for information which usually does not relate to an alien file or receipt file. Most FOIA/PA requests with congressional correspondence should be handled under paragraph b. below. If you feel that you have a true congressional request or appeal, control the case, put the case in Unit Chief and e-mail your supervisor the control number. A supervisor will either send the case to SIG or return the case to you for staffing.

b. Congressional requests on behalf of a constituent: These are requests that have some kind of congressional correspondence included with the request from the subject. These cases should be created in the same manner as any other FOIA or PA request. Please use the subject's name as the requestor, mark "self" in the source block, create the acknowledgment letter and go out for verification of identity or consent as needed. Insert a case note, and e-mail Vicki Ohrnell the control number.

29. INCORRECT PAGE COUNTS:

The OA room will give final action letters with responsive records to the Team supervisors if the page count in the letter differs from the amount of pages printed. The supervisors will distribute to Team members to correct the page counts.

1. Using FIPS Standalone, go into the case that corresponds to the final action letter (NRC2010____). After the case is opened, determine the corrective action needed by comparing the responsive records in the case to the printed responsive records.
2. Correct the final action letter and reprint the letter.
3. Attach the reprinted final action letter to the responsive records.
4. Take the reprinted final action letter with the responsive records to the OA room to be mailed out.
5. Write the User ID Number of the person who created the final action letter in the upper right corner of the incorrect letter, and notate on the letter the corrections that you made. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.
6. Stack the incorrect final action letters in a separate pile. Write "ERRORS" on a post-it note and stick the post-it note to the top page to identify these as the incorrect letters.
7. Give the incorrect letters to the Team supervisors. The supervisors will give the incorrect final action letters to a FOIA supervisor daily for distribution and review.

30. ALIEN'S STATUS VERIFICATION LETTERS:

The National Records Center no longer issues certified Status Verification Letters to aliens. These letters were usually issued to individuals who had lost their Naturalization Certificates and needed verification of their status to apply for a passport or old age pension benefits in another country. If you get a request for certified Status Verification Letters, refer these individuals to USCIS.GOV to make an INFOPASS appointment.

31. INQUIRY FOR FILE REVIEW:

If you receive an e-mail regarding an inquiry for a file review, and the request is not in regard to a FOIA request, do not call the person or forward the e-mail to another NRC Division. Forward the e-mail to a Supervisor.

32. RECORDS LOCATOR QUEUE

Cases assigned to Records Locator queue will require some kind of action. Some of the most common reasons are:

- The staffing has to be re-pended
- Additional PII or consent is needed
- Requester docs have been received
- Requester writes to request the record on paper
- The wrong records were scanned into the case
- We need to send an interim interest letter to an incarcerated individual
- The file is lost
- We got a response of not found or consolidated from a service center.

It is important to read all Discussions as well as insert Discussions as necessary. Listed below are points/actions that you should consider while working cases assigned to Records Locator queue.

32.1 Always check cases in FIPS for duplicates searching all offices using the Alien number and name of the subject of record. If the subject of the request is a petition, it may help to search by the requester to see if that petition has already been addressed.

32.2 Read and follow directions in any Discussion found in the case regardless of age or who put them in. If there is a question, see your supervisor before proceeding with any action on the case.

32.3 Anytime you create a new staffing for the same A-file or receipt, you must cancel the one it replaces.

32.4 Do not cancel file requests and re-staff just because the request is old and has been pending for an extended period. Canceling file requests and re-staffing due to age affects the aging reports and makes it impossible to track these pending cases properly. Please continue to repend these cases as necessary.

32.5 If the A file has been scanned in and we are waiting on a T-file, review T-file staffings in NFTS History. If the T-file has been deleted or combined with an A-file or is from a RAFACS conversion, then cancel that staffing, because the T-files no longer exist. Send the case to the processor.

32.6 If the A-file has been scanned in, but there is an open pending slot for a T-file: Review "T" file history in NFTS. If the "T" file has been consolidated /combined with the A-file, check the date it was consolidated. If the "T" file was scanned in with the A-file, cancel the pending "T" file slot and send the case to the processor.

This document is to be controlled, handled, transmitted, distributed, and disposed of in accordance with Department of Homeland Security policy relating to Sensitive But Unclassified (SBU) information and is not to be released to the public or other personnel who do not have a valid need to know without prior approval from the FOIA Officer

Updated on 10/20/2011

32.7 If you see it has been through image process box and returned to a shelf then further research is required.

32.7.1 Check all offices for duplicate cases in FIPS using the alien number.

32.7.2 Does the subject have more than one alien number per a Discussion or on their request? If so, search those for potential duplicate cases.

32.7.3 If you find a duplicate case, make a Discussion and advise NRC, FIPSPROBLEM mailbox with an e-mail and repend.

32.8 Additional PII needed: Sometimes when a processor retrieves a case, he or she will determine that additional PII or verification of identity is needed from the requester/subject. You will have to create an Interim Response Letter and check the other documentation box. Modify the letter and attach the Requester Documentation Attachment (located at: O:\FOIA\FOIA Library\Case Create References\Case Create Template Letters\Requester Docs Attachment). Check the boxes required and pend the case for Requester Documentation. If the processor is asking for information that is already present in the scanned documents, put in a Discussion asking for clarification on what the processor is requesting. You may also have to point them to the slot where the information is currently contained.

32.9 If you pull a case in Records Locator queue and the Requester Documentation has been received: Review the information provided, if the requester/subject has provided the requested PII and/or consent, request the file.

32.10 The requester/subject may respond negatively to the request for PII. If we receive a negative response, attempt to locate an alien file and staff, matching as much of the PII as possible. Pend the case for responsive records.

32.11 If the requester/subject does not return the PII we asked for, and if a positive match cannot be identified in CIS or CLAIMS with the PII provided, generate a FC letter and replace the contents of the letter with the template letter Failure to comply letter-PII. The template is located at: O:\FOIA\FOIA Library\Case Create References\Case Create Template Letters\Failure to Comply Letter. Send the case to approver when you are finished.

32.12 Deleted.

32.13 If a request for consent is returned but the requester says he or she is a third party requester (they have no relationship to the subject of the record and cannot or will not get consent), request the file. Create a Discussion advising the processor to process this case as third party without consent.

32.14 Occasionally you will pull a case in Records Locator queue and there is a Discussion stating the wrong records have been scanned into the case. This will require some investigative work before a solution can be determined.

32.14.1 Did the Case Creator use the wrong alien number when the case was originally created or when the records were staffed? If so, please request the correct file. You must then send an e-mail to [FIPS Problem](#) mailbox and ask that the wrong records be removed. Clicking the link above will automatically send a copy to the FOIA Program mailbox.

32.14.2 Did the requester ask for a copy of a petition they filed on behalf of a beneficiary? If so, the case was probably set up incorrectly. Check first to see if there are two cases for the requester. If not, you will need to correct the one that exists to become a request for the beneficiary's information. Locate the correct records and re-staff.

32.14.3 Did the scanning contractor scan the wrong records into the case? If you've reviewed the entire file and there was no mistake made by the FOIA unit, it is possible that the scanning contractor has scanned the wrong file into this case. Here are the steps to follow if you believe this may have happened:

32.14.3.1 Look for a pending case for the records that were scanned into your case.

32.14.3.2 If you locate a case, check to see if the responsive records have been scanned.

32.14.3.3 If they have not, you'll need to have the records moved from your case over to the correct case. You will have to have the slots in your case re-set to pending by the [NRC, FIPS Problem](#) mailbox. Clicking on the link will automatically send a copy to the NRC FOIA Program mailbox.

32.14.3.4 If the pending case already has records scanned in, review those records.

32.14.3.4.1 Are they the correct records for that case? If so, then you will need to verify that they are a duplicate of the ones in your case.

32.14.3.4.2 If they are duplicates, then you do not have to do anything with that case.

32.14.3.4.3 You will need to have the wrong records removed from the staffing response and responsive records slots in your case. Send an e-mail to the [NRC, FIPS Problem](#) mailbox. Clicking

on the link will automatically send a copy to the NRC FOIA Program mailbox.

32.14.3.5 If you pull a case in Records Locator queue and there is a Discussion instructing you to create an interim response letter because the individual is incarcerated:

32.14.3.5.1 The request must be over six months old before we send out the interim letter. If your case meets this criterion, create an Interim Interest Letter.

32.14.3.5.2 If the interim interest letter is returned saying the subject is no longer in custody and we do not have another address for the subject, you can close the case FC. **Do not close out the case FC without the returned mail.**

32.14.3.5.3 If the individual is still incarcerated and still interested in receiving the record, send the case to the processing queue.

32.14.3.6 If you pull a case in Records Locator queue and there is a document scanned into the Staffing Response and the Responsive Records slot which has been changed to Inactive, look at the document scanned in to the Staffing Response.

32.14.3.6.1 If the case was staffed for a receipt file that has been sent to NVC (National Visa Center), redirect the request to NVC. Create the Final Action Letter, choose "RD" and select "NVC" from the drop-down box. Save the document and check it in. Send the case to Up-front Approver.

32.14.3.6.2 If the receipt file is marked lost, file destroyed, or file cannot locate, go to Receipt files, Lost receipt file, File destroyed or File cannot locate.

32.14.3.6.3 If the receipt file has been rejected by the service, there are no records to retrieve. Close out as No Record, with an explanation of rejected receipt files.

33. REPENDING IN RECORDS LOCATOR QUEUE

33.1 Do not create a Discussion that you repended the case; the system automatically creates a record of case action.

33.2 If you open a case in Records Locator queue and the file has not been scanned in nor is there any staffing response, you will probably have to repend the responsive records slot. However, before you repend the responsive records, verify the location of the A-file in NFTS and on the 9504 screen in CIS.

33.2.1 If the file has moved to another FCO, you should cancel the current file request and create a new one to reflect the new FCO.

33.2.2 If that file has moved from the original staffing location and is now in-transit to the NRC or has been received at the NRC, repend. Do NOT cancel the original file request or re-staff to RAFACS/CIS.

33.2.3 Do not cancel file requests and re-staff just because the request is old and has been pending for an extended period. Canceling file requests and re-staffing due to age affects the aging reports and makes it impossible to track these pending cases properly.

33.3 If the file has been received by NRC and NFTS shows scanning, image processing, image problem files, streamliners (anything except a shelf location) repend.

33.4 If a SIG case comes up for repending in Records Locator queue, please repend and notify NRC, FOIASIG of this. Insert the NRC case number on the subject line.

33.5 If NFTS shows the file is at the NRC and the location is SEIT Admin "FOIA files awaiting partner" do further research. If there is an A-file and a T-file that will be scanned in together when the other arrives, then repend. If there are two separate staffings for files, then e-mail NRC, FOIAFILEREQ to research and to have the file scanned in if necessary.

34. CHANGING THE TRACK OF A CASE

Do not change the track of a case except in the following instances:

34.1 The requester is narrowing the scope of their request from a Track 2 case to a Track 1 case. Prepare a status letter and advise the requester that their case is now on the simple track.

34.2 The requester has responded to our acknowledgment letter stating that he or she did not mean specific documents only, and this would cause us to move a case from Track 1 to

Track 2. Prepare a status letter and advise the requester that their case is now in the complex track.

34.3 The requester has a Track 2 case and provides the required documentation to change their request to a Track 3. Prepare a status letter and advise the requester that their case is now in Track 3.

When you change the track of a case, ensure you click the "SAVE" button prior to exiting the case. After you have changed the track, send an e-mail to NRC, FIPSPROBLEM and copy NRC, FOIA PROGRAM and your supervisor. The e-mail should include the case number and the action you took.

35. RESPONSIVE RECORDS SCANNED IN WITH STAFFING RESPONSE

Occasionally the responsive records are scanned in behind the staffing response, instead of into the responsive records slot. These cases then appear in the processing queue, but cannot be processed. The processor will send a message to the NRC, FIPSPROBLEM mailbox for correction and insert a Discussion explaining the problem.

If the case has not come up for processing and you encounter this situation in Records Locator queue, put a Discussion indicating the problem (Responsive Records scanned into Staffing Response slot), and send a message to the NRC, FIPSPROBLEM mailbox with the following information:

- The NRC control number of the case,
- The A number or Receipt Number of the records,
- The staffing sequence they are scanned into, and
- The number of pages scanned in.

Send the case to Unit Chief/Admin so that the problem can be resolved.

Updated on 10/20/2011

~~Cases received in Records Locator queue that need acknowledgement letters must be re-assigned to a Troubleshooter in the Case Create role. Please contact a supervisor with the NRC Control Number and ask that the case be re-assigned to you in the Case Create role.~~

37. RE-STAFFING

- If the file has moved to another office, cancel pending slot and staff to the correct FCO.
***Do not confuse this with files that are now in-transit to NRC.**
- If the current staffing is not correct (for example - an Atlanta general staffing instead of an Atlanta ICE staffing): Cancel the pending slot and re-staff properly.

38. FOIA SAFE

Cases staffed to the FOIA Safe are processed in the NRC queue.

While working Records Locator queue, if you pull a case that has been staffed to the FOIA Safe, **NEVER** cancel the staffing. Pend it for responsive records.

The RPC for the FOIA Safe is ZW0004.

If you see an RPC of “ZW” anywhere, it is a classified file.

39. IN TRANSIT FILES

If NFTS shows a file is now in transit to the NRC, repond. ***Do not cancel the staffing and re-staff to NRC.**

40. MODIFICATION OF RECEIPT DATES

Modification of receipt dates is a serious matter. Final approval authority to modify a receipt date is ACD or higher. Any decision to modify a receipt date must take into consideration the negative effect such an action will have on the integrity and accuracy of the data in FIPS, as well as possible legal consequences.

41. MSB DIRECTED PROJECTS

Occasionally, MSB may have special projects that require your assistance.

MSB paralegals must receive prior approval from a supervisor before approaching any member of the team member for assistance on such projects.

Supervisors will select the person(s) to assist with the projects as needed.

APPENDIX G: DEFINITIONS

The definitions listed below are words and phrases that frequently appear in FOIA and PA requests. The list is arranged in alphabetical order. Additional definitions can be located at <http://www.uscis.gov/portal/site/uscis/menuitem>. Select the tab titled "Education and Resource."

Access - Includes any form of disclosure, to include oral, visual, or reproduced copy. A reproduced copy, whether in paper or electronic format, always satisfies FOIA/PA access requirements.

Agency - Any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency. This does not include the legislative (Congress) or judicial (Courts) branches of the Government, nor does it apply to state, local, or foreign government agencies. The Department of Homeland Security (DHS) is an agency as defined above. The following are components or bureaus of the Department of Homeland Security; United States Immigration and Customs Enforcement (ICE), United States Customs and Border Protection (CBP), United States Secret Service (USSS), etc.

Agency Record - Any tangible recording of information and/or any item, collection, or grouping of information, including electronic that is maintained and controlled by an agency.

Notes or documents which are made by an employee, kept purely voluntarily, not circulated to nor used by anyone other than the author, and discarded or retained at the author's sole discretion for his/her own individual purposes are personal records. These are not generally agency records because they are not subject to the rules and controls of the agency for records management and disposition. These may, however, become agency records for purposes of the FOIA or PA if used to carry out an agency function (e.g., as the basis for a performance rating).

Component - Each separate bureau, office, board, division, commission, service, or administration, or agency of a Federal Executive Branch Department. For example: Border and Transportation Security (BTS), Citizenship and Immigration Services (USCIS), Federal Emergency Management Agency (FEMA), Immigration and Customs Enforcement (ICE) are components of the Department of Homeland Security.

Conditions of Disclosure - Specific provisions in the Privacy Act (5 U.S.C. § 552a(b)(1) through (12)) allows the agency to disseminate information from a PA system of records without the prior written consent of the record subject.

Congressional Committee Request - A request from either House of Congress, to the extent of matters within its jurisdiction; a subcommittee thereof; any joint committee of Congress; any subcommittee of any such joint committee. Agencies may not use FOIA or PA exemptions to deny records that are the subject of such a request.

Congressional Request - A request from a Member of Congress on his or her own behalf, or on behalf of a constituent. After acknowledgment under congressional correspondence procedures, congressional requests are to be processed in the same manner as any other FOIA or PA request.

Consolidation – Combination of paperwork into a main file. After the service completes work on a petition or application, we combine it into the person's A-file. If the service discovers two "unconsolidated" A-numbers for a person, we combine the two files. One of the A-numbers becomes the "survivor" and the other becomes the "consolidated A-number."

Consultation - Obtaining the views of another DHS component or Federal agency concerning the release of information that has been incorporated into immigration documents or a reciprocal request. The National Records Center, FOIA/PA Division, makes the final overall determination on release.

Freedom of Information Act Request - A request **in writing** by any person for access to any record maintained by any Federal agency. Federal agencies are not persons for purposes of FOIA.

Included are requests for access to Privacy Act records of another person without the written consent of the record subject, as well as requests from nonimmigrant aliens for access to their own records.

FOIA/PA Information Processing System (FIPS) - Through the use of imaging, workflow, and graphical user interface technologies, FIPS allows USCIS to electronically manage and process FOIA and PA requests.

First Party Requester - A subject or designated representative asking for access to his/her record. A notarized signature or a sworn declaration under penalty of perjury from the record subject is required for access to records.

Forms – Various government forms available from www.uscis.gov/portal/site/uscis that are provided for the use of requesters and their representatives when submitting a FOIA or PA request with USCIS. The more common forms include:

- **G-28 – Notice of Entry of Appearance as Attorney or Representative** - This form is used for information purposes only. It should be signed by the attorney or representative and by the subject of the record. Does not qualify for consent unless the attorney or representative has inserted the penalty of perjury statement and the subject of the file has signed the document.
- **G-639 Freedom of Information/Privacy Act Request** – This form can be used to make a FOIA/PA request. When completed it provides enough information to complete an extensive search for records.

Individual - The PA describes an individual as follows: a U.S. Citizen (U.S.C.) or alien lawfully admitted for permanent residence (LPR). Conditional residents are considered LPRs. Corporations and organizations are not individuals.

Multi-track System - USCIS utilizes a three-track system to process all FOIA requests.

Track Drop-Down List

- **Track 1** is used for the less complex cases. These are cases where only one or a few specific documents are being requested from the file.
- **Track 2** is used for the more complex cases. A complete copy of a file, requests from the news media or special interest groups are considered Track 2 cases.
- **Track 3** is used for cases that specifically involve individuals who have been scheduled to appear before an immigration judge.

To view the track history of the active case, click the **Track history** icon next to the Track drop-down list.

The track history appears in a separate pop-up window.

Privacy Act Amendment Request - A request from a U.S.C. or LPR to amend, expunge, or correct information in his/her PA record that the individual believes is not accurate, relevant, timely or complete.

Privacy Act Record - Any item, collection, or grouping of information about an individual which the maintaining agency retrieves by the person's name, identifying number, symbol, or other identifying particular assigned to that individual. This information includes, but is not limited to, a person's education, financial, medical, criminal or employment history.

Privacy Act Request - A request in writing submitted either in person or by mail, for records that are contained in a Privacy Act system of records. The records must be under the control of DHS and be retrieved by the name of the requester or other personal identifier. Requests are received from:

- A USC or LPR for access to or his/her own records, or
- A third-party with a signed privacy waiver from the record subject acting on the subject's behalf, or
- The parent of an LPR or USC minor child or the legal guardian of a person declared incompetent by a court of competent jurisdiction.

Records Custodian - The official responsible for the maintenance, security, control, and final disposition of official records that are required by law, regulation, or other directive to be kept by the Agency.

Referral - Information found in immigration records – the forwarding of a record that originated with another component of DHS or another Federal agency for direct response to the FOIA/PA requester. Also includes transferring responsibility for responding to a request regarding the release of records to the DHS component best able to determine whether to disclose, or to the Federal agency that originated the record.

Retire – The service sends the A-file to the Federal Records Center (FRC) after a number of years have passed with no activity. This is called “retiring” the file. Occasionally, we have to request a retired file from the FRC.

Rider – A person who is also listed on a petition or application that will also benefit if that petition or application is approved. For example, a woman applying for asylum lists her husband and two children on her asylum application. They are riders.

Routine Use - An established use and authority for disclosure of records from a Privacy Act System of Records, other than an intra-agency disclosure. Disclosure or use must be for a purpose that is compatible with the purpose for it was collected, that would be otherwise prohibited by the PA. Such disclosures do not require the written consent of the record subject, but require Federal Register publication prior to such use.

System of Records - A group of any records under the control of an agency from which information is retrieved by the name of the individual or by some other identifying number, symbol, or identifying particular assigned to the individual.

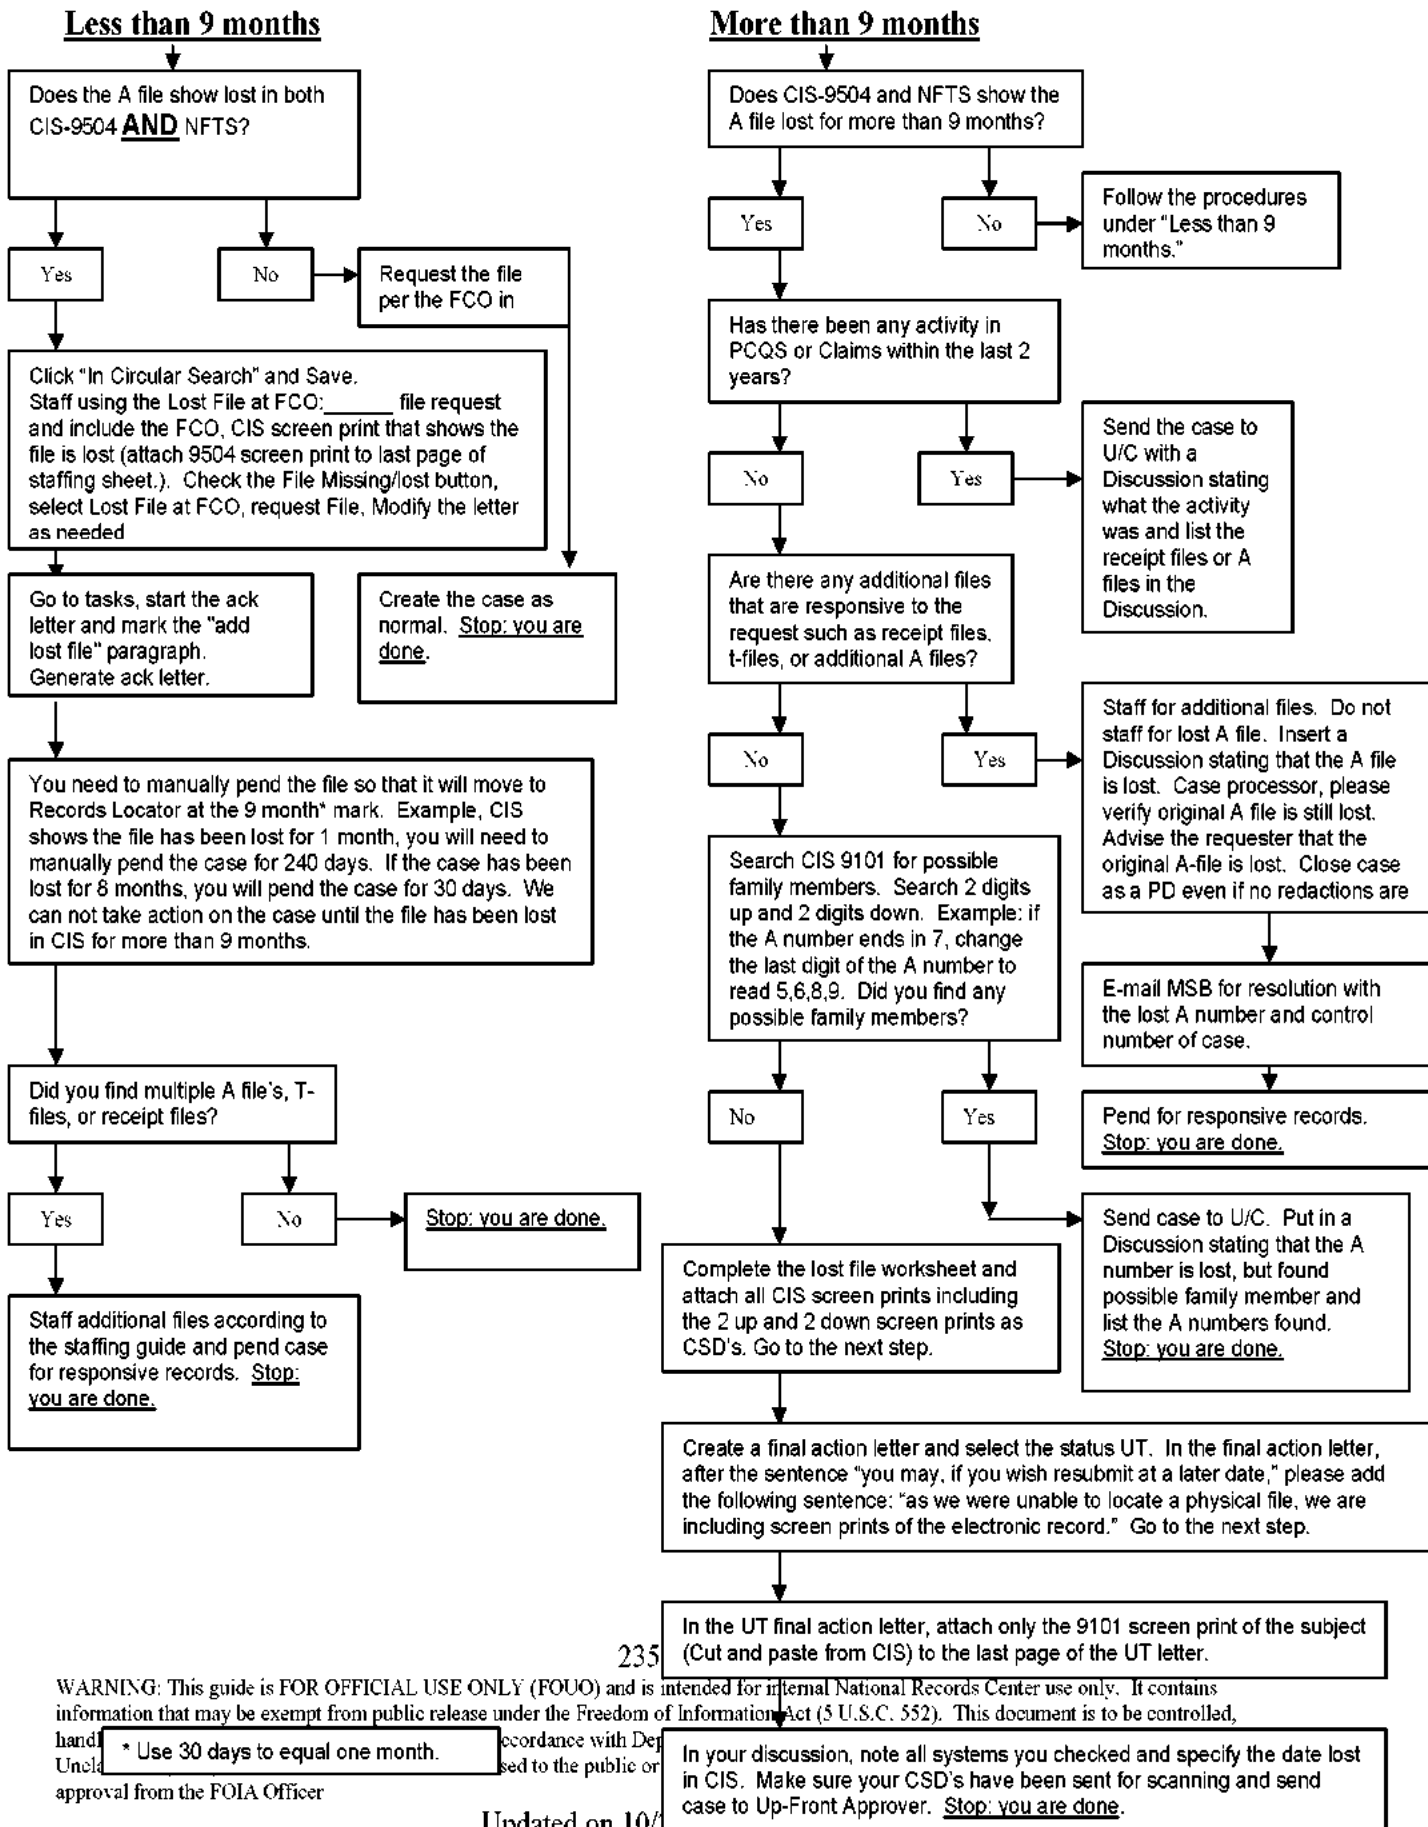

Third Agency - Other administrative agencies of the Executive Branch of the Federal government, including other components of DHS.

Third Party Request - A request from any person for access to another individual's record without that individual's written consent. The identity of a third party requester and his/her relationship to the subject does not increase (or decrease) his/her rights of access to the records.

White House Inquiries - An official request from any member of the White House staff, or letters of the President forwarded to the agency for response.

APPENDIX J: 16 RULES OF CASE CREATE

1. Read the entire request, including all requester documents and case supporting documents. Look for specific language on the bottom of the G-639. What are they requesting? This will give you direction before you start filling in the worksheet.
2. Search for duplicate cases before you fill out the worksheet. Search by A number, if provided, and the subject's first and last name. Send any duplicate cases and/or documents that belong to a previous case (such as CSD's, requester documents, or track changes) to the Research queue.
3. Make sure we have valid consent, and VOI (DOB and COB). If not, close as FC, including a Discussion of your reason for closing it. If you have a question, consult a supervisor.
4. Do not send out for requester docs if we have everything in rule 3. If you feel there are extenuating circumstances that require you to go out for additional information, you must get supervisor approval and case note the reason.
5. Search PCQS every time. Use the "*" symbol to search for double last names. Example, Juan Rodriguez Martinez would be searched under last name as "rodriguez*" This will catch every last name that ends with Rodriguez plus all other last names, including names that are hyphenated. Also set the parameters in PCQS so that it searches at least +/- 3 months on both sides of the birthday.
6. Cross-reference everything you find in PCQS with CIS. If there is a discrepancy between PCQS and CIS, seek out a supervisor for advice.
7. Always check the date of entry on the request. Always do a Records Indexing staffing on subjects who entered prior to 1975.
8. Always Staff, Redirect, or Refer cases based on what is responsive to the request, meaning what they ask for, and not necessarily what they provide. For example, if they ask for voluntary departure information in 1999, don't staff for a receipt file just because they listed it on the back of the G-639. It is not responsive to the request. Always refer to the track 1 and 2 flow charts if you are unsure how to proceed. Make sure you are addressing all of the request. If they ask for a copy of their I-94 and deportation records, you will need to RF them to CBP and include ICE information or vice versa.
9. Always use the address listed on the G-639. If you cannot read the address listed on the G-639, or the address is from a consular office, or a congressional office, you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you find no other

address, insert a Discussion and send the case to Unit Chief. Don't forget to look for apartment or suite numbers, which are to the far right of Form G-639, and always double check the address.

10. Make sure you are marking the correct track and it matches the category. Specific requests for 3 documents or less are track 1 cases. You must add the specific language on the request (or as close as possible to their language) to the track 1 acknowledgment letter.

11. Make sure you address any Track 3, expedited or fee waiver requests. FOIA/PA assistants may approve or deny Track 3 requests. You must send expedited and fee waiver requests to Unit Chief for approval, or denial, and a supervisor will return it to you to create the letter. If the case is being closed as a NR, RD, RF, DP, or NA, you do not mark it as a track 3, expedited, or fee waiver request.

12. Do not staff for A files that have been lost for more than 9 months. Follow the instructions on the lost file flow chart. A files lost for less than 9 months should be staffed and pended per the instructions on the lost file flow chart, along with any other responsive files such as t-files and unconsolidated receipt files. Always remember to unmark the circular search field when you cancel a lost file staffing. Also, when you staff for additional files such as a receipt file or lost file, you must first uncheck circular search and hit save, then staff for the additional files, and then recheck the circular search field and hit save again. If you do not do this, the additional staffings will be marked as a lost file and the staffings will not get processed.

13. You must e-mail a supervisor when you change tracks on a case. Just changing the track and hitting save will not move the case to the appropriate queue.

14. Proofread your final action letters. Make sure what you are telling them makes sense. There are some final action letters such as FC letters and NA letters that you must change. Specifically, you will need to change the dates or you may need to remove certain paragraphs. You should not bold, highlight, or underline anything on any of the letters generated by FIPS.

15. Every time you move a case from one place to the next, you should create a Discussion. The Discussion should describe what actions you took. The Discussion should be short and to the point, but adequately describe any important facts or issues such as "closing as NR, searched CLAIMS, CIS, PCQS, sending screen prints to be scanned as CSD", or "Sending case to Unit Chief, NFTS is currently down", or "Switched tracks from track 1 to track 2, e-mailed supervisor to move to proper queue". Discussions are the first thing a supervisor reads and they should immediately be able to tell what actions have been taken in the case and what issue needs to be addressed.

16. Unit Chief is not an outlet for questions and should primarily be used after hours when no supervisor is available, or when there are system problems such as NFTS or PCQS outages. If you are stuck on a case, please leave your cube and seek out a supervisor. Please call by phone only as a last resort, because it is harder to give the correct advice without being able to see all the facts. You must include a Discussion in any case you send to Unit Chief. The Discussion

FOREWORD

The FOIA/PA Assistant's Guide has been prepared as a ready reference to assist with day-to-day tasks, such as creating Freedom of Information Act and Privacy Act requests, handling mail, working records locator, and general troubleshooting.

Any previous material distributed in *FOIA Information Bulletins* has been incorporated into this Guide.

For the purposes of this Guide, we may refer to a FOIA/PA Assistant as “you,” or “Assistant,” and in some cases “team member.”

The Guide has been saved in PDF format. The PDF format makes searching for information in the Guide easier. **Please view the guide in PDF/A mode while you have FIPS 7 open.** A potential Java scripting conflict exists if you have the document open in PDF mode while running FIPS 7. Viewing the Guide in PDF/A mode disables Java scripting within the Guide – which means hyperlinks within the Guide will not work, but FIPS 7 will not freeze or crash. You may alternate between PDF and PDF/A mode in Acrobat Reader by selecting Edit ⇨ Preferences ⇨ Documents ⇨ PDF/A View Mode. Select “Never” to turn PDF/A mode off, and select “Only for PDF/A documents” to turn PDF/A mode on.

How does the rulemaking process for this Guide work? The Chief of FOIA/PA Operations and your Supervisors direct how Paralegal Specialists, FOIA/PA Assistants and Office Automation personnel accomplish their missions. Through the Chief of Operations, Supervisors submit a new rule or procedure to the Chief FOIA/PA Program Officer. At the direction of the Chief Program Officer, Program Office may immediately amend the guide, or they may seek clarification from Office of Chief Counsel. After consultation, Program Office will either amend the Guide or propose a modified rule to Chief of FOIA/PA Operations. Major re-writes or revisions of the guide are subject to the final approval of the USCIS FOIA Officer.

You, the FOIA/PA Assistant, may notice something in the Guide that is awkwardly worded, or contains a typographical error, or something that simply is not true. You contact your supervisor and then Program Office amends the guide.

Ideally, before we amend the Guide, we first publish a FOIA Information Bulletin (the exception being a misspelled word or a missing punctuation mark). FOIA Information Bulletins and the latest version of this Guide are available on the USCIS FOIA/PA Operations intranet page. When we make additions or revisions, we create a Record of Revision at the front of the Guide for quick reference.

Paragraph 7.1, Consent of Parents or Guardians, of the FOIA/PA Assistant's Guide has been changed (changed portion is underlined):

If a parent is filing on behalf of a minor child, then the parent must submit proof of parentage. Proof of parentage can be in the form of a birth certificate, adoption decree or similar document, naming them as a legal parent.

If a guardian is filing on behalf of a minor or person judicially determined to be incompetent, he or she must submit proof of guardianship. No consent is necessary from the minor child or the person judicially determined to be incompetent, however the parent/guardian must provide his or her own verification of identity that is notarized or signed under penalty of perjury [6 C.F.R. § 5.21(e)]. The case processor will have to request more information if he or she cannot determine parentage or guardianship within the file.

Minors may request their own files; they do not have to have the consent of their parents or guardians to do so. Attorneys may represent minors also.

Paragraph 12.7.11 T-files of the FOIA/PA Assistant's Guide has been changed (changed portion is underlined):

The exception to this rule – We do not receive A-files from ESC, SSC, NSC, WSC or RDF for scanning. Those offices either scan directly into FIPS for us or we export the A-file from EDMS. Therefore, if the A-file is at one of the above service centers and there is a T-file anywhere else, including at the NRC, you will have to staff for the T-file. MSC is the only service center that sends the A-file to the NRC for scanning. Another example of when we staff for an in-house T-file is when the responsive records are scanned in simultaneously with the request.

Paragraph 12.7.3 Files Lost or Not Found MORE THAN NINE MONTHS of the FOIA/PA Assistant's Guide has been changed (changed portion is underlined):

12.7.3.9 **If the A-file is lost but other records exist** (such as receipt files we would normally request or other a-files, including T-Files, wherever they may be, including NRC) Request the additional records. Put in a Discussion that reads:

A-file number XXXXXXXXXX is currently showing as lost. Staffed for the following additional files: XXXXXXXX, XXXXXXXX, XXXXXXXX. Once they are received, please review. Please also verify that the original a-file is still lost. If the original a-file has been consolidated in fact but not in the systems, please process and send your case to approver. Also send an e-mail to the MSB for resolution. Include both a-numbers. If no documents exist from the original a-file, please process what is available. Advise the requester that the original a-file is lost. Your case will close as a PD even if no redactions are made. Thank you.

APPENDIX H: CASE CREATE FLOW CHARTS has been added to the FOIA/PA Assistant's Guide.

APPENDIX I: ALIEN NUMBER ASSIGNMENT has been added to the FOIA/PA Assistant's Guide.

Paragraph 12.7.6 of the **FOIA/PA Assistant's Guide** has been changed as follows (added ~~portion underlined~~ ~~deleted portion~~ ~~stricken through~~):

When conducting "no record" research, do the query and provide screen prints of all searches as directed. ~~Open a RAFACS (not RAFACS/CIS) staffing slot only. Click on "Customize Letter."~~ Print the appropriate CLAIMS screen prints (this should be no less than six pages and may be lengthier if subject has provided multiple names or multiple alias names). Prepare a "Scan As" sheet to be scanned as case supporting documents responsive records for the case number you have just created, attach it to the screen prints and take those to the OA room for scanning as CSD ~~person designated to scan RAFACS-only responsive records.~~ Pend the case prepare a Final Action Letter with closing code

Updated on 9/15/2011

NR. Insert a Discussion outlining the systems you searched and stating that you have sent the documentation to OA for scanning as CSD. Send to Up-front Approver.

Paragraph 12.7.12 of the **FOIA/PA Assistant's Guide** has been changed as follows (added portion underlined ~~deleted portion stricken through~~):

12.7.12 Receipt files

(b)(6) **12.7.12.1** Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For example, etc., are not receipt files we can request.

12.7.12.2 If the requester does not specifically ask for a receipt file and provides an alien number, request the alien file only. If the requester specifies a receipt file, search NFTS and staff for that receipt file OR if the receipt has been consolidated into an alien file, staff for that alien file.

12.7.12.3 If the requester does not provide any receipt number or alien number, then you must research CIS, CLAIMS and possibly PCQS.

Be cautious about requesting receipt files that are for EAD cards only. There should be another application/petition filed in conjunction with this EAD card. If the only receipt numbers you can find is for an EAD card, and they are within the seven-year retention time, then yes, you will request the EAD card.

If they provide a receipt number, you must research CLAIMS, PCQS and NFTS thoroughly. Ensure the receipt file has not been consolidated into a T-file or into an A-file. Please request the A-file or T-file if the receipt file has been consolidated. Check CLAIMS to be sure that the Service did not reject the receipt. Receipts that are shown as rejected in CLAIMS are returned to the submitter by the Service Center. Print the CLAIMS screen(s) that shows the receipt was rejected by the service. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

If there is no location information in NFTS, and if NVC does not have the receipt, but there is a record in PCQS, print any PCQS screen(s) concerning the petition. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark

the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

~~12.7.12.4 If there is no information about the receipt file in NFTS, regardless of the prefix of the receipt number, you should staff to the owner of the receipt file and paste in the CLAIMS screen. This information can be located on the CLAIMS inquiry screen upper right hand corner. The CLAIMS screen will show "owned by."~~

New paragraph:

12.7.12.4 As a matter of last resort, if there is neither information about the receipt file in NFTS nor PCQS and you have called National Visa Center and determined NVC does not have the receipt, you should staff to the owner of the receipt file and paste in the CLAIMS screen. This information can be located on the CLAIMS inquiry screen upper right hand corner. The CLAIMS screen will show "owned by."

Paragraph 6.3.4.6 of the FOIA/PA Assistant's Guide will be changed as follows: (changed portion in red)

As it used to read:

The case is not Genealogy unless it meets one of the above criteria. If the case you are creating does meet the criteria for Genealogy, create it as **OTHER** then do the following:

- a. Close the request as an ER and send to Up Front Approver
- b. Send an e-mail to the OA room and include the following information:
 - 1) REQ#
 - 2) NRC#
 - 3) Scanner's initials
 - 4) Date scanned

The OA room will pull the original request, include it in the current days count and follow return procedures.

Updated Paragraph:

The case is not Genealogy unless it meets one of the above criteria. If the case you are creating does meet the criteria for Genealogy, create it as **OTHER** then do the following:

- a. Create the and control the case.
- b. Do not staff for any records and do not prepare an acknowledgment letter.
- c. Send the case to Unit Chief with a discussion explaining it is a possible Genealogy

- d. Send an email to the designated person who handles genealogy cases (currently Donna Brasfield) with the control number.

The designated person will review the request to determine if it is, in fact, a genealogy.

If it does not meet the criteria for genealogy it will be returned to you in Case Create to send an acknowledgment letter and staff for records.

If it does meet the criteria, the designated person will create a letter referring the requester to the Genealogy program and will close the case as ER.

Paragraph 12.5 Receipt Numbers of the FOIA/PA Assistant's Guide has been changed as follows:

As it used to read:

Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For receipt files at HBG, use the NON-FOIA MSC/NBC file request. **Do not request DIG T-files at HBG with RPC codes XX or ZG.** Refer to the Staffing Sheet Guide for the most current information.

Updated Paragraph:

Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For receipt files at HBG, use the NON-FOIA HBG file request. **Do not request DIG T-files at HBG with RPC codes XX, XY, ZG, ZY, or ZZ.** Refer to the Staffing Sheet Guide for the most current information.

The wording of paragraph 28 of the **FOIA/PA Assistant's Guide** has been changed as follows:

Current language:

28. CONGRESSIONAL REQUESTS AND APPEALS

All Congressional Requests and Appeals are pulled out of the in-coming mail and handled by a supervisor. If you encounter a Congressional Request or an Appeal in Records Locator queue that was not previously addressed; send an e-mail to NRC, FOIAMS mailbox, include the control number and alien number of the case and specific instructions as to what needs to be done. Put the case in Unit Chief. FOIA/PA Assistants assigned to mail will place the mail in the MSB or Appeals bin.

Here is the new paragraph:

28. CONGRESSIONAL REQUESTS AND APPEALS

a. Congressional requests. True congressional requests are requests from a congressman or senator for information which usually does not relate to an alien file or receipt file. Most FOIA/PA requests with congressional correspondence should be handled under paragraph b. of this section, however, if you feel that you have a true congressional request or appeal, control the case, put the case in Unit Chief, and e-mail your supervisor the control number. A supervisor will either send the case to SIG or return the case to you for staffing.

b. Congressional requests on behalf of a constituent: These are requests that have some kind of congressional correspondence included with the request from the subject. These cases should be created in the same manner as any other FOIA or PA request. Please use the subject's name as the requestor, mark "self" in the source block, create the acknowledgment letter and go out for verification of identity or consent as needed. Insert a case note, and e-mail Vicki Ohrnell the control number.

A new flow chart for Lost File procedure has been added to **APPENDIX H:**
CASE CREATE FLOW CHARTS in the FOIA/PA Assistant's Guide.

Additionally, in paragraphs

12.7.2 Files Lost or Not Found LESS THAN NINE MONTHS
and

12.7.3 Files Lost or Not Found MORE THAN NINE MONTHS
the following new sentence has been added:

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

Paragraph 6.1.1.10 of the **FOIA/PA Assistant's Guide** has been changed as follows:

Old version:

6.1.1.10 If the only evidence of an attorney is an envelope or letter, but there is not a duly executed Form G-28, create the case using the name and address of the requester in Section 2,

7

WARNING: This guide is FOR OFFICIAL USE ONLY (FOUO) and is intended for internal National Records Center use only. It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552). This document is to be controlled, handled, transmitted, distributed, and disposed of in accordance with Department of Homeland Security policy relating to Sensitive But Unclassified (SBU) information and is not to be released to the public or other personnel who do not have a valid need to know without prior approval from the FOIA Officer

Updated on 9/15/2011

“Requester Information.” Do not use the address on the envelope or letterhead.

New version:

6.1.1.10 If the request came to us on Form G-639, always use the name and address of the requester in Section 2, *“Requester Information.”* Do not use the address on the envelope, or Form G-28 or letterhead *unless* the requester did not use Form G-639 *or unless* Section 2 of Form G-639 is illegible. If the address on the G-639 is a foreign consulate office, or is a congressional office, you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you can find no other address, insert a case note and send the case to U/C.

Be careful - it is easy to miss apartment or suite numbers because the space for them is at the right side of Form G-639.

The following has been added to 6.4 SEARCH FOR DUPLICATE CASES of the FOIA/PA Assistant’s Guide: (old text lined through, new text in red)

This does not include instances in which the requester has faxed the request and then mailed it. If you open a case and find that the exact same request has very recently been created, chances are that you have opened the mailed copy which followed a few days after the fax. ~~Create this case as ER (created in error).~~ Do not create such a case. Click “Send to Research.” That case will go and you will be ready for your next case.

Ordinarily, you will search by Alien Number, and if you do not find a duplicate or similar case, your search will be complete. If the requester did not provide an alien number, you may search by the subject’s last name and first name, or even by the requester’s last name and first name. You may use a percent sign (%) as a wild-card for these searches. For example, if the requester’s name is Jaime Vazquez, but you see he also has spelled his name Vasquez – you can search by Subject Last Name “Va%” and Subject First Name “Jaime.”

Further on within paragraph 6.4, in the examples, there are two more changes:

~~Create a Final Action Letter and select final action code ER: Created in Error. After this, send the case to Up-front Approver~~ Do not click “Create Case.” Click “Send to Research.” You will then be ready for your next case.

If you determine that it is not a true duplicate, please insert a new Discussion entitled “Similar Case” in each of the cases, so that a processor or approver can review both.

If the date of the request is either the same as your request or within a very few days and:

1. The requester is the same, and
2. The information being requested is the same in both requests,

Do not close this case as a duplicate. ~~Instead, close this case as ER (created in error)~~ Do not click "Create Case." Click "Send to Research."

We have added a new paragraph 8.23 to the FOIA/PA Assistant's Guide, as follows:

8.23 SITUATION: Requests from Prospective Adoptive Parents

In the recent past, Vietnam, Cambodia, Guatemala, Nepal, Ethiopia and other countries have had problems concerning adoptions. Birth Certificates have been forged and babies have been taken without consent of the biological parent. In Vietnam, "baby brokers" scour villages looking for unwed, impoverished mothers. They purchase the babies for about \$50 and sell them to commercial adoption services. In Guatemala and elsewhere, people steal babies and sell them to middlemen. Prospective adoptive parents from Spain, Italy and the United States are typically willing to pay as much as \$25,000 to adopt a child. (This information comes from kidsofkathmandu.org).

Normally if we cannot verify consent or prove parentage in a case, we send out for more information. Please do not send out for additional information in pending (not finalized) adoption cases for the following reasons:

1. The Prospective Adoptive Parents (PAP) have the right to all information they submitted for the adoption. It is likely that the adoption never happened. If that is the case, they have no proof of parentage or guardianship.
2. The child is usually too young to give consent.
3. Congress has substantial interest in this matter.

If you decide you need proof of parentage after a full search, please send your case to Admin for supervisor review.

The following new bullet has been added to sub-paragraph 12.1.1.6, "Blued-in information" of the FOIA/PA Assistant's Guide:

- * Comments may be important because a File Control Office may not be able to change a file location to "LOST" in NFTS. When that happens, the records person at the FCO will notate in Comments that the file is lost. If that is the situation, please refer to the Lost File Flowchart in Appendix H of this guide.

1. THE FREEDOM OF INFORMATION ACT

Congress passed the Freedom of Information Act (FOIA) in 1966 to establish the public's right to access records created or maintained by federal executive branch agencies. The statute became effective on July 4, 1967. The statute relating to the Freedom of Information Act is 5 U.S.C. § 552.

2. THE PRIVACY ACT

The Privacy Act of 1974 regulates the collection, maintenance, use, and dissemination of personal information by the federal government. The statute relating to the Privacy Act is 5 U.S.C. § 552a. The statute became effective September 27, 1975.

3. WHAT ARE FOIA REQUESTS AND HOW DO WE GET THEM?

A Freedom of Information Act (FOIA) request is a request in writing for a copy of any record maintained by any agency of the executive branch of the government. Persons must reasonably describe the records sought, and those records must already exist. Requests can come in a variety of ways. They can come in on the Form G-639 or as a letter from an attorney or representative. They can come in the form of a letter from the alien himself. The requester may mail, fax, hand deliver, or e-mail a request. No matter how we receive them or what the format is, as long as they are in written form and provide enough information to ascertain that they want documents from us, we treat them as FOIA requests. A Privacy Act (PA) request is a request by a person for a copy of his or her file.

For case creating purposes, the difference between a FOIA and PA request does not matter. You will create all cases as FOIA requests, although some of the requests we receive are PA requests. The case processor determines whether the case falls under the Freedom of Information Act or the Privacy Act.

4. WHO CAN MAKE A FOIA REQUEST?

Anyone can request any record kept by the executive branch of government. The tricky part is determining if we have enough information and consent to provide the record and who is entitled to what. The most common types of requesters are:

- First party requesters, that is, the alien himself or his designee, attorney or representative, are entitled to a complete copy of the alien file, after any applicable exemptions are applied. However, a parent or guardian may make a request for a minor's record. Please refer to the section titled **"CONSENT RELATING TO RECORDS CONCERNING A MINOR OR PERSON JUDICIALLY DETERMINED TO BE INCOMPETENT"** in this guide.
- Third party requesters, that is, an individual seeking a copy of an alien's file without the subject of record's consent, are entitled only to documents of a public nature or documents they provided in support of an application/petition. Please refer to the section titled **"THIRD PARTY REQUESTS"** in this guide.
- Media requesters are typically accredited members of the media.
- Bond obligors, companies who posted immigration bonds for the aliens, are entitled to a copy of the file under a court case entitled *Amwest v. Reno*. Please refer to the section titled **"IMMIGRATION BOND OBLIGORS"** in this guide.
- Other state and local government agencies are entitled to documents from alien files for law enforcement purposes. Requests for information originating with any other federal agency are operational matters and not FOIA or Privacy Act requests. Please refer to the section titled **"ROUTINE USE"** in this guide.

5. SYSTEMS USED AND DESCRIPTION OF THE SYSTEMS

The paragraphs below provide a description of some of the systems used by USCIS, ICE and CBP. Most A-files contain screen prints from one or more of these systems.

5.1 Central Index System

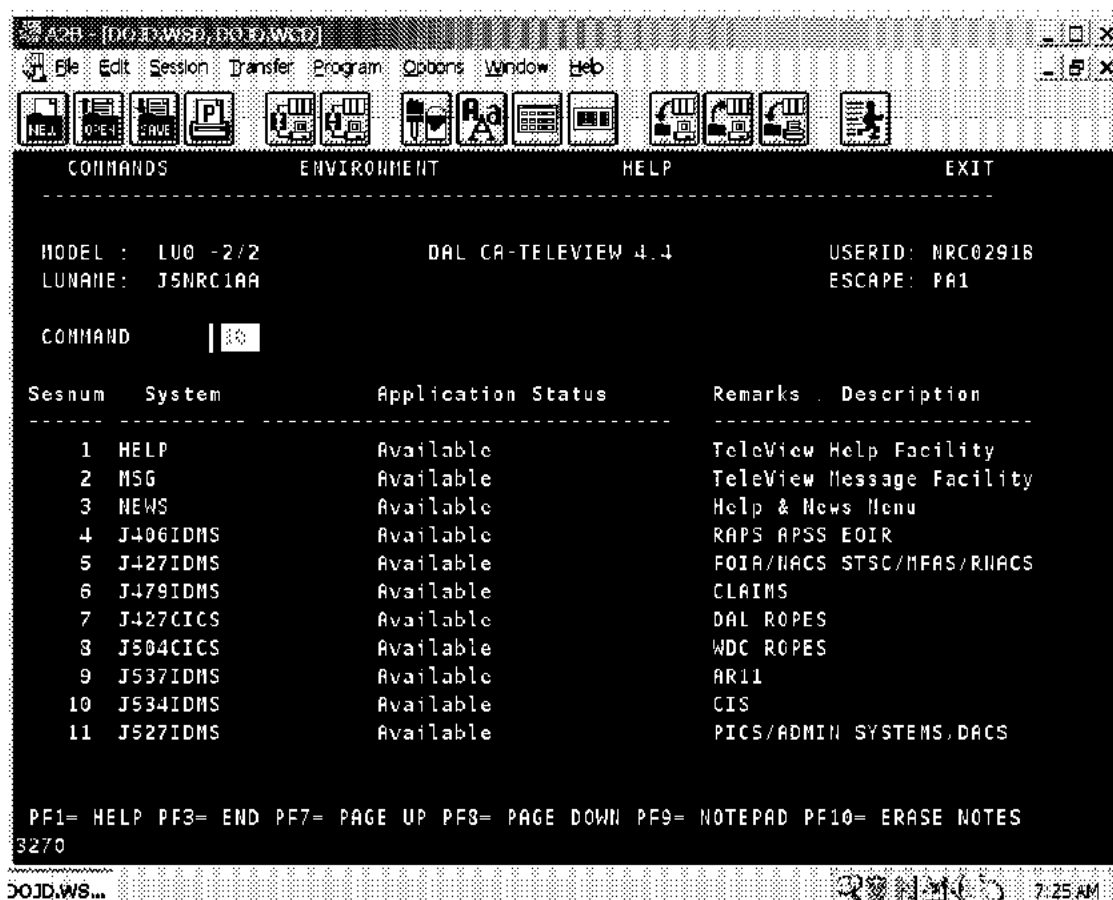

(CIS) is a database used to maintain records, search for records, and display data. CIS is a menu driven system as opposed to a point-and-click graphical user interface system. CIS provides information about persons and information about file location and movement. The CIS user navigates among various screens, depending on the type of information he or she needs. A user may search for a person in CIS by using the a-number, social security number, FBI number or a passport number. CIS provides the option of searching for people using "sounds-like" and exact name searches.

5.1.1 Introduction Screen

This screen is the introduction to TeleView. From this screen use the designated UserID (last 4 digits of Social Security Number plus an alpha) and Password to sign onto the database.

5.1.2 TeleView Main Menu

The number selected to access CIS will vary for each computer.

5.1.3 CIS Login Screen

This is the screen used to navigate through CIS. Pressing enter can access the main menu for CIS.

5.1.4 CIS Main Menu

This screen displays a variety of ways to search for information. The transaction numbers that we use within FOIA are 91, 92, and 95. By typing the number 91 next to select transaction number and pressing enter, another search screen will appear. The main purpose of the “91” transaction number is to search the database for specific information concerning an individual. Transaction number “92” is used to display card information. The transaction number “95” is used mainly to see the location of the A-file.

From this search screen a decision is made as to how to begin a search for an individual's records. The most commonly used methods to search for an individual's record are:

Code Search By Category

- 01 ID # (A-number, certificate number, social security number, passport number ect.)
- 02 Sounds-Like Name Search
- 03 Exact Name Search
- 04 Alias (AKA) Name Search
- 06 Sounds-Like Name Search with DOB

Type in the two-digit code (01) and press enter. The screen displayed will be the screen where the search for records begins. ***Note:** Remember to read the screen in its entirety for additional information.

If there is information in the system on the subject it will populate in the fields below the ID#. Pay special attention to the legend at the bottom of the screen specifically PF8, PF11, and any information listed under (other information). By pressing PF8 the history menu is displayed. This screen holds chronological information about actions that have been taken or changes in the subject's immigration status. The PF11 screen shows EOIR (Executive Office of Immigration Review) information. The significance of this screen is it holds information about ongoing or closed deportation proceedings. In the section of the screen listed (other information) different acronyms may appear such as: CARD, EADS, RAPS and DACS. For additional information on DACS please see Chapter 3.

5.3. National File Tracking System (NFTS)

NFTS is an automated system that enables USCIS to track and account for nearly 50 million Alien Files (A-Files) and Receipt Files. NFTS allows for local control of all files within a designated USCIS File Control Office (FCO) or Case Control Office (CCO). The system supports the file migration from the USCIS field offices to facilitate a national tracking system that supports the National Records Center (NRC) and a centralization of agency records. You will learn much more about using NFTS in the Staffing section of this guide.

5.4. Person Centric Query Service (PCQS)

PCQS is an automated system that allows a person to submit a single query for all transactions involving an immigrant across a number of USCIS and Department of State (DoS) systems. PCQS returns a consolidated view of the immigrant's past interactions with USCIS and the Department of State as he or she passed through the U.S. immigration system.

Since PCQS can give us a comprehensive overview of a person's immigration history, it can help us locate certain documents to request, for instance, we may find information about an archived receipt in PCQS that we would not find in CLAIMS. You do not have to log in to PCQS to read the PCQS User Guide. Simply go to <https://pcq.esb.uscis.dhs.gov/> and click on the Users Guide link below the Warning.

5.5. FOIA/PA Information Processing System (FIPS)

The Freedom of Information Processing System (FIPS) is an automated system that allows us to process FOIA/PA requests electronically. This automated system enables the scanning of paper files into electronic images. These images are easily stored, retrieved, and processed. FIPS provides workflow processing for the life of a case. Any time you do any transaction concerning a FOIA/PA case, it will be through FIPS.

On the FIPS worksheet under the header “Contents,” you will notice that usually Sequence 1 is the “Request Letter” and Sequence 2 is usually “Request Supporting Documents.” There will be a date and time in the right column.

Sometimes the request will be Form G-639 only, sometimes it will be the G-639 and a G-28, Power of Attorney, sometimes it will be a letter from an attorney or representative and a G-28. Sometimes it will be a letter from the subject of record. At times, there will be documents scanned in, such as alien registration card, driver's license or other forms of identification. Other documents you may see can include miscellaneous screen prints or memoranda. You should view (almost) all documents scanned in FIPS in the Request Letter and Request Supporting Documents slots before you create the case.

During the Case Create process, you may need to leave your work station, or you may receive a telephone call, or various things may happen to distract you from creating the case. If anything happens and you need to stop work temporarily, it is always a good idea to click:

You must identify the following critical items and enter them into the FIPS worksheet before creating the case:

6.1.1 RULES FOR ENTERING INFORMATION ON THE FIPS WORKSHEET

6.1.1.1 Do not use all capital letters in names.

6.1.1.2 Do not use professional titles, such as Doctor or Reverend in the requester information.

6.1.1.3 You may use Jr., Sr. or II, III, etc., if the requester or subject uses it on the request.

6.1.1.4 Do not open cases in the name of a company or firm only. If the name of the requester on the Form G-639 is a company name, please review the supporting documents to try to locate the name of the attorney/representative of the company.

For example, if your request comes in on a G-639 and the name of the requester is only the name of the law firm representing the alien (for example, Wilens & Baker) you will need to look through your supporting documents to see if you can locate the name of the attorney at Wilens & Baker who is representing the alien. If you cannot locate the name of the attorney who is representing the alien, then open the case in the name of the alien, in care of the law firm. Do not use "Wilens & Baker" as the requester name.

6.1.1.5 Do not hyphenate names.

6.1.1.6 Double-check the spelling of the names. If the name of the requester is not clear on the request letter, check the supporting documents for a Form G-28 for a clear copy.

6.1.1.7 Add a period after the middle initial.

6.1.1.8 Rescinded. ~~If the subject does not provide a middle name or initial, enter "NMN" in the "Middle" field.~~

6.1.1.9 Do not use part of the last name as a middle name, for example Hispanic names. Sometimes it is obviously a middle name, such as Juan Jose Gonzalez. Sometimes it is obviously a first and second last name, such as Juan Gonzalez Becerra. Other times, it is not so clear. You might look at the mother's and father's last names, if provided. If you are unsure, contact a supervisor.

6.1.1.10 If the request came to us on Form G-639, always use the name and address of the requester in Section 2, "*Requester Information*." Never use the address on the envelope, or Form G-28 or letterhead *unless* the requester did not use Form G-639 *or unless* Section 2 of Form G-639 is illegible. If the address on the G-639 is a foreign consulate office, or is a congressional office, you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you can find no other address, insert a case note and send the case to U/C.

Be careful - it is easy to miss apartment or suite numbers because the space for them is at the right side of Form G-639.

6.1.1.11 Each line of the address in FIPS can contain no more than 35 characters; this includes spaces and punctuation. When we are printing the responsive records to CD, nothing over 35 characters prints on the CD. This requires the OA clerks to print a label separately for those CD's before mailing.

6.1.1.12 Do not use special characters, such as “&” and “#” in the address field; rather, spell them out or use an abbreviation, such as “and” or “No.” Note: you *may* use spaces, dashes, periods, commas or single quotes (‘). You *may not* use @, #, \$, %, ^, &, *, (,), =, +, [,], { , }, \, <, >, or /.

6.1.1.13 Please include the suite number or apartment number on the same line as the street address. FIPS will allow you to key in more than 4 lines in the address box. The issue is when the case is processed and the CD is printed, it only prints the first 4 lines. The requester’s name is the first line of the address, so you have three lines left. Enter any suite numbers or apartment numbers in the address line.

6.1.1.14 If the requester does not provide a valid address use: 123 Main Street, Washington, DC 12345. Send an e-mail to your supervisor and assign the case to Unit Chief.

6.1.1.15 When the attorney or subject of the request provides both a physical mailing address and a P.O. Box, use the P.O. Box for the official mailing address and do not include the physical address. Please do not use both.

6.1.1.16 The address can only be four lines long, even though FIPS gives you an extra line. The requester’s name is always the first line.

6.1.1.17 If an attorney represents the subject, the first line of the address should be the name of the law firm the attorney is affiliated with, or, Attorney at Law, or “c-o” and the law firm name or the name of the attorney.

6.1.1.18 If the address is foreign, you must check the box marked Foreign. This will change the format of the worksheet to include the Province and Country. You must complete these fields to ensure proper delivery. Before pending this case for any further action, please check the “Print to CD” box and add a Discussion note that you did so.

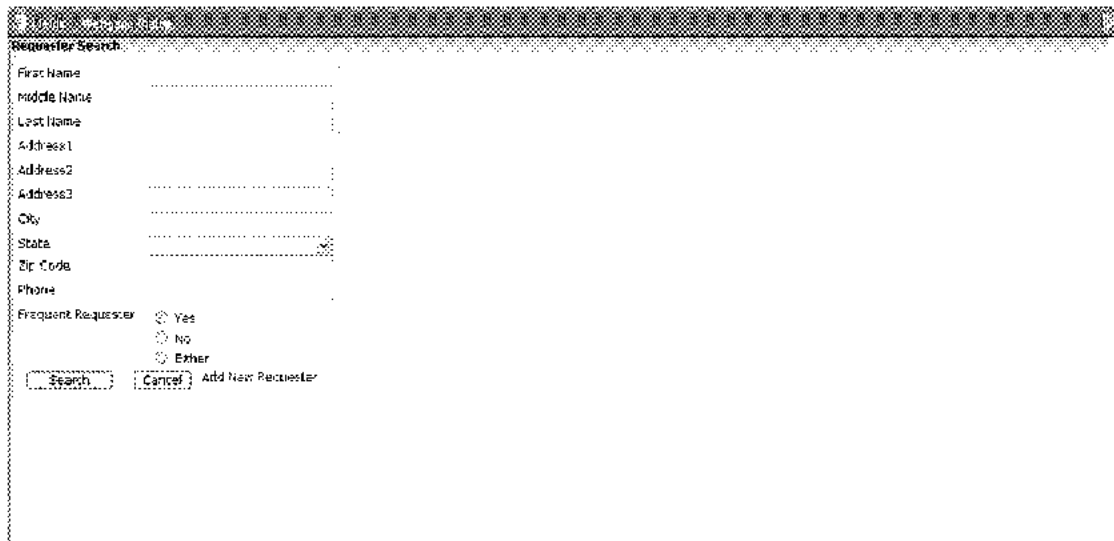

The following places are NOT foreign countries:

- American Samoa
- Guam
- Puerto Rico
- Northern Mariana Islands
- Baker Island
- Howland Island
- Jarvis Island
- Kingman Reef
- Midway Islands
- Navassa Island
- Palau
- Palmyra Atoll

U.S. Virgin Islands
Wake Island
Micronesia

A foreign address may be very long, and you may have to consult a supervisor to complete the address field correctly.

6.1.2 Requester Search/Entry. To locate and select existing requesters or to enter new requesters, click the **Requester Search/Entry** link to open the Requester Search Form. To search for an existing requester, click in one of the available fields in the Requester Search Form and begin entering pertinent information. When searching for a requester whose last name is Smith, for example, click in the Last Name field and enter a portion or the entire last name. After you have entered enough information, click **Search** to locate requesters with matching information.

(b)(6)

Subject Information		
First	Middle	Last
Malville		Trump
A-Number	<div></div>	
Topic	<div></div>	

6.2.1 Name

Enter the subject's name, as it appears in section 5 of Form G-639 (except in the case of a petitioner asking for a petition).

The name portion of the worksheet is the name of the alien whose file we are requesting. This is usually the name in the subject portion of the Form G-639, or in the subject line of the request letter. However, if the requester is asking for a petition he or she filed on behalf of a beneficiary, then that document will be a separate receipt or it will be in the beneficiary's file, not the requester's file. In situations like this, the subject information would be that of the beneficiary, not the requester.

6.2.2 Alien Number

In the alien number field, enter your subject's alien number, as provided on the request, as an eight-digit or nine-digit number.

6.2.2.1 You should always check the A-number in CIS to be sure it belongs to the correct subject. Once you have established that it is the correct A-number, copying and pasting the A-number will save you from making a typographical error and inadvertently staffing for the wrong file.

6.2.2.2 If the alien provided us with more than one A-Number, please separate these numbers with a comma.

6.2.2.3 If you have created the case and you see less than eight digits in the A-number field, please re-check (by pasting the number into CIS) to make sure you have entered the number correctly.

6.2.2.4 Please do not enter the A-number if the requester is a petitioner asking for a copy of an unconsolidated petition, as it will result in a bad staffing.

6.2.2.5 If the requester is a petitioner asking for a copy of a petition that has been consolidated into the A-file of the beneficiary, you should enter the A-number of the beneficiary, since we will request the beneficiary's A-file.

6.2.3 Topic

If the request is for something other than an alien file, for example, a receipt file or a vacancy announcement, then you will add this information in the "Topic" field in the Subject Information area.

"Topic" is used at different times, such as:

- when there is an unconsolidated receipt file
- when it is a request for a vacancy announcement
- when it is a request for a personnel file
- when it is a request relating to policies and procedures service-wide

6.2.3.1 If the alien is requesting a receipt number, enter the information in the following format:

Correct: MSC0412360000

Incorrect: MSC-04-123-60000

6.2.3.2 Enter the receipt number with no dashes or spaces. This format assists the Mission Support Assistants in locating the files and in locating the cases in FIPS when the receipt files come into the facility, and it will make it possible for case creators to spot duplicate or similar cases. If you are requesting multiple receipt files from the same facility, use only one file request. See Staffing Sheet Guide for more guidance.

6.3.2.3 When the request is for vacancy announcements, the vacancy announcement number must be the first part of the description. See CIS Personnel Information for more information on handling personnel related requests. In other types of situations, put as much of the pertinent information in the description line as space will allow. You may need to modify the acknowledgement letter.

6.3 CASE SPECIFICATIONS

6.3.1 Track

6.3.1.1 Track 1 – Requests for receipt files and requests for partial records such as a specific document. A specific document request consists of three documents or less (except asylum or refugee requests, which you should create under category **Alien File** and assign to Track 2).

6.3.1.1.1 Please select the category **Specific Documents** and make the case a Track 1. The first paragraph of the acknowledgement letter sent to the requester must contain the following paragraph:

We respond to requests on a first-in, first-out basis and on a multi track system. Your request has been placed in the simple track (Track 1). You specifically requested [enter specific document information here]. If you would like a copy of all your records, please send a written request to the address above, otherwise you will receive only the documents you specified.

6.3.1.1.2 Continue to create the case in Track 1 as Specific Documents. The requester may write back later responding that they need the whole file, and a FOIA/PA Assistant working in Records Locator queue can change it to Track 2 at that time.

6.3.1.2 Track 2 – Requests for entire copy of alien file, asylum or refugee requests, and requests from news media or special interest groups.

If the request has “all records” checked and lists more than three documents on the G-639, please select the category **Alien File** and make the case a Track 2.

6.3.1.3 Track 3 – Requests for records of individuals scheduled in the future to appear before an immigration judge. Requesters must provide one of the following documents to receive Track 3 processing:

- Form I-862, Notice to Appear, documenting a future scheduled date of the subject’s hearing before the immigration judge.
- Form I-122, Order to Show Cause, documenting a future scheduled date of the subject’s hearing before the immigration judge.
- Form I-863, Notice of Referral to Immigration Judge

- Written notice of the continuation of a future scheduled hearing before an Immigration Judge.

6.3.1.3.1 A supervisor will review all incoming FOIA requests and identify Track 3 requests. The supervisor will verify that necessary documentation is present with the request. There should be an attached cover sheet indicating to the case creator whether the request for Track 3 is approved or denied.

6.3.1.3.2 If there is no cover sheet, please evaluate the request and make a determination to approve or deny Track 3. If you are unsure, consult your supervisor.

6.3.1.3.3 Before you create the case, look at the documentation. Sometimes you will find a reference to a current, open case which the requester wishes to upgrade to Track 3. After you verify that the case is open, you may simply click “Send to Research” and you are finished with the case.

6.3.1.3.4 Requesters will sometimes request both Track 3 processing and expedited processing. Do not select both. Neither has to do with the other. A requester could be granted either Track 3 processing or expedited processing, but never both on the same case. For expedited processing guidelines, please refer to **“Expedited Treatment”** in this guide.

6.3.1.3.5 Track 3 processing is not “expedited” processing as that term is used and understood in law. It is not appropriate to use the word “expedited” when discussing Track 3 processing of a FOIA request (“priority” or “accelerated” processing are more appropriate terms for Track 3). Don’t confuse the two in correspondence with requesters.

6.3.1.3.6 Refer to the cover sheet the supervisor attached to the request. There should be either an Expedited coversheet or a Track 3 coversheet, but not both. Follow the instructions on the cover sheet attached to the request. If there is no cover sheet, do not mark either box.

6.3.1.3.7 If the requester specified Track 3 processing but the request does not have a cover sheet, please create the case. If you have a request for Track 3 and you see that we have a future court date provided in the request, prepare your response according to the Track 3 Ack Letter found in O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters

6.3.1.3.8 If the requester did not provide any documentation or if the documentation says “a date and time to be determined” prepare an acknowledgment letter and click “Add Track 3 Denial Paragraph.” Proceed with creating the case.

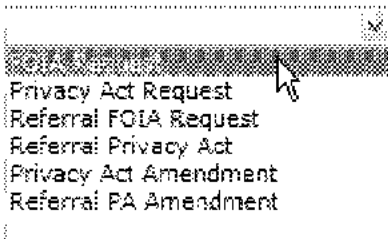

6.3.1.3.9 If you are not sure whether to approve or deny Track 3, please consult your supervisor.

6.3.1.3.10 If you assign the case to Track 3, ensure you put the words “TRACK 3” at the top of the file request.

6.3.1.3.11 If the requested file has already been scanned because of a prior FOIA request that has now been resubmitted for Track 3 processing, do not create the case. You should send the case to Research, where they will attach the new request to the existing case as a CSD. If Track 3 processing has been approved, you have to change the track on the original case to Track 3 and add a Discussion to that case explaining why.

6.3.2 Type

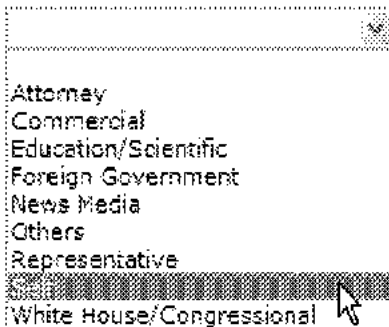

Type *

Always select **FOIA**. It will be incumbent upon the processor to verify the status of the alien, and to change the case type if necessary.

6.3.3 Source

Source *

The source of the request is, quite simply, who is making the request. Is the requester the individual or an attorney or representative speaking on the alien's behalf? Is it a request from the media or a true third party requester? Below is a list of possibilities for requesters:

- **Attorney** - The requester is an attorney representing the alien. The attorney will have checked the box on the G-28 marked “Attorney,” or will have sent us a letter on the law firm's letterhead.

- Commercial
- Education/Scientific
- Foreign Government
- News Media
- Others - The requester of the file is someone other than the alien, an attorney or an accredited representative. They might possibly include a G-28 with something other than "Attorney" or "Accredited Representative" checked.
- Representative - The requester is an accredited representative under the provisions of 8 CFR 103.2(a)(3) and 292.1(a)(1) or 292.1(a)(4). On a G-28, the requester will have marked the box "Accredited Representative."
- Self - This is a request from the alien himself or herself. The request may have the name of an individual followed by "care of" a certain law firm. This is still a self-request.
- White House/Congressional

If you feel that you have a case of a different source of request, please contact a supervisor for further guidance.

There are 30 different categories of requests. However, the most commonly used ones are:

6.3.4.1 Alien File – The requester is asking for an entire copy of an alien file.

This category includes the following:

- a. Files of living subjects
- b. Naturalization records on or after April 1, 1956
- c. Visa records on or after May 1, 1951 in A-files
- d. A-Files above 8 million (A8000000), and documents therein dated on or after May 1, 1951
- e. Registry records on or after May 1, 1951 in A-Files
- f. Alien Registration Forms on or after May 1, 1951 in A-Files

6.3.4.2 Specific Documents – The requester is asking for specific documents, such as a copy of a receipt file, an application or a copy of his or her naturalization certificate. A Specific Document case is a Track 1 case, and vice versa. As a rule, you should create a case as Specific Documents if the requester is asking for up to three documents. If a requester is asking for an asylum application and supporting documents, you should create it as Alien File. (Refer to the section “*What track is my case?*” that follows.)

6.3.4.3 Personnel – The requester is seeking information relating to USCIS personnel matters.

6.3.4.4 Special Interest Group – Requester(s) are seeking information relating to special interest requests such as news media requests, highly visible or public interest cases. We receive this kind of request from members of the media, activist groups, watchdog organizations or educational institutions. The documents requested are normally associated with a controversial or sensitive subject.

6.3.4.4.1 Select “Special Interest Group” if any of the following criteria are met:

- a. The FOIA request relates to a Presidential or agency priority;
- b. The FOIA requester or requested documents will garner media attention or is receiving media attention;
- c. The FOIA request is for documents associated with meetings with prominent elected, business, and/or community leaders;
- d. The FOIA request is for congressional correspondence;
- e. The FOIA request is from a member of Congress;
- f. The FOIA request is from a member of the media;
- g. The FOIA request is from a member of an activist group, watchdog organization, special interest group, etc.;
- h. The FOIA request is for documents associated with a controversial or sensitive subject;
- i. The FOIA request is for documents associated with a senior official of the component;
- j. A FOIA appeal if it meets one of the “a” through “i” criteria;

Items listed above are suggestive and not exclusive – exercise judgment when marking cases with category “Special Interest Group.”

6.3.4.4.2 If you believe a request qualifies as a Special Interest Group, choose that case category in FIPS, change the office from NRC to COW, search for duplicates and then create the case. Do not create a file request or an acknowledgment letter. Prepare an e-mail explaining the situation for NRC, FOIASIG. Click “Reassign Office.” Send the case to Unit

Chief. A Special Interest Group (SIG) processor will create the staffing and acknowledgment letter. This enables the Special Interest Group (SIG), responsible for special interest cases, to create a report and determine whether the case is actually a Special Interest Group case and report it accordingly. If the case creators do not mark Special Interest Group cases properly, we have no way to track and report these high visibility cases. When in doubt, choose the Special Interest Group category in FIPS. The Special Interest Group will sort it out later. If you have questions or need to send information regarding SIG cases to the Special Interest Group, their e-mail address is: NRC, FOIASIG.

6.3.4.5 SFR cases at NRC – NRC uses this category to track all workload staffed to SFR. This includes cases retired by or lost by SFR, but **does not include ZSF**.

6.3.4.6 Genealogy: Genealogy cases are requests for searches and/or copies of historical records relating to a deceased person. The lists below represent the records that the public would be able to request from the Genealogy Program:

- a. Naturalization Certificate Files (C-Files) from September 27, 1906 to April 1, 1956.
- b. Microfilmed Alien Registration Forms (AR-2), from August 1, 1940 to March 31, 1944 and Alien Registration Forms from March 31, 1944 to April 30, 1951 in A-Files.
- c. Visa Files from July 1, 1924 to May 1, 1951.
- d. Registry files from March 2, 1929 to March 31, 1944 and Registry records from April 1, 1944 to April 30, 1951.
- e. A-Files numbered below 8 million (A8000000), and documents therein dated prior to May 1, 1951.

The case is not Genealogy unless it meets one of the above criteria. If the case you are creating does meet the criteria for Genealogy, create it as **OTHER** then do the following:

- a. Create the and control the case.
- b. Do not staff for any records and do not prepare an acknowledgment letter.
- c. Send the case to Unit Chief with a discussion explaining it is a possible Genealogy
- d. Send an email to the designated person who handles genealogy cases (currently Donna Brasfield) with the control number.

The designated person will review the request to determine if it is, in fact, a genealogy.

If it does not meet the criteria for genealogy it will be returned to you in Case Create to send an acknowledgment letter and staff for records.

If it does meet the criteria, the designated person will create a letter referring the requester to the Genealogy program and will close the case as ER.

6.3.5 Bureau

Bureau

CIS	▼
CBP	
ICE	

The three possible selections for Bureau are:

ICE – Used to identify requests wherein the requester is seeking information in connection with deportation hearings and other immigration related litigation (OPLA/DRO/SAC)

CIS – Used for all other categories. This is the default in FIPS.

CBP – Used for requests pertaining to documents relating to the Border Patrol, incident reports relating to apprehension, entry without inspection (EWI), smuggled humans, mobile patrol group, voluntary return, repatriation, checkpoints, entry/exit information, inspection, Port of Entry (POE), legacy customs or legacy inspections. Key words that you could see on a request relating to CBP are inspection, Port of Entry, Bridge of the Americas, Friendship Bridge, and smuggled goods. **Note: If request is for entry/exit information and the requester/subject provided an alien number, request the file.**

6.3.6 Is there a request for expedited treatment?

Expedited

Not Requested	▼
Requested	
Granted	
Denied	

A requester may ask for his or her request to be expedited and processed outside the order of receipt. By law, we must respond to a request for expedited treatment within 10 business days.

USCIS will grant expedited processing if the requester establishes **either**:

(1) circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;

or

(2) an urgency to inform the public about an actual or alleged federal government activity, if the requester is a person primarily engaged in disseminating information.

The requester must send a statement explaining in detail the basis for requesting expedited treatment. If a requester asks for expedited processing and fails to meet the criteria, we process the request in the appropriate track, using the “first in/first out” rule [See 6 C.F.R. § 5.5(a)].

6.3.6.1 OA personnel normally separate mail and faxes pertaining to expedited treatment prior to scanning. A supervisor then reviews and makes a determination regarding the expedited treatment. The supervisor will attach a cover sheet to the front of the request detailing the determination. Please create the case in accordance with the instructions on the cover sheet.

6.3.6.2 If the requested file has already been scanned because of a *currently open* prior FOIA request that has now been resubmitted for expedited processing, do not create the case. You should send the request to Research where they will attach the new request to the existing case as a CSD.

6.3.6.2.1 If expedited processing has been approved based on new information, you have to check expedited processing approved on the original case and send an expedited treatment approval letter by opening the original case in stand-alone mode, creating a Blank Letter, and adding the following: This letter serves to notify you that your case has been approved for expedited processing.

6.3.6.2.2 If expedited treatment was already denied in the *currently open* prior case, and the supervisor’s decision is the same, if you have not already created the case, you may Send to Research, where they will attach your request to the original case as a CSD. Go to the original case in Standalone, go to Tasks, and create the Expedited Denial Letter.

6.3.6.2.3 If the expedited treatment request refers to a case that *has already been closed*, either close it as DP and send a duplicate letter or create it as a new case, based on the situation. If in doubt, consult your supervisor. Please refer to the section on DP (duplicate) Cases.

6.3.6.3 Sometimes the OA room will miss an expedited request. If this happens, select “Denied” in the drop-down box, create the Expedited Denial Letter, and then create the case as normal.

6.3.6.4 If you believe the requester meets the requirements for expedited treatment (and there was no cover sheet) then select “Requested” and send the request to Unit Chief. E-mail your supervisor with the details. If the supervisor granted expedited processing, you will not create an Expedited Denial Letter, of course. You must select “Granted” in the

Expedited drop-down box. When you create the acknowledgement letter, it will address the fact that Expedited Treatment is granted.

USCIS denies most requests for expedited treatment because the requester failed to establish either of the necessary criteria.

6.3.6.5 If you have made a determination to deny, or if the supervisor has indicated denial, you must select “Denied” in the Expedited drop-box. After this, you should create the Expedited Denial Letter. If you or the supervisor denied expedited processing, we must advise the requester of the criteria for expediting a request and offer an opportunity to resubmit additional justification. The requester also has the right to appeal the decision to the USCIS FOIA Appeals Office.

6.3.6.6 Do not mark both “Expedited Treatment Requested” and “Track 3.” A request can be either expedited or Track 3, but not both. If the requester has asked for Expedited Treatment and Track 3, treat it as if it is a Track 3 request and follow the instructions in TRACK 3 PROCEDURES. In such a case, you should not mark “Expedited Treatment Requested” before sending it to Unit Chief.

Click on OK to continue.

A dialog box will pop up. Select “Save”:

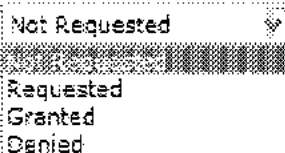

A word document explaining the denial and appeal rights will pop up. After you have done any editing necessary, save the document and check it back in.

After you have made that selection, your acknowledgement letter will address expedited treatment granted.

6.3.6.7 If there is an Expedited Treatment Requested cover sheet, and if you determine during case create that this needs to be a multiple case, you must check the Expedited Treatment Requested box (and create the appropriate response letters) for each child case. On the other hand, it might be that we will treat only the parent case as an expedited treatment request. You may make the determination or the supervisor will make a statement to that effect on the cover sheet, and of course, in such a situation, you would not mark the child cases as expedited treatment requests.

6.3.6.8 If there is an Expedited Treatment Requested cover sheet, and if you determine during case create that we need to close the case RD, RF, DP or ER, then change the Expedited drop-down box to “Not Requested” before you send the case to Up-front Approver. Because we are not generating a letter regarding expedited treatment denial or grant, and because it would cause erroneous reporting of Expedited Treatment Requests, you must change it to “Not Requested.”

6.3.7 *Is there a request for fee waiver?*

Fee Waiver: 

The requester may ask for a waiver of fees in his or her request or in accompanying documentation submitted with his or her request. USCIS considers all requests for fee waivers on a case-by-case basis.

A requester must meet two requirements in order for USCIS to grant a fee waiver:

1. The disclosure of the requested information must be in the public interest,
2. AND the disclosure of the information is not primarily in the commercial interest of the requester. For a detailed explanation, please refer to the U.S. Department of Justice Guide to the Freedom of Information Act, "Fees and Fee Waivers."

Also note: the requester must ask for a fee waiver. Simply including a DOJ Fee Waiver form does not constitute a request for fee waiver. If the requester has written any statement to the effect of a request for fee waiver on the form, then you treat it as a request for fee waiver.

6.3.7.1 When a requester has asked for a fee waiver, there should be a cover sheet advising you of approval or denial. You may determine to deny based upon the two criteria listed above. If you do so, you must select "Denied" in the Fee Waiver drop-down box on the FIPS worksheet. Regardless of the decision on the fee waiver, you must insert a Discussion in FIPS indicating that you addressed the fee waiver request.

6.3.7.2 When you are finished creating a case with a fee waiver request, create a Specialty Letter and select Fee Waiver Denied, edit the document if necessary and then create the case as normal. If you are not sure, please consult your supervisor.

6.3.7.3 If you believe the requester meets the requirements for fee waiver (and there was no cover sheet) then select "Requested" and send the request to Unit Chief. E-mail your supervisor with the details. A supervisor will make the decision to approve or deny the fee waiver and send the case back to you in the case create role. At that point, you will select either "Granted" or "Denied."

6.3.7.4 Fee Waiver Denied: When you respond to a request for fee waiver, you must add specific language to the acknowledgement letter. Please see O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters\Fee Waiver(denied) for an example of the denial language. Copy and paste this language into the acknowledgement letter. Do not bold, underline, highlight or enlarge the font of the

language. If the font changes to bold when you paste it in, highlight that text and remove the bold.

6.3.7.5 Fee Waiver Granted: If the decision is to grant the fee waiver, then please select “Granted” in the Fee Waiver drop-down box. In the acknowledgement letter, please add the following sentence to the end of the first paragraph:

This is to inform you that your request for a fee waiver has been granted.

6.3.7.6 If there is a Fee Waiver Request cover sheet, and if you determine during case create that we need to close the case RD, RF, DP or ER, then change the Fee Waiver drop-down box to “Not Requested” before you send the case to Up-front Approver. Because we are not generating a letter regarding Fee Waiver denial or grant, and because it would cause erroneous reporting of Fee Waiver Requests, you must change it to “Not Requested.”

6.3.8 *Print to CD*

- ☒ Print To CD
- ☐ PA Cited
- ☐ In Litigation 
- ☐ In Circular Search
- ☐ Delinquent

In an effort to save time, money and resources, the FOIA unit sends out final action responses on CD to all requesters (with two exceptions). When we send out the acknowledgement letter to the requester, it advises them that unless they write in and specifically ask for their documents on paper, they will be receiving them in a CD format. The acknowledgement letter templates reflect the change.

RULES FOR CHECKING “PRINT TO CD”

6.3.8.1 Check the “Print to CD box” on all new case creates, unless the mailing address of requester is to a correctional facility or unless the requester specified paper in the initial request letter (for requesters who are attorneys, the default is Print to CD).

6.3.8.2 If the responsive records are already scanned in when you create the case, you will still check print to CD.

6.3.8.3 All responsive records mailed to a correctional facility must be on paper. In such an instance, you must modify the acknowledgement letter so that we do not tell the requester we are printing the responsive records to CD. Modify the acknowledgement letter by deleting the paragraph that begins with “This office will

be providing your records on a Compact Disc (CD)”

6.3.8.4 If the requester is in prison but we are sending the responsive records to an attorney’s office, we will print to CD.

6.3.8.5 If a requester specifically asks for their records on paper, do not check “Print to CD” box create a Discussion note citing the reason. In such an instance, you must modify the acknowledgment letter so that we do not tell the requester we are printing the responsive records to CD. Modify the acknowledgement letter by removing the paragraph that begins with “This office will be providing your records on a Compact Disc (CD)”

6.3.9 Is this a delinquent requester?

- ☐ Print To CD
- ☐ PA Cited
- ☐ In Litigation 
- ☐ In Circular Search
- ☐ Delinquent

The Delinquent Requester search helps FIPS users identify requesters who have unpaid bills in the system. Requesters are delinquent when case fees remain unpaid for more than 45 days.

After you enter the last name of the requester, FIPS will automatically conduct a search for delinquent fees owed by that requester, using the last name of the requester. If the requester is delinquent on any case in any office nationwide, a box will pop up on the screen (see below).

If a requester/subject previously submitted a request and owed a fee on a case and he or she did not pay the fee within 30 days, the case closed as FP (failure to pay). If the subject/requester submits a new FOIA request, the Delinquent Requester notification is going to pop up. Your requester may possibly not be on the pop-up list. FIPS conducts a search by the last name(s) of delinquent requesters.

DELINQUENT REQUESTER RULES:

6.3.9.1 Do not treat the case as delinquent if the case was processed on or before January 1, 2004. Send an e-mail to [NRC_FIPSPROBLEM](#) (clicking on the link will automatically include a copy to NRC, FOIAPROGRAM). In the body of the e-mail, include the name of the delinquent requester and the delinquent case number(s).

6.3.9.2 If you encounter a delinquent requester from a FIPS Lite office, do not treat them as delinquent. You will know the request was processed in FIPS Lite when you open the case because you will see a "FIPS Lite placeholder."

6.3.9.3 Make sure the requester of the case you are creating is the same requester that FIPS is showing as delinquent. You must view the delinquent request(s) to make this determination. To view a case, highlight the line and click "view." If the delinquent requester matches your requester, treat the new request as delinquent. To get the delinquent case information (case number, dollar amount) in your acknowledgement letter and in the new case, highlight the name in the box that matches your requester and click ok.

Next, to create the case, go to the Tasks tab and click:

Contents		Discussions	Case Actions
Task	Status		
Create Case	Not Started		
Search for Duplicate Cases	Not Started		

When you complete the case create process and the new case has a control number, FIPS will notate the delinquency on the worksheet.

6.3.9.4 If the requester is delinquent, do not request responsive records until we receive payment.

NOTE: If you are creating multiple cases, you should “Create Additional Cases” before you prepare the Acknowledgment Letter and File Request(s) for the original case.

NOTE: A FOIA/PA Assistant working in Records Locator queue may need to cancel pending requester documentation for cases pending requester documentation due to a prior delinquent status that has been removed, because the system does not.

If the FOIA/PA Assistant working in Records Locator queue does cancel pending requester documentation, he or she should generate a new interim acknowledgement letter and staff the case as usual.

If the requester has more than one delinquent case, you will have to add up the total and modify the delinquent requester letter providing the case number for each delinquent case, the dollar amount owed for each, the total dollar amount owed, and instructions to prepare a check for the total amount made out to “U.S. Treasury.”

When you click “ACK Letter” the following screen pops up. Click OK to generate the letter.

We will take no further action until the delinquency is resolved. Please pend.

Before you move to another part of the case create process, click:

6.4 SEARCH FOR DUPLICATE CASES

Just before you create the case, you should look for duplicates. Duplicate cases are cases in which the request was submitted multiple times to the Service, or was inadvertently scanned into FIPS multiple times, or are cases that we previously processed.

Sometimes a requester will take a “shotgun” approach. He or she will submit the same FOIA request multiple times to ICE, CBP and CIS, hoping to get an answer more quickly. The

receiving offices will then in turn, transfer these requests to NRC. These are duplicate cases when an office has already processed this request with a final action code of either PD or G1, or has it ready to be processed.

This does not include instances in which the requester has faxed the request and then mailed it. If you open a case and find that the exact same request has very recently been created, chances are that you have opened the mailed copy which followed a few days after the fax. Do not create such a case. Click "Send to Research." That case will go to the research queue and you will be ready for your next case.

Ordinarily, you will search by Alien Number, and if you do not find a duplicate or similar case, your search will be complete. If the requester did not provide an alien number, you may search by the subject's last name and first name, or even by the requester's last name and first name. You may use a percent sign (%) as a wild-card for these searches. For example, if the requester's name is Jaime Vazquez, but you see he also has spelled his name Vasquez – you can search by Subject Last Name "Va%" and Subject First Name "Jaime."

If you do get a match, you should select "Edit" (the icon is a folder with a gear in front of it) to open the matching case and carefully review it to be sure it is a duplicate:

By highlighting the case you wish to review and then clicking the “Edit” icon, FIPS will open the case for your review. You then review the request to ensure that:

- If there has been a case that was closed G1 or PD within six months from same requester –
- This does not include cases that were closed with any other final action code.

Once you verify those items and you determine the case is a duplicate of another case, you will select “Set this case as duplicate to original case” as follows:

Do not click “Create Case.” Click “Send to Research.” You will then be ready for your next case.

If you determine that it is not a true duplicate, please insert a new Discussion entitled “Similar Case” in each of the cases, so that a processor or approver can review both.

If the date of the request is either the same as your request or within a very few days and:

3. The requester is the same, and
4. The information being requested is the same in both requests,

Do not close this case as a duplicate. Do not click "Create Case." Click "Send to Research."

If you are not sure your case meets the duplicate requirements, create a new Discussion in the case and send the case to Unit Chief. Send your supervisor an e-mail with the case information for his or her review.

6.5 COPYING RECORDS FROM A CLOSED CASE

You may be checking for duplicates and discover responsive records of an existing closed case meet the following criteria:

- Regular (not Appeals) case
- Status of the duplicate case is "Closed" and
- The date closed was within six months of the current date

If the duplicate case meets all those criteria, then you may copy from the existing case into the new (active) case. The Request Type that you have selected for the existing case and the new case will determine whether any redactions are copied with the responsive records. If both new and existing cases are FOIA Requests or both cases are Privacy Act requests, then redactions will be copied into the new case with the responsive records. However, if the new case is a FOIA Request and the existing case is a Privacy Act request (or vice versa), then the responsive records will be copied but without any redactions.

To begin the search, select the Tasks tab and click **Search for Duplicate Cases**.

7. CONSENT, VERIFICATION OF IDENTITY, AND DESCRIPTION OF RECORDS

“Consent” for the purposes of FOIA/PA is written agreement, approval or permission for access to information in the record by the competent individual to whom the record pertains. **The case creator must review the request and supporting documents to determine if proper consent is present.**

5 U.S.C. § 552a(b) No agency shall disclose any record ... except pursuant to a **written** request by, or with the prior **written** consent of, the individual to whom the record pertains.

6 CFR § 5.21(f): If you are making a request for records concerning *(a living) individual (other than yourself)*... You must also provide a statement from the individual certifying the individual's agreement that records concerning the individual may be released to you.

Consent could be:

- Block 3 on Form G-639, or
- A properly executed Form G-28, or
- A separate declaration by the subject, such as:

Pursuant to the Privacy Act of 1974 and DHS policy, I hereby consent to the disclosure to _____ of any record pertaining to me that appears in any system of records of USCIS, USCBP, or USICE.

7.1 Consent of parents or guardians

If a parent is filing on behalf of a minor child, then the parent must submit proof of parentage. Proof of parentage can be in the form of a birth certificate, adoption decree or similar document, naming them as a legal parent.

If a guardian is filing on behalf of a minor or person judicially determined to be incompetent, he or she must submit proof of guardianship. No consent is necessary from the minor child or the person judicially determined to be incompetent, however the parent/guardian must provide his or her own verification of identity that is notarized or signed under penalty of perjury [6 C.F.R. § 5.21(e)]. The case processor will have to request more information if he or she cannot determine parentage or guardianship within the file.

Minors may request their own files; they do not have to have the consent of their parents or guardians to do so. Attorneys may represent minors also.

7.2 Verification of Identity

If a requester is asking for a Privacy Act record, he or she must provide verification of identity.

A Privacy Act record, for USCIS purposes, is any item, collection, or grouping of information about a person which we retrieve by the person's name, identifying number, symbol, or other identifying particular assigned to that person. This information includes, but is not limited to, a person's nationality, immigration status, education, financial, medical, criminal, or employment history.

6 CFR § 5.21(d) *Verification of Identity*, says the requester must provide us:

- Full Name
- Current address
- Date of Birth
- Place of Birth

If the requester did not provide all four required pieces of information, you must send for additional requester documentation. A requester who provides full name, current address and alien number only has not provided sufficient verification of identity.

Next, it says the subject of record must sign the request and his or her signature must either be notarized or submitted under 28 U.S.C. 1746 (*penalty of perjury in lieu of notarized signature*).

The notarized signature of the subject or the signature under penalty of perjury does not need to be on the G-639. If a requester has inserted the **penalty of perjury statement on ANY document**, and the subject of the file has signed the document, it fulfills the requirement to verify identity.

The notarized signature or signature under penalty of perjury **might** be on a:

- Separate letter, or any piece of paper *including* a G-28, but then only if the penalty of perjury statement is directly above the signature of the subject of record.
- G-639, when the subject has signed the first page and the second page does not contain the signature of the subject but has been notarized.
- DOJ-361, Certificate of Identity: we may not suggest or require that a requester use a DOJ-361, but we can accept one as certification of identity with a signature under penalty of perjury or a notarized signature.

A current photo ID is for information purposes only and is not verification of identity.

“Verification of Identity” for purposes of FOIA/PA does not include a Form G-28 with a statement made under penalty of perjury by the requesting attorney or representative “that the information I have provided on this form is true and correct.” The statement must come from the subject of the record. A statement made under penalty of perjury must conform to the requirements of 28 U.S.C. § 1746: **Unsworn declarations under penalty of perjury**, which reads as follows:

Wherever, under any law of the United States or under any rule, regulation, order, or requirement made pursuant to law, any matter is required or permitted to be supported, evidenced, established, or proved by the sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, or an oath of office, or an oath

required to be taken before a specified official other than a notary public), such matter may, with like force and effect, be supported, evidenced, established, or proved by the unsworn declaration, certificate, verification, or statement, in writing of such person which is subscribed by him, as true under penalty of perjury, and dated, in substantially the following form:

(1) If executed outside the United States:

"I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.
Executed on (date).
(SIGNATURE)".

(2) If executed within the United States, its territories, possessions, or commonwealths:

"I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date).
(SIGNATURE)".

If the requester is asking for records concerning *(a living)* individual, and if there is only one signature and it does not fall under one of the categories above, request consent and/or verification of identity using the Track 1, Track 2 or Track 3 Ack Letter Requester Docs located at: O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters or the form "Requester Documentation Attachment" located at:

O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters
\Requester Docs Attachment . Check the first box on the document.

7.3 Reasonable Description of Records being Sought:

If the requester provided all elements required by 6 CFR § 5.21(d), but did not provide an alien number or receipt number, you may still request a file if there is only one match and there is no other indicator that it may not be the correct subject of record.

You may possibly find multiple matches, or you may find no matches at all. In a situation like this, we do not have a reasonable description of the records the requester wants. We will have to send for additional requester documentation, specifically:

- Alien Number (if known)
- Application/Petition Receipt Number (if known)

Additionally, we may ask for items of information such as mother's and father's names. The requester is not required by law or regulation to provide that information, but if the requester does not, we may be unable to locate a responsive record.

Please request the additional PII with your Acknowledgement Letter. After you create the acknowledgment letter requesting additional documentation, do not create the file request. In the “Contents” tab, you will see a Pending slot for Requester Documentation. Send the case to Pend. After we receive a response from the requester, a FOIA/PA Assistant working in Records Locator queue will request the file. The processor will use the requested information to verify the release of the correct records.

Note: if the requester marks “unknown,” “none” or “N/A” for any element of the above PII, please do not request this information as part of the Acknowledgement Letter.

At this point, you will send an acknowledgment letter requesting additional information. You will not request a file.

Go to the “Tasks” tab and select “Acknowledgement Letter”

All requested information is checked below:

☐ **Consent.** It appears that you are requesting records about another individual. If that is the case, please submit either: (a) written authorization signed by that individual permitting disclosure of those records to you or (b) proof that that individual is deceased, e.g. a copy of a death certificate or an obituary. See 6 CFR §5.3(a)

☐ **Verification of Identity:** It appears that you are requesting records about another individual. If that is the case, along with the consent requested above, please submit a statement prepared by that individual, in which the individual verifies his/her identity by submitting his/her full name, current address, date of birth, and place of birth. This statement must be signed by that individual and the signature must either be notarized or submitted under 28 USC §1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. 6 CFR §§ 5.3(a) and 5.21(d).

☐ **Verification of Identity:** It appears that you are requesting records about yourself. If that is the case, please verify your identity by submitting a statement containing your full name, current address, date of birth, and place of birth. This statement must be signed and the signature must either be notarized or submitted by you under 28 USC §1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. 6 CFR §§ 5.3(a) and 5.21(d).

☒ **Description of Records Sought:** We have determined that your request does not reasonably describe the records that are being sought. Please provide the following additional information.

☐ Subject's Alien Number

☒ Subject's Application/Petition Receipt Number

☒ Name of Subject's Parents

☐ Other Names Used by Subject

☒ Other: Name of the person who filed the petition for you, when it was filed, other information that could help us locate the petition]

All FOIA/PA related requests, including address changes, must be submitted in writing and be signed by the requester. Please include the NEC number listed above on all correspondence with this office. Requests may be mailed to the FOIA/PA Officer at the PO Box listed at the top of the letterhead, or sent by fax to 816-350-5785. You may also submit FOIA/PA related requests to our e-mail address at uscis-foia@dhs.gov.

When the requester provides the additional information, A FOIA/PA Assistant working in Records Locator queue will request the records.

7.4 Third party requests

Sometimes consent is not necessary. For instance, a requester asking for a “*list of all employers in Utah who use E-Verify*” does not have to provide consent. Commercial, contract, and media requests are usually third party requests.

On the other hand, USCIS will not release personally identifying information (PII) or personally sensitive information to a third party without consent. If the requester is asking for records concerning an individual and does not provide consent, nor does it appear likely that the requester is going to get consent, we treat it as a third party request without consent. It may be obvious from the request that the requester will not be able to obtain consent from the subject of record. If you have a doubt, consult your supervisor. The supervisor may have you send for consent, call the requester to see if you can make a determination, or create the case as third party without consent.

Third party requesters are entitled to any public documents that may be in the file they are seeking, as well as documents they provided in support of an application or petition. For example, if a wife is looking for a copy of her husband’s file so that she may divorce him, and says in her request letter that she does not know where he is or says she cannot get his consent, do not send a request back to her for her husband’s consent. In a situation like this, simply request the file and put a Discussion in FIPS that it is a third party request without consent. In the above example, if she did not specifically say she cannot get his consent or that she does not know where he is, do not request the file. In a situation like this, send a request for consent and pend the case for requester documentation.

7.5 Deceased subjects and the 100-year rule

If the subject of a request is deceased, it is incumbent upon the requester to provide proof of death. Proof of death could be any of the following:

- Death Certificate;
- Obituary;
- Funeral Memorial; or
- Photograph of headstone

If the subject of a request is over 100 years old, USCIS assumes he or she is deceased and no proof of death is required.

8. CASE CREATE SITUATIONS/OTHER PROBLEMS

At any time during the case-create process you may encounter a quirky or unusual situation. Some not-so-usual situations follow this paragraph, but as a case creator, you will inevitably see situations you have never seen before. Case creators should seek assistance from their supervisors as a first step. If the problem cannot be resolved, the creator should send the case to the Unit Chief and send an e-mail to the supervisor for clarification. If it is not a situation that needs clarification but some type of FIPS error, send an e-mail to the FIPS Problem mailbox ([NRC, FIPSPROBLEM](#)), or in other situations to the MSB mailbox ([NRC, NRCFOIAMSMB](#)).

Clicking on the FIPSPROBLEM link above will automatically generate an e-mail addressed to both the NRC, FIPSPROBLEM mailbox and the NRC, FOIA PROGRAM mailbox.

8.1 REQUESTS: Foreign Consulate

Immediately forward any type of correspondence, FOIA request or inquiry received from the consulate of a foreign nation to the Director's Office for handling. USCIS Headquarters is the only one authorized to correspond with foreign consulates.

Please make sure it is a consulate requesting the records and not the subject of the request putting the consulate's address on the G-639 to mail the records to the consulate (for passports). If the request is from a consulate, please send the FOIA request to Up-front Approver to be closed as an ER and send an e-mail to [NRC, FOIAOA](#) mailbox with the case information. The supervisor will review and close the case. If the subject mailed the request and wrote the consulate's address on the G-639, use the subject's address from the envelope and set it up as a self request.

8.2 REQUESTS: Non-immigrant visa material

If the requester specifically asks for non-immigrant visa data and there is no record of the person in CIS or CLAIMS; do not close the request as NR. If the requester is asking a question about being a student, au pair, camp counselor, or participating in a summer work/travel program, or if the requester specifically mentions visa type F-1, F-3, J-1, M-1 or M-3, then you should refer the request to ICE, since that record will be tracked in SEVIS (Student and Exchange Visitor Information System.) An example of a "refer to ICE" type request might be: "Type of visa, visa number and legal documents allowing entry into the US. The subject was a student at the University of Nebraska."

Otherwise, redirect the requester to Department of State. An example of a "re-direct to State" type request might be for a B1/B2 visa, such as: "Type of visa, visa number and legal documents allowing entry into the US. The subject visited Disney World and Cape Canaveral and entered at Orlando International Airport."

8.3 REQUESTS: Routine use, no consent required, not FOIA

USCIS may disclose records to an appropriate Federal, State, tribal, local, international, or foreign agency, including law enforcement, or other appropriate authority charged with investigating or prosecuting a violation or enforcing or implementing a law, rule, regulation, or order, where a record, either on its face or in conjunction with other information, indicates a violation or potential violation of law, which includes criminal, civil, or regulatory violations and such disclosure is proper and consistent with the official duties of the person making the disclosure.

What does that mean? We may disclose records from alien files to other Federal, State and local government agencies as a normal course of operation for law enforcement purposes. Consent is not necessary for the processing of these types of requests. Some examples of these types of requests include requests relating to child support enforcement and aliens seeking public assistance.

Requests from government agencies (federal, state or local) for verification of status of aliens are routine use.

These types of requests are not a part of FOIA and should not be in FIPS. For example, you may open a request from a county public assistance agency attempting to locate a child's father who is avoiding financial responsibility. If you open a request from a state or local government agency requesting information about an alien, send the case to Up-front Approver for closing as ER. The only exception to this rule is if there is a cover sheet with instructions to create as FOIA.

8.4 REQUESTS: Bond obligor, no consent required, not USCIS FOIA

Criminal bonds are bonds posted by individuals or bail bondsmen relating to non-immigration violations of the law. These requests are processed by Immigration and Customs Enforcement.

Immigration bond obligors are surety companies who have posted an immigration bond (I-352) for an alien who has been taken into custody by the Service. If the alien fails to attend his or her hearing, then he or she forfeits the bond. Under the court case *Amwest v. Reno*, the surety companies, or their attorneys, are entitled to a complete copy of the alien's file to assist them in trying to locate the alien. Consent is not required for the bond obligor; however, they should provide a copy of the bond contract, Form I-352, with their FOIA request.

We no longer process requests received from immigration bond obligors or criminal bond obligors. Please send any new requests that are scanned into FIPS to Up-front Approver for closing as ER. Please send an e-mail to NRC, FOIAOA and provide the REQ number or control number, and also include the requester's name.

8.5 REQUESTS: A-number only

If a requester/subject is asking for his or her alien number only, follow these steps:

- Search CIS with the information provided on the request to locate an A-number.
- If you locate an A-number, compare the information provided on the request with the information in CIS to make a positive ID.
- You must have proper consent and all of the required PII in order to proceed. If consent or any PII are missing, generate the acknowledgement letter and request the additional information.
- If proper consent is present and all of the required PII is present:
 - Open a RAFACS staffing slot only
 - Print a copy of CIS 9101 screen, attach a “Scan As” cover sheet and mark the box “Responsive Records.” Take the screen print to the designated person (currently John Latimer) for scanning.

Make the case a Track 1 case and pend the case for responsive records. When the responsive records are scanned in, the case will move to the processing queue.

8.6 REQUESTS: Bracero Program

The Bracero Program (1942-1964) began as a temporary World War II program to fill agricultural labor shortages, and continued in one form or another for more than twenty years. Initially the program included workers from Mexico, the Virgin Islands, British West Indies, and elsewhere. After about 1945, the program was limited to agricultural workers from Mexico, and the term “bracero” refers to an imported farm worker from Mexico. “Brazo” means arm, and “bracero” means a person who works with his arms.

Begin with a thorough search of CIS. If no record is located, request a manual search. Create a Records Indexing Staffing and enter all information provided by the requester. If the manual search produces no record, generate a "NR" letter and send the case to Up-front Approver. The supervisor will review and close the case.

In these no record cases, the researcher's only recourse may be to search for a record of admission at the National Archives (NARA). Today NARA holds microfilm of arrivals at US-Mexico Border ports of entry from ca. 1905 to 1954 (some to 1957). A Bracero admitted in 1960 will not appear in these records due to the cut-off dates.

The requester can request a search by writing directly to NARA. In their letter, the requester should ask for a search of Mexican border arrival manifests in Record Group 85. The correspondence to NARA should contain the date and port of entry, as well as the name used at the time of entry, age at the time of entry and any other identifying information.

8.7 REQUESTS: Referrals and Consultations received from other agencies

As other agencies process FOIA/PA requests, they will sometimes find our agency's documents within their files. These documents will be referred to us for processing. The responsive records could be USCIS documents being referred to us for review or joint documents i.e., co-authored by the referring agency and other agencies. A transmittal memorandum advising us to respond directly to the referring agency is a consultation. A transmittal memorandum advising us to reply directly to the requester is a referral.

Send the case to processor. Send an e-mail to the MSB mailbox advising them that you have created the case and that it is a referral/consultation from another agency. Include the alien name and the NRC control number.

8.8 REQUESTS: USCIS personnel information

- Requests that deal specifically with USCIS vacancy announcements, performance ratings and awards are scanned and handled in the HQS queue by the Special Interest Group.
- If a request for CIS Personnel Information mistakenly is scanned in the NRC queue, create the case and reassign the case to **HQS**. Create the case as a Track 2 case. Use

8.9 REQUESTS: Official Personnel File

You may open a FOIA request received from an individual for a copy of his or her Official Personnel File (OPF). Inform such requesters in the final action letter that they may access their OPFs on-line at:

http://cbpnet.cbp.dhs.gov/xp/cbpnet/hrm/for_employees/info_about_you/eop_folder/eopf_logon.xml

You should then create a Final Action Letter and select the closing code “NA: FOIA or PA not applicable.” You will have to select a Non-FOIA Operational Unit. Choose “NRC-Director.” You do not have to modify the referral letter, but you should make the appropriate edits in the Final Action Letter. Next, send the case to Up-front Approver. The supervisor will review and close the case.

8.10 REQUESTS: Red Cross / Last known address

Requests from the Red Cross or from some other non-governmental organization (such as Salvation Army, etc.) looking for the last known address of an alien are normal FOIA requests. You should create the case and request the file as a specific document request. It is not necessary to create an acknowledgement letter if the request is from the Red Cross.

8.11 REQUESTS: Federal, state, local agencies

Governmental agencies, including county public assistance agencies, are seeking the alien to enforce court ordered support or enforcement of some other lawful responsibility. These types of requests fall under the routine use category.

8.12 REQUESTS: Return of original documents

Requesters will sometimes ask for the return of original documents, such as adoption decrees, birth certificates or other documents of a personal nature on a request addressed to FOIA. If the request for the return of original documents is submitted on a G-639, we are required to provide the requester with a copy of the specific documents requested. For return of original documents, the requester must submit a G-884 to the SAVE Unit of their local district office. Insert the following verbiage in the acknowledgement letter.

In your FOIA request you have specifically asked for the return of original documents. We will provide you with a copy of these documents. In order to obtain the original documents you must submit a G-884, "Request for the Return of Original Documents" to the Save Unit of the nearest district office.

If a Form G-884 has accidentally been scanned into FIPS as a FOIA request, send the case to Up-front Approver for closure as "ER" (created in error). A letter is not created by FIPS; you will need to create a Blank Letter explaining the reason we did not accept their request as a FOIA request. Print two copies of the letter. Attach a cover sheet on one copy to be scanned in as a CSD and send the other copy to the OA room for mailing to the requester. Include a detailed Discussion note. Send the case to Up-front Approver. The supervisor will review and close the case.

If the alien file is located at the NRC, the Case Resolution Team at the NRC handles all G-884's (Request for Return of Original Documents). OA ordinarily forwards any requests for return of original documents to Case Resolution.

8.13 REQUESTS: Privacy Act Amendment

A person who is a United States Citizen or a Lawful Permanent Resident may request that we amend, expunge, or correct information in his/her PA record that the individual believes is not accurate, relevant, timely or complete. Sometimes a supervisor will place a coversheet on the request stating "Privacy Act Amendment."

If you are creating a Privacy Act Amendment request, please do the following:

1. Begin as usual, filling in requester and subject information and searching for duplicates.
2. Assign it to Track 2. Assign it to Category: Special Interest Group.
3. Create the case.
4. Prepare an email for NRC, FOIASIG and insert the case number in the body of the e-mail.
5. Change the Office to "COW." Click "SAVE." Click "Reassign Office." You are now ready to move on to the next case.

8.14 SITUATION: Untranslated Foreign Language Documents

If you find an untranslated foreign language document which may contain essential information needed to create a case, and you are unable to determine what that information is, there are individuals at the NRC available to translate. Here is the procedure:

- Insert a Discussion titled “Untranslated Documents” and the reference page numbers.
- Copy the text of the Discussion and paste it into an e-mail to [NRC, NRCFOIAMS@MSB](#).
- Send the case to Unit Chief.
- After translation, a copy of the translated information may be scanned in, or the translator may add a Discussion response. The translator will then return it to you for creation and/or staffing.

8.15 SITUATION: Congressional correspondence

When the unit receives correspondence from a member of Congress, the creator will need to create the case as a track two case, mark the category as Congressional, request the requested documents and send an e-mail to the [MSB Mailbox](#) advising them of the control number, congressional contact information and name of the subject of the request. Do not use the Congressional office address as the address for the FOIA request. If an address for the subject cannot be found, please contact a member of the MSB for more guidance.

8.16 SITUATION: Appeals

While case creating, you may open a request and see that it is marked “Appeal.” The requester will include the case number he or she is appealing. If this happens, you do not create the case. In the upper right hand of the image portion of the FIPS worksheet, there is a printer logo:

8.17 SITUATION: New requests received on the I-694

If you see a case in the creator role or the processor role that has the I-694, Notice of Appeal of Decision Under Sections 245A or 210 of the Immigration and Nationality Act (INA), scanned as the FOIA request letter, this is considered a legitimate request. The Administrative Appeals Office sends this form along with the A-file to the NRC for processing under FOIA.

Form I-694 is used to notify USCIS that an individual is appealing the denial of their permanent residence, temporary residence, or a waiver of grounds of inadmissibility.

To assist you in identifying this request, the words "NEW REQUEST" should have been written on the top of the form before scanning. Please note the request may not have a current date. The case creator should create the case, and request additional information or consent if needed. If additional information or consent is not necessary, send the case to processor.

8.18 SITUATION: Subpoena or court order

If you pull a new request that is a subpoena or court order, please send it to Up-front Approver for closure as ER. Send a message to NRC, FOIA PROGRAM; McDaniel, Marcia M (clicking the link generates the e-mail) providing the REQ number and information indicating the request was a subpoena or court order. The NRC Program Office is currently addressing these requests. Subpoenas or court orders are a high priority. Please notify NRC, FOIA PROGRAM as soon as possible. If you aren't sure, please contact your supervisor for guidance on how to proceed.

8.19 SITUATION: Certification of record

When creating a new case, insert a Discussion "requester wants documents certified." The processor or approver will handle the certification process.

Certification of records is done in accordance with 8 C.F.R. § 103.7(d) and the Records Operations Handbook (ROH).

The NRC will certify certain documents from A-files as being true and correct copies. The physical file must be located at either the NRC or the FRC. Genealogy requests that were received, staffed and processed by NRC can also be certified by the NRC. The NRC will not certify copies of documents that belong to other agencies. Information will be provided to the requester on how to obtain certified copies of these documents. The NRC can also provide a certified letter giving information such as the date of entry and the status of the individual.

First, evaluate if the request qualifies under the Genealogy Program. Refer to the section entitled Case Specifications, Category 4 (Other).

NRC will not certify naturalization certificates for living persons. If the individual has his or her original naturalization certificate and want or need a certified copy of it, he or she must make an INFOPASS appointment. An individual must submit an N-565, Application for Replacement Naturalization/Citizenship Document if he or she has lost or misplaced the original.

Records Services Branch, USCIS does all certificates of non-existence; these requests must be submitted in writing to the address shown below:

U.S. Citizenship and Immigration Services
ATTN: Records Service Branch
1200 First Street, NE, 2nd Floor
Washington, DC 20529-2204

8.20 SITUATION: Certification of record for dual Italian citizenship

If we receive a request asking for a certified copy of a relative's naturalization certificate for the purpose of applying for dual Italian citizenship:

Evaluate if the request qualifies under the Genealogy Program. Refer to the section entitled Case Specifications, Category 4 (Other).

If the requester's relative is deceased, he or she must submit the request to the USCIS Genealogy Program. The web address for more information and instructions for submitting their request is **USCIS.gov** or;

If the requester's relative is living, please include the following paragraph in your acknowledgement letter:

This is in response to your request for a certified copy of a relative's naturalization certificate in order to apply for dual Italian citizenship. According to information obtained from the Italian Embassy in Washington, D.C., certified copies of naturalization certificates are not required for the dual citizenship application. The Italian Embassy requires the naturalization certificate copy along with our USCIS cover letter and envelope. The records that we release as part of this FOIA request will serve that purpose.

8.21 SITUATION: Record at National Archives and Records Administration (NARA)

The National Archives and Records Administration has designated alien files as permanent records for the Federal Government, ensuring their retention indefinitely. As with all permanent records of the Federal Government, ownership and physical custody of the record is transferred to NARA at a designated point and NARA becomes the custodian of the record. Once the record is transferred to NARA, anyone who wants documents out of the file will have to file his or her FOIA request directly with NARA. The "magic date" for alien files to be turned over to NARA is when the subject of the file passes 100 years of age. The NRC has begun the process of transferring the targeted files into the custody of NARA.

As a result, case creators need to pay close attention to those cases in which the subject of the file was born more than one hundred years ago, particularly if the request does not meet the criteria for a genealogy case.

For example, the requester writes in and makes the following request:

"I want the records of Joe Crab, date of birth, March 22, 1899. Mr. Crab naturalized in 1957 and died in 1969. Enclosed is proof of his death and alien number."

NOTE: You may find the complete list of criteria in Section 3, “Category of request” in the sub-paragraph “GEN.”

Mr. Crab meets one prong of the criteria for genealogy because he was born long ago; however, since he was naturalized in 1957, he does not meet the prong of having no documents in his file dated after 1951. If you are creating a case and the subject of the request is 100 years of age or older, **but** the person DOES NOT fully meet the criteria for a genealogy case, please pay special attention to NFTS. If NFTS shows that the a-number has been retired to NARA, it means we have turned the records over to NARA permanently. The requester will have to send a request to NARA. Please select FINAL ACTION OPTIONS when creating the Acknowledgement Letter, select NA and replace the normal Acknowledgement Letter with the NARA Historical Record Letter located at

O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters\Historical Record Letter.

It may happen that USCIS has not yet transferred the file to NARA. If NFTS still shows a shelf location within NRC (or any other office), request the file.

8.22 SITUATION: Old records

Occasionally we will receive a request for records pre-dating our recordkeeping system. The agency maintains immigrant arrival records created since 1892; and naturalization records since 1906.

When a request is for records older than those maintained by the agency, create a Final Action Letter and select “OR.” This generates a letter to the requester explaining that the records being requested are older than those maintained by the agency. After generating the final action letter, send the case to Up-front Approver. The supervisor will review and close the case.

8.23 SITUATION: Requests from Prospective Adoptive Parents

In the recent past, Vietnam, Cambodia, Guatemala, Nepal, Ethiopia and other countries have had problems concerning adoptions. Birth Certificates have been forged and babies have been taken without consent of the biological parent. In Vietnam, “baby brokers” scour villages looking for unwed, impoverished mothers. They purchase the babies for about \$50 and sell them to commercial adoption services. In Guatemala and elsewhere, people steal babies and sell them to middlemen. Prospective adoptive parents from Spain, Italy and the United States are typically willing to pay as much as \$25,000 to adopt a child. (This information comes from kidsofkathmandu.org).

Normally if we cannot verify consent or prove parentage in a case, we send out for more information. Please do not send out for additional information in pending (not finalized) adoption cases for the following reasons:

1. The Prospective Adoptive Parents (PAP) have the right to all information they submitted for the adoption. In cases like this, it is likely that the adoption never happened. If that is the case, they have no proof of parentage or guardianship.
2. The child is usually too young to give consent.
3. Congress has substantial interest in this matter.

If you decide you need proof of parentage after a full search, please send your case to Admin for supervisor review.

9. REFERRAL AND REDIRECTION

9.1 Referral

The FOIA requires us not to close a case if there is information in another component of our department. For instance, the Drug Enforcement Administration and the Federal Bureau of Investigation are both components of the Department of Justice. If DEA receives a FOIA request and determines the information is with FBI, they may not close the case and tell the requester to write to FBI (that is redirection). They must send the request to the FBI and advise the requester they have done so (that is referring).

USCIS occasionally receives FOIA requests for non A-file records totally under the purview of another DHS component. When this occurs, we refer the FOIA request in FIPS to the correct component. The following agencies are DHS components:

- Transportation Security Administration (TSA)
- U.S. Customs and Border Protection (CBP)
- U.S. Immigration and Customs Enforcement (ICE)
- U. S. Secret Service (USSS)
- Federal Emergency Management Agency (FEMA)
- U.S. Coast Guard (USCG)

Under the “Tasks” tab, select Final Action Letter. Select “RF: Referred to a DHS Component” as the final action code. Under “Redirects/Referrals” select the component to which we are referring the request and click “Submit.”

FIPS will automatically create two documents: A final action letter to the requester and a referral memorandum to the DHS component.

FIPS then generates the two Word documents:

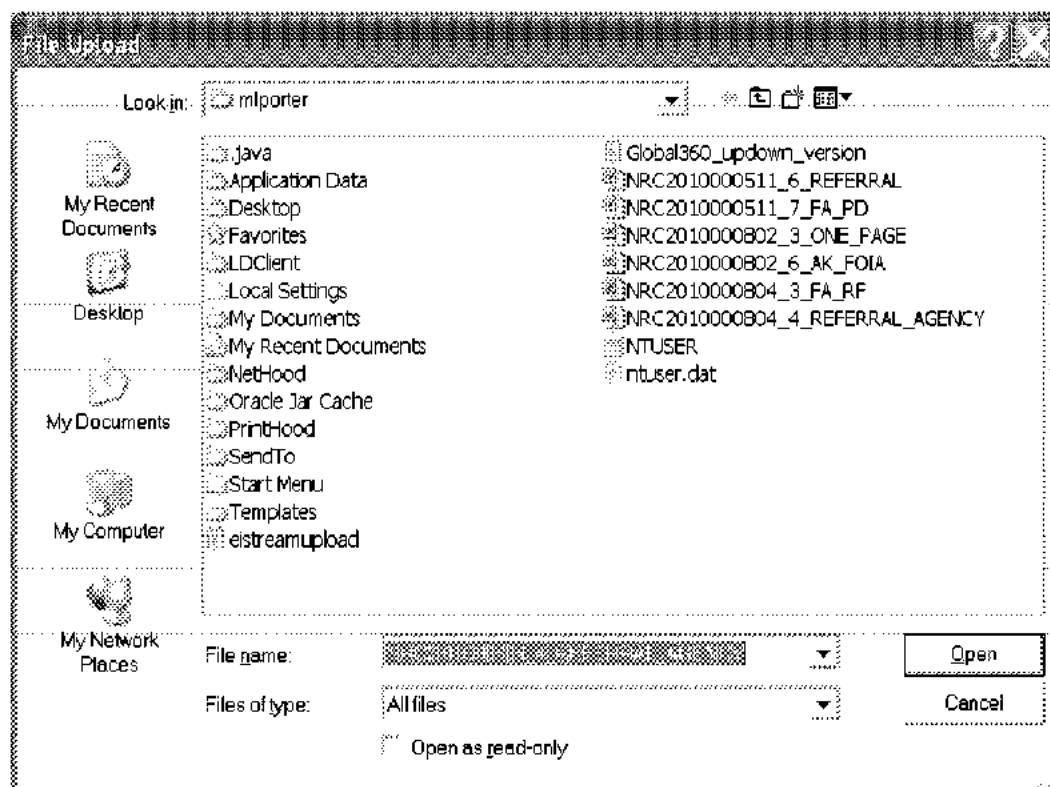

You may have to edit the letter to add needed information. After you exit from the Word documents, they will appear under the “Contents” tab:

After you have done this for both documents, send the case to Up-front Approver.

9.2 Redirection

If we receive a request for records that belong to an agency outside of DHS, we close it and write a “redirect letter.” Under the “Tasks” tab, select Final Action Letter. Select “RD: Redirected to

another agency” as the final action code. Under “Redirects/Referrals” select the agency to which we are referring the request and click “Submit.”

An example of a request we close and redirect is a petition that we discover has been forwarded to the National Visa Center for issuance of an immigrant visa. The redirect letter advises the requester to contact the different agency for the information they are seeking. The procedure for the documents is the same as for referrals. You may have to edit the letters to add needed information. After you exit from the Word documents, they will appear under the “Contents” tab. Click on the “Check in Document” icon and you will get a “Save” dialog box. Click “Open.” After you have done this for both documents, send the case to Up-front Approver.

9.3 Entry/Exit Information referral to CBP

CBP handles FOIA requests for entry and exit information dating back to 1982, inspection, Port of Entry (POE), requests for information relating to air and/or marine incidents, or the U.S. Border Patrol Academy, legacy Customs or legacy Inspections. Key words that you could see on a request relating to CBP are inspection, Port of Entry, Bridge of the Americas, Friendship Bridge, and smuggled goods. A FOIA request for this type of information should be referred to **CBP** at the address shown below.

U.S. Customs and Border Protection
FOIA Division
799 9th Street NW, Mint Annex
Washington, DC 20229-1177

Note: If the request is for entry/exit information and the requester/subject provided an alien number, request the file. If the request is for entry/exit information and the requester/subject did not provide an alien number, you must thoroughly search CIS and CLAIMS to be sure the person does not have an alien number or application. CBP has records on entry and exit information dating back to 1982, but no further back. You may modify the referral letter; any information you can provide as to what the requester is asking for will be helpful to CBP.

9.4 Border Patrol referral to CBP

If you encounter a Border Patrol Request in Case Create, refer the case to CBP. This includes Border Patrol records relating to apprehension, entry without inspection (EWI), smuggled humans, mobile patrol group, voluntary return, repatriation, or checkpoints.

Exception to this rule; if the requester provides an A-number or you locate an A-number through a search of the systems, please request the A-file.

9.5 Personnel/hiring practices/vacancy announcements

If you receive a request concerning employee records, vacancy announcements, or any personnel matter generally, please create the case as you normally would by filling in the blanks and controlling the case. After that, change the Category to PER. Do not create a staffing and do not send any correspondence to the requester. Add a Discussion note that this appears to be a personnel-type FOIA request. Send an e-mail to [NRC.FOIASIG](#). After that, send the case to Unit Chief.

9.6 US-VT referral to US Visit

Refer requests relating to United States Visit. The United States Visit is a Border Security Program that records biographic, biometric and travel information for all foreign visitors to the United States. The system screens all crewmembers and passengers that travel to the United States by air, sea or land. United States Citizens are not in the system.

If the requester is asking for both a copy of the alien file and for entry and exit information, you should request the file. See [Entry/Exit CBP](#) information above.

10. DETERMINING TO STAFF BASED ON BEST INFORMATION AVAILABLE:

If you determine that the requester has provided all the PII possible after performing the CIS 9102 or 9106 and 9103 screen searches shown above, and there is only one person in the CIS 9101 screen with the same information, please request the file. However, prepare a Discussion explaining why you staffed for the file.

11. SOCIAL SECURITY NUMBER

USCIS does not use Social Security numbers in the Freedom of Information/Privacy Act requests. Even if the alien disclosed his or her SSN in the request, do not enter that number on the FIPS worksheet. We will not request the Social Security number when requesting additional documentation.

12. REQUESTING THE RESPONSIVE RECORDS

After the acknowledgement letter is created, if all required information is present, the next step is to request the records that are responsive to the request.

How do you determine what records are responsive to the request? First, you have to read the request. Typically, the requester will ask for a complete copy of an alien file and they will provide an alien number. If this is the situation, you must verify in CIS that this alien number belongs to the subject.

There is a staffing guide/RPC reference sheet available on the FOIA Operations intranet page to use for requesting the file.

If the requester is only seeking specific documents, please make a Discussion in FIPS detailing what those documents are. You will also be mentioning those specific documents in your acknowledgment letter to the requester.

The Service Centers (except MSC/NBC) scan the responsive records into FIPS when they are the FCO for that file. Please see the staffing guide for more instructions on requesting these types of Service Center files.

If the requester did not provide an alien number or receipt number but did provide enough information to conduct a thorough search, you should search CIS, CLAIMS and possibly PCQS to determine the subject's alien number or receipt number. If the requester did not provide enough information to conduct a thorough search, then you will have to ask the requester for more information.

We do not request "S" (substitute) or "W" (working) files unless instructed to by a supervisor/lead. After the creator has staffed for the appropriate files, the next and final step to case creation is to pend the case for the responsive records.

If the file is located at COW, with the Responsible Party Code (RPC) of RK, please insert a Discussion after you have created the case. The title of the Discussion should read "File is at RK." Send the case to Unit Chief. Send your supervisor an e-mail with the control number of the case and that the file is located at COW with an RPC of RK.

If you see an RPC of "ZW" in NFTS; that indicates the file is classified. Staff the file to the current FCO. If you see an RPC code ZW0004; that indicates the file is here at the NRC in the safe and you should staff: FOIA Safe.

If you pull a case that has a FOIA Safe staffing you should **NEVER** cancel the file request. Send the case to Pend.

12.1 Staffing by Alien Number

12.1.1 One A-number provided on the request (with example staffing)

If an A-number is provided on the request and CIS confirms that it belongs to the alien, ensure you have all the other required elements (DOB, COB, DOE, POE and parents' names) to complete the case create. If any of the required elements are missing, request the additional information when sending the Acknowledgment Letter. The section that follows is a systematic example of staffing by A-number when the requester has provided one.

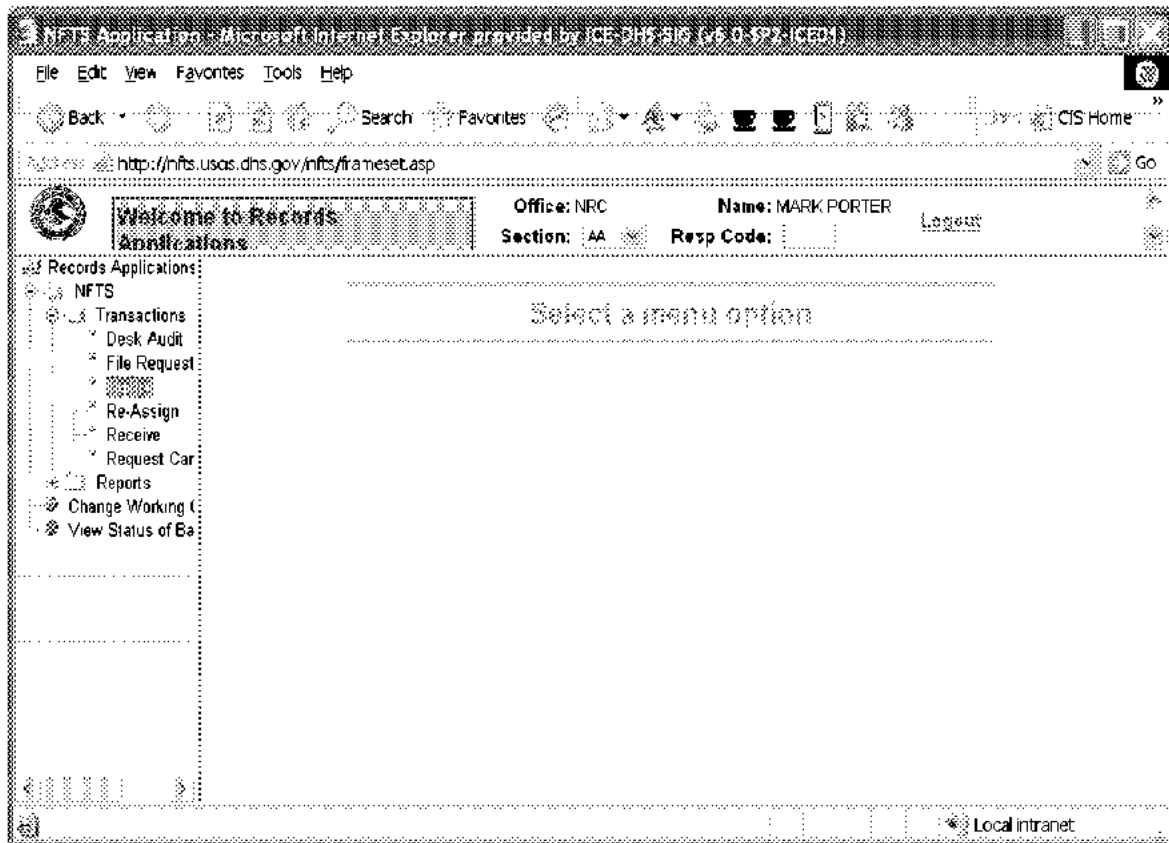

12.1.1.1 Open NFTS

12.1.1.2 Submit your location

The screenshot shows a web browser window titled "NFTS Login/Choose Location - Microsoft Internet Explorer, provided by ICE-DHS-SIG (v6.0.SP2-ICE01)". The address bar displays "http://nfts.uscis.dhs.gov/nfts/setuseroffice.asp". The main content area features a header "NFTS Login/Choose Location" and a central form titled "Select Office and Default Section". The form includes a "Select Office:" dropdown menu, a "Default Section:" dropdown menu set to "AA", and a "Default Resp. Party:" text input field. A "Submit" button is located at the bottom of the form. The status bar at the bottom of the browser window shows "Done" and "Local intranet".

12.1.1.3 Select "Inquiry"

12.1.1.4 Select “ALL Converted Offices” and enter “A” or a “+” then enter the A-number. Preferably, paste the copied number from CIS so you are sure you are asking for the correct file.

The screenshot shows a web browser window with the URL <http://nrc.uscis.dhs.gov/nrc/transaction.asp>. The page title is "Inquiry". The "Office" field is set to "NRC" and the "Name" field is set to "MARK PORTER". The "Section" and "Resp Code" fields are empty. The "Enter File Number" field is empty, and the "Search" button is visible. Below the search options, there are two checkboxes: "Search In ALL Converted Offices?" (checked) and "Search For Only Specified File Prefix?". The "Show Information entered on or after:" field is empty. The "Clear" and "Exit" buttons are visible. Below the search options, there is a table titled "General Inquiry For". The table has five columns: "File #", "Seq", "Office", "Status/Last Action", and "Location". The table is currently empty.

File #	Seq	Office	Status/Last Action	Location
--------	-----	--------	--------------------	----------

12.1.1.5 The search result provides several pieces of information. First, we can verify from CIS that the File Control Office (FCO) is Seattle. The Responsible Party Code (RPC) is DP0064, and it tells us that DP means Deportation. Do you see the four boxes above the “Exit” button? Those are “Rider,” “Consolidation,” “Retire,” and “In Transit.” If any one of those is “grayed out,” it means there is no information there. If one is “blued in,” it means there is information and we should look at it.

The screenshot shows a web browser window titled "NFTA Application - Microsoft Internet Explorer". The address bar shows "http://nfta.uscis.dhs.gov/nfta/frameset.asp". The page has a sidebar on the left with links like "NFTA", "Transactions", "Dist. Assist", "File Request", "Reports", "Change Working", and "View Status of E". The main content area has a search bar with "Office: NFTA", "Name: MARK PORTER", "Section: AA", and "Resp Code:". Below this is a "Search" button and a "Clear" button. The "General Inquiry For A07040000" section displays a table with the following data:

File #	Seq	Office	Status/Last Action	Location
A07040000	000	SEA	Status: RECORD IN USE Audit Date: 11/01/2009 01:34:01 PM Last Action: 11/01/2009 01:34:01 PM Batch Audit	Dept: DP - DEPORTATION Resp: OCA - PIA SHELF, TUGOVLA

12.1.1.6 “Blued in” information

- If “Retire” had been blued in, it would have been important. We would have used that inquiry screen to staff from the FRC.
- If “In Transit” had been blued in, it would have been important. We would have staffed to the receiving FCO.
- If “Consolidation” had been blued in, it would have been important. We would have checked to make sure our file is the “survivor” and not the consolidated file.
- “Rider” could be important to the case processor, but it has nothing to do with how we request this file.
- * Comments may be important because a File Control Office may not be able to change a file location to “LOST” in NFTS. When that happens, the records person at the FCO will notate in Comments that the file is lost. If that is the situation, please refer to the Lost File Flowchart in Appendix H of this guide.

12.1.1.7 The FOIA Operations Division Intranet Page

Now, an RPC beginning with “DP” is easy because NFTS shows right beside it that it means “Deportation.” Sometimes an RPC prefix can be important and it’s not obvious right away. If that’s the situation, we need to look at the FCO List, which also has the RPC Reference Guide.

Updated on 9/15/2011

12.1.1.8 The RPC Reference Guide says that no matter what the FCO is, if the RPC starts with DP, we staff to DRO. If you don't already know this, SAC, RAC, ASAC, DRO and OPLA are all ICE functions. That's important for staffing.

12.1.1.10 Figuring out a Staffing Scenario

The Guide confirms what we thought. If we staff to DRO, then we choose the FCO where the file is located. We're going to look for DRO-SEA. Note that the quickest way for me to find the information is by searching "DRO." I could have also gone to the table of contents and looked under Staffing Scenarios.

STAFFING SCENARIOS - ICE FILES

There are currently five different types of staffings for files located within the ICE function. The NETS screen print should be posted to the second page of the staffing letter.

OPLA – Staffing sheets are to be used for files that are located in the following office sections. Choose the FCO where the file is located, such as OPLA-BOS.

Office Section	Acronym
Trial Attorney's Office	TA
Chief Counsel	
Litigation	LI or LJ
Legal Section	LS
District Counsel	DC

– Staffing sheets are to be used for files that are located in the following office sections. Choose the FCO where the file is located, such as DRO-DEN.

Updated on 9/15/2011

12.1.1.15 Save changes and check it back in

After this, send the case to "Pend."

12.1.2 Two or more A-numbers

Multiple unconsolidated A-numbers - If the requester has provided more than one A-number, you must research CIS for each A-number to determine if they relate to the subject. If the subject has multiple A-numbers, you will create one case and do multiple staffings. When you are required to request two or more unconsolidated A-files, the individual file request must

include the words “**MULTIPLE STAFFINGS**” at the top of each sheet. Do not confuse this with the subject of the file having an “A” file and a “T” file. The alien numbers must refer to different unconsolidated A-files and relate to the subject of the request if you are to mark it “**MULTIPLE STAFFINGS.**”

Important note: If one of the files you are requesting is located at RAFACS/CIS, FRC or one of the Service Centers, request those alien numbers first. These locations produce the file faster than other offices. MSB will not know to pull the staffing letters for follow-up unless you noted “Multiple Staffing” on the sheet.

If the alien has multiple unconsolidated A-numbers and the files are both located at the NRC, please add them to the spreadsheet that Records Operations maintains at S:\Record_Ops\Files to Consolidate.xls. You are responsible for entering the alien numbers of the files that may possibly need consolidation. Records Operations will review the files and consolidate if necessary. If both files are not at NRC, do not add the information to the spreadsheet.

12.1.3 Consolidated A-numbers

If the alien has a consolidated A-number, then please enter only the lead (or surviving) A-number on the worksheet in FIPS and request that file. Consolidated A-numbers are reflected in CIS on the 9101 screen, under the section titled “Consolidated A-Nos”. The A-number listed first is the primary A-number; the other A-numbers listed below the primary have been consolidated into the primary number.

Note: please do not add consolidated A-numbers to the “files to consolidate” spreadsheet.

12.2 Border crossing card number

If the alien number provided by the requester is an 80,000,000 through 86,899,999 series number, it is a Border Crossing Card number. Even though you can research this number in CIS, there is no physical A-file associated with these types of numbers. You will need to research CIS and CLAIMS to see if there are any other A-files/receipt files associated with this alien.

Previously during the Case Create process, if a requester/subject provided a Border Crossing Card Number and all of the required PII (except an A-Number), we asked the requester/subject to provide additional information (Alien or receipt number, copies of documents from the service, etc...). We used this information to determine if the subject had an A-File. We would find the A-file only in very rare instances.

We no longer request additional information if the requester/subject provides all of the required PII (except an A-Number). Since Border Crossing Cards are strictly electronic records (no actual file), we will have the Border Crossing Card screen prints scanned into a RAFACS slot.

Use the Border Crossing Card Number provided; search and print CIS screens 9101, 9101-history (F8), 9222 and 9223. Open a RAFACS staffing slot. Make sure "Customize Letter" is selected. Prepare the screen prints for scanning into this slot as responsive records. Pend the case for responsive records. Please attach a "Scan As" sheet and mark it as "responsive records" with the screen prints to be scanned. The case will be sent to the processor after screen prints are scanned in. Create it as a Track 1 case.

Note: Alien numbers from 86,900,000 through 87,999,999 are not Border Crossing Card Numbers; they are general alien numbers and have corresponding A-files.

12.3 EAD numbers (100,000,000 through 149,999,999)

If the alien number provided by the requester is 100,000,000 through 149,999,999, it is an EAD (Employment Authorization Document) card number. There is no physical A-file associated with EAD numbers, even though they can be researched in CIS. You will have to research CLAIMS to locate the receipt number that corresponds with the EAD number, and then request that receipt number. Please refer to the section titled *Staffing Scenarios – Receipt Files* for additional information.

12.4 New alien numbers (300,300,000 through 300,322,501)

As of June 2009, the range of numbers 300,300,000 through 300,322,501 are being used as general A-file numbers.

12.5 Receipt numbers

Receipt numbers are comprised of the three-letter office code, followed by a 10-digit number. Receipt numbers are assigned to applications and petitions filed with the Service, such as Form I-765, Employment Authorization applications and Form I-130, Petition for Alien Relative. If the requester provides a receipt number on their request, log into CLAIMS and verify the information.

If the requester provides only a receipt number and it is for a Service Center we work, then we need to request the receipt file. Enter the receipt information into the Topic field. Make the first part of the description the receipt file number. Use the complete receipt number with no spaces or dashes.

Example of the correct way: EAC0812345678

An example of how **NOT** to do it: EAC-08-123-45678

If every case creator enters receipt information the same way, it is easier for the next case creator to identify duplicate or similar cases. The next case creator may base the search on “EAC081234567%,” and if the previous case creator entered dashes, the search will not identify the duplicate.

Do not request receipt files from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). For receipt files at HBG, use the NON-FOIA HBG file request. Do not request DIG T-files at HBG with RPC codes XX, XY, ZG, ZY, or ZZ. Refer to the Staffing Sheet Guide for the most current information.

12.6 Archives and Records Centers Information System (ARCIS)

ARCIS is a new system used by the Federal Records Center (FRC) to track the location of retired files. The accession data is now 27 digits long. NFTS will not accept the accession data because of the length. Instead, you will see the word “ARCIS” in the location field in NFTS.

When the case you are creating shows the file is located at FRC and you see the word “ARCIS” in the location field in NFTS, use the FRC file request and paste the retired screen from NFTS.

Not all files located at the FRC will have “ARCIS” in the location field. For those files, continue to staff using the FRC file request and paste the retired screen print.

12.7 Staffing Scenarios

12.7.1 Digitized files

If you are requesting an A-file that has been digitized please use the **RDF** file request. If the file has been digitized, the current FCO does not matter; you would still use the RDF file request.

How do I tell if it is a digitized file?

NFTS will show the “Location” of the file as either **RDF** or **NRC**. If the file location is NRC, you will see a banner stating “**DIGITIZED ON**” The screen print below is a sample of the NFTS screen.

The temptation may be to staff RAFACS/CIS because the file shows available in records at NRC. Do not do that. If it shows “**DIGITIZED,**” then staff to RDF. Also include any T files you find in the General Inquiry screen.

The screenshot shows the 'General Inquiry For A/c' screen. At the top, there are fields for 'File #', 'Date', and 'Status'. Below this is a table with columns: 'File #', 'Date', 'Status', 'Description', 'Action', and 'Location'. The table contains one row with the following data: 'File #', 'Date', 'Status', 'Description', 'Action', and 'Location'. Below the table, there are fields for 'File #', 'Date', and 'Status'.

Paste in the “General Inquiry” information on the RDF staffing the same as you would on a RAFACS/CIS staffing. Delete the status/action item column, but **DO NOT** delete any T-files. MSB will know the file is digitized because you have staffed using an RDF file request. This also applies to Retired files that have been digitized. Do not use the retired screen on Retired digitized files. An example has been provided below.

A lost file in CIS will appear in the CIS-9504 screen as “N (Not Found)” in the section titled “FILE LOCATED IND:”

If the “Last Action” is more than nine months ago, move to the next section of this guide, Files lost or not found MORE THAN NINE MONTHS.

12.7.3 Files Lost or Not Found **MORE THAN NINE MONTHS**

(Please note: this is NOT the procedure for a request for alien number only or for petitions destroyed in accordance with federal paperwork retention guidelines.)

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

12.7.3.1 If the A-file is lost but other records exist (such as receipt files we would normally request or other a-files), please go to paragraph 12.7.3.9 now. *Otherwise*,

- a. **if** the file has been marked as lost for more than nine months
- b. **and** there is no recent activity in CLAIMS (within last 2 years) or PCQS,
- c. **and** there are no additional files, then: a FOIA/PA Assistant working in Records Locator queue should put in the following Discussion: **A-file has been lost for more than 9 months and no other records exist. Closing as UT.** Detail all systems searched as part of this Discussion.

12.7.3.2 Complete the attached Lost File Worksheet (and send it for scanning as CSD with any screen prints you do.)

12.7.3.3 If the file was not staffed to OPLA, please move to step four now. *Otherwise*, if the file was staffed to OPLA, look at NFTS history. If the NRC file request was cancelled and the file indicator was subsequently changed to "Lost File," create a Discussion with the subject "Unit Chief" listing the date the file was staffed, the date the request was cancelled, and the date the file status was changed to lost. Send the case to Unit Chief. You're done.

12.7.3.4 If there is no CIS screen referencing "EARM" "DACS" or "NAILS," please move to the next step now. *Otherwise*, if there is a 9101 screen containing "EARM-X" "DACS-X" or "NAIL-X," or if there are CLAIMS screens showing "NAIL: Y" or "NAIL: N," go to the next step.

12.7.3.5 Create a Final Action Letter and select the status UT. In the final action letter, after the sentence "You may, if you wish, resubmit at a later date," please add the following sentence: "As we were unable to locate a physical file, we are including screen prints of the electronic record." Go to the next step.

12.7.3.6 In the UT final action letter, attach the screen prints to the letter electronically (cut and paste). Do not make any redactions to the screen prints. Save and close the letter and send to Up-front Approver. You're done, *unless* the case is later returned to you for further research.

12.7.3.7 The Up-front Approver will review the UT letter with the inserted screen prints. If he or she is satisfied that a thorough search was conducted, the approver will forward the case to FOIA Approver. If the approver is not satisfied with the search results, he or she will return it to you for further research.

12.7.3.8 The FOIA Approver will review the research and either close the case or return it for further action. If the case is approved, the FOIA Approver will close the case.

12.7.3.9 **If the A-file is lost but other records exist** (such as receipt files we would normally request or other a-files, including T-Files, wherever they may be, including NRC) Request the additional records. Put in a Discussion that reads:

A-file number XXXXXXXXXX is currently showing as lost. Staffed for the following additional files: XXXXXXXX, XXXXXXXX, XXXXXXXX. Once they are received, please review. Please also verify that the original a-file is still lost. If the original a-file has been consolidated in fact but not in the systems, please process and send your case to approver. Also send an e-mail to the MSB for resolution. Include both a-numbers. If no documents exist from the original a-file, please process what is available. Advise the requester that the original a-file is lost. Your case will close as a PD even if no redactions are made. Thank you.

12.7.3.10 Cancel the lost file staffing and pend for responsive records.

NOTES:

12.7.4 Staffing FAQ's

Q: What screen print do I attach?

A: The screen prints attached are typically a NFTS screen. In some situations, there is no screen print attached at all. See the Staffing Sheet Guide for current information.

Q: Which file request do I use?

A: Each office has its own file request in FIPS. The Staffing Sheet Guide details which sheet to use in specific circumstances.

Q: What if they have two alien files with two different numbers?

A: In cases like this, we request each alien file on a separate file request and write MULTIPLE STAFFINGS at the top of each sheet.

12.7.5 Records Indexing / Manual Requests

If you do not find a person in CIS, CLAIMS or PCQS, do not automatically print the screens and close the case NR. In some instances, the A-number exists but it will not be found in any systems search. This is especially true of individuals who had no business with the Service after the date CIS was put in use. A general rule which applies most of the time is the subject had no business concerning any immigration matter since 1975 or earlier. Look at the information in the request. For instance, if an individual claims to have arrived in the United States in 1960 and naturalized in 1971, it is important not to close the case NR. In these instances, staff the request using a "Records Indexing" staffing so that a manual search can be conducted. It is important that you provide as much information as possible on the Records Indexing file request. The name of the subject, year of birth and country of birth are required information.

Sometimes the requester/subject will provide an A-number and the file cannot be located in NFTS or CIS, but they claim to have done business with the service after 1975. Ensure requesters provide the minimum information to allow a positive identification (i.e., full name, aliases, an alien number, date and country of birth). If the requested records relate to:

- A-Files;
- Dates of birth;
- Dates of entry; or

- Naturalization dates

which are after 1975, do not create a Records Indexing file request, because no records will exist; check CIS and/or CLAIMS for a record. If you find no record, please refer to the section on NO RECORDS.

TO RECAP: If the subject has had no business with the service since 1975 or earlier, they may or may not have a CIS record. If they do not, then staff to records indexing. If the subject has had business from 1976 forward, do not staff to records indexing.

12.7.6 No Record:

When closing a case as a NR (No Record), ensure that you have done the required system searches to support your decision. If there is wording on the request that would indicate the subject was detained, stopped, arrested or sent back across the border and a thorough system search yielded no information, you should refer the request to CBP. CBP will possibly have a record responsive to their request. Your search should include CIS, CLAIMS and PCQS. Consult the sections of this manual entitled “Central Index System” and “Computer Linked Application Information Management System” for more information regarding the systems.

When conducting no record research, check the following screens in CIS (Central Index System):

9103 Exact Name
9104 AKA (Alias) Name
9102 Sounds-Like Name

When conducting a search in CLAIMS (Computer Linked Application Information Management System) run alien's name as the beneficiary/applicant (3) **AND** as petitioner (6).

When conducting “no record” research, do the query and provide screen prints of all searches as directed. Print the appropriate CLAIMS screen prints (this should be no less than six pages and may be lengthier if subject has provided multiple names or multiple alias names). Prepare a “Scan As” sheet to be scanned as case supporting documents for the case number you have just created, attach it to the screen prints and take those to the OA room for scanning as CSD and prepare a Final Action Letter with closing code NR. Insert a Discussion outlining the systems you searched and stating that you have sent the documentation to OA for scanning as CSD. Send to Up-front Approver.

Genealogy is exempt from this process.

12.7.7 A-number in CIS but not in NFTS

If there is an A-number in CIS but no information in NFTS, create a file request according to the Staffing Sheet Guide and FCO List, and paste in the 9504 screen of the CIS record rather than the NFTS information. Otherwise, the procedure is the same.

12.7.8 ICE files

There are currently five different types of staffings for files located within the ICE function. Paste the NFTS screen print to the second page of the staffing letter.

OPLA file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as OPLA-BOS.

<u>Office Section</u>	<u>Acronym</u>
Trial Attorney's Office	TA
Chief Counsel	
Litigation	LI or LIT
Legal Section	LS
District Counsel	DC

DRO file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as DRO-DEN.

<u>Office Section</u>	<u>Acronym</u>
Detention & Removal	DENTENT, D&R, DET, DRO, DD&P
Criminal Alien Program	CAP
Deportation Officer/Assistant/Clerk	DO, SDDO
Bond Control Spec.	
Immigration Enforcement	IEA
Field District Office	FOI (Washington DC) (DRO-WAS)
Admin Program Office	
Non-Detained or Detained	
Processing Center	OC-Otero County
Detention Facility name	ie... Otay Mesa, Krome
Fugitive Ops	FO

SAC file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as SAC-ATL. Please note the section that follows concerning SAC locations.

<u>Office Section</u>	<u>Acronym</u>
Investigations	INV, IV
Special Agent in Charge	SAC
Internal Audit	IA
Resident Agent in Charge	RAC
Assistant Special Agent in Charge	ASAC

12.7.9 SAC locations

Occasionally, you will see a requesting a SAC (Special Agent in Charge) case, and not be able to find the File Control Office under SAC in your FIPS staffing list (ex. POO/Portland, Oregon). How do you staff correctly for the file? Would you use the “ICE General” staffing?

Yes, you do, but only as a last resort. Before staffing under ICE General, please check under RAC (Resident Alien in Charge) and ASAC, in consecutive order to find the staffing location. Since you cannot find Portland under SAC, you would next check RAC, and then ASAC (Portland is found under ASAC). Finally, if you cannot find the location after searching SAC, RAC and ASAC, please staff under ICE General.

12.7.10 LESC (LSC) records

On all of these file requests, you must attach the NFTS screen print to page two.

12.7.11 T-files

Q. What if the subject has an A-file at one office other than NRC and a T-file at a different office other than NRC (for example, an A-file in Chicago and a T-file in Milwaukee)?

A: In this case, we will request both files, EXCEPT, do not request T-files at HBG with RPC codes XX or ZG.

Q: What if they have an A-file at an outside office and a T-file here at the NRC?

A: Request the A-file only, but include the T-file portion on the file request. The T-file will get combined with the A-file when it arrives at the facility for scanning. **NEVER CROP THE T-FILE INFORMATION FROM THE NFTS SCREEN PRINT.**

The exception to this rule – We do not receive A-files from ESC, SSC, NSC, WSC or RDF for scanning. Those offices either scan directly into FIPS for us or we export the A-file from EDMS. Therefore, if the A-file is at one of the above service centers and there

is a T-file anywhere else, including at the NRC, you will have to staff for the T-file. MSC is the only service center that sends the A-file to the NRC for scanning. Another example of when we staff for an in-house T-file is when the responsive records are scanned in simultaneously with the request.

12.7.12 Receipt files

- (b)(6) **12.7.12.1** Do not request receipt files from any offices other than one of the five Service Centers (**ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN**). For example, [REDACTED] etc., are not receipt files we can request.

12.7.12.2 If the requester does not specifically ask for a receipt file and provides an alien number, request the alien file only.

12.7.12.3 If the requester does not provide any receipt number or alien number, then you must research CIS, CLAIMS and PCQS.

Be cautious about requesting receipt files that are for EAD cards only. There should be another application/petition filed in conjunction with this EAD card. If the only receipt numbers you can find is for an EAD card, and they are within the seven-year retention time, then yes, you will request the EAD card.

If they provide a receipt number, you must research CLAIMS, PCQS and NFTS thoroughly. Ensure the receipt file has not been consolidated into a T-file or into an A-file. Please request the A-file or T-file if the receipt file has been consolidated. Check CLAIMS to be sure that the Service did not reject the receipt. Receipts that are shown as rejected in CLAIMS are returned to the submitter by the Service Center. Print the CLAIMS screen(s) that shows the receipt was rejected by the service. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

If there is no location information in NFTS, and if NVC does not have the receipt, but there is a record in PCQS, print any PCQS screen(s) concerning the petition. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

12.7.12.4 As a matter of last resort, if there is neither information about the receipt file in NFTS nor PCQS and you have called National Visa Center and determined NVC does not have the receipt, you should staff to the owner of the receipt file and paste in the CLAIMS screen. This information can be located on the CLAIMS inquiry screen upper right hand corner. The CLAIMS screen will show “owned by.”

12.7.13 Archived receipts

If we receive a request for a receipt file and the receipt file has been archived per CLAIMS, create the case as usual. To determine whether we need to request the archived receipt file or redirect the request please do one or all of the following as necessary:

1. Enter the receipt number in NFTS. There may be evidence that the receipt file has been consolidated into an A-file or there may be evidence that the receipt file has been forwarded to the NVC in which case you would redirect the request to NVC. Sometimes, you can discover that an archived receipt has been forwarded to NVC through PCQS.
2. On the USCIS website enter the receipt number in the “Check Case Status.” Checking the receipt number on the website may provide

evidence that the receipt file has been forwarded to the NVC in which case you would redirect the request to NVC.

3. You may call the NVC automated help line at **603-334-0700** and enter the receipt number. There may be evidence that the receipt file has been forwarded to the NVC in which case you would redirect the request to NVC.
4. If there is no evidence that the archived receipt file has been forwarded to NVC we will create a file request using RAFACS (not RAFACS/CIS). Find the information from the archived receipt in PCQS and print that information. Prepare a "Scan As" sheet to be scanned as responsive records for the case number you have just created, attach it to the screen prints and take those to the person designated to scan RAFACS-only responsive records. Pend the case.
5. If there is no evidence in PCQS, follow the instructions for *Receipt files; Lost receipt file, File destroyed or File cannot locate.*

Reading the request is very important; if the requester is seeking information relating to what appears to be a receipt number and it begins with "CDJ" or one of the other prefixes found in the section National Visa Center Valid Consulate Prefix Codes, call the NVC help line at **603-334-0700** and enter the receipt number. If there is evidence that the NVC has the receipt file, redirect the request to NVC.

To redirect a request to NVC do the following: Click Final Action Letter and choose the code "RD" and select "NVC". Send the case to Up-front Approver.

12.7.14 Receipt files; Lost receipt file, File destroyed or File cannot locate

If a staffing response from one of the service centers (ESC, SSC, NSC or WSC) has been scanned and a screen print from CLAIMS is shown on the staffing response with any of the following verbiage; "FILE CANNOT LOCATE", "FILE DESTROYED", or "LOST RECEIPT FILE", the case creator will need to follow the steps outlined below.

Open a RAFACS (*not* RAFACS/CIS) staffing slot only. The default selection for the letter is "Customize Letter." Be sure that option is selected. Print the appropriate CLAIMS screen prints (should be a minimum of 3 pages if the receipt file is for an I-130). Print the staffing letter, attach it to the screen prints and take to person designated to scan RAFACS-only responsive records. Pend the case.

13. REASSIGN OFFICE

This function is used to move a case that was scanned in the NRC queue to another queue for processing.

Re-assign the case if the request is for a contract (CNT).

Re-assign the case if the request is for CIS Personnel Information (HQS).

Re-assign any SIG case to COW.

First you must select the correct office. Use the drop-down box to select the office where you want the case to go, search for duplicate cases, and then create the case:

You will not be creating an acknowledgement letter or staffing. Before you click on "Reassign Office," prepare an e-mail addressed to NRC, FOIASIG with the case number and brief description of the topic, requester or reason you assigned the case to SIG.

14. CLOSING A CASE AS “NA:FOIA or PA not applicable:”

Sometimes a requester will file a FOIA request asking for the return of original documents, the status of a petition, or a question, not asking for records. If FOIA/PA does not apply to the request, you would create a Final Action Letter and select the closing code “NA: FOIA or PA not applicable.” You will have to select a Non-FOIA Operational Unit. Choose “NRC-Director.” Note: if the request for return of original documents is on Form G-884 which was inadvertently scanned in as a request, you will be closing the case “ER.” Please refer to REQUESTS: Return of original documents.

The screenshot shows a software interface with two main sections. The top section is titled 'Final Action Letter' and contains a list of codes: DP: Duplicate, ER: Created in Error, FC: Requester's failure to comply, FI: Requester's failure to ID records, NA: Not applicable - certified copy, NR: Non-possession of records, OR: Old records, RD: Redirected to another agency, RF: Referred to a DHS Component, UT: Unable to locate records, and WD: Request withdrawn. The 'NA' option is highlighted. To the right is the 'Final Action Dependent Options' section, which includes 'Records needed' with checkboxes for 'Insert Clerk of Courts/National Archives paragraph' and 'Insert women married to U.S. citizens paragraph'. Below this is the 'Non-FOIA Operational Units' section, which lists several units: NRC, NRC-FOIA, NRC-PA, NRC-PA/PA UNIT, and WCF. The 'NRC-FOIA' unit is highlighted. At the bottom of the form are three buttons: 'Submit', 'Reset', and 'Cancel'.

You do not have to modify the referral letter. You will have to select the applicable box in the Final Action Letter and possibly add other instruction, if necessary. Send the case to Up-front Approver.

15. ER (created in error) CASE CLOSINGS

Prepare a Final Action Letter using the “ER” option for cases when the following situations arise:

1. When a G-884 Return of Original Documents is scanned in FIPS.
2. When a routine use/child support request has been scanned in FIPS.
3. When subpoenas/court orders have been scanned in FIPS.
4. When a Bond Obligor request has been scanned in FIPS.
5. Requests from Foreign Consulates (no letter required)

FIPS will not create a letter. Prepare a detailed Discussion. Send the case to Up-front Approver. The supervisor will review and close the case.

16. FC (failure to comply) CASE CLOSINGS

If you are closing a case FC because of consent, verification of identity or failure to reasonably describe the record they are seeking, please refer to

O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters\Failure to Comply Letter and select the applicable paragraph for your final action letter. Please enter the date of the last correspondence to the requester/subject.

17. MARKING A DOCUMENT “DO NOT SEND”

From time to time, there will be an instance when we should not mail a system-generated letter. Examples include instances where a status letter is created in error, or a referral memo is erroneously created. To ensure that the letter or memorandum is not inadvertently mailed, please take the following steps:

1. Type “DO NOT SEND” at the top of the page,
2. Delete all the information in the letter/memorandum, and
3. Create a Discussion which explains why the letter/memo should not be mailed.

Accomplishing the steps above will make it easier for the O/A room to identify letters created in error.

18. ACKNOWLEDGEMENT LETTERS

We prepare acknowledgement letters in all cases **except** for routine use and Red Cross last known address requests. The example in this guide shows how to do a standard acknowledgement letter if we have verified consent and identity, the requester has not asked for expedited treatment or a fee waiver, and we have found a responsive record. As you go through this example, please keep in mind that there are many factors which would require you to prepare the acknowledgement letter differently.

19. DISCUSSIONS

Discussion notes are crucial to creating and processing a case. When creators are establishing the case in FIPS, they should note any unusual circumstances or details in a Discussion for later reference. FIPS also automatically generates Discussions in various situations, such as duplicate,

multiples and when responsive records are copied from one case to another. Because Discussions become a permanent part of the case in FIPS, you should not use Discussions to record personal feelings or to debate, question, or even to seek clarification. A FOIA/PA Assistant should discuss issues needing clarification via e-mail, a telephone call or a personal visit to his or her supervisor.

20. CHANGING A REQ TO A CSD

(Note: this article pertains to people who work in the Research Queue)

Occasionally requester documents, certificates of identity, status requests and other correspondence will inadvertently get scanned into FIPS as a new request. If you encounter these types of documents in FIPS as REQ's, please attempt to locate the case to which the documents belong. After you locate the case in FIPS, make a note of the control number. Create a Discussion asking Research to add the request as CSD to the appropriate case. Next, go back to the worksheet in FIPS and Send to Research.

A person working the Research queue will assign the request to CSD as follows:

21. TROUBLESHOOTING WORK *FROM* THE OA ROOM

The FOIA/PA Assistants assigned to the mail are responsible for picking up faxes and mail (in the black bins marked Troubleshooter) from the OA room and in the basket located next to the copier in shared workroom each day and are responsible for sorting and working the mail. Individual team members expecting a fax should notify his or her supervisor or retrieve the fax. If the case has been created, insert a Discussion (Scan in fax and notify [me] when the fax has been scanned). If the fax needs to be scanned in before reviewing, the FOIA/PA Assistants can scan it in and notify you. They may also deliver the fax or mail if needed.

22. TROUBLESHOOTING WORK *TO* THE OA ROOM

When new requests are taken to the OA room, place them in the “New Request” bin on the counter.

When taking requester documentation, CSD’s, responsive records or certifications of identity to the OA room, write “Requester Docs” or “CSD” on the first page, along with the date and your initials.

23. FOIA MAILBOXES:

FOIA has access to various e-mail mailboxes that serve different purposes. The paragraphs below describe these mailboxes and their purposes. E-mails to any of the FOIA mailboxes must contain specific instructions.

23.1 THE OA ROOM (NRC, FOIAOA)

Send e-mails to the OA Room when:

- The request letter and supporting docs need to be printed and scanned in as a new case. Include instructions to the case creator, if necessary.
- The original Final Action Letter and responsive records were mailed but the requester never received them. The OA room will reprint the records to CD or paper and re-mail per instructions provided in the e-mail. The instructions must include the control number and whether to print CD or paper, as well as how the case was closed "G1 or PD." Include a Discussion in the original case.
- The responsive records need to be re-printed to CD due to the requester receiving a broken CD.
- The requester has either has a changed or new address; therefore, the records need to be re-printed and re-mailed to the requester. You need to state in your instructions to the OA room that you've made the changes to the address in the final action letter. Correct the address on the final action letter and the FIPS database. State that you've changed the address in a Discussion.

Don't forget to add a Discussion to the original case.

23.2 MSB (NRC, NRCFOIAMS)

Send e-mails to the MSB mailbox when:

- An appeal is encountered in case create that was not previously addressed.
- An expedited treatment is encountered in case create or Records Locator queue that was not previously addressed. Personnel handling the MSB mailbox will forward the e-mail to the supervisor(s) handling the expedited treatment.

All e-mails to the MSB mailbox should contain the control number, the A-number or subject of the case, and specific instructions relating to the case.

23.3 FIPS PROBLEM (NRC, FIPSPROBLEM)

Send e-mails to the FIPS Problem mailbox:

- If errors are encountered in the case

- If responsive records need to be copied from one case to another
- If records are incorrectly scanned in a case and need to be removed

All e-mails to FIPS Problem mailbox must contain specific instructions, including a description of the problem and the role of the case; standalone, create, locator or processing and the control number or REQ number if you were creating the case.

23.4 FOIA FILE REQUEST (NRC, FOIAFILEREQ)

Send e-mails to FOIA File Request if you discover A file sitting on a shelf and it has not been scanned in to the case. Include the control number and the A-number in these e-mails.

24. E-MAIL TO CUSTOMERS

If necessary, send a message to the USCIS mailbox outlining what needs to be sent. The MSB supervisor will generate the e-mail to the requester and transmit. Include all information in the e-mail that the MSB supervisor will need in order to be able to send the e-mail. Put a Discussion in FIPS outlining your request to MSB. If you are asking for more information from the requester, create a slot in the case in FIPS to ensure that the case will close out automatically if no response is received from the requester.

25. MAIL

The FOIA Division receives two types of mail: Returned Mail and Direct Mail.

25.1 RETURNED MAIL:

25.1.1 *Interim Interest Letters*

Returned Interim Interest Letters are scanned as Requester Docs.

Except for Interim Interest Letters, all returned envelopes and letters are scanned as CSD's.

Do not use forwarding addresses provided by US Postal Service.

OA's will note each case with action taken for each piece of returned mail. Notes are to be complete and concise. They should include the reason the letter was returned, action taken, and the OA's name.

Note: Not all letters are acknowledgment letters. The returned correspondence could be a status letter or request for additional information. Before letters are updated with the correct address, confirm the correct letter is being updated. The Discussion should include the type of letter being corrected and resent.

25.1.2 Acknowledgement letters

Compare address on acknowledgement letter to address on the G-639, G-28 and returned address on the original envelope.

A. If there is a transcription error in the address:

1. Correct the address in the address section of the FIPS worksheet and click on the "U" to update FIPS.
2. Correct the acknowledgement letter and resend letter.
3. Write the ID of the case creator on the returned letter and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.
4. Note the case. Example of the Discussion:

Title of Discussion: **Returned Mail – no such number**

Body of Discussion: Address on letter did not match G639. Street address should be 1003 Market Street, not 103 Market Street. Updated FIPS and ack letter and resent letter. Name.

5. Returned acknowledgement letters with a requester document need to be repended for additional time. **Give the letter to the OA supervisor to repend.**

B. If the address on the acknowledgement letter matches the address on the G-639, G-28 and/or return address on original envelope:

1. Note the case. Example of the Discussion:

Title of Discussion: **Returned Mail – no forwarding address**

Body of Discussion: Address matches G-639. No other address found. Did not resend ack letter.

2. Give acknowledgement letter to OA Supervisor to Close.

25.1.3 Final Action Letters

Compare address on final action letter to address on the G-639, G-28 and returned address on original envelope. Check all CSDs for a new address.

- A. If address matches G-639 and/or G-28 and no other address is found, note case with the reason the letter and responsive records were returned. Discussion should include “no other address found; did not resend final action letter” and OA’s name. **Scan envelope and front page of letter as CSD.**

Shred the letter and responsive records.

- B. If another address is found in the CSDs:

1. Update FIPS and final action letter, reprint letter, and label and resend. **Scan original letter and envelope as CSD.**
2. Write the ID of the **case processor** on the returned letter and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.

25.1.4 CDs

- A. CDs Returned for postage.

Make a copy of the CD and re-mail. Attach the copy of the CD to the original CD mailer and give to the OA Supervisor. Note the case with the following Discussion.

Title of Discussion: CD Returned for Additional Postage

Body of Discussion: Re-mailed CD, date and name

- B. CDs Returned due to Incorrect Address.

Compare address on final action letter to address on the G-639, G-28 and return address on original envelope. Check all CSD’s for a new address.

1. If address matches G-639 and/or G-28 and no other address is found, note case with the reason the CD was returned. Discussion should include “no other address found; did not resend CD” and OA’s name.

Shred the CD.

2. If another address is found in the CSD’s:

- a. Make a copy of the CD and returned envelope.
- b. Update FIPS and reprint a new label. (Do not update letter in FIPS). Put the new label on the outside of the CD Mailer (not directly on the CD).
- c. Write the ID of the **case processor** on the copy of the returned CD and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.

25.2 DIRECT MAIL:

This is mail sent directly to NRC from requesters, subjects, attorneys, etc. The content of direct mail is varied and usually requires some type of action. Direct mail could consist of, but not limited to, any of the following:

- Change of Address (see Request for Change of Address)
- Status Request (see Status Letters)
- Withdrawal of Request (see Withdrawal of FOIA/PA Request)
- A request to change the scope of a FOIA request. The action required to change the scope of a request could involve changing the track of the case; depending upon the type of information/documents requested.
- Correspondence about delinquent payments (including checks)
- Responses to Track 3 denial or Expedited Treatment denial
- Responses to requests for additional information
- Requester asks for their record on paper: scan in as a case supporting document (CSD)

We may respond to direct mail in writing or by phone, and some mail requires no response.

Please create a Discussion describing the problem and how it was corrected. FOIA/PA Assistants assigned to handle mail should initial, date, and write what kind of document (such as CSD or REQ DOCS) on the top page and staple the pages together after scanning. Case creators may deliver the fax or mail with CSD's to the OA room for scanning.

Mail or faxes regarding delinquent payments, payments made or checks received is pulled prior to distributing to the Team. If any of these types of documents are inadvertently left in with the mail, please give them to the Team supervisor.

25.2.1 Mail concerning Track 3 or expedited treatment

If we receive additional correspondence via e-mail, mail or fax relating to an existing case, asking for expedited processing or processing as Track 3; forward the correspondence to the MSB supervisor. A supervisor must review the correspondence and make a determination. We must address within 10 days in writing our response to the expedited or Track 3 processing request, whether we grant or deny. FOIA/PA Assistants assigned to mail will place the mail in the Track 3 or Expedited Review bin.

Insert a Discussion titled "Expedited Treatment Request" or "Track 3 Request." In the text of the Discussion type whether it was denied or approved and the sequence number of the status letter. Scan the additional correspondence in as a CSD.

If the requester responds to our denial of expedited treatment or Track 3 processing, the procedure is essentially the same: forward it to the MSB supervisor, who will make the determination.

If a FOIA/PA Assistant working in Records Locator queue discovers correspondence relating to expedited processing or Track 3 scanned in but has not been addressed by a supervisor; the Assistant should insert a Discussion and send the case to Admin or Unit Chief. Send an e-mail to the supervisor handling the expedited requests and include the control number of the case.

25.2.2 Requester documentation / additional information

This consists of documents or more information that we have asked the requester/subject to provide. When the information is received it is scanned into the requester documentation slot. Use the additional information provided to continue creating the case. If the requester/subject did not provide the alien number, use the information provided to search CIS (9102, 9103 or 9106) and CLAIMS to locate any responsive records, or receipt files. If you cannot locate any records relating to your person, close the case as NR. Copy screen-prints of your searches for scanning in as CSD. (FYI CSD's can be scanned in after a case is closed).

We do not re-open cases that close as FC because the requester failed to reply within the time allotted - unless it is our fault. An example of our fault would be they sent back the requester docs and the envelope was postmarked before the deadline. It doesn't matter if they are one day late returning the requested information. The Team will send the

requester a letter advising them that their case has been closed as a FC. If the requester still has an interest in receiving the information, he or she will need to submit a new FOIA request. This includes cases closed within the same month. We are handling these FC requests the same for everyone so nobody is getting unfair treatment. However, if you receive a call asking for more time to return the requester docs, and before the case closes, you may repend. A template FC letter is located at: O:\Foia\FOIA LIBRARY\Case Create References\Template Letters\FC Letter.

25.2.3 Request for change of address

If you receive a Form AR-11 or other correspondence from an alien wanting to submit a change of address, forward the original letter and enclosures to the following address:

U.S. Department of Homeland Security
Bureau of Citizenship and Immigration
Change of Address
PO Box 7134
London, KY 40742-7134

For commercial overnight or fast freight services only:

U.S. Department of Homeland Security
Bureau of Citizenship and Immigration
Change of Address
1084-I South Laurel Road
London, KY 40744

25.2.4 Status letters

The public has the ability to check online the status of their FOIA request(s) with NRC at (www.uscis.gov).

From www.uscis.gov, find the link near the bottom of the left column under "Other Services" marked "[FOIA Request Status Check](#)." Click there to navigate to the online status check page.

The on line status check will indicate whether the request is still pending, or whether the case has been processed or closed within the last six months.

If the request is still pending, the online status check will indicate the position of the request relative to all pending USCIS requests in the same processing track. It also provides the date the request was received.

If the request was processed or closed within the last six months the requester will be given the date the request was closed. The system does not discern how the request was closed i.e. DP, GI, PD etc., however it does address cases closed for Failure to Comply.

If the control number entered is not recognized, the requester will be advised the number entered is invalid or the case was processed more than six months ago.

The previous method of providing a status letter did not give the requester accurate information. In order to better serve our customers Teams should paste in the online FOIA Request Status Check every time a status is requested.

If you need to generate a status letter due to correspondence via mail, e-mail or fax, please run the control number with the online FOIA Request Status Check. You should not provide status to the requester using the "Q" button. Change the information on the letter that shows the status of the case, replacing it with the results from the online status check before you close and save. Use the latest Status Letter from O:\Foia\FOIA LIBRARY\Case Create References\Case Create Template Letters, since the letter in FIPS may not be the current version. This ensures that the requester will receive accurate information.

Please print the online status check and send it to be scanned in as a CSD to support the status letter.

25.2.5 Withdrawal of a FOIA/PA request

A requester must send us a document to withdraw a pending request. Upon receipt of a written request to withdraw a FOIA, please have the request scanned into the case as CSD. Make sure that the WD letter has been scanned in before you close the case. Ask your supervisor to send the case to you in Records Locator queue. Add a Discussion indicating that the request was withdrawn per the documents found in CSD.

25.2.6 Mail received in a foreign language

If we receive mail written in a foreign language and you cannot determine whether it is a FOIA request, forward the mail to a supervisor. The supervisor will forward the documentation to MSB, who will then return the translated mail.

26. BLANK TAPES/CD's

If you receive a blank VHS tape, cassette or CD with a FOIA/PA Request, return it to the requester.

27. VIDEO REPRODUCTION

As responsive records are scanned into FIPS, when the scanner encounters any type of media, they forward the alien file to MSB when their scanning is complete. The MSB staff assigned to audio/video reproduction will copy the media and insert a Discussion that it is complete. Once the case is processed, the processor will send an e-mail to the MSB mailbox with the case number and the page(s) number where the media can be located. MSB will pull the media and process/make any necessary redactions. The media will be mailed to the requester separately.

28. CONGRESSIONAL REQUESTS AND APPEALS

a. Congressional requests. True congressional requests are requests from a congressman or senator for information which usually does not relate to an alien file or receipt file. Most FOIA/PA requests with congressional correspondence should be handled under paragraph b. below. If you feel that you have a true congressional request or appeal, control the case, put the case in Unit Chief and e-mail your supervisor the control number. A supervisor will either send the case to SIG or return the case to you for staffing.

b. Congressional requests on behalf of a constituent: These are requests that have some kind of congressional correspondence included with the request from the subject. These cases should be created in the same manner as any other FOIA or PA request. Please use the subject's name as the requestor, mark "self" in the source block, create the acknowledgment letter and go out for verification of identity or consent as needed. Insert a case note, and e-mail Vicki Ohrnell the control number.

29. INCORRECT PAGE COUNTS:

The OA room will give final action letters with responsive records to the Team supervisors if the page count in the letter differs from the amount of pages printed. The supervisors will distribute to Team members to correct the page counts.

1. Using FIPS Standalone, go into the case that corresponds to the final action letter (NRC2010____). After the case is opened, determine the corrective action needed by comparing the responsive records in the case to the printed responsive records.
2. Correct the final action letter and reprint the letter.
3. Attach the reprinted final action letter to the responsive records.
4. Take the reprinted final action letter with the responsive records to the OA room to be mailed out.
5. Write the User ID Number of the person who created the final action letter in the upper right corner of the incorrect letter, and notate on the letter the corrections that you made. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.
6. Stack the incorrect final action letters in a separate pile. Write "ERRORS" on a post-it note and stick the post-it note to the top page to identify these as the incorrect letters.
7. Give the incorrect letters to the Team supervisors. The supervisors will give the incorrect final action letters to a FOIA supervisor daily for distribution and review.

30. ALIEN'S STATUS VERIFICATION LETTERS:

The National Records Center no longer issues certified Status Verification Letters to aliens. These letters were usually issued to individuals who had lost their Naturalization Certificates and needed verification of their status to apply for a passport or old age pension benefits in another country. If you get a request for certified Status Verification Letters, refer these individuals to USCIS.GOV to make an INFOPASS appointment.

31. INQUIRY FOR FILE REVIEW:

If you receive an e-mail regarding an inquiry for a file review, and the request is not in regard to a FOIA request, do not call the person or forward the e-mail to another NRC Division. Forward the e-mail to a Supervisor.

32. RECORDS LOCATOR QUEUE

Cases assigned to Records Locator queue will require some kind of action. Some of the most common reasons are:

- The staffing has to be re-pended
- Additional PII or consent is needed
- Requester docs have been received
- Requester writes to request the record on paper
- The wrong records were scanned into the case
- We need to send an interim interest letter to an incarcerated individual
- The file is lost
- We got a response of not found or consolidated from a service center.

It is important to read all Discussions as well as insert Discussions as necessary. Listed below are points/actions that you should consider while working cases assigned to Records Locator queue.

32.1 Always check cases in FIPS for duplicates searching all offices using the Alien number and name of the subject of record. If the subject of the request is a petition, it may help to search by the requester to see if that petition has already been addressed.

32.2 Read and follow directions in any Discussion found in the case regardless of age or who put them in. If there is a question, see your supervisor before proceeding with any action on the case.

32.3 Anytime you create a new staffing for the same A-file or receipt, you must cancel the one it replaces.

32.4 Do not cancel file requests and re-staff just because the request is old and has been pending for an extended period. Canceling file requests and re-staffing due to age affects the aging reports and makes it impossible to track these pending cases properly. Please continue to repend these cases as necessary.

32.5 If the A file has been scanned in and we are waiting on a T-file, review T-file staffings in NFTS History. If the T-file has been deleted or combined with an A-file or is from a RAFACS conversion, then cancel that staffing, because the T-files no longer exist. Send the case to the processor.

32.6 If the A-file has been scanned in, but there is an open pending slot for a T-file: Review "T" file history in NFTS. If the "T" file has been consolidated /combined with the A-file, check the date it was consolidated. If the "T" file was scanned in with the A-file, cancel the pending "T" file slot and send the case to the processor.

Updated on 9/15/2011

32.7 If you see it has been through image process box and returned to a shelf then further research is required.

32.7.1 Check all offices for duplicate cases in FIPS using the alien number.

32.7.2 Does the subject have more than one alien number per a Discussion or on their request? If so, search those for potential duplicate cases.

32.7.3 If you find a duplicate case, make a Discussion and advise NRC, FIPSPROBLEM mailbox with an e-mail and repend.

32.8 Additional PII needed: Sometimes when a processor retrieves a case, he or she will determine that additional PII or verification of identity is needed from the requester/subject. You will have to create an Interim Response Letter and check the other documentation box. Modify the letter and attach the Requester Documentation Attachment (located at: O:\FOIA\FOIA Library\Case Create References\Case Create Template Letters\Requester Docs Attachment). Check the boxes required and pend the case for Requester Documentation. If the processor is asking for information that is already present in the scanned documents, put in a Discussion asking for clarification on what the processor is requesting. You may also have to point them to the slot where the information is currently contained.

32.9 If you pull a case in Records Locator queue and the Requester Documentation has been received: Review the information provided, if the requester/subject has provided the requested PII and/or consent, request the file.

32.10 The requester/subject may respond negatively to the request for PII. If we receive a negative response, attempt to locate an alien file and staff, matching as much of the PII as possible. Pend the case for responsive records.

32.11 If the requester/subject does not return the PII we asked for, and if a positive match cannot be identified in CIS or CLAIMS with the PII provided, generate a FC letter and replace the contents of the letter with the template letter Failure to comply letter-PII. The template is located at: O:\FOIA\FOIA Library\Case Create References\Case Create Template Letters\Failure to Comply Letter. Send the case to approver when you are finished.

32.12 If the requester/subject does not return proper verification of identity, generate a FC letter and replace the contents of the letter with the template letter Failure to comply letter-Consent. The template is located at: O:\FOIA\FOIA Library\Case Create References\Case Create Template Letters\Failure to Comply Letter. Send the case to approver when you are finished.

32.13 If a request for consent is returned but the requester says he or she is a third party requester (they have no relationship to the subject of the record and cannot or will not get

consent), request the file. Create a Discussion advising the processor to process this case as third party without consent.

32.14 Occasionally you will pull a case in Records Locator queue and there is a Discussion stating the wrong records have been scanned into the case. This will require some investigative work before a solution can be determined.

32.14.1 Did the Case Creator use the wrong alien number when the case was originally created or when the records were staffed? If so, please request the correct file. You must then send an e-mail to FIPS Problem mailbox and ask that the wrong records be removed. Clicking the link above will automatically send a copy to the FOIA Program mailbox.

32.14.2 Did the requester ask for a copy of a petition they filed on behalf of a beneficiary? If so, the case was probably set up incorrectly. Check first to see if there are two cases for the requester. If not, you will need to correct the one that exists to become a request for the beneficiary's information. Locate the correct records and re-staff.

32.14.3 Did the scanning contractor scan the wrong records into the case? If you've reviewed the entire file and there was no mistake made by the FOIA unit, it is possible that the scanning contractor has scanned the wrong file into this case. Here are the steps to follow if you believe this may have happened:

32.14.3.1 Look for a pending case for the records that were scanned into your case.

32.14.3.2 If you locate a case, check to see if the responsive records have been scanned.

32.14.3.3 If they have not, you'll need to have the records moved from your case over to the correct case. You will have to have the slots in your case re-set to pending by the NRC, FIPS Problem mailbox. Clicking on the link will automatically send a copy to the NRC FOIA Program mailbox.

32.14.3.4 If the pending case already has records scanned in, review those records.

32.14.3.4.1 Are they the correct records for that case? If so, then you will need to verify that they are a duplicate of the ones in your case.

32.14.3.4.2 If they are duplicates, then you do not have to do anything with that case.

32.14.3.4.3 You will need to have the wrong records removed from the staffing response and responsive records slots in your case. Send an e-mail to the NRC, FIPS Problem mailbox. Clicking on the link will automatically send a copy to the NRC FOIA Program mailbox.

32.14.3.5 If you pull a case in Records Locator queue and there is a **Discussion instructing you to create an interim response letter because the individual is incarcerated:**

32.14.3.5.1 The request must be over six months old before we send out the interim letter. If your case meets this criterion, create an Interim Interest Letter.

32.14.3.5.2 If the interim interest letter is returned saying the subject is no longer in custody and we do not have another address for the subject, you can close the case FC. **Do not close out the case FC without the returned mail.**

32.14.3.5.3 If the individual is still incarcerated and still interested in receiving the record, send the case to the processing queue.

32.14.3.6 **If you pull a case in Records Locator queue and there is a document scanned into the Staffing Response and the Responsive Records slot which has been changed to Inactive, look at the document scanned in to the Staffing Response.**

32.14.3.6.1 If the case was staffed for a receipt file that has been sent to NVC (National Visa Center), redirect the request to NVC. Create the Final Action Letter, choose "RD" and select "NVC" from the drop-down box. Save the document and check it in. Send the case to Up-front Approver.

32.14.3.6.2 If the receipt file is marked lost, file destroyed, or file cannot locate, go to Receipt files; Lost receipt file. File destroyed or File cannot locate.

32.14.3.6.3 If the receipt file has been rejected by the service, there are no records to retrieve. Close out as No Record, with an explanation of rejected receipt files.

33. REPENDING IN RECORDS LOCATOR QUEUE

33.1 Do not create a Discussion that you repended the case; the system automatically creates a record of case action.

33.2 If you open a case in Records Locator queue and the file has not been scanned in nor is there any staffing response, you will probably have to repend the responsive records slot. However, before you repend the responsive records, verify the location of the A-file in NFTS and on the 9504 screen in CIS.

33.2.1 If the file has moved to another FCO, you should cancel the current file request and create a new one to reflect the new FCO.

33.2.2 If that file has moved from the original staffing location and is now in-transit to the NRC or has been received at the NRC, repend. Do NOT cancel the original file request or re-staff to RAFACS/CIS.

33.2.3 Do not cancel file requests and re-staff just because the request is old and has been pending for an extended period. Canceling file requests and re-staffing due to age affects the aging reports and makes it impossible to track these pending cases properly.

33.3 If the file has been received by NRC and NFTS shows scanning, image processing, image problem files, streamliners (anything except a shelf location) repend.

33.4 If a SIG case comes up for repending in Records Locator queue, please repend and notify NRC, FOIASIG of this. Insert the NRC case number on the subject line.

33.5 If NFTS shows the file is at the NRC and the location is SEIT Admin "FOIA files awaiting partner" do further research. If there is an A-file and a T-file that will be scanned in together when the other arrives, then repend. If there are two separate staffings for files, then e-mail NRC, FOIAFILEREQ to research and to have the file scanned in if necessary.

34. CHANGING THE TRACK OF A CASE

Do not change the track of a case except in the following instances:

34.1 The requester is narrowing the scope of their request from a Track 2 case to a Track 1 case. Prepare a status letter and advise the requester that their case is now on the simple track.

188

Updated on 9/15/2011

34.2 The requester has responded to our acknowledgment letter stating that he or she did not mean specific documents only, and this would cause us to move a case from Track 1 to Track 2. Prepare a status letter and advise the requester that their case is now in the complex track.

34.3 The requester has a Track 2 case and provides the required documentation to change their request to a Track 3. Prepare a status letter and advise the requester that their case is now in Track 3.

When you change the track of a case, ensure you click the “SAVE” button prior to exiting the case.

35. RESPONSIVE RECORDS SCANNED IN WITH STAFFING RESPONSE

Occasionally the responsive records are scanned in behind the staffing response, instead of into the responsive records slot. These cases then appear in the processing queue, but cannot be processed. The processor will send a message to the NRC, FIPSPROBLEM mailbox for correction and insert a Discussion explaining the problem.

If the case has not come up for processing and you encounter this situation in Records Locator queue, put a Discussion indicating the problem (Responsive Records scanned into Staffing Response slot), and send a message to the NRC, FIPSPROBLEM mailbox with the following information:

- The NRC control number of the case,
- The A number or Receipt Number of the records,
- The staffing sequence they are scanned into, and
- The number of pages scanned in.

Send the case to Unit Chief/Admin so that the problem can be resolved.

[Click here for instructions](#) if you pull a case in Records Locator queue that has been staffed for a **Lost File**.

36. CASES NEEDING ACKNOWLEDGEMENT LETTERS

Cases received in Records Locator queue that need acknowledgement letters must be re-assigned to a Troubleshooter in the Case Create role. Please contact a supervisor with the NRC Control Number and ask that the case be re-assigned to you in the Case Create role.

37. RE-STAFFING

- If the file has moved to another office, cancel pending slot and staff to the correct FCO.
***Do not confuse this with files that are now in-transit to NRC.**
- If the current staffing is not correct (for example - an Atlanta general staffing instead of an Atlanta ICE staffing): Cancel the pending slot and re-staff properly.

38. FOIA SAFE

Cases staffed to the FOIA Safe are processed in the NRC queue.

While working Records Locator queue, if you pull a case that has been staffed to the FOIA Safe, **NEVER** cancel the staffing. Pend it for responsive records.

The RPC for the FOIA Safe is ZW0004.

If you see an RPC of “ZW” anywhere, it is a classified file.

39. IN TRANSIT FILES

If NFTS shows a file is now in transit to the NRC, repond. ***Do not cancel the staffing and re-staff to NRC.**

40. MODIFICATION OF RECEIPT DATES

Modification of receipt dates is a serious matter. Final approval authority to modify a receipt date is ACD or higher. Any decision to modify a receipt date must take into consideration the negative effect such an action will have on the integrity and accuracy of the data in FIPS, as well as possible legal consequences.

41. MSB DIRECTED PROJECTS

Occasionally, MSB may have special projects that require your assistance.

MSB paralegals must receive prior approval from a supervisor before approaching any member of the team member for assistance on such projects.

Supervisors will select the person(s) to assist with the projects as needed.

APPENDIX G: DEFINITIONS

The definitions listed below are words and phrases that frequently appear in FOIA and PA requests. The list is arranged in alphabetical order. Additional definitions can be located at <http://www.uscis.gov/portal/site/uscis/menuitem>. Select the tab titled "Education and Resource."

Access - Includes any form of disclosure, to include oral, visual, or reproduced copy. A reproduced copy, whether in paper or electronic format, always satisfies FOIA/PA access requirements.

Agency - Any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency. This does not include the legislative (Congress) or judicial (Courts) branches of the Government, nor does it apply to state, local, or foreign government agencies. The Department of Homeland Security (DHS) is an agency as defined above. The following are components or bureaus of the Department of Homeland Security; United States Immigration and Customs Enforcement (ICE), United States Customs and Border Protection (CBP), United States Secret Service (USSS), etc.

Agency Record - Any tangible recording of information and/or any item, collection, or grouping of information, including electronic that is maintained and controlled by an agency.

Notes or documents which are made by an employee, kept purely voluntarily, not circulated to nor used by anyone other than the author, and discarded or retained at the author's sole discretion for his/her own individual purposes are personal records. These are not generally agency records because they are not subject to the rules and controls of the agency for records management and disposition. These may, however, become agency records for purposes of the FOIA or PA if used to carry out an agency function (e.g., as the basis for a performance rating).

Component - Each separate bureau, office, board, division, commission, service, or administration, or agency of a Federal Executive Branch Department. For example: Border and Transportation Security (BTS), Citizenship and Immigration Services (USCIS), Federal Emergency Management Agency (FEMA), Immigration and Customs Enforcement (ICE) are components of the Department of Homeland Security.

Conditions of Disclosure - Specific provisions in the Privacy Act (5 U.S.C. § 552a(b)(1) through (12)) allows the agency to disseminate information from a PA system of records without the prior written consent of the record subject.

Congressional Committee Request - A request from either House of Congress, to the extent of matters within its jurisdiction; a subcommittee thereof; any joint committee of Congress; any subcommittee of any such joint committee. Agencies may not use FOIA or PA exemptions to deny records that are the subject of such a request.

Congressional Request - A request from a Member of Congress on his or her own behalf, or on behalf of a constituent. After acknowledgment under congressional correspondence procedures, congressional requests are to be processed in the same manner as any other FOIA or PA request.

Consolidation – Combination of paperwork into a main file. After the service completes work on a petition or application, we combine it into the person's A-file. If the service discovers two "unconsolidated" A-numbers for a person, we combine the two files. One of the A-numbers becomes the "survivor" and the other becomes the "consolidated A-number."

Consultation - Obtaining the views of another DHS component or Federal agency concerning the release of information that has been incorporated into immigration documents or a reciprocal request. The National Records Center, FOIA/PA Division, makes the final overall determination on release.

Freedom of Information Act Request - A request **in writing** by any person for access to any record maintained by any Federal agency. Federal agencies are not persons for purposes of FOIA.

Included are requests for access to Privacy Act records of another person without the written consent of the record subject, as well as requests from nonimmigrant aliens for access to their own records.

FOIA/PA Information Processing System (FIPS) - Through the use of imaging, workflow, and graphical user interface technologies, FIPS allows USCIS to electronically manage and process FOIA and PA requests.

First Party Requester - A subject or designated representative asking for access to his/her record. A notarized signature or a sworn declaration under penalty of perjury from the record subject is required for access to records.

Forms – Various government forms available from www.uscis.gov/portal/site/uscis that are provided for the use of requesters and their representatives when submitting a FOIA or PA request with USCIS. The more common forms include:

- **G-28 – Notice of Entry of Appearance as Attorney or Representative** - This form is used for information purposes only. It should be signed by the attorney or representative and by the subject of the record. Does not qualify for consent unless the attorney or representative has inserted the penalty of perjury statement and the subject of the file has signed the document.
- **G-639 Freedom of Information/Privacy Act Request** – This form can be used to make a FOIA/PA request. When completed it provides enough information to complete an extensive search for records.

It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552). This document is to be controlled, handled, transmitted, distributed, and disposed of in accordance with Department of Homeland Security policy relating to Sensitive But Unclassified (SBU) information and is not to be released to the public or other personnel who do not have a valid need to know without prior approval from the FOIA Officer

Individual - The PA describes an individual as follows: a U.S. Citizen (U.S.C.) or alien lawfully admitted for permanent residence (LPR). Conditional residents are considered LPRs. Corporations and organizations are not individuals.

Multi-track System - USCIS utilizes a three-track system to process all FOIA requests.

Track Drop-Down List

- **Track 1** is used for the less complex cases. These are cases where only one or a few specific documents are being requested from the file.
- **Track 2** is used for the more complex cases. A complete copy of a file, requests from the news media or special interest groups are considered Track 2 cases.
- **Track 3** is used for cases that specifically involve individuals who have been scheduled to appear before an immigration judge.

To view the track history of the active case, click the **Track history** icon next to the Track drop-down list.

Privacy Act Amendment Request - A request from a U.S.C. or LPR to amend, expunge, or correct information in his/her PA record that the individual believes is not accurate, relevant, timely or complete.

Privacy Act Record - Any item, collection, or grouping of information about an individual which the maintaining agency retrieves by the person's name, identifying number, symbol, or other identifying particular assigned to that individual. This information includes, but is not limited to, a person's education, financial, medical, criminal or employment history.

Privacy Act Request - A request in writing submitted either in person or by mail, for records that are contained in a Privacy Act system of records. The records must be under the control of DHS and be retrieved by the name of the requester or other personal identifier. Requests are received from:

- A USC or LPR for access to or his/her own records, or
- A third-party with a signed privacy waiver from the record subject acting on the subject's behalf, or
- The parent of an LPR or USC minor child or the legal guardian of a person declared incompetent by a court of competent jurisdiction.

Records Custodian - The official responsible for the maintenance, security, control, and final disposition of official records that are required by law, regulation, or other directive to be kept by the Agency.

Referral - Information found in immigration records – the forwarding of a record that originated with another component of DHS or another Federal agency for direct response to the FOIA/PA requester. Also includes transferring responsibility for responding to a request regarding the release of records to the DHS component best able to determine whether to disclose, or to the Federal agency that originated the record.

Retire – The service sends the A-file to the Federal Records Center (FRC) after a number of years have passed with no activity. This is called “retiring” the file. Occasionally, we have to request a retired file from the FRC.

Rider – A person who is also listed on a petition or application that will also benefit if that petition or application is approved. For example, a woman applying for asylum lists her husband and two children on her asylum application. They are riders.

Routine Use - An established use and authority for disclosure of records from a Privacy Act System of Records, other than an intra-agency disclosure. Disclosure or use must be for a purpose that is compatible with the purpose for it was collected, that would be otherwise prohibited by the PA. Such disclosures do not require the written consent of the record subject, but require Federal Register publication prior to such use.

System of Records - A group of any records under the control of an agency from which information is retrieved by the name of the individual or by some other identifying number, symbol, or identifying particular assigned to the individual.

Third Agency - Other administrative agencies of the Executive Branch of the Federal government, including other components of DHS.

Third Party Request - A request from any person for access to another individual's record without that individual's written consent. The identity of a third party requester and his/her relationship to the subject does not increase (or decrease) his/her rights of access to the records.

White House Inquiries - An official request from any member of the White House staff, or letters of the President forwarded to the agency for response.

FOREWORD

The FOIA/PA Assistant's Guide has been prepared as a ready reference to assist with day-to-day tasks, such as creating Freedom of Information Act and Privacy Act requests, handling mail, working records locator, and general troubleshooting.

The Guide contains all updates or changes from the FOIA Information Bulletins issued as of September 28, 2015.

For the purposes of this Guide, we may refer to a FOIA/PA Assistant or Government Information Specialist as “you,” or “Assistant,” and in some cases “team member.”

The Guide has been saved in PDF format. The PDF format makes searching for information in the Guide easier. **Please view the guide in PDF/A mode while you have FIPS open.** A potential Java scripting conflict exists if you have the document open in PDF mode while running FIPS. Viewing the Guide in PDF/A mode disables Java scripting within the Guide – which means hyperlinks within the Guide will not work, but FIPS will not freeze or crash. You may alternate between PDF and PDF/A mode in Acrobat Reader by selecting Edit ⇨ Preferences ⇨ Documents ⇨ PDF/A View Mode. Select “Never” to turn PDF/A mode off, and select “Only for PDF/A documents” to turn PDF/A mode on.

How does the rulemaking process for this Guide work? The FOIA Officer, the Chief of FOIA Operations and your Supervisors direct how Government Information Specialists, FOIA/PA Assistants and Office Automation personnel accomplish their missions. Through the Chief of Operations, Supervisors submit a new rule or procedure to the FOIA QA & CS Team. At the direction of the FOIA Officer, QA & CS Team may immediately amend the guide, or they may seek clarification from Office of Chief Counsel. After consultation, QA & CS Team will either amend the Guide or propose a modified rule to FOIA/PA Supervisors, the Chief of FOIA Operations and the FOIA Officer. Re-writes or revisions of the guide are subject to the final approval of the FOIA Officer.

You, the FOIA/PA Assistant or Government Information Specialist, may notice something in the Guide that is awkwardly worded, or contains a typographical error, or something that simply is not true. You contact your supervisor and then Program Office amends the guide.

Ideally, before we amend the Guide, we first publish a FOIA Information Bulletin (the exception being a misspelled word or a missing punctuation mark). FOIA Information Bulletins and the latest version of this Guide are available on the USCIS FOIA/PA Operations intranet page. When we make additions or revisions, we update the Record of Revision at Appendix K of the Guide for quick reference.

1. THE FREEDOM OF INFORMATION ACT

Congress passed the Freedom of Information Act (FOIA) in 1966 to establish the public's right to access records created or maintained by federal executive branch agencies. The statute became effective on July 4, 1967. The statute relating to the Freedom of Information Act is 5 U.S.C. § 552.

2. THE PRIVACY ACT

The Privacy Act of 1974 regulates the collection, maintenance, use, and dissemination of personal information by the federal government. The statute relating to the Privacy Act is 5 U.S.C. § 552a. The statute became effective September 27, 1975.

3. WHAT ARE FOIA REQUESTS AND HOW DO WE GET THEM?

A Freedom of Information Act (FOIA) request is a request in writing for a copy of any record maintained by any agency of the executive branch of the government. Persons must reasonably describe the records sought, and those records must already exist. Requests can come in a variety of ways. They can come in on the Form G-639 or as a letter from an attorney or representative. They can come in the form of a letter from the alien himself. The Requestor may mail, fax, hand deliver, or e-mail a request. No matter how we receive them or what the format is, as long as they are in written form and provide enough information to ascertain that they want documents from us, we treat them as FOIA requests. A Privacy Act (PA) request is a request by a person for a copy of his or her file.

For case creating purposes, the difference between a FOIA and PA request does not matter. You will create all cases as FOIA requests, although some of the requests we receive are PA requests. The case processor determines whether the case falls under the Freedom of Information Act or the Privacy Act.

4. WHO CAN MAKE A FOIA REQUEST?

Anyone can request any record kept by the executive branch of government. The tricky part is determining if we have enough information and certification of agreement to provide the record and who is entitled to what. The most common types of Requestors are:

- First party Requestors, that is, the alien himself or his designee, attorney or representative, are entitled to a complete copy of the alien file, after any applicable exemptions are applied. However, a parent or guardian may make a request for a minor's record. Please refer to the section titled **"CERTIFICATION OF AGREEMENT RELATING TO RECORDS CONCERNING A MINOR OR PERSON JUDICIALLY DETERMINED TO BE INCOMPETENT"** in this guide.
- Third party Requestors; any individual seeking a copy of an alien's file without the subject of record's certification of agreement. As of December 14, 2011, third party Requestors are *not entitled* to any public documents that may be in the file they are seeking, nor documents they provided in support of an application or petition. The general rule of thumb is if you need to go into the subject's file, you will need the subject of record's certification of agreement and verification of identity. Please refer to the section titled **"THIRD PARTY REQUESTS"** 7.4, in this guide.
- Media Requestors are typically accredited members of the media.
- Bond obligors, companies who posted immigration bonds for the aliens, are entitled to a copy of the file under a court case entitled *Amwest v. Reno*. Please refer to the section titled **"IMMIGRATION BOND OBLIGORS"** in this guide.
- Other state and local government agencies are entitled to documents from alien files for law enforcement purposes. Requests for information originating with any other federal agency are operational matters and not FOIA or Privacy Act requests. Please refer to the section titled **"ROUTINE USE"** in this guide.

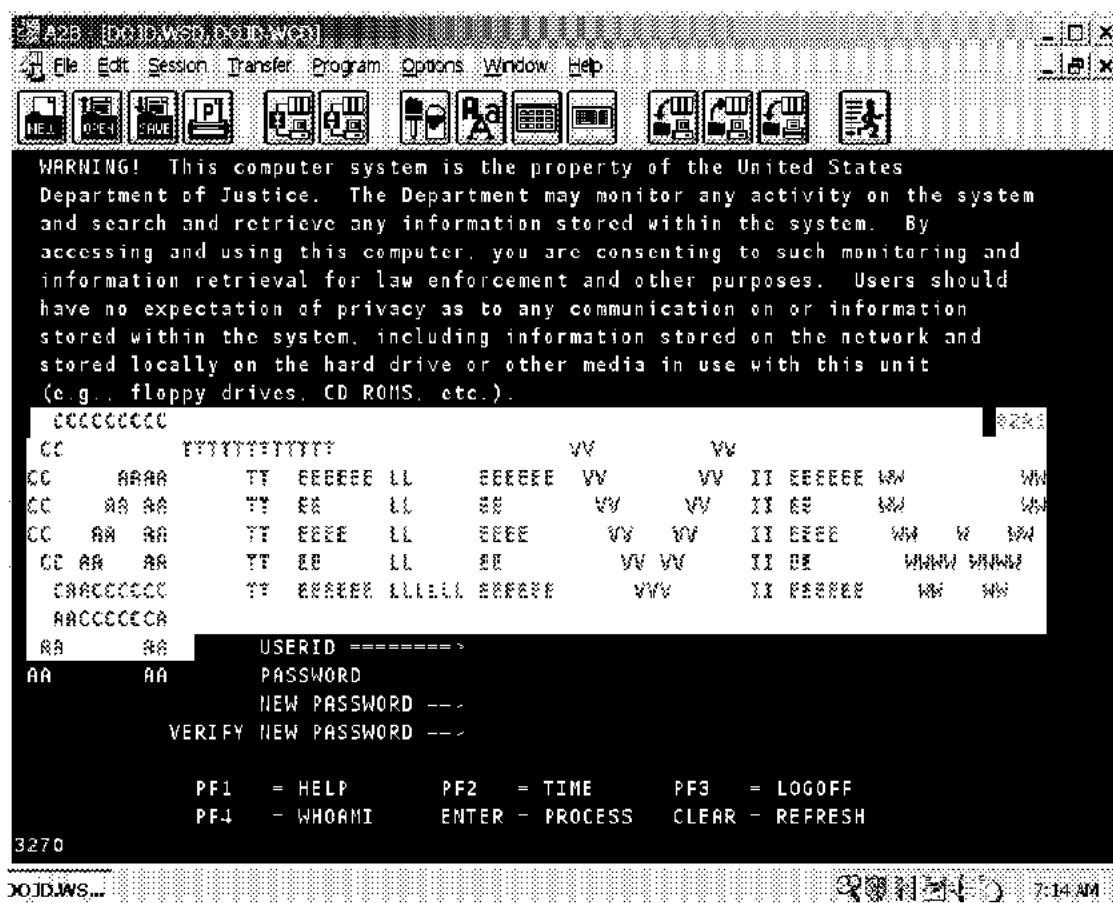

5. SYSTEMS USED AND DESCRIPTION OF THE SYSTEMS

The paragraphs below provide a description of some of the systems used by USCIS, ICE and CBP. Most A-files contain screen prints from one or more of these systems.

5.1 Central Index System

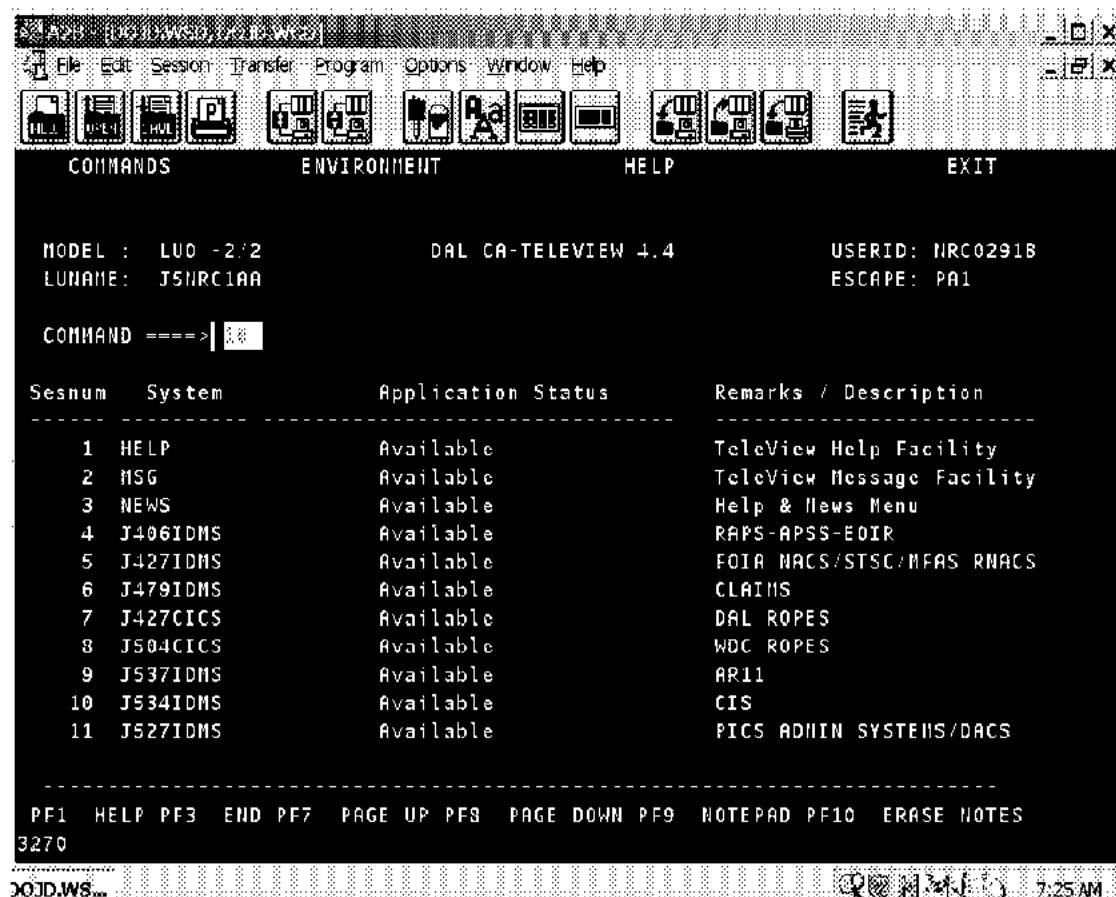

(CIS) is a database used to maintain records, search for records, and display data. CIS is a menu driven system as opposed to a point-and-click graphical user interface system. CIS provides information about persons and information about file location and movement. The CIS user navigates among various screens, depending on the type of information he or she needs. A user may search for a person in CIS by using the A-Number, social security number, FBI number or a passport number. CIS provides the option of searching for people using "sounds-like" and exact name searches.

5.1.1 Introduction Screen

This screen is the introduction to TeleView. From this screen use the designated User ID (last 4 digits of Social Security Number plus an alpha) and Password to sign onto the database.

5.1.2 TeleView Main Menu

The number selected to access CIS will vary for each computer.

5.1.3 CIS Login Screen

This is the screen used to navigate through CIS. Pressing enter can access the main menu for CIS.

5.1.4 CIS Main Menu

This screen displays a variety of ways to search for information. The transaction numbers that we use within FOIA are 91, 92, and 95. By typing the number 91 next to select transaction number and pressing enter, another search screen will appear. The main purpose of the “91” transaction number is to search the database for specific information concerning an individual. Transaction number “92” is used to display card information. The transaction number “95” is used mainly to see the location of the alien file (which we will frequently refer to as ‘A-file’). The only “95” menu command we use is “9504” + F11 (CIS File Transfer Display) to verify if the file is Not Found (N).

From this search screen a decision is made as to how to begin a search for an individual's records. The most commonly used methods to search for an individual's record are:

Code Search By Category

- 01 ID # (A-Number, certificate number, social security number, passport number etc.)
- 02 Sounds-Like Name Search
- 03 Exact Name Search
- 04 Alias (AKA) Name Search
- 06 Sounds-Like Name Search with DOB

Type in the two-digit code (01) and press enter. The screen displayed will be the screen where the search for records begins. ***Note:** Remember to read the screen in its entirety for additional information.

5.2. Computer Linked Application Information Management System

5.2.1 Introduction

The Computer Linked Application Information Management System (CLAIMS) tracks application and petitions. CLAIMS is a menu driven system. The Inquiry/Update Processing selection on the menu is the only menu NRC FOIA uses because we search for receipts but never modify information in CLAIMS.

5.2.2 TeleView Introduction Screen

This screen is the introduction to TeleView. From this screen, use the designated User ID (NRC####A) and Password to sign onto the database.

5.2.3 CLAIMS Selection Screen

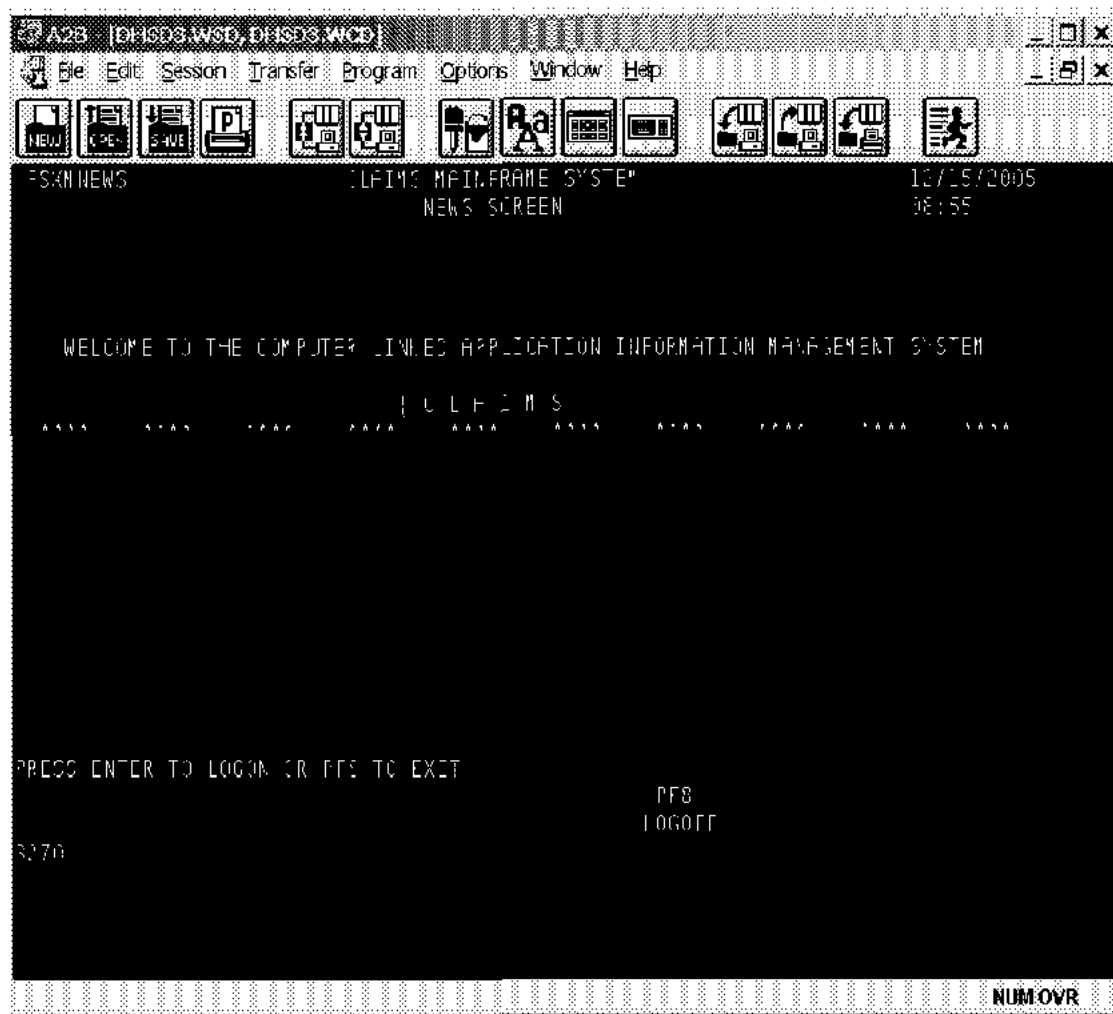

The number selected to access CLAIMS can vary for each computer.

5.2.4 CLAIMS Function Screen

After selecting CLAIMS from the main menu, you will see the screen print shown above. Type in "claims" or "fare" and press enter. This screen is not case sensitive.

5.2.5 CLAIMS Welcome Screen

Press enter from here to get to the logon screen.

5.2.6 CLAIMS Logon Screen

To logon, your USER ID will be NRC and the last 4 digits of your social security number followed by a letter (NRC1234A). Check with your supervisor for your password. Normally, your password is your last name in lower case. If your last name is longer than eight characters, then your password is the first eight characters of your last name in lower case. Your CLAIMS ID and password do not change.

5.2.7 CLAIMS Main Menu Screen

From the Main Menu type the number for INQUIRY/UPDATE PROCESSING and press enter.

At the bottom right of the terminal window, the text 'NUM OVR' is visible.

You may also search name and birth date. CLAIMS does not forgive spelling errors and will not conduct “sounds-like” or wild card searches. If you do not immediately find a receipt, you should also search by alias names and variations of the name. You may also search without the birth date. This may have the results you are looking for depending on how common the name of the subject. Searching using the birth date will narrow the findings.

If your subject has a very common name, the inquiry may result in several pages of matches. View the screen pertaining to the individual receipt number or look for the type of form. It will show detailed information relating to that specific receipt number. To view the detailed information, type the corresponding number at the bottom of the screen labeled "TYPE IN SELECTION." For example, if you type "3", the detailed information relating to receipt number [REDACTED] will be displayed.

You may search by A-Number. Navigate through these fields by tabbing, or to go backwards, use Shift-Tab. CLAIMS used to allow adjudicating officers to enter alien numbers as an eight-digit number without a leading zero. Ordinarily you should enter a leading zero immediately following the letter A (in purple on this screen) and then enter the rest of the A-Number. If you do not find what you need, try deleting the zero immediately after the "A." If the person has a nine digit A-Number, you will not have to worry about it. Note: if you search by A-Number, it may not show every receipt belonging to the person, so you may still have to search by name and date of birth or by petitioner's name.

5.2.11 Searching with the Petitioner's Name

The screenshot shows a mainframe terminal window titled "A2B [DHSDS.WCD, DHSDS.WCD]". The menu bar includes "File", "Edit", "Session", "Transfer", "Program", "Options", "Window", and "Help". Below the menu bar is a row of icons for various functions: NEW, OPEN, SAVE, PRINT, and several others. The main display area contains the following text:

5.3. National File Tracking System (NFTS)

NFTS is an automated system that enables USCIS to track and account for nearly 50 million Alien Files (A-Files) and Receipt Files. NFTS allows for local control of all files within a designated USCIS File Control Office (FCO) or Case Control Office (CCO). The system supports the file migration from the USCIS field offices to facilitate a national tracking system that supports the National Records Center (NRC) and a centralization of agency records. You will learn much more about using NFTS in the Staffing section of this guide.

5.4. Person Centric Query Service (PCQS)

PCQS is an automated system that allows a person to submit a single query for all transactions involving an immigrant across a number of USCIS and Department of State (DOS) systems. PCQS returns a consolidated view of the immigrant's past interactions with USCIS and the Department of State as he or she passed through the U.S. immigration system.

Since PCQS can give us a comprehensive overview of a person's immigration history, it can help us locate certain documents to request, for instance, we may find information about an archived receipt in PCQS that we would not find in CLAIMS. You do not have to log in to PCQS to read the PCQS User Guide. Simply go to

https://pcq2.esb.uscis.dhs.gov/PCQS/PCQS_User_Guide.pdf

5.5. FOIA/PA Information Processing System (FIPS)

The Freedom of Information Processing System (FIPS) is an automated system that allows us to process FOIA/PA requests electronically. This automated system enables the scanning of paper files into electronic images. These images are easily stored, retrieved, and processed. FIPS provides workflow processing for the life of a case. Any time you do any transaction concerning a FOIA/PA case, it will be through FIPS.

During the Case Create process, you may need to leave your work station, or you may receive a telephone call, or various things may happen to distract you from creating the case. If anything happens and you need to stop work temporarily, it is always a good idea to click:

You must identify the following critical items and enter them into the FIPS worksheet before creating the case: Requestor name and address, subject name, Track, type, source, and bureau.

If you are going to be away from your desk for 15 minutes or more, it is a good idea to check in your documents and log out of FIPS. It does not usually take very long to log back into FIPS and check your documents out again – in fact, it will save you time and effort. If you forget to log out and come back after a prolonged absence, you might possibly be disconnected from the server and not know it. When disconnected from the server, FIPS sometimes allows you to continue working but as soon as you attempt to save or check in a document, it will send you to the log-in screen and you lose the work you have done.

6.1.1 RULES FOR ENTERING INFORMATION ON THE FIPS WORKSHEET

6.1.1.1 If the Requestor provides an alien number (which we will refer to as "A-Number,") you should first verify that it is the subject of the request and that this is not a duplicate case. After entering the A-Number in FIPS, copy the number you entered and open CIS 9101 screen. Enter 'a' on the number line, paste in the A-Number after the 'a', and press enter. Verify that the subject shown in CIS matches the subject listed on the request. Next, open NFTS, enter 'a' on the number line and paste the A-Number after the 'a', and press enter. This will show you the current location of the file. If the Requestor did not provide an A-Number, you should search by subject name and/or Requestor name by entering the information on the search screen and checking the boxes to use them in the search. If the Requestor provided multiple A-Numbers, you should verify that each is for the subject and

then search by each file number. You may discover that two A-Numbers have been consolidated. In that case, you use the surviving A-Number only.

6.1.1.2 Do not use professional titles, such as Doctor or Reverend in the Requestor information.

6.1.1.3 You may use Jr., Sr. or II, III, etc., if the Requestor or subject uses it on the request. If Jr. or Sr. applies, make sure it ends with a ‘.’ (period).

6.1.1.4 Do not open cases in the name of a company or firm only. If the name of the Requestor on the Form G-639 is a company name, please review the supporting documents to try to locate the name of the attorney/representative of the company.

For example, if your request comes in on a G-639 and the name of the Requestor is only the name of the law firm representing the alien (for example, Wilens & Baker) you will need to look through your supporting documents to see if you can locate the name of the attorney at Wilens & Baker who is representing the alien. If you cannot locate the name of the attorney who is representing the alien, then open the case in the name of the alien, in care of the law firm. Do not use “Wilens and Baker” as the Requestor name.

6.1.1.5 Do not hyphenate names. For instance, if the Requestor has written his or her last name as “Ortega-Ramirez,” you should enter that name in FIPS as “Ortega Ramirez,” omitting the hyphen. This saves time by permitting a person researching cases to enter “Ortega Ramirez” without having to guess if the case creator hyphenated the name.

6.1.1.6 Double-check the spelling of the names. If the name of the Requestor is not clear on the request letter, check the supporting documents for a Form G-28 for the Requestor name.

6.1.1.7 Please add a period after the middle initial.

6.1.1.8 Rescinded.

6.1.1.9 Do not use part of the last name as a middle name, for example Hispanic names. Sometimes it is obviously a middle name, such as Juan Jose Gonzalez. Sometimes it is obviously a first and second last name, such as Juan Gonzalez Becerra. Other times, it is not so clear. If you do not find the person by exact spelling, you might look at the mothers and fathers last names, if provided. You may use a percent sign (%) as a wildcard for these searches. For example, if the Requestor’s name is Jaime Vazquez, but you see he also has spelled his name Vasquez – you can search by Subject Last Name “Va%que%” and Subject First Name “Jaime.” You may also need to search by variations of the first, middle, and last names – they may be in a reversed order in CIS. Some names may be found in CIS with a different sequence or combination of the first, middle, and last names. If you are unsure consult a co-worker, or supervisor.

6.1.1.10 If the request came to us on Form G-639, you should use the name and address of the Requestor in Section, "*Requestor Information*."

If you have a conflict between addresses on a properly filled out G-639 and G-28, please use the address on the G-28.

If the request is not on Form G-639, please use the address that is on the letter unless the Requestor specifies a different address. If you are unsure, please consult a supervisor and add a Discussion explaining your decision.

If the Requestor included a G-28, please look to see if the Requestor is an attorney. If the Requestor is an attorney, please look at the name of the firm. If the name of the firm includes the attorney's name, please make the second line of your address "Attorney at Law." If the name of the firm does not include the attorney's name, please make the second line of the address the name of the firm. If the Requestor is not an attorney, then simply use the address that is in the *Requestor Information* block of the G-639. For further guidance, please refer to section 6.1.1.17 of this guide.

You may use other request documents to verify what is shown as the Requestor address on the request.

We cannot create FOIA cases in the name of a foreign consulate or a congressional office. If the address on the request is a foreign consulate office, or is a congressional office, then you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you do, please create a Discussion saying you did so.

If there is a cover letter or other document specifying that the records should be sent to a different address than the consulate or congressional office, then you may use the address listed on the G-28, or other documents in the request, such as an envelope. If you do, please create a Discussion saying you did so.

Something that is evident to you because you have been creating the case might not be immediately obvious to a supervisor or processor who has just opened the case. Please keep in mind that if you have done something out of the ordinary, adding a Discussion note will clarify your thought process and your decision.

If you can find no useable address, be sure to add a Discussion note to the case and send the case to Unit Chief (which we will frequently refer to as UC). If addresses are difficult to read or unclear, you may call the Requestor or go to

- A. <http://zip4.usps.com/zip4/welcome.jsp> to verify that it is a valid address and the format that should be used.

- B. <http://www.canadapost.ca/cpotools/apps/fpc/personal/findByCity?execution=e1s1>
) provides similar address information for Canadian addresses.

Be careful - it is easy to miss apartment or suite numbers because the space for them is at the right side of Form G-639.

6.1.1.11 Each line of the address in FIPS can contain no more than 35 characters; this includes spaces and punctuation. When we are printing the responsive records to CD, nothing over 35 characters prints on the CD. This requires the OA clerks to print a label separately for those CD's before mailing.

6.1.1.12 Do not use special characters, such as "&" and "#" in the address field; rather, spell them out or use an abbreviation, such as "and" or "No." Note: you *may* use spaces, dashes, periods, commas or single quotes ('). You *may not* use @, #, \$, %, ^, &, *, (,), =, +, [,], { , }, \ , < , > , or /.

6.1.1.13 Please include the suite number or apartment number on the same line as the street address. FIPS will allow you to key in more than 4 lines in the address box. The issue is when the case is processed and the CD is printed, it only prints the first 4 lines. The Requestor's name is the first line of the address, so you have three lines left. Enter any suite numbers or apartment numbers in the address line.

6.1.1.14 If the Requestor does not provide a valid address use: 123 Main Street, Washington, DC 12345. Close the case as FC, blank out FC letter, then send the case to up front approver. Please add a Discussion note to the case titled "Missing address," explaining the illegible mailing address.

6.1.1.15 When the attorney or subject of the request provides both a physical mailing address and a P.O. Box, use the P.O. Box for the official mailing address and do not include the physical address. Please do not use both.

6.1.1.16 The address can only be four lines long, even though FIPS gives you an extra line. The Requestor's name is always the first line.

6.1.1.17 Why identify the Requestor as an attorney? In addition to being a sign of respect and professionalism, it makes the acknowledgment letter legal mail, which in many states guarantees special confidential treatment. Properly addressing attorney(s) as third party Requestors in FIPS:

Example 1: If the attorney(s) is not affiliated with a law firm, then the first line of the address should be "Attorney at Law."

Requestor

Address

Christopher T. Stender, (Esquire)

Attorney at Law
111 Main Street
Sample, MS 44444

Example 2: If the attorney(s) name is part of the firm's name, then the first line of the address should be "Attorney at Law."

Requestor

Address

Manual Solis, of (Law Offices of Manuel Solis)

Attorney at Law
111 Main Street
Borderline, AK 22222

Example 3: If the attorney(s) name is not part of the firm's name, then the firm's name should be the first line of the address.

Requestor

Address

Spiro Serras, of (Wilens and Baker)

Wilens and Baker
111 Main Street
Aroundthebend, OK 33333

If the address on the request is a residential address under the name of someone other than the subject or Requestor, you must add 'c-o' and the listed person's name (FIPS will not allow c/o). If USPS does not show the Requestor or subject name on the request as living at that address, the mail will be returned. Using 'c-o' (in care of) allows USPS to deliver the mail to that address as long as the person listed receives mail at that address.

6.1.1.18 If an address is foreign, check the box marked Foreign. This will change the format of the worksheet to include the Province and Country and postal code. You must complete the city and country name fields to ensure proper delivery. Some foreign countries also require postal codes.

This link

(<http://www.canadapost.ca/cpotools/apps/fpc/personal/findByCity?execution=els1>)

provides address information for Canadian addresses. Also

<http://bitboost.com/ref/international-address-formats.html#Formats> can be used to find the proper format for foreign addresses to ensure you have the needed information in the correct format.

If a foreign address has no postal code and FIPS will not accept the address without it, add an '-' as the postal code. It may also be necessary to view the return address on the

envelope to see how the address should read because their address formats are different than ours. A foreign address may be very long, and you may have to consult a supervisor to complete the address field correctly. The following places should use standard U.S. mailing addresses because they are NOT foreign countries:

- American Samoa
- Guam
- Puerto Rico
- Northern Mariana Islands
- Baker Island
- Howland Island
- Jarvis Island
- Kingman Reef
- Midway Islands
- Navassa Island
- Palau
- Palmyra Atoll
- U.S. Virgin Islands
- Wake Island
- Micronesia

6.1.2 Requestor Search/Entry. To locate and select existing Requestors or to enter new Requestors, click the **Requestor Search/Entry** link to open the Requestor Search Form. To search for an existing Requestor, click in one of the available fields in the Requestor Search Form and begin entering pertinent information. When searching for a Requestor whose last name is Smith, for example, click in the Last Name field and enter a portion or the entire last name. After you have entered enough information, click **Search** to locate Requestors with matching information. Searching by last name and first name brings up more exact matches. Changing the frequent Requestor indicator to 'either' will search for both regular and frequent Requestors. Refer to the rules in section 6.1.1 for any questions on searching for Requestor information.

If any of those Requestors are a perfect match for your Requestor, you may "Assign this Requestor" by clicking on the icon to the left of the name. Make sure the address is an exact match, including any apartment or suite number – just matching by names causes problems when addresses don't match exactly.

6.1.3 Add New Requestor. If you do not find a match, you will have to add a new Requestor by selecting Add New Requestor:

Click on Add New Requestor, you will get a dialog box .

Note: We don't use parenthesis when entering phone numbers

(b)(6)

When you click Add New Requestor, you will get a dialog box that you fill in. You will enter all information and decide if this is a Frequent Requestor. If the Requestor is an attorney or representative who is not already in the system, please save as a Frequent Requestor. Do not create a new frequent Requestor if one already exists with matching name & address information, including apartment or suite numbers (first & last names should match, but first initials or a second last name may be used in some cases and if addresses match, they can be used). Phone number should be entered in the following format: 999-999-9999 for US phone numbers. Extensions are allowed after a space following the phone number. Although you are not required to do so, you may enter the e-mail address if it is provided. Click 'save.'

6.2 SUBJECT INFORMATION

After saving, look to see if this is a self-request. If so, you can copy the Requestor Information to the Subject by clicking on 'Copy to Subject'

Otherwise, you will have to enter the subject information in the area. If the person gave more than one A-Number, please separate them with a comma in the A-Number field. FIPS converts all 'A-Numbers' to 9 digits by inserting leading zeroes.

Note: We don't use parenthesis when entering phone numbers

Subject Information		
First	Middle	Last

Topic		

6.2.1 Name

(b)(6) Enter the subject's name, as it appears in section "Requestor Information" of Form G-639 (except in the case of a petitioner asking for a petition).

The name portion of the worksheet is the name of the alien whose file we are requesting. This is usually the name in the subject portion of the Form G-639, or in the subject line of the request letter. However, if the Requestor is asking for a petition he or she filed on behalf of a beneficiary, then that document will be a separate receipt or it will be in the beneficiary's file, not the Requestor's file. In situations like this, the subject information would be that of the beneficiary, not the Requestor. If a receipt has been consolidated into the beneficiary's A-file, we require certification of agreement from the beneficiary or we will close the case as a Total Denial (TD). *See Section 7 for Certification of Agreement and Verification of Identity.* Watch for identical family names requesting records of other family members. Please verify all A-Numbers and receipt numbers in CIS or CLAIMS to be sure they belong to the person whose records are being requested.

6.2.2 Alien Number

In the alien number field, enter the subject's alien number, as provided on the request, as an eight-digit or nine-digit number. FIPS will automatically convert all A-Numbers to nine digit

numbers by adding leading zeroes. Do not use the preceding 'A' or 'T' file indicator in FIPS.

6.2.2.1 Always check the A-Number in CIS to be sure it belongs to the correct subject. Copying and pasting the A-Number will save you from making a typographical error and inadvertently staffing for the wrong file.

6.2.2.2 If the alien provided us with more than one A-Number, please separate these numbers with a comma and verify they are all for the subject.

6.2.2.3 If you have created the case and you see less than eight digits in the A-Number field, please re-check (by pasting the number into CIS) to make sure you have entered the number correctly.

6.2.2.4 Do not enter the petitioner's A-Number if the request is only for a copy of an unconsolidated petition filed on behalf of someone else. If the request is for all records, we would need to staff for the A-Number and receipt file. If the subject of the A-Number and beneficiary are different people, you must create additional cases.

6.2.2.5 If the Requestor is a petitioner asking for a copy of a petition that has been consolidated into the A-file of the beneficiary, you should enter the A-Number of the beneficiary, and change the subject name to that of the beneficiary, since we will request the beneficiary's 'A-file'. We require certification of agreement from the beneficiary or the case will be closed as a Total Denial (TD). For more information about this, please refer to section 7, Certification of Agreement, Verification of Identity and Description of Records.

6.2.3 Topic

If the request is for something other than an alien file, for example, a receipt file or a vacancy announcement, then you will add this information in the "Topic" field in the Subject Information area.

"Topic" is used at different times, such as:

- when there is an unconsolidated receipt file
 - when it is a request for a vacancy announcement
 - when it is a request for a personnel file
 - when it is a request relating to policies and procedures service-wide
 - significant interest requests with a topic unrelated to a subject records request.
- You may change the Topic field (unlike the A-Number field) after you have created the case.

Do not use Topic to describe specific documents such as an I-130 or immigrant visa if the receipt number is unknown – you should specify that in the Discussion notes and in the acknowledgement letter. It is always a good idea to read any correspondence you prepare to be sure it makes sense. For more information, refer to section 18, Acknowledgment Letters. When you use Topic, you must check and possibly modify any staffing or acknowledgement letters.

6.2.3.1 If the alien is requesting a receipt number, enter the information in the following format:

Correct: MSC0412360000

Incorrect: MSC-04-123-60000

6.2.3.2 The format above assists the Mission Support Assistants in locating the files and in locating the cases in FIPS when the receipt files come into the facility, and it will make it possible for case creators to spot duplicate or similar cases. If you are requesting multiple receipt files from the same facility (for the same subject), you may staff for up to four receipt files on one staffing sheet. See **Staffing Sheet Guide** for more guidance.

6.2.3.3 When the request is for vacancy announcements, the vacancy announcement number must be the first part of the description. See section 6.3.4.4, Significant Interest Group (SIG) Requests, for more information on handling personnel related requests. In other types of situations, put as much of the pertinent information in the description line as space will allow. You will need to modify the acknowledgement letter.

6.3 CASE SPECIFICATIONS

6.3.1 Track

6.3.1.1 Track 1 –

Select Track 1 if the request is for:

- a specific document, or
- if your search yields only a receipt file or
- if the only responsive record is screen prints.

Any time you have a RAFACS-only staffing, you should create the case as Track 1.

A specific document request consists of three documents or less (except asylum or

refugee requests, which you must evaluate more carefully – please refer to section 8.24 SITUATION: Requests for Asylum or Refugee documentation).

6.3.1.1.1 If the request is for a specific document, please select the category **Specific Documents** and make the case a Track 1. The third paragraph of the acknowledgement letter sent to the Requestor contains the following paragraph and you must modify it to show the specific documents requested:

We respond to requests on a first-in, first-out basis and on a multi-track system. Your request has been placed in the simple track (Track 1). **You specifically requested Specific Doc Information. If you would like a copy of all your records, please send a written request to the address above, otherwise you will receive only the documents you specified.**

You should modify the specific document language in the acknowledgement letter should to be as close as possible to the way it was stated in the request. Otherwise, if the request is Track 1, but is not a request for specific documents, please delete both sentences that address specific documents (bolded in the paragraph above). Either way, you should never leave the words “**Specific Doc Information**” in your acknowledgment letter.

6.3.1.1.2 If the request is for a specific document, continue to create the case in Track 1 as Specific Documents. If the Requestor responds that he or she needs the whole file, a FOIA/PA Assistant or Government Information Specialist working in Records Locator (which we will refer to as RL) or the Research queue can change it to Track 2 at that time. See section 34 for instructions on how to change tracks.

6.3.1.2 Track 2 – Requests for entire copy of alien file, detentions, deportations or removals, asylum or refugee requests, and requests from news media or special interest groups.

If the request has “all records” checked and/or lists more than three documents on the G-639, please select the category Alien File, Asylum or SFR cases at NRC and make the case a Track 2. (See section 34 for instructions on how to change tracks.) Track 2 should also be used for cases created for SIG.

6.3.1.1.2.1. Track 1 vs. Track 2 Clarification (G-639 dated 3/31/2015)

We occasionally have confusion on whether a case should be placed in the Track 1 or Track 2 queue. Most of the confusion centers on how we apply Part 3 to our decision-making process.

In the latest version of the Form G-639, there is no “Subject of Record Consent to Release Information.” You only have Part 3, Description of Record(s) Requested to decide what to release to the requestor.

Part 3: Description of Record(s) Requested:

Part 3 is where the requestor decides whether he or she wants their complete A-file or a portion of his or her records.

Consider the example below. The requestor writes in “**I would like to have a copy of my I-130.**”

This request will amount to just a few pages. This is a Track 1 case.

Part 3. Description of Records Requested

NOTE: While you are not required to respond to every item in Part 3, failure to provide complete and specific information may delay processing of your request or create an inability for U.S. Citizenship and Immigration Services (USCIS) to locate the records or information requested.

1. **Purpose (Optional):** You are not required to state the purpose of your request. However, providing this information may assist USCIS in locating the records needed to respond to your request.

I WOULD LIKE TO HAVE a copy of my I-130

In this next Part 3 example, the requestor wants all of his or her records.

Part 3. Description of Records Requested

NOTE: While you are not required to respond to every item in Part 3, failure to provide complete and specific information may delay processing of your request or create an inability for U.S. Citizenship and Immigration Services (USCIS) to locate the records or information requested.

1. **Purpose (Optional):** You are not required to state the purpose of your request. However, providing this information may assist USCIS in locating the records needed to respond to your request.

I WOULD LIKE TO HAVE POSSESSION OF ALL
RECORDS

Is it a Track 2 case? It depends. Section 6.3.3.1 tells us that if you find nothing other than screen prints (RAFACS staffings) or a receipt file, you need to make this a Track 1 case.

However, if the person asks for all records and you find the A-file or more than three documents (Section 6.3.3.2), you are going to make this a Track 2 case.

6.3.1.1.2.1 Track 1 vs. Track 2 Clarification

We occasionally have confusion on whether a case should be placed in the Track 1 or Track 2 queue. Most of the confusion centers on how we apply Blocks 2 and 3 to our decision-making process.

Block 2: Description of Record(s) Requested:

Block 2 is where the Requestor decides whether he or she wants their complete A-file or a portion of his or her records.

Consider the example below. The Requestor selects “Other” and specifies “Records of departures and arrivals into the U. S. between 2010-2013.”

This request will amount to just a few pages. This is a Track 1 case.

2. Description of Record(s) Requested:
<small>NOTE: While you are not required to respond to all items in Number 2, failure to provide complete and specific information as requested may result in a delay in processing or an inability to locate the record(s) or information requested.</small>
<input type="checkbox"/> Complete Alien File (A-File)
<input checked="" type="checkbox"/> Other (please specify records of departures and arrivals into the U.S. between 2010-2013)
<small>Purpose: (Optional: You are not required to state the purpose of your request. However, doing so may assist USCIS in locating the record(s) needed to respond to your request.)</small>
<small>To assist in responding to Request for Evidence for I-4210 application (deferred action for childhood arrivals).</small>

In this next Block 2 example, “Complete Alien File” is checked.

Is it a Track 2 case? It depends. Section 6.3.3.1 tells us that if you find nothing other than screen prints (RAFACS staffings) or a receipt file, you need to make this a Track 1 case.

But if “Complete Alien File” is checked and you find the A-file or more than three documents (Section 6.3.3.2), check the Track 2 block, no matter what is written in the “Purpose” section.

2. Description of Record(s) Requested:

NOTE: While you are not required to respond to all items in Number 2, failure to provide complete and specific information as requested may result in a delay in processing or an inability to locate the record(s) or information requested.

☒ Complete Alien File (A-File)

☐ Other (please specify):

Purpose: (Optional: You are not required to state the purpose of your request. However, doing so may assist USCIS in locating the record(s) needed to respond to your request.)

I AM REQUESTING MY ENTIRE IMMIGRATION FILE.

In Block 3, we see what the Requestor gives consent to release.

Block 3: Subject of Record Consent to Release Information

You've already selected the track of the case in Block 2. In Block 3, you decide if you have consent. Additionally, you need to consider the following:

1. If your case is a Track 1 (decided in Block 2), the subject of record confirms what information they want released to the Requestor.
2. If your case is a Track 2 (decided in Block 2), Block 3 is only used for certification of agreement if you're releasing to a third-party...nothing else.

For continuity, we'll repeat our first Block 2 example:

2. Description of Record(s) Requested:

NOTE: While you are not required to respond to all items in Number 2, failure to provide complete and specific information as requested may result in a delay in processing or an inability to locate the record(s) or information requested.

☐ Complete Alien File (A-File)

☒ Other (please specify): Records of departures and arrivals into the U.S. between 2010-2015

Purpose: (Optional: You are not required to state the purpose of your request. However, doing so may assist USCIS in locating the record(s) needed to respond to your request.)

To assist in responding to request for Evidence for I-810 application (deferred action for childhood arrivals).

Now in Block 3, the Subject of Record tells us specifically (gives consent) how much of what was requested in Block 2 gets released to the Requestor.

3. *Indicate if Record is subject to statutory restrictions. (Check one against the date of recording requested.)*
For any signature, if subject to other U.S. law, indicate by the requested number in Paragraph 5 of each applicable law:

☐ No statutory restrictions ☒ A government statute or regulation applies, specify below (check one): *1. type of application*
Arrivals and departures in 2010 and 2011.

Specify Name of Subject of Record **J. Gibbs**
Specify date of subject of Record **Arizona** *Date with 20 year 11/11/11*

☐ *Deceased subject - Proof of death must be attached (Military, Death Certificate, or other proof of death required)*

In Block 3, the Subject of Record checked “A portion of my records,” and specified that he only wants “Arrivals and Departures in 2010 and 2011” released.

When the records are processed, we will release “Arrivals and Departures in 2010 and 2011” only.

6.3.1.3 Track 3 – Requests for records of individuals scheduled in the future to appear before an immigration judge. Requestors must provide one of the following documents to receive Track 3 processing:

- Form I-862, Notice to Appear, documenting a future scheduled date of the subject’s hearing before the immigration judge.
- Form I-122, Order to Show Cause, documenting a future scheduled date of the subject’s hearing before the immigration judge.
- Form I-863, Notice of Referral to Immigration Judge
- Written notice of the continuation of a future scheduled hearing before an Immigration Judge.

6.3.1.3.1 A supervisor will normally review all incoming FOIA requests and identify Track 3 requests. The supervisor will verify that necessary documentation is present with the request. There should be an attached cover sheet indicating to the case creator whether the request for Track 3 is approved or denied.

6.3.1.3.2 If there is no cover sheet, please evaluate the request and make a determination to approve or deny Track 3. If you are unsure, consult your supervisor.

6.3.1.3.3 Already Approved Requests for Track 3 Processing with Pending Cases

Before you create the case, look at the documentation and/or check for a duplicate. Sometimes you will find a current, open pending case which is *already approved* for Track 3. If you find another case and it is not a DP case, simply click “Send to Research” and you are finished with the case. Add a Discussion to the original case, “Research, original case already approved for Track 3 processing please attach as

CSD". If it is an exact duplicate request to the existing pending case and already approved for Track 3 processing, you will close this case as final action DP: Duplicate. Add a Discussion to the original case, "Research DP Case closed as DP and provide the NRC control number." (See section 6.4 for information on Searching for Duplicates.)

Track 3 Approval on Pending Cases. If you find an *existing duplicate pending case that was denied* Track 3, and has now been *approved* for Track 3 processing, do not create the case. You should send the case to Research, where they will attach the new request to the existing case as a CSD, change the case to track 3 and send approval notification. Add a Discussion note to original case, "Research, Track 3 upgrade needed". (See sections 34 & 35 for instructions on how to change tracks.)

6.3.1.3.4 Requestors will sometimes request both Track 3 processing and expedited processing. Do not select both. Neither has to do with the other. A Requestor could be granted either Track 3 processing or expedited processing, but never both on the same case. For expedited processing guidelines, please refer to "Expedited Treatment" in this guide, section 6.3.6

6.3.1.3.5 Track 3 processing is not "expedited" processing as that term is used and understood in law. It is not appropriate to use the word "expedited" when discussing Track 3 processing of a FOIA request ("priority" or "accelerated" processing are more appropriate terms for Track 3). Don't confuse the two in correspondence with Requestors. Attorneys may refer to Track 3 as "the removal track" or "the immigration hearing track." The key is any reference to deportation or removal. Some attorneys do not know the difference between "Track 3" and "Expedited Treatment," and we should not punish them for that. If an attorney requests expedited processing because his or her client has a removal hearing, we should treat that as a request for Track 3 processing and evaluate accordingly.

- Example 1: if the attorney requested expedited processing because his or her client has a removal hearing and the attorney also provided a Notice to Appear with a future scheduled date, then you will create the case as a Track 3 and our acknowledgment will say that the case will be processed in the accelerated track (Track 3). Of course, if you are not sure, you should contact a supervisor.
- Example 2: if the attorney requested expedited processing because his or her client has a removal hearing but the attorney did not also provide supporting documentation, then you will create the case in the regular track and include the Track 3 denial paragraph in your acknowledgment letter. The attorney then has the opportunity to provide supporting documentation to move the case to Track 3.
- Example 3: if the attorney requested expedited processing and cites a threat to health or physical safety, or if the attorney cites no reason at all, then we

Updated on March 28, 2016

should treat it as a request for expedited processing. When we deny expedited processing, we have to send a separate letter informing the Requestor of our decision. The Requestor has the right to appeal our decision to deny expedited processing.

6.3.1.3.6 Refer to the cover sheet the supervisor attached to the request. There should be either an Expedited coversheet or a Track 3 coversheet, but not both. Follow the instructions on the cover sheet attached to the request. If there is no Expedited cover sheet, do not mark either box. Add a Discussion and send the case to Unit Chief. A supervisor will approve or deny expedited requests.

6.3.1.3.7 New FOIA Requests for Track 3 Processing If the Requestor specified Track 3 processing on a new FOIA request but the request does not have a cover sheet, please create the case, evaluate the request and make a determination to approve or deny Track 3. If you are unsure, consult your supervisor.

6.3.1.3.8 If the Requestor did not provide any documentation or if the documentation says “a date and time to be determined” prepare an acknowledgment letter and click “Add Track 3 Denial Paragraph.” Proceed with creating the case.

6.3.1.3.9 If you are not sure whether to approve or deny Track 3, please consult your supervisor.

6.3.1.3.10 If you assign the case to Track 3, ensure you put the words “TRACK 3” near the center of the page on the FIPS staffing sheet, or if it is a letter format, on the first page, just under the address. Entering this information near the center of the page will stop the text box from interfering with the barcode. Check the barcode at the bottom of the staffing sheet anytime you add or modify a staffing sheet. You may have to move the text box up if it interferes with the barcode.

6.3.2 Type

Always select **FOIA Request**. It will be incumbent upon the processor to verify the status of the alien, and to change the case type if necessary.

Privacy Act Amendments are requests to correct or amend something on the specific document or file. This type of request is not for a copy of records or the file. If a request is for a 'Privacy Act Amendment' please refer to Section 6.3.4.4.

6.3.3 Source

Source *

Attorney
Commercial
Education/Scientific
Foreign Government
News Media
Others
Representative
White House/Congressional

The source of the request is, quite simply, who is making the request. Is the Requestor the individual or an attorney or representative speaking on the alien's behalf? Is it a request from the media or a true third party Requestor? Below is a list of possibilities for Requestors:

- Attorney - The Requestor is an attorney representing the alien. The attorney will have checked the box on the G-28 marked "Attorney," or will have sent us a letter on the law firm's letterhead.
- Commercial
- Education/Scientific
- Foreign Government
- News Media
- Others - The Requestor of the file is someone other than the alien, an attorney or an accredited representative. They might possibly include a G-28 with something other than "Attorney" or "Accredited Representative" checked.
- Representative - The Requestor is an accredited representative under the provisions of 8 CFR 103.2(a)(3) and 292.1(a)(1) or 292.1(a)(4). On a G-28, the Requestor will have marked the box "Accredited Representative."
- Self - This is a request from the alien himself or herself. The request may have the name of an individual followed by "care of" a certain law firm. This is still a self-request.
- White House/Congressional

If you feel that you have a case of a different source of request, please contact a supervisor for further guidance.

6.3.4.1 Alien File – The Requestor is asking for an entire copy of an alien file. This category includes the following:

- a. Files of living subjects
- b. Naturalization records on or after April 1, 1956
- c. Visa records on or after May 1, 1951 in A-files
- d. A-Files above 8 million (A8000000), and documents therein dated on or after May 1, 1951
- e. Registry records on or after May 1, 1951 in A-Files
- f. Alien Registration Forms on or after May 1, 1951 in A-Files
- g. Requests for copies of Refugee files/ Asylum files

6.3.4.2 Specific Documents – The Requestor is asking for specific documents, such as a copy of a receipt file, an application or a copy of his or her naturalization certificate. A Specific Document case is a Track 1 case. As a rule, you should create a case as Specific Documents if the Requestor is asking for up to three documents. If a Requestor is asking for an asylum application and supporting documents, or refugee documents you should create it as Asylum, Track 2, or a refugee request as Alien file, Track 2. You must update the language in any Specific Document request to specify what documents have been requested. See section 9 for CBP and ICE referrals.

6.3.4.3 Deferred Action for Childhood Arrival

Category * 

Please select Category: Deferred Action for Childhood Arrival in any of the following circumstances:

- If the subject of record mentions DACA or Deferred Action for Childhood Arrival
- If the subject mentions being a child on arrival in the United States
- If the subject mentions the "DREAM Act" and you can tell he or she is referring to DACA
- If you see evidence that the person filed Form I-821D in CLAIMS or PCQS.

Exception: If the FCO is SFR, please select SFR as the category. SFR has priority.

6.3.4.4 Significant Interest Group (SIG) Requests – Generally speaking, SIG processes non-A-File FOIA requests with a few exceptions. Please send requests involving A-files belonging to high-profile individuals, along with all A-file requests submitted by the media, to SIG for handling.

6.3.4.4.1 Direct the following requests to SIG for handling if:

- a. The FOIA request is for congressional correspondence;
- b. The FOIA request is from a member of the media;
- c. The FOIA request is from a member of an activist group, watchdog organization, special interest group, etc.; Such organizations include: AILA, ACLU, CAIR, CREW, EFF
- d. The FOIA request is for a vacancy announcement
- e. The FOIA request is for personnel records
- f. The FOIA request is for records related to an investigation. It may mention:
 - a. Report of Investigation
 - b. OSI Investigation

- c. Background Investigation (These are not USCIS requests – they are redirected to OPM, however, SIG will handle the redirect).
- g. The FOIA request relates to a USCIS contract
- h. The FOIA request relates to a USCIS grant program
- i. The FOIA request mentions “EB-5” or “Regional Center” records
- j. The FOIA request is for data/statistics
- k. The FOIA request is a PA Amendment
 - a. The Requestor wants to correct information in their records
 - b. The Requestor mentions “SAVE”
- l. The FOIA request is a hybrid, the Requestor is seeking both A-File material AND non-A-File material (for example: “My child’s A-file and all USCIS adjudication policies for Vietnam adoptions”)
- m. The FOIA request is for emails.

Items listed above are suggestive and not exclusive.

6.3.4.4.2 If you believe a request qualifies as a SIG request, create the case in the NRC queue, but do not staff or create an acknowledgment letter. Create the case as follows: Track 2; Type: FOIA Request; Source: Others; Category: Others. Do not enter subject’s name or A-Number. You must enter a short description into the Topic block. Send an e-mail to NRC, FOIASIG and enter a discussion note into FIPS explaining the situation. Send the case to Unit Chief.

When the FOIA request is for both an immigration file and e-mail, please staff for the file. Next, create a RAFACS staffing slot for the e-mail. Send an e-mail to NRC, FOIASIG, explain the situation in a discussion and send the case to Unit Chief.

A SIG processor will review the case and move it to their queue if it is truly a SIG case. A SIG processor will then finish the creation, create the staffing and acknowledgment letter. If you have questions or need to send information regarding a possible SIG case send it to their e-mail address: NRC, FOIASIG.

6.3.4.5 SFR cases at NRC – NRC uses this category to track all workload staffed to SFR. This includes cases retired by or lost by SFR, but **does not include ZSF**. This category is very important. SFR cases at NRC can apply to cases in any processing Track. It does not matter what Track the case is in – if the FCO is SFR, you must make the Category “SFR cases at NRC.”

6.3.4.6 Genealogy: Genealogy cases are requests for searches and/or copies of historical records relating to a deceased person. The lists below represent the records that the public would be able to request from the Genealogy Program:

- A. Naturalization Certificate Files (C-files) from September 27, 1906 to April 1, 1956
- B. Alien Registration Forms from August 1, 1940 to March 31, 1944
- C. Visa files from July 1, 1924 to March 31, 1944
- D. Registry Files from March 2, 1929 to March 31, 1944
- E. Alien Files (A-files) numbered below 8 million (A8000000) and documents therein dated prior to May 1, 1951

The case is not Genealogy unless it meets one of the above criteria. If there is a cover sheet with instructions, such as a Hybrid Genealogy cover sheet, please follow the instructions on the cover sheet, rather than the instructions in this paragraph. If the case you are creating does meet the criteria for Genealogy, select Category **OTHER**, then do the following:

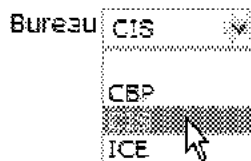

- a. Create the case.
- b. Do not staff for the file or create an acknowledgement letter.
- c. Select Final Action Letter and redirect (RD) the case to "USCIS Genealogy Program." Use the "RD –Genealogy" letter unless you have a request for dual Italian Citizenship. If you have a request for dual Italian Citizenship use the "Genealogy form –ItalianCit" letter. Both letters are located on the O drive (O:\Foia\FOIA LIBRARY). Copy and paste the appropriate letter over the default letter.
- d. After the case is created and the letter has been generated, prepare a discussion and send the case to Unit Chief.
- e. Send an email to NRC, GEN (nrc.gen@uscis.dhs.gov) and copy your supervisor with the control number for review. Please case note accordingly.

If it does not meet the criteria for genealogy it will be returned to you in the Case Create queue to send an acknowledgment letter and staff for records.

If it does meet the criteria, Unit Chief will return the case to you to close.

6.3.4.7 Border Crossing Card: Sometimes a person has no other record than a Border Crossing Card, and you will know this because the only record you can find for that person is an alien number between 80,000,000 and 86,999,999. If that is the only record you are able to find, select Category **OTHER**, and then refer to Section 12.13 of this guide.

6.3.5 Bureau

Bureau

CIS
CBP
ICE

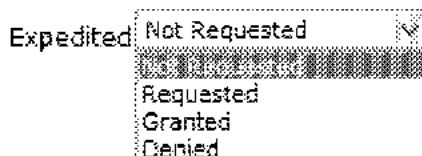

The Bureau selections are used to track cases and apply equally to all processing Tracks. Bureau should be determined by the location of the file at the time the case is created. The three possible selections for Bureau are:

ICE – Select this when the Requestor is seeking information in connection with deportation hearings and other immigration related litigation (OPLA/DRO/SAC), based on the NFTS ICE staffing locations. Please set the bureau to ICE if either an A-file or T-file is at an ICE staffing location, regardless of where other files may be.

CIS – This is the default in FIPS. Leave it selected unless it falls under ICE or CBP.

CBP – Used for requests pertaining to documents relating to the Border Patrol, incident reports relating to apprehension, entry without inspection (EWI), smuggled humans, mobile patrol group, voluntary return, repatriation, checkpoints, entry/exit information, inspection, Port of Entry (POE), legacy customs or legacy inspections. Key words that you could see on a request relating to CBP are inspection, Port of Entry, Bridge of the Americas, Friendship Bridge, and smuggled goods. **Note: If request is for entry/exit information and the Requestor/subject provided an alien number, request the file.**

6.3.6 Is there a request for expedited treatment?

Expedited

Not Requested
Requested
Granted
Denied

A Requestor may ask for his or her request to be expedited and processed outside the order of receipt. By law, we must respond to a request for expedited treatment within 10 business days.

USCIS will grant expedited processing if the Requestor establishes *either*:

- (1) circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;
or
- (2) an urgency to inform the public about an actual or alleged federal government activity, if the Requestor is a person primarily engaged in disseminating information.

A Requestor who seeks expedited processing must explain in detail the basis of the need and submit a separate statement that the facts are certified to be true and correct to the best of his or her knowledge and belief. The Requestor must establish that one of the following situations exists in order to receive expedited treatment of his or her FOIA/PA request. If a Requestor asks for expedited processing and fails to meet the criteria, we process the request in the appropriate track, using the “first in/first out” rule [See 6 C.F.R. § 5.5(a)].

6.3.6.1 Reviewing Expedited Treatment Requests

The OA personnel normally separate mail and faxes pertaining to expedited treatment prior to scanning. A supervisor then reviews and makes a determination regarding the expedited treatment. The supervisor will attach a cover sheet to the front of the request detailing the determination. Please create the case in accordance with the instructions on the cover sheet. With *or* without a coversheet attached to the request, you will still need to review the request. *Helpful review information:*

- A. If you search for duplicates and find the case recently closed as FC or NR, refer to the guidelines in 6.3.6.4 or 6.3.6.5, depending on whether expedited processing was granted or denied. In any case, you must read the entire request carefully to ensure it is or isn’t a new FOIA request. Sometimes the request will be similar to the closed case but now the Requestor is seeking additional documents or is responding to the closed case.
- B. If you find an open pending FOIA request or a case closed as PD or G1 within 6 months, we consider it a duplicate request with a request for expedited treatment. Refer to section 6.4.

- C. If you find a recently closed case with the final action codes of RD, RF, or DP, it may also be a duplicate request with a request for expedited treatment. Refer to section 6.4 if you determine it is, but otherwise refer to section 6.3.6.2.3.

6.3.6.2 Resubmitted for expedited processing: If the requested file has already been scanned because of a *currently open* FOIA request that has now been resubmitted for expedited processing, do not create a new case. You should send the request to Research where they will attach the new request to the existing case as a CSD. *Helpful steps to reviewing duplicate or currently open expedited treatment requests are:*

- A. Search and review any existing duplicate cases.
- B. Review the new request documents to ensure it is a duplicate case with Expedited Treatment Requested.
- C. Attach the new request as a duplicate (DP) to the current open pending FOIA request case.
- D. Enter a Discussion on the original FOIA request case, "To Research, Expedited Treatment Requested, and briefly describe your findings.
- E. Send the new request to the Research queue. The Research point of contact (POC) will attach the new request to the existing/pending case as a CSD and complete the expedited approval or denial actions, if needed.

6.3.6.2.1 If expedited processing has been granted based on new information and a duplicate (DP) case exists, follow the guidance listed above in sections 6.3.6.2, (A-E).

6.3.6.2.2 If expedited treatment was already denied or approved in the *currently open prior case*, and the supervisor's decision is the *same*, if you have not already created the case, you may send to Research, where they will attach your request to the original case as a CSD. Follow the guidance listed above in section 6.3.6.2, (A-E), or if the case is a duplicate case (all new expedited request documents that are the exact same FOIA request documents previously submitted at the same time, in a currently open or prior case), follow the guidance in section 6.4, Searching for Duplicate Cases.

6.3.6.2.3 If the expedited treatment request refers to a case that *has already been closed*, either close it as DP and send a duplicate letter or create it as a new case. If in doubt, consult your supervisor. Please refer to the section 6.4 on DP (duplicate) Cases, and the previous guidance listed above on reviewing expedited treatment requests. Create a Discussion with your findings on the original FOIA case prior to sending to Research or closing as a DP case.

6.3.6.3 Sometimes the OA room will miss an expedited request or there is no coversheet attached. As you are reading the request, you will notice the Requestor has asked for expedited treatment within the body of their letter, and it would not have been obvious to anybody who had not thoroughly read the letter. If this happens, do not select anything (requested, approved or denied) in the drop-down box at this time and do not create the Expedited Denial Letter, the Acknowledgement letter or the Staffing letter.

A supervisor must review newly created FOIA Request cases with Expedited Treatment requests in the *Unit Chief (UC) Queue*, before selecting expedited processing or addressing the decisions. If the review process was missed and/or the coversheet is missing you must then do the following:

- A. Create the case
- B. Enter a Discussion prior to sending to the UC (Unit Chief Queue)
“Expedited Treatment Requested per page(s) __, denied/approved”
- C. Send the request to UC (Unit Chief Queue)
- D. E-mail your supervisor with NRC FOIA Request number and the details.
- E. Send the request to UC (Unit Chief Queue).

When the case is returned to you from the Unit Chief in the Case Create queue, review the decision, refer to 6.3.6.4 or 6.3.6.5 whichever applies.

6.3.6.4 If the supervisor **granted expedited processing**, you will not create an Expedited Denial Letter, of course. You must select “*Granted*” in the Expedited drop-down box. When you create the acknowledgement letter, it will not address the fact that Expedited Treatment is granted.

- A. Select “Granted” in the Expedited drop-down box.
- B. When you create the acknowledgement letter, it will not address the fact that Expedited Treatment is granted. After completing the acknowledgement letter you will then need to create a “Blank Letter” and add the following: “This letter serves to notify you that your case has been approved for expedited processing.” Make sure you review both letters for accuracy and complete the selected processes by saving each letter and by checking the letters in.
- C. Create a Discussion “Expedited Approved by supervisor.”
- D. Complete any remaining actions as needed. You have now completed the Expedited Treatment Request as approved per the Unit Chief/Supervisor’s guidance.

USCIS denies most requests for expedited treatment because the Requestor fails to establish either of the necessary criteria.

6.3.6.5 If the supervisor **denied expedited processing**, you must select “**Denied**” in the Expedited drop-box. After this, you should create the Expedited Denial Letter. If the supervisor denied expedited processing, we must advise the Requestor of the criteria for expediting a request and offer an opportunity to resubmit additional justification. The Requestor also has the right to appeal the decision to the USCIS FOIA Appeals Office.

- A. Select expedited denied by clicking on the Expedited drop down box.
- B. Advise the Requestor in this denial letter of the criteria for expediting a request and offer an opportunity to resubmit additional justification. The Requestor also has the right to appeal the decision to the USCIS FOIA Appeals Office. Select the Expedited Denial Letter. A Word document explaining the denial and appeal rights will pop up. After you have done any editing necessary, save the document and check it back in.
- C. Enter a final Discussion note “Expedited Denied by supervisor.”
- D. Complete any remaining actions as needed. You have now completed the Expedited Treatment Request, denied per the Unit Chief/Supervisor’s guidance.

6.3.6.6 Do not mark both “Expedited Treatment Requested” and “Track 3.” A request can be either expedited or Track 3, but not both. If the Requestor has asked for Expedited Treatment and Track 3, treat it as if it is a Track 3 request and follow the instructions in section 6.3.1.3.

A dialog box will pop up. Select "Save":

A word document explaining the denial and appeal rights will pop up. After you have done any editing necessary, save the document and check it in.

If you have made expedited granted selection, your acknowledgement letter will not address expedited treatment granted. Refer to section 6.3.6.4, for granted letter guidance.

6.3.6.7 If there is an Expedited Treatment Requested cover sheet, and if you determine during case create that you must create additional cases, you must check the Expedited Treatment Requested box (and create the appropriate response letters) for each child case. On the other hand, it might be that we will treat only the parent case as an expedited treatment request. The Supervisor will make the determination or the supervisor will make a statement to that effect on the cover sheet, and of course, in such a situation, you would not mark the child cases as expedited treatment requests. Send the case to the Unit Chief Queue (UC) if an approval or denial is needed. Refer to section 6.6 of this guide when creating additional cases.

6.3.6.8 If there is an Expedited Treatment Requested cover sheet, but for any reason, the disposition of the case is to Up-front Approver, then please change the Expedited drop-down box to “Not Requested” before you send the case to Up-front Approver. Because we are not generating a letter regarding expedited treatment denial or grant, and because it would cause erroneous reporting of Expedited Treatment Requests, you must change it to “Not Requested.”

6.3.7 Is there a request for fee waiver?

Fee Waiver

Not Requested
Requested
Granted
Denied

The Requestor may ask for a waiver of fees in his or her request or in accompanying documentation submitted with his or her request. USCIS considers all requests for fee waivers on a case-by-case basis.

A Requestor must meet two requirements in order for USCIS to grant a fee waiver:

1. The disclosure of the requested information must be in the public interest,
2. AND the disclosure of the information is not primarily in the commercial interest of the Requestor. For a detailed explanation, please refer to the U.S. Department of Justice Guide to the Freedom of Information Act, “Fees and Fee Waivers.”

If there is no coversheet, how will you recognize a fee waiver request? Please follow these guidelines:

1. If the Requestor mentions fee waiver at all, treat it as a request for fee waiver.
2. If the Requestor says anything about not being required to pay, treat it as a request for fee waiver.
3. If the form is titled "Fee Waiver Request," treat it as a request for fee waiver.
4. You may call the Requestor to verify that it is a fee waiver request. If you call, please insert a Discussion. If you tried to call but were not able to speak with the Requestor, please insert a Discussion saying so.
5. If the Requestor provides some statement of financial insolvency but makes no mention of fee waiver request or does not mention inability to pay, then it does not constitute a fee waiver request, and we ignore it.
6. Contact a supervisor if you are unsure. If you have specific guidance from a supervisor, please insert a Discussion saying so.

6.3.7.1 When a Requestor has asked for a fee waiver, there should be a *cover sheet* advising you of approval or denial. The supervisor may determine to deny based upon the two criteria listed above. If the supervisor marked denied, you must select “Denied” in the Fee Waiver drop-down box on the FIPS worksheet. Regardless of the decision on the fee waiver, you must insert a Discussion in FIPS indicating that you addressed the fee waiver request.

Fee Waiver Denied with Coversheet

- A. Select “Denied” in the Fee Waiver drop-down box.
- B. Create a Specialty Letter and select Fee Waiver Denied.

6.3.7.2 When you are finished creating a case with a fee waiver denial, create a Specialty Letter and select Fee Waiver Denied, edit the document if necessary and then create the case as normal. If you are not sure, please consult your supervisor.

6.3.7.3 If you believe the Requestor meets the requirements for fee waiver (and there was *no cover sheet*) then select “Requested” and send the request to Unit Chief. E-mail your supervisor with the details. A supervisor will make the decision to approve or deny the fee waiver and send the case back to you in the case create role. At that point, you will select either “Granted” or “Denied.”

Fee Waiver Request Without Coversheet

- A. Do not select anything in the Fee Waiver Request drop down box
- B. Create the case, but do not staff or create acknowledgement letter
- C. Add a Discussion note and send to Unit Chief
- D. Send an e-mail to your supervisor
- E. After a decision is made, the case will be returned to your Case Create queue
- F. Then use 6.3.7.4 for denied or 6.3.7.5 for granted, whichever applies.

6.3.7.4 Fee Waiver Denied

- A. Select “Denied” in the Fee Waiver drop-down box.
- B. Create a Specialty Letter and select Fee Waiver Denied.

6.3.7.5 Fee Waiver Granted

- A. Select “Granted” in the Fee Waiver drop-down box. After the case has been created as normal,

- B. Create a Blank Letter with the following sentence included, “This is to inform you that your request for a fee waiver has been granted.”

6.3.7.6 If there is a Fee Waiver Request cover sheet, and if you determine during case create that we need to *close the case RD, RF, DP or ER*, then change the Fee Waiver drop-down box to “Not Requested” and click Save before you send the case to Up-front Approver. Because we are not generating a letter regarding Fee Waiver denial or grant, and because it would cause erroneous reporting of Fee Waiver Requests, you must change it to “Not Requested.” If you are closing the case Up-front, do not generate a letter regarding whether the Fee Waiver was denied or granted. If you are not sure, please consult your supervisor.

6.3.8 Print to CD

- ☒ Print To CD
- ☐ PA Cited
- ☐ In Litigation 
- ☐ In Circular Search
- ☐ Delinquent

In an effort to save time, money and resources, the FOIA unit sends out final action responses on CD to all Requestors (with two exceptions). When we send out the acknowledgement letter to the Requestor, it advises them that unless they write in and specifically ask for their documents on paper, they will be receiving them in a CD format.

RULES FOR UNCHECKING “PRINT TO CD”

6.3.8.1 Unchecking the Print to CD Box

Uncheck the “Print to CD box” on any case where the mailing address of Requestor is to a correctional facility or unless the Requestor specified paper in the initial request letter.

6.3.8.2 If the mailing address is foreign, it does not matter if they ask for paper. We are sending it on CD. If you are unsure, please consult your supervisor.

6.3.8.3 All responsive records mailed to a correctional facility must be on paper. In such an instance, you must modify the acknowledgement letter so that we do not tell the Requestor we are printing the responsive records to CD. Modify the acknowledgement letter by deleting the sentence that begins with “This office will be providing your records on a Compact Disc (CD)” and replacing it with a paragraph that reads “This office will be providing your records on paper.”

6.3.8.4 If the Requestor is in prison but we are sending the responsive records to an attorney’s office, we will print to CD.

6.3.8.5 If a Requestor in the United States specifically asks for his or her records on paper, uncheck "Print to CD" box create a Discussion note citing the reason. In such an instance, you must modify the acknowledgment letter so that we do not tell the Requestor we are printing the responsive records to CD. Modify the acknowledgement letter by removing the paragraph that begins with "This office will be providing your records on a Compact Disc (CD)" and replace it with a paragraph that reads "This office will be providing your records on paper."

6.3.9 Is this a delinquent Requestor?

- ☐ Print To CD
- ☐ PA Cited
- ☐ In Litigation 
- ☐ In Circular Search
- ☒ Delinquent

The Delinquent Requestor search helps FIPS users identify Requestors who have unpaid bills in the system. Requestors are delinquent when case fees remain unpaid for more than 45 days.

After you enter the last name of the Requestor, FIPS will automatically conduct a search for delinquent fees owed by that Requestor, using the last name of the Requestor. If the Requestor is delinquent on any case in any office nationwide, a box will pop up on the screen (see below).

If a Requestor/subject previously submitted a request and owed a fee on a case and he or she did not pay the fee within 30 days, the case closed as FP (failure to pay). If the subject/Requestor submits a new FOIA request, the Delinquent Requestor notification is going to pop up. Your Requestor may possibly not be on the pop-up list. FIPS conducts a search by the last name(s) of delinquent Requestors.

DELINQUENT REQUESTOR RULES:

6.3.9.1 Do not treat the case as delinquent if the case was processed on or before January 1, 2004. Send an e-mail to [NRC, FIPSPROBLEM](#) (clicking on the link will automatically include a copy to NRC, FOIAPROGRAM). In the body of the e-mail, include the name of the delinquent Requestor and the delinquent case number(s).

6.3.9.2 If you encounter a delinquent Requestor from a FIPS Lite office, do not treat them as delinquent. You will know the request was processed in FIPS Lite when you open the case because you will see a "FIPS Lite placeholder."

6.3.9.3 Make sure the Requestor of the case you are creating is the same Requestor that FIPS is showing as delinquent. You must view the delinquent request(s) to make this determination. To view a case, highlight the line and click "view." If the delinquent Requestor matches your Requestor, treat the new request as delinquent. To get the delinquent case information (case number, dollar amount) in your acknowledgement letter and in the new case, highlight the name in the box that matches your Requestor and click ok.

Next, to create the case, go to the Tasks tab and click:

Contents		Discussions	Case Actions
Task	Status		
Create Case	Not Started		
Search for Duplicate Cases	Not Started		

When you complete the case create process and the new case has a control number, FIPS will notate the delinquency on the worksheet.

6.3.9.4 If the Requestor is delinquent, do not request responsive records until we receive payment.

NOTE: If you are creating additional cases, you should do so before you prepare the Acknowledgment Letter and File Request(s) for the original case. For instructions, please refer to section 6.6 of this guide.

NOTE: A FOIA/PA Assistant or Government Information Specialist working in Records Locator queue may need to cancel pending Requestor documentation for cases pending payment of fees due to a prior delinquent status that has been removed, because the system does not.

If the FOIA/PA Assistant or Government Information Specialist working in Records Locator queue does cancel pending Requestor documentation, he or she should generate a new acknowledgement letter and staff the case as usual.

If the Requestor has more than one delinquent case, you will have to add up the total and modify the delinquent Requestor letter providing the case number for each delinquent case, the dollar amount owed for each, the total dollar amount owed, and instructions to prepare a check for the total amount made out to "U.S. Treasury."

When you click "ACK Letter" the following screen pops up. Click OK to generate the letter, save the letter and check it in

We will take no further action until the delinquency is resolved. Please pend.

6.4 SEARCH FOR DUPLICATE CASES

Before you begin filling in the worksheet, you should look for duplicates. Duplicate cases are cases in which the request was submitted multiple times to the Service, or was inadvertently scanned into FIPS multiple times, or are cases that we previously processed. To be considered a

duplicate, a request must be from the same Requestor, include the same request documents dated on or about the same date and is seeking the same information about the same subject. If there is a request with an ICE or CBP referral letter, the letter should have been attached to the *open pending original case* as a CSD. Please do not close this case ER. Send the case to research.

Sometimes a Requestor will take a “shotgun” approach. He or she will submit the same FOIA request multiple times to ICE, CBP and CIS, hoping to get an answer more quickly. The receiving offices will then in turn, send these requests to NRC. These are true duplicate cases when an office has *already processed* this request with a final action code of either *PD or GI*. If the original case is ready to be processed, send to research to attach as a CSD. If we closed a previous case FC and the Requestor is now providing additional information, it is not a duplicate.

This does not include instances in which the Requestor has faxed the request and then mailed it. If you open a case and find that the exact same request has very recently been created, chances are that you have opened the mailed copy which followed a few days after the fax. Set this case as a DP (duplicate) case to the open pending original case and modify (insert the “Upon review” statement...) your Final Action Letter.

Ordinarily, you will search by Alien Number, and if you do not find a duplicate or similar case, your search will be complete. If the Requestor did not provide an alien number, you may search by the subject’s last name and first name, or even by the Requestor’s last name and first name. You may use a percent sign (%) as a wild-card for these searches. For example, if the Requestor’s name is Jaime Vazquez, but you see he also has spelled his name Vasquez – you can search by Subject Last Name “Va%quez” and Subject First Name “Jaime.” We may have created a case for him before using either the name Vasquez or Vazquez, and we may have included his second last name, Hernandez. If you search “Va%que%” it will find all three of those variations, but be careful – if the subject has a very common name, you might get hundreds of matches. If the subject has multiple A-Numbers, you must search for each one. Sometimes they will provide an A-Number that has consolidated into another file. You may stop searching if you determine that those A-Numbers have been consolidated. Staff only for the survivor file – never a consolidated file.

“true duplicate,” it needs to be the same Requestor, seeking the same information about the same subject. Also, duplicate would not apply if the original case closed FC unless we are still missing the same information that caused the case to close.

By highlighting the case you wish to review and then clicking the “Edit” icon, FIPS will open the case for your review. You then review the request to ensure that:

- A. If there has been a case that was closed G1 or PD within six months from same Requestor – close the case with final action code DP. Modify the final action letter as follows:

Upon review of the FOIA/PA Tracking System, we discovered that your request had been duplicated within the system. This request has been closed out. The original request NRC201xxxxxxx, was closed on (insert case close date) and a copy of the requested records were mailed to you on that date. Please contact us if you have not received a copy of the records.

- B. This does not include cases that were closed with any other final action code.

Once you verify those items and you determine the case is a “true duplicate” of another case and closed G1 or PD within six months from same Requestor, you will select “Set this case as duplicate to original case” as follows:

If you determine that it is not a *true duplicate*, please insert a new Discussion entitled “Similar Case” with the case number of the other case in each of the cases, so that a processor or approver can review both.

If the date of the request is either the same as your request or within a very few days and:

- A. The Requestor is the same, and
- B. The information being requested is the same in both requests,

Close this case as a duplicate. Attach the case as a duplicate case by selecting “Set this case as duplicate to original case”, next select “Create Case” and close the case with a final action code of DP and modify (insert the “Upon review” statement...) your Final Action Letter. Next, enter a case Discussion and send the case to the Up-front Approver.

If you are not sure your case meets the duplicate requirements, create a new Discussion in the case and send the case to Unit Chief. Send your supervisor an e-mail with the case information for his or her review.

6.5 COPYING RECORDS FROM A CLOSED CASE

You may be checking for duplicates and discover responsive records of an existing closed case meet the following criteria:

- Regular (not Appeals) case
- Status of the duplicate case is “Closed” and
- The date closed was within six months of the current date

If the duplicate case meets all those criteria, then you may copy from the existing case into the new (active) case. The Request Type that you have selected for the existing case and the new case will determine whether any redactions are copied with the responsive records. If both new and existing cases are FOIA Requests or both cases are Privacy Act requests, then redactions will be copied into the new case with the responsive records. However, if the new case is a FOIA Request and the existing case is a Privacy Act request (or vice versa), then the responsive records will be copied but without any redactions.

To begin the search, select the Tasks tab and click **Search for Duplicate Cases**.

6.6 CREATING ADDITIONAL CASES

At times, you may have to create additional cases. For instance, a Requestor might send in one G-639 and ask for "all petitions filed for my three children, whose birth certificates are attached." Those petitions may be consolidated into the children's A-files, or they may be unconsolidated. When the Requestor is seeking information relating to more than one person on one FOIA request, you must create an additional case for each individual. This is true even if you are going to close all of the cases FC.

After you have created the first case, but before you have prepared a staffing letter or an acknowledgment letter, go to the Tasks tab and click on Create Additional Cases.

The first case created from the request becomes the “Parent case;” all subsequent cases created (one case for each subject) become the “Child cases.” FIPS assigns consecutive case control numbers to the Parent case and all related Child cases, and the cases are given higher priority in the queue so that the Case Creator can process all related cases together. Requestor data from the Parent case is automatically added to all related child cases, as are the initial request letter and any related case supporting documents.

If you forget to create additional cases before you create acknowledgment letters, those documents will carry over into the Child cases. All is not lost. You may simply change the acknowledgment letters and save them in the Child cases. Unfortunately, you will have to cancel the staffings. Go to the Contents tab, click on “Staffing Response” or “Responsive Records,” click on “Manage Document,” maximize that screen, click on “Cancel Request,” and then go back to the Tasks tab and create a new file request based on the correct set of responsive records.

After you have created the first case, but before you have prepared a staffing letter or an acknowledgment letter, go to the Tasks tab and click on Create Additional Cases. FIPS will ask how many cases need to create and will then create them semi-sequentially. That is to say, FIPS will number the cases in sequence, but if another person creates a case while the process is ongoing, that case will take the next available number, so your additional cases might not have exactly sequential numbers. FIPS has the ability to create a parent case with up to 25 child cases. FIPS will automatically insert into each case a note remarking on the fact that the current case is a part of a parent/child case.

When the Requestor is seeking information relating to multiple individuals on one FOIA request, you must create a separate case for each individual.

After FIPS finishes creating the new case(s), you will need to create an acknowledgement letter, request any additional information (if applicable) and staff for responsive records. Of course, nothing is ever this simple all of the time. Now you are ready to determine certification of agreement and PII.

7 CERTIFICATION OF AGREEMENT, VERIFICATION OF IDENTITY, AND DESCRIPTION OF RECORDS (G-639, dated 3-31-2015)

Note: On this version of the Form G-639, Certification of Agreement (consent) and Verification of Identity are combined. For Verification of Identity you still need a name, current address, date of birth, place of birth, and a signature.

However, you only need **one** signature, either notarized or signed under Penalty of Perjury. If the any of the above items are missing, close the case as a failure to comply.

Do not close any cases as Total Denials based solely on the Form G-639 (3-31-15).

A Privacy Act Record is any item, collection, or grouping of information about an individual which the maintaining agency retrieves by the person's name, identifying number, symbol, or other identifying particular assigned to that individual.

An A-number is an "identifying number" assigned to a single individual. That makes an A-file a Privacy Act Record.

A CBP incident could involve several people. A CBP Incident Report is filed by a number which is not an "identifying particular" for any individual. Even though the file most likely contains sensitive PII, a CBP Incident Report is not a Privacy Act Record. A USCIS contract is another example of a document that is filed by a number, but that number is not an identifying particular for any individual.

If a person requests a non-Privacy Act Record, he or she must request it under the FOIA. The agency will review the record and withhold information that is exempt, including sensitive information about individuals in the record. An individual involved in that record could provide a signed agreement which will allow the agency to release information about that individual to whatever Requestor.

Any time a person other than the subject of a Privacy Act Record requests the record, the subject of record must provide the agency with a signed statement agreeing that the agency may release information in that file to the Requestor.

Unconsolidated petitions are not always one way or the other. An I-360 could be associated with only one person and an I-130 is associated with two or more people. If a third party requests an unconsolidated petition, we need an agreement to release information from at least one of the people associated with the petition.

If a person is not requesting a Privacy Act Record, then there is no requirement to establish Verification of Identity by mail, fax or e-mail, and do not require a signature. Requestors must provide name, mailing address and adequate description of the records they are seeking. By submitting the request, the person is agreeing to pay fees up to \$25.00, unless they specify more.

Additionally, if a Requestor establishes that the subject of record is deceased, or if the subject of record is more than 100 years old, then the Requestor is not required to establish his or her own Verification of Identity. The same requirements apply to a request for the file of a deceased person as apply to a request for a Non-Privacy Act Record.

In any third party request for a Privacy Act Record, we need either:

- Verification of Identity to release information to the Requestor, or
- Proof of parentage if the subject of record is a minor at the time of the request, or
- Proof of court-appointed guardianship, or
- Proof of death.

7 CERTIFICATION OF AGREEMENT, VERIFICATION OF IDENTITY, AND DESCRIPTION OF RECORDS

Certification of agreement, for the purposes of FOIA/PA is written agreement, approval or permission for access to information in the record by the *competent* individual to whom the record pertains. The case creator must review the request and supporting documents to determine if proper certification of agreement is present.

5 U.S.C. § 552a(b) No agency shall disclose any record ... except pursuant to a **written** request by, or with the prior **written** consent of, the individual to whom the record pertains.

6 CFR § 5.21(f): If you are making a request for records concerning *(a living)* individual *(other than yourself)*... You must also provide a statement from the individual certifying the individual's agreement that records concerning the individual may be released to you.

Any petition filed for another person creates special requirements for certification of agreement. Sometimes the VOI and certification of agreement the Requestor provided is sufficient, but sometimes not. If the Requestor is asking for a petition, please refer to section 12.16 of this guide.

A person does not need to sign certification of agreement to request his or her own file.

Certification of agreement could be:

- A. Block 3 on Form G-639, or
- B. A properly executed Form G-28, or
- C. A separate declaration by the subject, such as:

Pursuant to the Privacy Act of 1974 and DHS policy, I hereby agree to the disclosure to _____ of any record pertaining to me that appears in any system of records of USCIS, USCBP, or USICE.

Updated on March 28, 2016

Form G-28, *Notice of Entry of Appearance as Attorney or Accredited Representative*, has been revised (03/04/2015). As of **May 15, 2015**, USCIS no longer accepts prior versions of the G-28.

As a FOIA/PA Assistant, this may affect your decision on certification of agreement in the following instances:

- If certification of agreement is provided on no other place except Form G-28,
- Then the attorney must use a *properly executed* new Form G-28 (revision of 03/04/2015).
- If the Form G-28 is an older version than the revision of 03/04/2015, then you will close the case FC, not TD. Please refer to section 16b of this guide.
- If the new Form G-28 (revision of 03/04/2015) is not properly executed, then you will close the case TD (inadequate Certification of Agreement). Please refer to section 16a of this guide.

The G-28 might not matter. If there is adequate certification of agreement someplace else in the request, such as on Form G-639 or on a separate statement, the version of Form G-28 or if it was properly executed does not matter.

A Privacy Act Record is any item, collection, or grouping of information about an individual which the maintaining agency retrieves by the person's name, identifying number, symbol, or other identifying particular assigned to that individual.

An A-number is an "identifying number" assigned to a single individual. That makes an A-file a Privacy Act Record.

A CBP incident could involve several people. A CBP Incident Report is filed by a number which is not an "identifying particular" for any individual. Even though the file most likely contains sensitive PII, a CBP Incident Report is not a Privacy Act Record. A USCIS contract is another example of a document that is filed by a number, but that number is not an identifying particular for any individual.

If a person requests a non-Privacy Act Record, he or she must request it under the FOIA. The agency will review the record and withhold information that is exempt, including sensitive information about individuals in the record. An individual involved in that record could provide a signed agreement which will allow the agency to release information about that individual to whatever Requestor.

Any time a person other than the subject of a Privacy Act Record requests the record, the subject of record must provide the agency with a signed statement agreeing that the agency may release information in that file to the Requestor. We refer to that as "certification of agreement."

A subject of record is not required to provide a certification of agreement signed by himself or herself giving us permission to release information to himself or herself.

Unconsolidated petitions are not always one way or the other. An I-360 could be associated with only one person and an I-130 is associated with two or more people. If a third party requests an unconsolidated petition, we need an agreement to release information from at least one of the people associated with the petition.

If a person is not requesting a Privacy Act Record, then there is no requirement to establish Verification of Identity or Certification of Agreement. Non-Privacy Act Record requests frequently fall under SIG. Such a request may arrive by mail, fax or e-mail, and do not require a signature. Requestors must provide name, mailing address and adequate description of the records they are seeking. By submitting the request, the person is agreeing to pay fees up to \$25.00, unless they specify more.

Additionally, if a Requestor establishes that the subject of record is deceased, or if the subject of record is more than 100 years old, then the Requestor is not required to establish his or her own Verification of Identity. The same requirements apply to a request for the file of a deceased person as apply to a request for a Non-Privacy Act Record.

In any third party request for a Privacy Act Record, we need either:

- A certification of agreement to release information to the Requestor, or
- Proof of parentage if the subject of record is a minor at the time of the request, or
- Proof of court-appointed guardianship, or
- Proof of death.

If none of those elements are present, VOI becomes irrelevant. We will close the case as a total denial (TD). For TD procedure, please refer to section 16a, TD (total denial) Case Closings.

7.1 Certification of agreement of parents or guardians

If a parent is filing on behalf of a minor child, then the parent must submit proof of parentage. Proof of parentage can be in the form of a birth certificate, adoption decree or similar document, naming the Requestor as a legal parent. If guardians file on behalf of their wards, they must submit proof of guardianship. No certification of agreement is necessary from the minor child or the person judicially determined to be incompetent if the Requestor is the parent or guardian, however the parent or guardian must provide his or her own verification of identity that is notarized or signed under penalty of perjury [6C.F.R. § 5.21(e)].

Please note: if the request references a baby from Vietnam, Cambodia, Guatemala, Nepal or Ethiopia, please refer to section 8.23 of this guide. If the Requestor is a prospective adoptive parent, we will provide any documents concerning them. If unsure, please consult a supervisor.

If a guardian is filing on behalf of a minor or person judicially determined to be incompetent, he or she must submit proof of guardianship. No certification of agreement is necessary from the minor child or the person judicially determined to be incompetent as long as the Requestor has proven parentage or guardianship [6 C.F.R. § 5.21(e)].

If the Requestor asserts parentage or guardianship but does not provide proof, we will close the case as a total denial (TD). For TD procedure, please refer to section 16a, TD (total denial) Case Closings.

Minors may request their own files; they do not have to have the certification of agreement from their parents or guardians to do so. Attorneys may represent minors also.

7.2 Verification of Identity (VOI) (G-639, dated 3-31-15)

If a requestor is asking for a Privacy Act record, he or she must provide verification of identity. A Privacy Act record, for USCIS purposes, is any item, collection, or grouping of information about a person which we retrieve by the person's name, identifying number, symbol, or other identifying particular assigned to that person. This information includes, but is not limited to, a person's nationality, immigration status, education, financial, medical, criminal, or employment history.

By 6 CFR § 5.21(d), we must have five items – name, current address, place of birth, date of birth and signature. The signature must be notarized or signed under penalty of perjury. If the requestor does not provide all five items, we will close the case as FC and insert the unperfected request language in the FC letter. We are required to conduct a thorough search as long as we have the required information.

If we have verification of identity, but are unable to confirm a match because of multiple matches or a possible match, we may need more information to verify that we have the right file (i.e. parents names, alias names, alien number/receipt number). If we ask them for additional

information, the information they send back to us does *not* have to be signed under penalty of perjury or notarized. Do not request any information that has been marked as unknown or otherwise indicated that they do not know it. The requestor may indicate that he or she does not know date of birth or place of birth, and we will still conduct a search. If the requestor declines to provide us with date of birth or place of birth, we will close the case FC. Please refer to section 16b, **FC (failure to comply) CASE CLOSINGS** of this guide.

In addition, on February 17, 2011, we started accepting the required PII if provided via a birth certificate or other document if not written on the G-639.

6 CFR § 5.21(d) *Verification of Identity*, says the requestor must provide us:

- A. Full Name
- B. Current address
- C. Date of Birth
- D. Place of Birth
- E. Signature under penalty of perjury *or* signature notarized

When you review the case and determine the requestor *did not provide* all five required pieces of information, you will close the case as a failure to comply (FC). Please refer to Section 16b: FC Case closings. Some examples of failure to comply (FC) are listed below.

- A. A requestor who provides full name, current address and alien number only has not provided sufficient verification of identity. The date and place of birth are missing. If any of the five required items is missing, close as a failure to comply (FC).
- B. G-639 Self Requests when the subject has not signed under Penalty of Perjury or Verification of Identity. Close as a failure to comply.
- C. If the requestor is asking for records concerning a *living* individual and it has not been signed under penalty of perjury nor notarized, close as a failure to comply.

- 8.a. ☐ **Notarized Affidavit of Identity** (Do **NOT** sign and date below until the notary public provides instructions to you.)

8.b. ☐ **Declaration Under Penalty of Perjury**

By my signature, I consent to USCIS releasing the requested records to the requestor (if applicable) named in **Part 2**. I also consent to pay all costs incurred for search, duplication, and review of documents up to \$25 (if filing this request for myself).

I certify, swear, or affirm, under penalty of perjury under the laws of the United States of America, that the information in this request is complete, true, and correct.

Signature of Subject of Record

Date of Signature (mm/dd/yyyy)

Closing as Failure to Comply (FC) for inadequate Verification of Identity: Please refer to section 16 of this guide.

More information about VOI: The signature of the subject of record must either be notarized or submitted under 28 U.S.C. 1746 (*penalty of perjury in lieu of notarized signature*).

- A. The notarized signature of the subject or the signature under penalty of perjury does not need to be on the G-639.
- B. If a requestor has inserted the **penalty of perjury statement on ANY document**, and the subject of record has signed the document, it fulfills the requirement to verify identity.
- C. The subject of record may have signed a separate letter, or any piece of paper *including* a G-28, but then only if the penalty of perjury statement is directly above the signature of the subject of record.
- D. DOJ-361, Certificate of Identity: we may not suggest or require that a requestor use a DOJ-361, but we can accept one as verification of identity with a signature under penalty of perjury or a notarized signature.
- E. For verification of identity, we will accept a statement containing the subject's name, current address, date of birth, and place of birth that is signed under penalty of perjury or notarized, or a sworn Jurat/Affidavit.

A current photo ID can be used for verification of identity.

“Verification of Identity” for purposes of FOIA/PA does not include a Form *G-28* with a statement made under penalty of perjury by the requesting attorney or representative “that the information I have provided on this form is true and correct.” The statement must come from the subject of the record. A statement made under penalty of perjury must conform to the requirements of 28 U.S.C. § 1746: **Unsworn declarations under penalty of perjury**, which reads as follows:

Wherever, under any law of the United States or under any rule, regulation, order, or requirement made pursuant to law, any matter is required or permitted to be supported, evidenced, established, or proved by the sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, or an oath of office, or an oath required to be taken before a specified official other than a notary public), such matter may, with like force and effect, be supported, evidenced, established, or proved by the unsworn declaration, certificate, verification, or statement, in writing of such person which is subscribed by him, as true under penalty of perjury, and dated, in substantially the following form:

(1)If executed without the United States: “I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature)”.

(2)If executed within the United States, its territories, possessions, or commonwealths: “I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)”.

7.2 Verification of Identity (VOI)

If a Requestor is asking for a Privacy Act record, he or she must provide verification of identity. Do not confuse verification of identity with certification of agreement.

A Privacy Act record, for USCIS purposes, is any item, collection, or grouping of information about a person which we retrieve by the person’s name, identifying number, symbol, or other identifying particular assigned to that person. This information includes, but is not limited to, a person’s nationality, immigration status, education, financial, medical, criminal, or employment history.

By 6 CFR § 5.21(d), we must have five items – name, current address, place of birth, date of birth and signature. The signature must be notarized or signed under penalty of perjury. If the Requestor does not provide all five items, we will close the case as FC and insert the unperfected request language in the FC letter. We are required to conduct a thorough search as long as we have the required information.

*If we have certification of agreement and verification of identity, but are unable to confirm a match because of multiple matches or a possible match, We may need more information to verify that we have the right file (i.e. parents names, alias names, alien number/receipt number). If we ask them for additional information, the information they send back to us does *not* have to be signed under penalty of perjury or notarized. Do not request any information that has been marked as unknown or otherwise indicated that they do not know it. The Requestor may indicate that he or she does not know date of birth or place of birth, and we will still conduct a search. If the Requestor declines to provide us with date of birth or place of birth, we will close the case FC. Please refer to section 16b, **FC (failure to comply) CASE CLOSINGS** of this guide.*

In addition, on February 17th, 2011, we started accepting the required PII if provided via a birth certificate or other document if not written on the G-639.

6 CFR § 5.21(d) *Verification of Identity*, says the Requestor must provide us:

- A. Full Name
- B. Current address
- C. Date of Birth
- D. Place of Birth
- E. Signature under penalty of perjury *or* signature notarized

When you review the case and determine the Requestor ***did not provide*** all five required pieces of information, you will close the case as a failure to comply (FC). Please refer to Section 16b: FC Case closings. Some examples of failure to comply (FC) are listed below.

- A. A Requestor who provides full name, current address and alien number only has not provided sufficient verification of identity. The date and place of birth are missing. If any of the five required items is missing, close as a failure to comply (FC).
- B. G-639 Self Requests when the *subject has signed only the first page* and the second page does not contain the signature of the subject but has been notarized. The Verification of Identity section was not signed. Close as a failure to comply.
- C. If the Requestor is asking for records concerning a *living* individual and if there is only one signature and it is not signed under penalty of perjury nor notarized, close as a failure to comply.

Closing as Failure to Comply (FC) for inadequate Verification of Identity: Please refer to section 16 of this guide.

More information about VOI: The subject of record must sign the request and his or her signature must either be notarized or submitted under 28 U.S.C. 1746 (*penalty of perjury in lieu of notarized signature*).

- F. The notarized signature of the subject or the signature under penalty of perjury does not need to be on the G-639.
- G. If a Requestor has inserted the **penalty of perjury statement on ANY document**, and the subject of record has signed the document, it fulfills the requirement to verify identity.
- H. The subject of record may have signed a separate letter, or any piece of paper *including* a G-28, but then only if the penalty of perjury statement is directly above the signature of the subject of record.
- I. DOJ-361, Certificate of Identity: we may not suggest or require that a Requestor use a DOJ-361, but we can accept one as verification of identity with a signature under penalty of perjury or a notarized signature.
- J. For verification of identity, we will accept a statement containing the subject's name, current address, date of birth, and place of birth that is signed under penalty of perjury or notarized, or a sworn Jurat/Affidavit.

A current photo ID can be used for verification of identity.

“Verification of Identity” for purposes of FOIA/PA *does not include* a Form G-28 with a **statement made under penalty of perjury by the requesting attorney or representative** “that the information I have provided on this form is true and correct.” The statement must come from the subject of the record. A statement made under penalty of perjury must conform to the requirements of 28 U.S.C. § 1746: **Unsworn declarations under penalty of perjury**, which reads as follows:

Wherever, under any law of the United States or under any rule, regulation, order, or requirement made pursuant to law, any matter is required or permitted to be supported, evidenced, established, or proved by the sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, or an oath of office, or an oath required to be taken before a specified official other than a notary public), such matter may, with like force and effect, be supported, evidenced, established, or proved by the unsworn declaration, certificate, verification, or statement, in writing of such person which is subscribed by him, as true under penalty of perjury, and dated, in substantially the following form:

(1) If executed outside the United States:

“I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.
Executed on (date).
(SIGNATURE)”.

(2) If executed within the United States, its territories, possessions, or commonwealths:

“I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date).”

(SIGNATURE)".

7.3 Reasonable Description of Records Being Sought:

7.3.1 Finding a Single Match

If the Requestor provided all elements required by 6 CFR § 5.21(d), but did not provide an alien number or receipt number, you may still request (*staff for*) the Alien file if there is only one match and there is no other indicator that it may not be the correct subject of record. If the Requestor provided the required information and we do not find a match or a possible match, and the subject of record would have entered the United States after 1975, we do not send out for additional information. You will prepare a No Record (NR) final action letter and close the case (see section 12.18.6, No Record).

If the Requestor believes we have records, he or she may provide additional information in order to open a new request and have us conduct a second search. Always create a Discussion addressed to the case processor (CP), justifying why you sent for additional information and whenever you staff for a possible match based on best available information.

7.3.2 Finding Multiple Matches

Sometimes a requestor provides complete Verification of Identity, but you still cannot locate the Subject of Record. Common subject names will result in multiple name and date of birth matches. You may find no matches at all. You may need additional beneficiary and/or petitioner PII to find a petition. In situations like this, we do not have a reasonable description of the records the requestor wants. We will have to ask for additional requestor documentation, specifically:

- A. Alien Number (if known)
- B. Application/Petition Receipt Number (if known).

Additionally, we may ask for items of information such as names of the mother and father. If you have found more than one possible match, and those matches have parents' names in CIS, we can narrow our search or confirm we have the right A-Number. The requestor is not required by law or regulation to provide that information, but if the requestor does not, we may be unable to locate a responsive record.

Please request the additional PII with your Acknowledgement Letter. Check all relevant boxes on the requestor documentation worksheet, save the letter, and check it in. Do not staff for a file if you are sending for requestor documentation. In the "Contents" tab, you will see a Pending slot for Requestor Documentation. Send the case to Pend. After we receive a response from the requestor, a FOIA/PA Assistant or Government Information Specialist working in Records

Locator queue will request the file. The processor will use the requested information to verify the release of the correct records.

Note: if the requestor entered “unknown,” or “none” for any element of the above PII, please do not request this information as part of the Acknowledgement Letter. For example, if the requestor entered “unknown,” “none” or “N/A” under Alien Number, it does not make sense to ask for their A-Number. You may have to use discretion. If you found parents’ names in CIS and it would help to match the person to the A-Number, you may ask them for parents’ names, even though the requestor may have entered “unknown,” “none” or “N/A” under Father’s Name and Mother’s Name. If in doubt, please consult a supervisor.

7.3.3 Researching Considerations

- 7.3.3.1 If you do not find a confirmed match, refer to Section 8, CASE CREATE SITUATIONS/OTHER PROBLEMS.
- 7.3.3.2 Verify the Requestor is not asking for specific documents we would normally refer (RF) or Redirect (RD) and is not a part of the “Bracero Program” (section 8.6), or entered into the United States prior to 1975 (section 12.7.5), Genealogy (section 6.3.4.6), etc.
- 7.3.3.3 After you make sure none of the above situations apply, you will then need to close the case as a No Record, (NR) final action code. Please refer to section 12.18.6, No Record.
- 7.3.3.4 Always create a Discussion to document your findings and the reason you decided to request the additional information. If you do not enter a Discussion, the Records Locator (RL) and Case Processor (CP) will not know what you found in your searches.

If you send an acknowledgment letter requesting additional information, please do not request a file. This is to avoid having to pay for the file scan if the Requestor does not respond with additional information. Also, if we have to ask for additional information, we probably do not have enough information to staff for a file.

7.3.4 Requesting Additional Information with the Acknowledgement Letter

- 7.3.4.1 Go to the “Tasks” tab and select “Acknowledgement Letter”
- 7.3.4.2 After selecting “Acknowledgement Letter,” the Acknowledgment Letter Options screen will open. Options on this screen will allow you to ask for other documentation and will also allow you to add a Track 3 Denial or Lost File paragraph.
- 7.3.4.3 We then click on “Generate Letter.” Our only option at that point is to click OK
- 7.3.4.4 As soon as you do, a File Save pop-up window will appear. Click “Save.”
- 7.3.4.5 The acknowledgment letter will pop up

7.3.4.6 The acknowledgement letter has a third page. Do not change the wording on the acknowledgement page without specific supervisory instruction to do so unless it is a Specific Document request. For Specific Document requests, we modify the acknowledgement (ack) letter by adding the specific documents language. You may add information after the “Other” checkbox to clarify what information we need. Double-click in the area you need additional information, select the radio button marked “Checked” and then click OK for each item of information you need. You save the document, exit Word, and check the document in, click “Open” and you will notice that there is now a slot for “Requestor Documentation” and the Responsive Unit is “Requestor.”

7.3.4.7 Create a Discussion explaining why you needed to request additional information

7.3.4.8 Pend when you are finished.

7.3.4.9 When the Requestor provides the additional information, A FOIA/PA Assistant or Government Information Specialist working in Records Locator queue will request the records.

All requested information is checked below:

☐ **Consent.** It appears that you are requesting records about another individual. If that is the case, please submit either: (a) written authorization signed by that individual permitting disclosure of those records to you or (b) proof that that individual is deceased, e.g. a copy of a death certificate or an obituary. See 6 CFR §5.3(a)

☐ **Verification of Identity:** It appears that you are requesting records about another individual. If that is the case, along with the consent requested above, please submit a statement prepared by that individual, in which the individual verifies his/her identity by submitting his/her full name, current address, date of birth, and place of birth. This statement must be signed by that individual and the signature must either be notarized or submitted under 28 USC §1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. 6 CFR §§ 5.3(a) and 5.21(d).

☐ **Verification of Identity:** It appears that you are requesting records about yourself. If that is the case, please verify your identity by submitting a statement containing your full name, current address, date of birth, and place of birth. This statement must be signed and the signature must either be notarized or submitted by you under 28 USC §1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. 6 CFR §§ 5.3(a) and 5.21(d).

☒ **Description of Records Sought:** We have determined that your request does not reasonably describe the records that are being sought. Please provide the following additional information.

☐ Subject's Alien Number

☒ Subject's Application/Petition Receipt Number

☒ Name of Subject's Parents

☐ Other Names Used by Subject

When the Requestor provides the additional information, a FOIA/PA Assistant or Government Information Specialist working in Records Locator queue will request the records.

7.4 Third party requests

Sometimes certification of agreement is not necessary. For instance, a Requestor asking for a *“list of all employers in Utah who use E-Verify”* does not have to provide certification of agreement. Commercial, contract, and media requests are usually third party requests.

On the other hand, USCIS will not release personally identifying information (PII) or personally sensitive information to a third party without certification of agreement. If the Requestor is asking for records concerning an individual and does not provide certification of agreement, nor does it appear likely that the Requestor is going to get certification of agreement, close the case as a total denial (TD). It may be obvious from the request that the Requestor will not be able to obtain certification of agreement from the subject of record. If you have a doubt, consult your supervisor.

Third party Requestors are not entitled to any public documents that may be in the file they are seeking, nor documents that they provided in support of an application or petition. For example, if a wife is looking for a copy of her husband's file so that she may divorce him, and says in her request letter that she does not know where he is or says she cannot get his certification of agreement, do, close the case as a Total Denial. Please refer to Section 16a, TD (total denial) Case Closings.

7.5 Deceased subjects and the 100-year rule

If the subject of a request is deceased, it is incumbent upon the Requestor to provide proof of death. Proof of death could be any of the following:

- Death Certificate;
- Obituary;
- Funeral Memorial; or
- Photograph of headstone; or
- Screen print from the Social Security Death Index

If the subject of a request is over 100 years old, USCIS assumes he or she is deceased and no proof of death is required.

If the Requestor says the subject is deceased and did not provide proof of death, but the subject is not over 100, we will close the case as a total denial (TD). For TD procedure, please refer to section 16a, TD (total denial) Case Closings.

7.6 Power of Attorney

A power of attorney is a document in which one person appoints another person to act as an agent on his or her behalf. A Requestor may submit a power of attorney with a request, and we may consider it.

The Requestor may have provided adequate certification of agreement on the Form G-639 or elsewhere in the request, and if so, we do not need to evaluate the validity of the power of attorney.

A power of attorney cannot override either the requirement for verification of identity in 6 CFR § 5.21(d) or the requirement for certification of agreement in 6 CFR § 5.21(f).

The subject of record must have signed the power of attorney. In order to meet the 6 CFR § 5.21(d) requirement, the power of attorney must list the subject of record's name, date of birth, place of birth and address, and the subject of record's signature must be notarized or made under penalty of perjury.

If the Requestor did not provide certification of agreement on the G-639 or on some other document, only then we should look for certification of agreement on a power of attorney. The wording on the Power of Attorney must meet the 6 CFR § 5.21(f) requirement, for example:

“By this Power of Attorney, I agree to the disclosure to (the named person) of any record pertaining to me that appears in any system of records of USCIS, USCBP, or USICE.”

If you are unsure if the wording is sufficient to meet the requirement, please contact a supervisor.

If the subject of record is not alive, a power of attorney is irrelevant. If the Requestor states that the subject of record is deceased, please refer to section 7.5 of this guide.

We cannot consider a power of attorney describing blanket authority without specific mention of delegated authority to request USCIS records. We cannot consider a power of attorney with no expiration date or a power of attorney with an indefinite expiration date.

If it is expired, the power of attorney is invalid, even if it met all the § 5.21 requirements. We are not legally covered if we honor an expired power of attorney.

If the Requestor provided adequate certification of agreement and verification of identity elsewhere in the request, such as on Form G-639 or on a separate document, any attached power of attorney is irrelevant, whether or not it is valid.

8. CASE CREATE SITUATIONS/OTHER PROBLEMS

At any time during the case-create process you may encounter a quirky or unusual situation. Some not-so-usual situations follow this paragraph, but as a case creator, you will inevitably see situations you have never seen before. Case creators should seek assistance from their co-workers and then supervisors. If the problem cannot be resolved, the creator should create a Discussion and send the case to the Unit Chief and send an e-mail to the supervisor for clarification. If it is not a situation that needs clarification but some type of FIPS error, please refer to section 23 of this guide.

8.1 REQUESTS: Foreign Consulate

Please verify it is a consulate requesting the records and not the subject of the request putting the consulate's address on the G-639 to mail the records to the consulate (for passports).

After you've verified that the request is from a consulate, please do the following:

1. Print out the entire request.
2. Attach a cover sheet ("Request from Foreign Consulate")
3. Take the printout to your supervisor.
4. Add a discussion, "Request from Foreign Consulate."
5. Send an email to NRC, FOIAOA with the case information.
6. Create the case and close it, ER.
7. Send to Up-front Approver.

A person may be using the consulate's address, and that is not the same thing as a request from a foreign consulate. If the subject mailed the request and wrote the consulate's address on the G-639, then you should use the subject's address from the envelope and set it up as a self-request. If you are unsure about which address to use, please consult your supervisor.

8.2 REQUESTS: Non-immigrant visa material

If the Requestor specifically asks for non-immigrant visa data and there is no record of the person in CIS or CLAIMS, do not close the request as NR. If the Requestor is asking a question about being a student, au pair, camp counselor, or participating in a summer work/travel program, or if the Requestor specifically mentions visa type F-1, F-3, J-1, M-1 or M-3, or if they are asking for an I-20 which is a student visa, then you should refer (RF) the request to ICE, since that record will be tracked in SEVIS (Student and Exchange Visitor Information

System.) An example of a “refer to ICE” type request might be: “Type of visa, visa number and legal documents allowing entry into the US. The subject was a student at the University of Nebraska.” See section 9, Referral and Redirection.

Otherwise, redirect (RD) the Requestor to Department of State. An example of a “re-direct to State” type request might be for a B1/B2 visa, such as: “Type of visa, visa number and legal documents allowing entry into the US. The subject visited Disney World and Cape Canaveral and entered at Orlando International Airport.” See section 9, Referral and Redirection.

8.3 Routine use requests

USCIS may disclose records to an appropriate Federal, State, tribal, local, international, or foreign agency, including law enforcement, or other appropriate authority charged with investigating or prosecuting a violation or enforcing or implementing a law, rule, regulation, or order, where a record, either on its face or in conjunction with other information, indicates a violation or potential violation of law, which includes criminal, civil, or regulatory violations and such disclosure is proper and consistent with the official duties of the person making the disclosure.

What does that mean? We may disclose records from alien files to other Federal, State and local government agencies as a normal course of operation for law enforcement purposes.

Certification of agreement is not necessary for the processing of these types of requests. Some examples of these types of requests include requests relating to child support enforcement and aliens seeking public assistance.

Requests from government agencies (federal, state or local) for verification of status of aliens are routine use.

These types of requests are not a part of FOIA and should not be in FIPS. For example, you may open a request from a county public assistance agency attempting to locate a child’s father who is avoiding financial responsibility. If you open a request from a state or local government agency requesting information about an alien, you will close this case as “Created in Error”(ER). The only exception to this rule is if there is a cover sheet with instructions to create as FOIA.

If you are not sure if the case is a routine use case, do not close the case as ER. Seek supervisory guidance. If you are not able to seek guidance, create a Discussion and send the case to the Unit Chief (UC) and e-mail the supervisor.

Closing as ER- Routine Use cases

- A. Select the “Final Action Letter” from the Tasks tab. Select “ER” from the final action codes list. FIPS will not generate a letter.

- B. Print the request and place a cover sheet on the request with the comment "Supervisor: Routine Use. Not a FOIA-Request. Do not scan into FIPS."
- C. Create a Discussion with your findings for the Up-front Approver, "UFA-This case is a Routine Use case" and explain why.
- D. Move the case to the Up Front Approver queue.
- E. Give the printed copy to your supervisor and follow up by sending an e-mail with the NRC control number and Requestor name to your supervisor

8.4 REQUESTS: Bond obligor, no certification of agreement, closed as a Total Denial

Criminal bonds are bonds posted by individuals or bail bondsmen relating to non-immigration violations of the law.

Immigration bond obligors are surety companies who have posted an immigration bond (Form I-352) for an alien who has been taken into custody by the Service. If the alien fails to attend his or her hearing, then he or she forfeits the bond.

These requests previously were processed by Immigration and Customs Enforcement.

We will now create bond obligor requests under FOIA.

Since there is no certification of agreement provided with bond obligor cases, we will close these as a TD.

Please refer to Section 16a (TD (total denial) CASE CLOSINGS.

8.5 REQUESTS: A-Number Only

If a Requestor/subject is asking for his or her alien number **only**, follow these steps:

- A. Search CIS with the information provided on the request to locate an A-Number.
- B. If you locate an A-Number, compare the information provided on the request with the information in CIS to make a positive ID.
- C. You must have VOI and possibly certification of agreement in order to proceed. If it is a third-party request and you do not have certification of agreement, VOI does not matter. Close the case as Total Denial (TD). Reference section 16a, TD Case Closings. If VOI is inadequate, close as Failure to Comply (FC). Reference section 16b, FC Case Closings.
- D. If you do have adequate agreement to release (if needed) and VOI:
- E. Print a copy of CIS 9101 screen.
- F. Create a File Request to RAFACS and leave the "Customize Letter" button selected.
- G. Create a Discussion "CP, A-file number only requested".

- H. Attach a "Scan As" cover sheet to the screen print, mark the box "Responsive Records" and take to a person designated to scan RAFACS-only responsive records.
- I. You will not staff for the Alien file. When the alien is requesting A-number only, the CP will be using the 9101 screen print as responsive records.

Make the case a Track 1 case and pend the case for responsive records. When the responsive records (9101, CIS Screen Print) are scanned in, the case will move to the processing queue.

8.6 REQUESTS: Bracero Program

The Bracero Program (1942-1964) began as a temporary World War II program to fill agricultural labor shortages, and continued in one form or another for more than twenty years. Initially the program included workers from Mexico, the Virgin Islands, British West Indies, and elsewhere. After about 1945, the program was limited to agricultural workers from Mexico, and the term "bracero" refers to an imported farm worker from Mexico. "Brazo" means arm, and "bracero" means a person who works with his arms.

- A. Begin with a thorough search of CIS, CLAIMS and PCQS.
- B. If you find a record, please staff for the file. If you do not find a record, you will be requesting a manual search.
- C. Create a Records Indexing Staffing and enter all information provided by the Requestor.
- D. Enter a Discussion note
- E. Pend for the manual search.

From the Records Locator Queue, if the manual search staffing response produces no record, generate a "NR" letter and send the case to Up-front Approver. The supervisor will review and close the case. Reference Section 12.18.6 No Record (NR) for Final Action NR.

For the Records Indexing letter which is used to paste onto the FIPS staffing Sheet,
O:\Foia\FOIA LIBRARY\Case Create References\Case Create References.

Or Enterprise Collaboration, ECN Network /Case Create Library
http://ecn.uscis.dhs.gov/team/esd/Division/NRC/Branches/FOIA_OPS/default.aspx
Select the "RECORDS_INDEXER" letter and copy paste the Records Indexing staffing sheet onto the end of the FIPS request letter. Press Ctrl+Enter at the bottom of the FIPS letter to insert a page break and paste in the letter.

In these no record cases, the researcher's only recourse may be to search for a record of admission at the National Archives (NARA). Today NARA holds microfilm of arrivals at US-Mexico Border ports of entry from ca. 1905 to 1954 (some to 1957). A Bracero admitted in 1960 will not appear in these records due to the cut-off dates.

The Requestor can request a search by writing directly to NARA. In their letter, the Requestor should ask for a search of Mexican border arrival manifests in Record Group 85. The correspondence to NARA should contain the date and port of entry, as well as the name used at the time of entry, age at the time of entry and any other identifying information. Create a Discussion asking the CP to provide this NARA contact information, if no other records are found in the Records Indexing search.

8.7 REQUESTS: Referrals and Consultations Received From Other Agencies

Other government agencies' and DHS components' FOIA/PA offices will make the determination to refer a FOIA request to the USCIS FOIA office at the NRC for a direct response to the Requestor. The referral can be complete or partial.

8.7.1 Complete Referrals

A complete referral comes from another government agency or DHS component in which either the entirety or a segregable portion of the request falls under the purview of USCIS. If the referral is a request for an A-File or A-File material (petition, application, etc.) create the case as if the request came directly to the NRC. If the referral is a request for anything else please see section 6.3.4.4 as the request may fall under SIG.

8.7.2 Partial Referrals

As other agencies process FOIA/PA requests, they will sometimes find USCIS documents within their files. These documents will be referred to us for processing. The majority of partial referrals come from the Office of Personnel Management (OPM), Department of State, and the Federal Bureau of Investigation (FBI). SIG processes all partial referrals. Follow the procedures in section 6.3.4.4.2 for partial referrals.

We process a consultation when another government agency or DHS component has found USCIS equities within their documents and then forwards those documents to the USCIS FOIA office to make any recommended withholdings or disclosures. The USCIS FOIA office processes only that specific portion of the document that contains USCIS equities and upon completion returns it back to the original agency/component. SIG processes all consultations. Follow the procedures in section 6.3.4.4.2 for consultations.

8.8 Deleted

8.9 Deleted

8.10 REQUESTS: Red Cross / Last known address

Requests from the Red Cross or from some other non-governmental organization (such as Salvation Army, etc.) looking for the last known address of an alien are normal FOIA requests. You should create the case and request the file as a specific document request. It is not necessary to create an acknowledgement letter if the request is from the Red Cross. Create a Discussion identifying the case as a Red Cross request.

8.11 REQUESTS: Federal, state, local agencies

Governmental agencies, including county public assistance agencies, are seeking the alien to enforce court ordered support or enforcement of some other lawful responsibility. These types of requests fall under the **routine use** category. Reference section 8.3 REQUESTS: Routine use.

8.12 REQUESTS: Return of original documents

Requestors will sometimes ask for the return of original documents, such as adoption decrees, birth certificates or other documents of a personal nature on a request addressed to FOIA. If the request for the return of original documents is submitted *on a G-639, we are required to provide the Requestor with a copy* of the specific documents requested. Create the case as normal and insert the language in the acknowledgement letter. For return of original documents, the Requestor must submit a G-884 to the SAVE Unit of their local district office. Insert the following language in the acknowledgement letter:

In your FOIA request you have specifically asked for the return of original documents. We will provide you with a copy of these documents. In order to obtain the original documents you must submit a G-884, "Request for the Return of Original Documents" to the Save Unit of the nearest district office.

- A. If a Form G-884 has accidentally been scanned into FIPS as a FOIA request, close the case as "ER" (created in error). To close a case ER, please refer to section 15 of this guide.

- B. When you close a case ER, FIPS does not create a Final Action letter. You will need to create a Blank Letter explaining the reason we did not accept their request as a FOIA request. Print two copies of the letter.
- C. Attach a cover sheet on one copy to be scanned in as a CSD and send the other copy to the OA room for mailing to the Requestor.
- D. Include a detailed Discussion note on your findings.
- E. Send the case to Up-front Approver. The supervisor will review and close the case.

The Case Resolution Team at the NRC handles all G-884's (Request for Return of Original Documents). OA ordinarily forwards any requests for return of original documents to Case Resolution. Print a copy of the request. Attach a coversheet to the copy of the request and write "OA- Do Not Scan, G-884 Request for Return of Original Documents." Deliver the copy to the OA Room. They will forward it to the Case Resolution team if they have not done so already.

8.13 REQUESTS: Inmate in Federal Custody

The Bureau of Prisons (BOP), an agency of the U.S. Department of Justice, will not deliver incoming mail to a person housed in their custody unless it contains the subject's Register Number. Upon entry into BOP custody, each inmate is assigned an eight digit Register Number (i.e. xxxxx-xxx) by which he/she is identified throughout his/her commitment. The first five digits are unique identifiers for that specific inmate, the last three digits, separated from the first five by a dash, indicate the jurisdiction from which the inmate originally entered the corrections system. It is imperative that the correspondence contain the Register Number in the proper format. BOP Register numbers are created for the subjects in the name in which they received a conviction sentence from a federal court or a legal document charging them of an immigration violation and/or removal. This name could be their birth name or an alias name.

ICE will not deliver mail to an ICE detainee unless we include the alien number in the address. Please include the alien number in the address of an ICE detainee, if you are addressing correspondence to the alien in the ICE detention facility. In order to avoid PII spills, OA will prepare an outer envelope without the alien number and mail it in that.

If the inmate is not in federal custody (i.e., Bureau of Prisons location or ICE detention facility) but held at a non-federal correction facility (such as a state prison or county jail), DO NOT put the alien number in the address.

8.14 SITUATION: Untranslated Foreign Language Documents

If you find an untranslated foreign language document which may contain essential information needed to create a case, and you are unable to determine what that information is, there are individuals at the NRC available to translate. Here is the procedure:

Updated on March 28, 2016

- A. Insert a Discussion titled “Untranslated Documents” and the reference page numbers
- B. Copy the text of the Discussion and paste it into an e-mail to NRC, NRCFOIAMS@B
- C. Send the case to Unit Chief
- D. After translation, a copy of the translated information may be scanned in, or the translator may add a Discussion response. The translator will then return it to you for creation and/or staffing.

8.15 SITUATION: Congressional Correspondence

Reference section 28 CONGRESSIONAL REQUESTS AND APPEALS.

When the unit receives correspondence from a member of Congress, we may need to create the case as a track two case, mark the category as Congressional, request the requested documents and send an e-mail to congressionalnrc@uscis.dhs.gov advising them of the control number, congressional contact information and name of the subject of the request. Do not use the Congressional office address as the address for the FOIA request. If an address for the subject is not in the request, please contact a member of the FST for more guidance.

8.16 SITUATION: Appeals

While case creating, you may open a request and see that it is marked “Appeal.” The Requestor will include the case number he or she is appealing. If this happens, you do not create the case. In the upper right hand of the image portion of the FIPS worksheet, there is a printer logo used to print the request.

- A. Select “Print.” FIPS will then print out all the pages of the request.
- B. Retrieve those pages and take them to the designated appeals point of contact (currently Claire Gage). After you are sure the pages printed correctly and you have control of those pages, click “Delete.” This is possibly the only time you ever click “Delete.”

8.17 SITUATION: New requests received on the I-694

If you see a case in the creator role or the processor role that has the I-694, Notice of Appeal of Decision Under Sections 245A or 210 of the Immigration and Nationality Act (INA), scanned as the FOIA request letter, this is a legitimate request. The Administrative Appeals Office sends this form along with the A-file to the NRC for processing under FOIA.

Form I-694 is used to notify USCIS that an individual is appealing the denial of their permanent residence, temporary residence, or a waiver of grounds of inadmissibility.

To assist you in identifying this I-694 request, the words “NEW REQUEST” should have been written on the top of the form before scanning. Please note the request may not have a current date. There should already be responsive records in the case.

- A. Create the case.
- B. When you prepare the acknowledgment letter, request VOI and/or certification of agreement if needed. Most often, you will have to request adequate VOI. *Please take note:* We do not close an I-694 request TD or FC for not providing all the required elements of Certification of Agreement or VOI with the original request.
- C. Create a Discussion for the case processor.
- D. If VOI or certification of agreement is not necessary and there are responsive records already scanned in, send the case to processor.

8.18 SITUATION: Subpoena or court order

If you pull a new request that is a subpoena or court order, please send it to Up-front Approver for closure as ER.

- A. Create the case.
- B. Create a Discussion with findings for the Up-front Approver to close as ER
- C. Send a message to NRC, FOIA PROGRAM and the current OCC Paralegal, providing the NRC control number and information indicating the request was a subpoena or court order. The Chief Counsel's Office is currently addressing these requests. Subpoenas or court orders are a high priority. Please notify NRC, FOIA PROGRAM and NRC, FOIAOA as soon as possible.
- D. If you aren't sure, please contact your supervisor for guidance on how to proceed.

8.19 SITUATION: Certification of record

When creating a new case, insert a Discussion "certified documents requested."

Create the case as normal. If you are closing the case as no record, total denial or failure to comply, there is no need to address certification of record in the final action letter. If you are not closing the case NR, TD or FC, and if the Requestor does not want a copy of the whole file, but specifically requests only a certified copy of a particular document, you will be closing the case NB. According to the situation, please add the following paragraph(s) into your final action letter:

NB Situation 1: If a request is only a request for a certified copy of a Name Change document, insert the following paragraph:

Regarding your request for a certified copy of Name Change document, you may check with the Court that issued and certified the Name Change document.

NB Situation 2: If a request is only for a certified copy of Certificate of Naturalization of a living person and not a request for the whole file:

This is in response to your request for a certified copy of your Certificate of Naturalization.

To request a “Certified True Copy” of your Certificate of Naturalization, and if you have the original document, you must make an appointment at your local USCIS office by using the on-line InfoPass Appointment Scheduler. If you do not have the original document, to request a replacement of your Certificate of Naturalization, you must fill out Form N-565, Application for Replacement Naturalization/Citizenship Document. Please see www.uscis.gov for more information about these processes and the downloadable Form N-565.

If you have additional questions, you may contact your local USCIS Office or call the National Customer Service Center at 1-800-375-5283 (TTY 1-800-767-1833).

If the request is for a copy of the whole file, and there is a request for certified copy of a naturalization certificate of a deceased person (but not Italian dual citizenship – if it is an Italian dual citizenship request, please go to section 8.20 of this guide), or if it is a request for any other documents that may be within the file, you will not close the case NB. Please staff for the file and add this paragraph to your acknowledgment letter:

You requested a certified copy of a U.S. Citizenship and Immigration Services (USCIS) record. The National Records Center does not certify documents and is responding with a copy of these records as required under the Freedom of Information Act/Privacy Act.

8.20 SITUATION: Certification of record for dual Italian citizenship

If we receive a request asking for a certified copy of a relative’s naturalization certificate for the purpose of applying for dual Italian citizenship.

- A. Evaluate if the request qualifies under the Genealogy Program. Refer to section 6.3.4.6.
- B. If the Requestor’s relative does fall under the description of genealogy records as described in section 6.3.4.6, he or she must submit the request to Genealogy.USCIS@dhs.gov. You may direct them to USCIS.gov for more information. The link for Genealogy requests is in the left column, listed under “Services.”
- C. If the Requestor’s relative does not fall under the description of genealogy records described in section 6.3.4.6, please include the following paragraph in your acknowledgement letter:

This is in response to your request for a certified copy of a relative's naturalization certificate in order to apply for dual Italian citizenship. According to information obtained from the Italian Embassy in Washington, D.C., certified copies of naturalization certificates are not required for the dual citizenship application. The Italian Embassy requires the naturalization certificate copy along with our USCIS cover letter and envelope. The records that we release as part of this FOIA request will serve that purpose.

8.21 SITUATION: Record at National Archives and Records Administration (NARA)

The National Archives and Records Administration has designated alien files as permanent records for the Federal Government, ensuring their retention indefinitely. As with all permanent records of the Federal Government, ownership and physical custody of the record is transferred to NARA at a designated point and NARA becomes the custodian of the record. Once the record is transferred to NARA, anyone who wants documents out of the file will have to file his or her FOIA request directly with NARA. The "magic date" for alien files to be turned over to NARA is when the subject of the file passes 100 years of age. The NRC routinely transfers the targeted files into the custody of NARA.

As a result, case creators need to pay close attention to those cases in which the subject of the file was born more than one hundred years ago, particularly if the request does not meet the criteria for a genealogy case.

For example, a Requestor writes with the following request:

"Please send the records of Giuseppe Granchio, born March 22, 1899 in Italy. Mr. Granchio naturalized in 1957, changed his name to Joe Granchio, and died in 1969. Enclosed is proof of his death and alien number."

NOTE: You may find the complete list of criteria in section 6.3.4.6 of this guide.

Mr. Granchio meets one of the criteria for genealogy because he was born long ago; however, since he was naturalized in 1957, he does not meet the criterion of section 6.3.4.6 E, because he would have documents in his file dated after 1951.

If you are creating a case and the subject of the request is 100 years of age or older, **but** the person **DOES NOT fully meet the criteria for a genealogy case**, please pay special attention to NFTS.

- A. NFTS may show that the file has been retired and is at a Federal Records Center. If that is true, create the case and request the file.

- B. It may happen that USCIS has not yet transferred the file to NARA. If NFTS still shows a shelf location within NRC (or any other office), request the file.

If the subject meets the criteria listed in section 6.3.4.6, continue with the steps listed below:

- A. If NFTS shows that the A-Number has been retired to NARA, it means we have turned the records over to NARA permanently. The Requestor will have to send a request to NARA.
- B. Please select Final Action Letter and select NA: FOIA or PA not applicable. Please refer to section 14 of this guide.
Replace the body of the Final Action Letter with the National Archives Letter located at [O:\Foia\FOIA LIBRARY\Case Create References\National Archives.doc](#)
- C. Create a Discussion with findings for the Up-front Approver.

8.22 SITUATION: Old records

Occasionally we will receive a request for records pre-dating our recordkeeping system. The agency maintains immigrant arrival records created since 1892; and naturalization records since 1906.

- A. Create the case
- B. When a request is for records older than those maintained by the agency, create a Final Action Letter and select "OR." This generates a letter to the Requestor explaining that the records being requested are older than those maintained by the agency.
- C. Create a Discussion for the Up-front Approver
- D. After generating the final action letter, send the case to Up-front Approver.
- E. The supervisor will review and close the case.

8.23 SITUATION: Requests from Prospective Adoptive Parents

In the recent past, Vietnam, Cambodia, Guatemala, Nepal, Ethiopia and other countries have had problems concerning adoptions. Birth Certificates have been forged and babies have been taken without certification of agreement of the biological parent. In Vietnam, "baby brokers" scour villages looking for unwed, impoverished mothers. They purchase the babies for about \$50 and sell them to commercial adoption services. In Guatemala and elsewhere, people steal babies and sell them to middlemen. Prospective adoptive parents from Spain, Italy and the United States are typically willing to pay as much as \$25,000 to adopt a child. (This information comes from kidsofkathmandu.org).

Normally if we cannot verify certification of agreement or prove parentage in a case, we do not send out for additional information, we close as TD or FC for no certification of agreement and Verification of Identity, but this situation is an exception. You should create the case as you normally would. Please do not send out for additional information in pending (not finalized) adoption cases and do not close as TD or FC for the following reasons:

- A. The Prospective Adoptive Parents (PAP) have the right to all information they submitted for the adoption. In cases like this, it is likely that the adoption never happened. If that is the case, they have no proof of parentage or guardianship
- B. The child is usually too young to give certification of agreement
- C. Congress has substantial interest in this matter.

If you decide you need proof of parentage after a full search, please create a Discussion and send your case to the Unit Chief (UC) for supervisor review.

8.24 SITUATION: Requests for Asylum or Refugee documentation

Asylum and refugee A-Files can be very large. We frequently see voluminous evidence of past persecution or conditions that would jeopardize the life or safety of the applicant. Because of this, we do not adhere strictly to the "three documents or less" rule when deciding whether we have a Track 1 or Track 2 case. The two examples below show first, a Track 1 and second, a Track 2:

Example 1, Track 1:

By my signature, I consent to allow the requester named in Number 2 above to review (Check applicable box)

☐ All of my records ☒ A portion of my records (If a portion, specify below what part, i.e., copy of application)

All Asylum applications from I-589

(Consent is required for records of: U.S. citizens (USC) and lawful permanent residents (LPR))

4. Information Needed to Search for Record(s)

Identify the documents, records, or information you are seeking. Be as specific as possible.

All Asylum applications from I-589

Purpose: (Optional: You are not required to state the purpose of your request. However, doing so may assist USCIS in locating the records needed to respond to your request.)

I need documentation to establish my daughters eligibility for MACABA

An asylum application and a Form I-589 are the same thing. They are usually about 10 pages. There are some things we might do to help decide whether this is Track 1 or Track 2. For

instance, we might want to ask a more experienced creator what it takes to establish eligibility for NACARA. For NACARA, if the Requestor can produce a Form I-589 that was accepted by the service and lists the daughter on it, the Requestor can establish eligibility. We could conclude that all the Requestor needs is the Form I-589. Alternatively, we might call the attorney's office to ask if they mean only the Form I-589 and nothing else. In either case, you would create a Discussion explaining what you did and why, and modify the acknowledgment letter, using language as close as possible to the request while remaining grammatically correct, stating, for example, "you specifically requested all Forms I-589, Asylum Applications." If we fail to state it that specifically in the acknowledgment letter, the processor will be forced to process the case as if it were a request for the entire file. An example of such a failure would be "you specifically requested asylum documents."

Example 2, Track 2:

By my signature, I consent to allow the requestor named in Number 2 above to review (Check applicable box).

☐ All of my records ☐ A portion of my records (If a portion, specify below what part, i.e., copy of application)

(Consent is required for records of U.S. citizens (USC) and lawful permanent residents (LPR).)

4. Information Needed to Search for Record(s)

Identify the documents, records, or information you are seeking. Be as specific as possible.

I-589 a Statement, evidence, decisions and all related documents.

Purpose: (Optional: You are not required to state the purpose of your request. However, doing so may assist DHS in locating the records needed to respond to your request.)

This may as well be a request for the entire file. Even if this request had only listed three things: "I-589, evidence and decisions," we should still create this as a Track 2 rather than a Track 1 because of the word "evidence," which could imply hundreds of pages.

There are other times that the decision to assign the case to Track 1 or Track 2 is not easy, and at those times it helps to speak with more experienced creators, your supervisor, or as a last resort, create a Discussion and send the case to Unit Chief.

9. Referral and Redirection

9.1 Referral (RF)

The FOIA requires us not to close a case if there is information in another component of our department. For instance, the Drug Enforcement Administration and the Federal Bureau of

Investigation are both components of the Department of Justice. If DEA receives a FOIA request and determines the information is with FBI, they may not close the case and tell the Requestor to write to FBI (that is redirection). They must send the request to the FBI and advise the Requestor they have done so (that is referring).

USCIS occasionally receives FOIA requests for non A-file records totally under the purview of another DHS component. When this occurs, we refer the FOIA request in FIPS to the correct component. The following agencies are DHS components:

Transportation Security Administration (TSA)
U.S. Customs and Border Protection (CBP)
U.S. Immigration and Customs Enforcement (ICE)
U. S. Secret Service (USSS)
Federal Emergency Management Agency (FEMA)
U.S. Coast Guard (USCG)

Referring the Case to another Agency or Unit (RF)

If you do not find an A-file or responsive receipt file for the subject, follow the referral guidelines set forth below. The list below includes examples of when to Refer (RF) to CBP and or ICE.

What is a “responsive” receipt file? If a Requestor checked “All of my records” and you find a receipt file, then it is responsive. If a Requestor said “A portion of my records” and specified “Incident July 25, 2014 at Blaine, Washington, all documents related to apprehension and questioning,” and you find a receipt file, that receipt file is not responsive to the request.

If you find an A-file, you should create the case and staff for the file. Please refer to the flow charts at Appendix H. Before you refer the case, you must verify we have no record. When conducting research, do the queries and provide screen prints of CIS 9103, CIS 9102, CIS 9104 and PCQS or CLAIMS searches. There should be no less than two pages and may be lengthier if the subject has provided multiple names. Prepare a “Scan As” sheet to be attached to the screen prints and take them to the OA room for scanning as CSD. In your Discussion, you should also name the systems you searched and state that you have sent the documentation to OA for scanning as CSD.

Note: We may sometimes need to refer to CBP for Entry and Exit as an example, and include the ICE contact information on the Final action letter for Drug smuggling. It depends on how the Requestor worded the specific documents needed. For example, you could not find any A-file or receipt file and the Requestor specified one of the following:

- Entry exit / Departure information
- Copy of an I-877
- Any reports or incidents at the airport.
- Copy of I-94 card
- Arrests at the border

Referring the Case

- A. Create the case as normal
- B. Conduct a search for responsive records. Prepare screen prints and "Scan As" sheet.
- C. Under the "Tasks" tab, select Final Action Letter. Select "RF: Referred to a DHS Component" as the final action code. Under "Redirects/Referrals" select the component to which we are referring the request and click "Submit."
- D. FIPS will automatically create two documents: a final action letter to the Requestor and a referral memorandum to the DHS component.
- E. FIPS then generates the two Word documents
- F. You will need to edit the letter to add needed information. After you exit from the Word documents, they will appear under the "Contents" tab.
- G. Click on the "Check in Document" icon and you will get a "Save" dialog box. Click "Open."
- H. After you have done this for both documents, enter a case Discussion with your RF findings stating that you have sent the screen prints to be scanned as CSD.
- I. Send the case to Up-front Approver.

FIPS will automatically create two documents: A final action letter to the Requestor and a referral memorandum to the DHS component.

FIPS then generates the two Word documents.

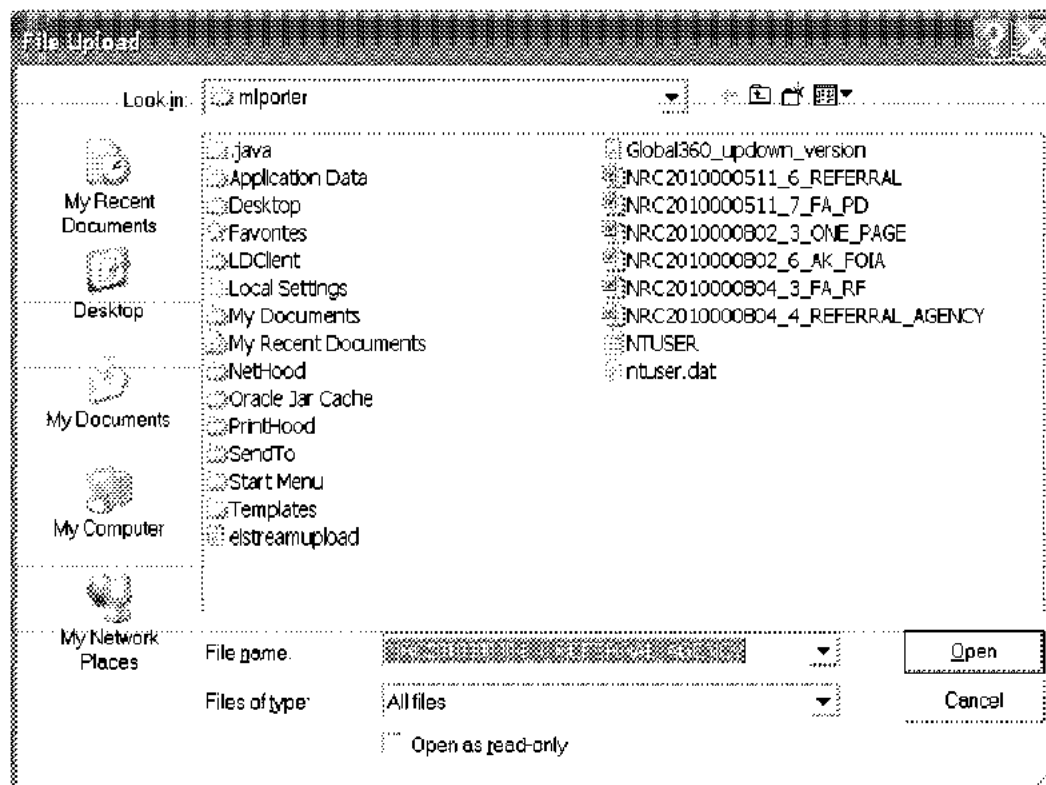

You will have to edit the letter to add needed information. After you exit from the Word documents, they will appear under the “Contents” tab.

9.2 Redirection (RD)

9.2.1 If we receive a request for specific records that belong to an agency outside of DHS (except NVC), we close it and write a “redirect letter.” Always make sure we have no responsive records

141

WARNING: This guide is FOR OFFICIAL USE ONLY (FOUO) and is intended for internal National Records Center use only. before redirecting to another agency. **For example, if someone requests a Visitor Visa, but we cannot find a record, we can redirect the request to the U.S. Department of State.** The redirect letter advises the requester to contact the different agency for the information they are seeking. The procedure for the Word document is the same as for referrals. You may have to edit the letter to add needed information.

9.2.2 If it is a general request for “My Complete A-File” or “All my records,” you must conduct a search for responsive records. If you find an A-file, you should create the case and staff for the file. If unable to find the A-file, we are still required to provide any other records we find, including any applications, petitions, etc... However, unless receipt files are specifically requested, we will not produce receipt files in responding to an “All My Records” request. Please refer to the flow charts at Appendix H. Before you redirect the case, you must verify we have no responsive record. When conducting research, do the queries and provide screen prints of CIS 9103, CIS 9102, CIS 9104 and PCQS or CLAIMS searches. There should be no less than two pages and may be lengthier if the subject has provided multiple names. If the receipt is located at the NVC, do not redirect to the NVC. Have the screen prints of the receipt scanned in as responsive records. Make sure the track is TRACK I. Create the request using RAFACS (not RAFACS/CIS). Find the information from the archived receipt in PCQS and print that information. Prepare a “Scan As” sheet to be scanned as responsive records for the case number you have just created, attach it to the screen prints to OneNote and send an email to FOIAPROGRAM.NRC@uscis.dhs.gov. On the subject line, put the control number and SOR’s name. Pend the case.

In your Discussion, you should also name the systems you searched.

9.2.3 If it is not a request for all records, but a request for a specific receipt, then you should research where that receipt is now, and if we have it, you should staff for that receipt. You do not have to provide the same print-outs as you would when you are conducting research for “All my records,” but you should provide print-outs to show the receipt is with NVC, if available. The rest of this section has instructions concerning what to do if we do not have the receipt.

9.2.4 The following are examples of requests we would redirect to State Department if we find no matching records:

- A. B1/B2 Visa information
- B. Visitor Visa
- C. U – Visa
- D. US Citizens born abroad
- E. 6 Million A-Numbers that are not in CIS

Note: RD to DOS when they specifically ask for the above information. We do not RD to DOS just because you find a Visa control number in PCQS.

Redirecting the Case to another Agency or Unit

- A. Create the case
- B. Conduct a search for responsive records. Prepare screen prints and "Scan As" sheet.
- C. Under the "Tasks" tab, select Final Action Letter. Select "RD: Referred to a DHS Component" as the final action code. Under "Redirects/Referrals" select the component to which we are redirecting the request and click "Submit."
- D. FIPS will automatically create a document: a final action RD letter to the Requestor.
- E. FIPS then generates the Word document.
- F. You will need to edit the RD letter/document to add needed information. After you exit from the Word document, it will appear under the "Contents" tab.
- G. Click on the "Check in Document" icon and you will get a "Save" dialog box. Click "Open."
- H. After you have done this for the document, enter a case Discussion with your RD findings stating that you have sent the screen prints to be scanned as CSD.

9.3 Entry/Exit Information and Border Apprehension referral to CBP

CBP handles FOIA requests for entry and exit information dating back to 1982 but no earlier, inspection, Port of Entry (POE), requests for information relating to air and/or marine incidents, or the U.S. Border Patrol Academy, legacy Customs or legacy Inspections. Key words that you could see on a request relating to CBP are inspection, Port of Entry, Bridge of the Americas, Friendship Bridge, and smuggled goods. A FOIA request for this type of information should be referred to **CBP** at the address shown below.

You will need to modify the referral letter; any information you can provide as to what the Requestor is asking for will be helpful to CBP. For instructions on Referrals (RF) see Section 9.1.

Border apprehension referrals are treated differently. If the Border apprehension date is 1998 or earlier, do a thorough search. If you cannot find a record, please close the case NR and add the following paragraph to your NR letter:

“You may wish to contact Customs and Border Protection, WWW.CBP.GOV. Their website offers information on filing your FOIA request electronically. Please be sure to include dates and locations of any encounters. Please note they do not have complete records for incidents prior to 2000.”

Note 1: If the request is for entry/exit, the date was prior to 1982 and you cannot locate a record, do not refer the case to CBP. Do a thorough search and then close NR.

Note 2: If the request is for entry/exit information and the Requestor/subject provided an alien number, request the file.

Entry exit / Departure information
Copy of an I-877
Any reports or incidents at the airport.
Copy of I-94 card
Arrests at the border
Voluntary departures
Border stops

Note 3: If the request is for all records as well as a specific incident or entry, the request must state a specific incident, such as a time or place. If you do not find any record, you will then refer to ICE or CBP as needed.

9.4 Border Patrol referral to CBP

If you encounter a Border Patrol Request in Case Create, refer the case to CBP. This includes Border Patrol records relating to apprehension, entry without inspection (EWI), smuggled humans, mobile patrol group, voluntary return, repatriation, or checkpoints. For instructions on Referrals (RF) see Section 9.1 and Section 9.3

Exception to this rule; if the Requestor provides an A-Number or you locate an A-Number through a search of the systems, please request the A-file.

10. DETERMINING TO STAFF BASED ON BEST INFORMATION AVAILABLE:

If you determine that the Requestor has provided all the PII possible after performing the CIS 9102 or 9106 and 9103 screen searches shown above, and there is only one person in the CIS 9101 screen with the same information, please request the file. Create a Discussion explaining that you staffed based on best information available. The Discussion will alert the Case Processor.

11. SOCIAL SECURITY NUMBER

USCIS does not use Social Security numbers in the Freedom of Information/Privacy Act requests. Even if the alien disclosed his or her SSN in the request, do not enter that number on the FIPS worksheet. We will not request the Social Security number when requesting additional documentation.

12. REQUESTING THE RESPONSIVE RECORDS

12.1 Resources

If the Requestor provided adequate VOI, reasonable description of records, and certification of agreement if necessary, your next step is to request the records that are responsive to the request.

How do you determine what records are responsive to the request? First, you have to read the request. Typically, the Requestor will ask for a complete copy of an alien file and they will provide an alien number. If this is the situation, you must verify in CIS that this alien number belongs to the subject.

The Staffing Sheet Guide, the RPC Reference for Staffing and the FOIA FCO List are available on the FOIA Operations ECN intranet page to help you request the file. The web address is as follows:

http://ecn.uscis.dhs.gov/team/esd/Division/NRC/Branches/FOIA_OPS/Case%20Create%20Library/Forms/AllItems.aspx

12.2 FOIA Support Team

If you are unsure about the proper way to create a file request, it is much better to ask a person in FST for guidance than to create a staffing based on a best guess.

12.3 Request for Alien File

If the Requestor asked for Complete Alien File and provided an A-number, we will staff for that A-number only, unless

- The number they provided was wrong, or
- The A-number they gave us is for a file that has been lost for more than sixty days, or
- The number they provided was between 80 million and 86,999,999, or
- The number they provided was a 100 million series.

12.4 Specific Documents

If the Requestor is seeking specific documents, please make a Discussion in FIPS detailing what those documents are. You must also mention those specific documents in your acknowledgment letter to the Requestor, using language as close as practical to the Requestor's words. You should never leave the words "Specific Doc Information" in your acknowledgment letter.

12.5 Service Centers

The Service Centers scan the responsive records into FIPS when they are the FCO for that file. Please see the Staffing Sheet Guide for more instructions on requesting these types of Service Center files.

12.6 Best Available Information

If the Requestor did not provide an alien number or receipt number but did provide enough information to conduct a thorough search, you should search CIS, CLAIMS and possibly PCQS to determine the subject's alien number or receipt number. In this situation, add a Discussion stating how you found the record and that you staffed on best available information. If you are unable to find a record, please refer to section 7.3 of this guide.

12.7 S and W files

We do not request "S" (substitute) or "W" (working) files unless instructed to by a supervisor/lead. After the creator has staffed for the appropriate files, the next and final step to case creation is to pend the case for the responsive records.

You may have an instance where NFTS shows an A and T-file at the same location, but only one of the files is classified.

In a regular case, you would create one staffing for both files.

However, classified and regular A (or T) files are most often sent to us at separate time frames.

Therefore you'll need to create two separate staffings for the same location.

In the example below, you would create two staffings, both to KND.

General Inquiry For A02000000				
File #	Seq	Office	Status/Last Action	Location
A02000000	000	KND	Status: AVAILABLE IN RECORDS Audit Date: 10/20/2009 10:28:19 AM Last Action: 10/20/2011 10:28:19 AM Batch Audit	Sect: ZW - Classified Files Resp: 0 - Classified Files

If you pull a case that has a FOIA Safe staffing you should **NEVER** cancel the file request. If the staffing request is overdue you will need to review the due date and re-pend. See section 33, Re-pend Cases in Records Locator Queue.

12.11 Pend Destruct

Do not staff for a receipt if the responsible party is "PEND DESTRUCT." If you find a receipt file, but NFTS shows it is in "PEND DESTRUCT," depending on the type of request, you may simply be staffing for the A-file and disregarding the receipt or you may be printing the electronic record from PCQS and creating a RAFACS staffing for those pages. If you are unsure, please consult a supervisor.

12.12.1 One A-Number provided on the request (with example staffing)

If an A-Number is provided on the request and CIS confirms that it belongs to the alien, ensure you have all the other required elements (DOB, place of birth, name, mailing address and

signature under perjury or notarized) to complete the case create. If any of the required elements are missing, we will close the case FC under normal circumstances. Please refer to section 16b, **FC (failure to comply) CASE CLOSINGS** of this guide. The section that follows is a systematic example of staffing by A-Number when the Requestor has provided one.

12.12.1.6 "Blued in" information

- A. If "Retire" had been blued in, it would have been important. We would have used that inquiry screen to staff from the FRC or RDF if it was retired at RDF. If the Center in the Accession Data is other than the Kansas City area, staff to Non-FOIA for the FCO. Release 6.1.1.0 of NFTS expanded the Kansas City FRC to three locations – Lee's Summit, Lenexa and North Kansas City. All three of those locations are FRC staffings unless the file is digitized.
- B. For any FRC other than those three locations, you should create a Non-FOIA staffing to the FCO listed under "Office." It can be confusing. Please refer to the example at the bottom of this section, in which you would staff to Non-FOIA Office, BAL.
- C. If "In Transit" had been blued in, it would have been important. We would have staffed to the receiving FCO.
- D. If "Consolidation" had been blued in, it would have been important. We would have checked to make sure our file is the "survivor" and not the consolidated file.
- E. "Rider" could be important to the case processor, but it has nothing to do with how we request this file.
- F. If "Request" is blued in, it does not change how we staff for the file. In this situation, we have to create a staffing for where the file is.
- G. Comments may be important because a File Control Office may not be able to change a file location to "LOST" in NFTS. When that happens, the records person at the FCO will notate in Comments that the file is lost. If that is the situation, please refer to the Lost File Flowchart in Appendix H of this guide.

Example - the file below is retired to the Washington FRC, but you should not staff to WAS. The FCO is BAL, so you should staff to Non-FOIA Office, BAL. The same principle applies if a file is retired to the SFR FRC - if the FCO is LVG, then you should staff to Non-FOIA Office, LVG, and paste in the screen shot of the Retired Inquiry.

12.12.1.7 The FOIA Operations Division Intranet Page

An RPC beginning with “DP” should be easy because NFTS usually shows right beside it that it means “Deportation.” Sometimes an RPC prefix can be important and it’s not obvious right away. A file could be available in records at NRC on shelf DP – and that is not an ICE staffing. Sometimes it is not clear. If that’s the situation, we need to look at the FCO List, the Staffing Sheet Guide and the RPC Reference Guide. Those are available at the following address:

<http://ecn.uscis.dhs.gov/team/esd/Division/NRC/Branches/FOIA OPS/Case%20Create%20Library/Forms/AllItems.aspx>

12.12.1.8 The RPC Reference Guide says that no matter what the FCO is, if the RPC starts with DP, we staff to DRO. That is ordinarily true, and NFTS will usually say DP-Deportation, so you will have no doubt. Ordinarily, DP means Deportation, and the Staffing column says to staff to DRO. SAC, RAC, ASAC, DRO and OPLA are all ICE functions. That's important for staffing. When you staff for any file that is for one of the ICE functions, be sure to change the Bureau to ICE and click Save.

12.12.1.10 Figuring out a Staffing Scenario

The Guide confirms what we thought. If we staff to DRO, then we choose the FCO where the file is located. We're going to look for DRO-SEA. Note that the quickest way to find the information is by searching "DRO." I could have also gone to the table of contents and looked under Staffing Scenarios. If I *ever* have a doubt, I go talk with FST, because if I staff it correctly the first time, FST won't have to send it back to me and I won't have to do it over.

12.2.8 ICE files

There are currently five different types of staffings for files located within the ICE function. Study the NFIS screen print in the external page of the staffing letter. OPLA file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as OPLA-800S.

Office Section	Assistant
Chief Counsel	FA
Litigation	U or LIT
Legal Section	LS
District Counsel	DC

ORO file requests are for files that are located in the following office sections. Choose the FCO where the file is located, such as DRO-800N.

Office Section	Assistant
Detention & Removal	DET/ENT, D&R, DET, DRO, DD&P
Criminal Alien Program	CAP
Deportation Officer/Assistant Clerk	DO, SDO
Border Control Spec.	
Immigration Enforcement	IEA
Civil District Office	FOI (Washington DC) (PRO WAS)
Admin Program Office	
Non-Detained or Detained	
Processing Center	OC, Oten County
Detention Facility name	6... Otaw Mesa, Krome
Fugitive Ops	FO

SAC file requests are for files that are located in the following office sections. Choose

Make sure the button marked “Customize Letter” is selected. The file is not missing or lost, so we won’t check that box. We know the file is at DRO Seattle, so we will scroll down “Staff Request To” until we find it. You may save time by knowing what to type. Typing “DRO” will take us to the DRO list. If you had typed “SEA,” it would have taken you to Non-FOIA Office, Seattle. If you had typed “SEAT,” it would have taken you to Seattle OPLA. The “Request File” button may stay “grayed out” after you click on the office you want (see the example above). If that ever happens, click on an office you do not want, then click back on the office you do want, and “Request File” will not be grayed out anymore (see the example below).

12.12.1.16 Highlight the Correct File for Scanning

Section 12.18.11, T-files, tells you never to crop the NFTS screen print.

However, if your screen print has more than one file, and you are requesting files from different locations, it can pose a problem for the contractor.

How will the contractor know which file(s) to scan? We have to make the correct file stand out to erase any doubt.

Consider the screen print example below. Here we have an A file and a T file at different locations. You will require two separate staffings, one to Dallas, the other to Miami – DRO (ICE).

This is to certify that I (we) have conducted a thorough search for the above listed A-file and this file:
_____ is attached
_____ could not be located.

Printed Name

Make sure nothing interferes with the barcode at the bottom of the page. Click and drag the "This is to certify..." section up and away from the barcode if you need to.

Now we will prepare the staffing sheet for Miami – DRO (ICE).

Since this is an ICE staffing, the staffing sheet will be in letter format. Place the entire screen print just below the word “Attachments” but above the barcode.

Highlight the MIA - DRO A-number, **bold** and increase the size to 10-font.

____ Attached is additional information to be used to reply to the requester.

____ Attached is our justification for withholding any responsive material.

____ The following records system number/title was search:

If your screen print is too large to fit between “Attachments” and the barcode, place the cursor before the screen print and then click “Ctrl + Enter.” This will move your screen print to the next page.

12.12.2 Two or more A-Numbers

Multiple unconsolidated A-Numbers - If the Requestor has provided more than one A-Number, you must research CIS for each A-Number to determine if they relate to the subject. If the subject has multiple A-Numbers, you will create one case and do multiple staffings. When you are required to request two or more unconsolidated A-files, the individual file request must include the words “**MULTIPLE STAFFINGS**” near the center of the page on the FIPS staffing sheet, or if it is a letter format, on the first page, just under the address. Do not confuse this with the subject of the file having an “A” file and a “T” file. The alien numbers must refer to different unconsolidated A-files and relate to the subject of the request if you are to mark it “**MULTIPLE STAFFINGS.**”

Important note: If one of the files you are requesting is located at RAFACS/CIS, FRC or one of the Service Centers, request those alien numbers first. These locations produce the file faster than other offices. FST will not know to pull the staffing letters for follow-up unless you noted “Multiple Staffing” on the sheet.

If the alien has multiple unconsolidated A-Numbers and the files are both located at the NRC, please add them to the spreadsheet that Records Operations maintains at O:/Government_Contractor Shared Folder/files to consolidate.xls. You are responsible for entering the alien numbers of the files that may possibly need consolidation. Records Operations will review the files and consolidate if necessary. If both files are not at NRC, do not add the information to the spreadsheet.

12.12.3 Consolidated A-Numbers

If the alien has a consolidated A-Number, then please enter only the lead (or surviving) A-Number on the worksheet in FIPS and request that file. Consolidated A-Numbers are reflected in CIS on the 9101 screen, under the section titled “Consolidated A-Nos”. The A-Number listed first is the primary A-Number; the other A-Numbers listed below the primary have been consolidated into the primary number.

Note: please do not add consolidated A-Numbers to the “files to consolidate” spreadsheet.

12.12.4 Empty Jackets

General Inquiry For A300000000				
File #	Seq	Office	Status/Last Action	Location
A30000000	000	HAV	Status: EMPTY JACKET Audit Date: 05/09/2010 01:55:40 PM Last Action: 05/09/2010 01:55:40 PM Batch Audit	Sect: ADJ - Adjudications Resp: 0000 - Adjudication II - - 0000

If NFTS indicates the file as an “Empty Jacket,” you will normally not create a file request. The only time you ever staff for an empty jacket is if the FCO is HAV. If you are unsure, please contact FST. If the FCO is not Havana, and the only A-number you found is an empty jacket, your next step is probably to conduct a no records search, depending on the situation (No Record instruction is at Section 12.18.6). If you found a receipt file, please refer to Section 12.18.12.

12.13 Border crossing card number

If the alien number provided by the Requestor is an 80,000,000 through 86,999,999 series number, it is a Border Crossing Card number. Even though you can research this number in CIS, there is no physical A-file associated with these types of numbers. Please research CIS, PCQS and CLAIMS to see if there are any other A-files/receipt files associated with this alien, because you will staff for those files, if you find any.

Sometimes a person has no other record than a Border Crossing Card, and you will know this because the only record you can find for that person is an alien number between 80,000,000 and 86,999,999. If that is the only record you are able to find, select Category **OTHER**, then do the following:

- Create the case.
- If you have access to PCQS, search PCQS and print any data you find. It is better to provide PCQS screen prints, so if you do not have access to PCQS, please locate a person who has PCQS to print those screens. If that is not possible, search and print CIS screens 9101, 9101-history (F8), 9222 and 9223.
- Prepare the screen prints for scanning into this slot as responsive records. Please attach a “Scan As” sheet and mark it as “Responsive Records” with the screen prints to be scanned, and then take the responsive records to the designated person. (The current designated person will be posted by FOIA Operations on the ECN page.)
- Open a RAFACS (not RAFACS/CIS) staffing slot. Make sure “Customize Letter” is selected. You do not have to modify the staffing letter.
- Prepare a discussion explaining what you did, prepare any correspondence, and then pend the case.

Updated on March 28, 2016

Note: Alien numbers from 87,000,000 through 87,999,999 are not Border Crossing Card Numbers; they are general alien numbers and have corresponding A-files.

12.14 EAD numbers (100,000,000 through 199,999,999)

If the alien number provided by the Requestor is 100,000,000 through 199,999,999, it is an EAD (Employment Authorization Document) card number. There is no physical A-file associated with EAD numbers, even though they can be researched in CIS. You will have to research CLAIMS to locate the receipt number that corresponds with the EAD number, and then request that receipt number. Please refer to sections 12.16 and 12.18.12.3 for additional information. If the receipt has been destroyed, follow instructions in 12.18.14.

12.15 New alien numbers (300,300,000 through 300,322,501)

As of June 2009, the range of numbers 300,300,000 through 300,322,501 are being used as general A-file numbers.

12.16 Receipt numbers

Receipt numbers are comprised of the three-letter office code, followed by a 10-digit number. Receipt numbers are assigned to applications and petitions filed with the Service, such as Form I-765, Employment Authorization applications and Form I-130, Petition for Alien Relative. If the Requestor provides a receipt number on their request, log into CLAIMS or PCQS and verify the information.

If the Requestor provides only a receipt number, and that receipt number is from a service center, then we need to request the receipt file. Enter the receipt information into the Topic field. Make the first part of the description the receipt file number. Use the complete receipt number with no spaces or dashes.

Example of the correct way: EAC0812345678

An example of how **NOT** to do it: EAC-08-123-45678

If every case creator enters receipt information the same way, it is easier for the next case creator to identify duplicate or similar cases. The next case creator may base the search on "EAC081234567%", and if the previous case creator entered dashes, the search will not identify the duplicate.

Do not request receipt files with a prefix from other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). District offices issue work authorizations, but we cannot request those. For instance, you cannot request receipt number

no matter where it is. However, if you find an unconsolidated receipt file and it is at LOS, you can request it.

A receipt could be either an application or a petition. For example, Form I-90 is an Application to Replace Permanent Resident Card. The applicant is requesting a benefit for himself or herself. Form I-360 is a Petition for Amerasian, Widow(er), or Special Immigrant. It is a “self-petition.” With form I-360, the petitioner and the beneficiary are the same person and so VOI and consent requirements are the same as for an A-file.

With many other petitions, the “petitioner” and the “beneficiary” are not the same person. That petition will always belong to both parties – both the petitioner and the beneficiary, except that sometimes the petition has been consolidated into another Privacy Act record: the beneficiary’s file. The Alien File is stored and retrieved by a unique identifier belonging to only one person: the subject of record (SOR). We need SOR consent to open the A-file, even though the A-file could contain information that belongs to another person.

The following is a list of petitions in which the petitioner and the beneficiary are not the same person:

I-129F	Petition for Alien Fiancé(e)
I-130	Petition for Alien Relative
I-140	Immigrant Petition for Alien Worker
I-600	Petition to Classify Orphan as an Immediate Relative
I-730	Refugee/Asylee Relative Petition
I-800	Petition to Classify Convention Adoptee as an Immediate Relative

If you discover that the petition is consolidated into the beneficiary’s file, and you **do** have consent from the beneficiary, you must change the name of the subject in FIPS to the beneficiary. The beneficiary’s A-number goes in the A-number field, even if the Requestor entered the petitioner’s A-number on the G-639. We must address any correspondence about that petition citing the beneficiary as the “subject of record” or the “records’ subject.” This is legally important because we must have VOI of the subject of record and we must have certification of agreement if the Requestor is other than the subject of record in order to staff for the record.

If the petition is consolidated into the beneficiary’s file, and you **do not** have consent from the beneficiary, you will close the case as Total Denial and include the following blurb as the second sentence in the first paragraph of the TD letter:

“It is the policy of USCIS to file any adjudicated petitions, such as the Form I-129F or Form I-130 in the beneficiary’s record after issuance of a visa. Beneficiary consent is required to obtain any petitions from their record.”

This is legally important because we must have VOI of the subject of record and we must have certification of agreement if the Requestor is other than the subject of record. *If we are staffing the subject of record's A-file, and if the Requestor is not the same person as the subject of record, then we need certification of agreement from the subject of record.*

If the petition has not been consolidated into the beneficiary's A-file, whether the petitioner or the beneficiary is the Requestor, we may staff for it. In this situation, we list the subject of record the way it is listed in the request letter, whether the petitioner or the beneficiary.

PCQS or CLAIMS screen-prints usually would not provide the Requestor with the information he or she is requesting, because the Requestor is asking for a copy of the file. Rarely, a petitioner may only need a particular piece of information, such as proof of filing to prove Section 245i eligibility. If that is the situation, and we have the petitioner's VOI (and certification of agreement, if necessary) then you should provide those screen-prints with a RAFACS staffing. This is not usually what happens, so providing screen prints is an exception, not the rule.

- If the Requestor wants a copy of a petition or supporting document,
- and the petition has been consolidated into the beneficiary's A-file,
- and the Requestor did not provide certification of agreement from the beneficiary,
- close the case TD.

When the Requestor needs a copy of a petition or supporting documents:

Where is the PETITION?	Who is the Requestor?	
Unconsolidated	Petitioner	Staff for the petition.
Unconsolidated	Beneficiary	Staff for the petition.
Beneficiary's File	Petitioner	Ensure the subject of record is the beneficiary. Ensure the A-number entered is the beneficiary's. We need either certification of agreement from the Beneficiary or we close the case TD.
Beneficiary's File	Beneficiary	Staff for the A-file.
NVC	Petitioner or Beneficiary	If the receipt is located at the NVC, do not redirect to the NVC. Have the screen prints of the receipt scanned in as responsive records. Make sure the Track is TRACK 1. Create the request using RAFACS (not RAFACS/CIS).

NFTS shows “No record of the receipt”	Look to see if there is information in the history.
NFTS shows the petition is at HBG pending destruction.	Prepare RAFACS staffing. Provide screen prints from PCQS and provide NFTS history screen print showing it is pending destruction.
NFTS shows the petition is at HBG, but the RPC starts with XX, XY, ZG, ZY, or ZZ.	It’s digitized. Refer to the Staffing Sheet Guide. If unsure, consult FST.

For receipt files at HBG, use the NON-FOIA HBG file request. **Do not request DIG T-files at HBG with RPC codes XX, XY, ZG, ZY, or ZZ.** Refer to the Staffing Sheet Guide for the most current information.

12.17 Archives and Records Centers Information System (ARCIS)

ARCIS is a new system used by the Federal Records Center (FRC) to track the location of retired files. The accession data is now 27 digits long. NFTS will not accept the accession data because of the length. Instead, you will see the word “ARCIS” in the location field in NFTS.

When the case you are creating shows the file is located at FRC and you see the word “ARCIS” in the location field in NFTS, use the FRC file request and paste the retired screen from NFTS.

Not all files located at the FRC will have “ARCIS” in the location field. For those files, continue to staff using the FRC file request and paste the retired screen print.

12.18 Staffing Scenarios

12.18.1 Digitized files

If you are requesting an A-file that has been digitized please use the **RDF** file request. If the file has been digitized, the current FCO does not matter; you would still use the RDF file request.

How do I tell if it is a digitized file?

NFTS will show the “Location” of the file as either **RDF** or **NRC**. If the file location is NRC, you will see a red-letter banner stating “DIGITIZED ON ...” The screen print below is a sample of the NFTS screen.

The temptation may be to staff RAFACS/CIS because the file shows available in records at NRC. Do not do that. If it shows "DIGITIZED," then staff to RDF. Also include any T files you find in the General Inquiry screen.

☒ Search In ALL Converted Offices? ☐ Search For ONLY Specified File Prefix?

Show information entered on or after in format of MM/DD/YYYY:

☒ History ☐ Comments ☐

☒ Consolidation ☐ ☐

☒ Retire ☐ ☐

Search Clear Exit

Paste in the "General Inquiry" information on the RDF staffing the same as you would on a RAFACS/CIS staffing. Delete the status/action item column, but DO NOT delete any T-files. FST will know the file is digitized because you have staffed using an RDF file request. This also applies to Retired files that have been digitized. Do not use the retired screen on Retired digitized files. An example has been provided below.

Enter File Number: 400 Search

Search In ALL Converted Offices? Search For ONLY Specified File Prefix?

Show information entered on or after in format of MM/DD/YYYY:

☒ History ☐ Comments ☐

☒ Consolidation ☐ ☐

☒ Retire ☐ ☐

DIGITIZED ON 04/20/2008 BY 1320 AM

Search Clear Exit

Do not use the retired inquiry.

File #	Seq	Office	Status/Last Action	Location

In the example above, you will have to make two staffings. Notice there is a T-file currently in use at OPLA San Francisco? That also changes the Category of the case to "SFR Cases at NRC."

12.18.2 Files Lost or Not Found LESS THAN SIXTY DAYS (Flowchart at Appendix H)

12.18.2.1 Verify that the A-file is lost less than sixty days in NFTS and CIS-9504. A lost file in CIS will appear in the CIS-9504 screen as "N (Not Found)" in the section titled "File located IND." Print the 9504 Screen print.

12.18.2.2 Search and staff for any additional non-consolidated T-files or receipt files. If you find no related T-files or receipt files, input the lost A-Number into PCQS. Open a RAFACS staffing slot and have the screen prints added as responsive records along with a CIS-9101 screen print.

12.18.2.3 Do a search for any possible related A-files such as mother, father, sister, brother. Input into CIS 9101, two A-Numbers above and below the lost A-file. Print the screen prints and attach as a CSD.

12.18.2.4 Complete the lost file worksheet. Fill out as much information as you can. Attach the lost file worksheet, the CIS 9101 screen prints, and the 9504 screen print as a CSD.

12.18.2.5 Click "In Circular Search" and click Save. Staff using the Lost File at FCO; ____ File request (include the FCO that shows the file is lost). Under "Create File Request" mark the box "File Missing/Lost". Select Lost file at FCO; _____. Click request file. Modify the letter by attaching a copy of the 9504 screen.

12.18.2.6 To determine a numerical value for days the file shows Not Found, you may refer to the Julian calendar in Appendix H of this guide. From NFTS General Inquiry, use the date of "Last Action" or from CIS 9504 use the Date FTI. Calculate the number of days remaining until the case reaches lost for sixty days and manually repond the lost A-file. If the number of lost days is more than 60, go to paragraph 12.7.3. For example: A-file shows Not Found in CIS for 35 days, 60 days – 35 days = 25 days remaining. You would set the new number of days to pend to 25.

12.18.2.7 Generate the acknowledgment letter. Click add lost file paragraph. FIPS will insert the lost file paragraph right after the CD paragraph.

12.18.2.8 Verify "In Circular Search" is still clicked. Include Discussion to note all systems searched and date the file was lost. You are done.

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

FIPS inserts the Lost File Paragraph right after the CD Paragraph:

When the case create process is complete and the creator is ready to exit the case, click the "Pend."

12.18.3 Files Lost or Not Found MORE THAN SIXTY DAYS (Flowchart at Appendix H)

- 12.18.3.1** Verify that the A file is lost in both NFTS and CIS 9504. If either CIS 9504 or NFTS has a lost date less than 60 days, you must use the less than 60 day process. DO NOT staff for the A file.
- 12.18.3.2** Search for any non-consolidated T-files and receipt files. If you find something, insert the following case note. "A-file number XXXXX is currently showing as lost. Staffed for the following files: XXXXXX. Once received, please review. Please also verify that the original a-file is still lost. Please process as a PD and advise the Requestor that the original a-file is lost." Pend case for responsive records. You are done.
- 12.18.3.3** If you do not locate any additional A-files, T-files or receipt files, input the lost A-Number into PCQS, open a RAFACS slot, print all available screen prints and scan into case as responsive records.
- 12.18.3.4** Complete the lost file worksheet. Fill out as much information as you can. This along with the screen prints helps prove that we conducted a duly diligent search, which becomes important if the Requestor appeals.
- 12.18.3.5** Do a search for any possible related A-files such as mother, father, sister, brother. Input into CIS 9101, two A-Numbers above and below the Lost A-file. If you find any A-Files that may be related, insert the following case note and send to Unit Chief. "A-Number has the same last name as the subject. Possible related A-File. Sending to Unit Chief for further investigation." A supervisor will review the case and send back with further instructions.
- 12.18.3.6** If you do not find any related A-Files, print the CIS 9101 screen prints, CIS 9504 Screen print, the 2 up and 2 down screen prints and the lost file worksheet. Have them scanned as CSD.
- 12.18.3.7** Generate the Acknowledgement letter. Click "Add Lost File Paragraph" button so the lost file paragraph will be inserted into the ack letter.
- 12.18.3.8** Include note to Case Processor: "A-file has been lost for more than 60 days. Unable to locate any additional A-files, T-files or receipt files and provided a copy of their electronic record. Please advise the Requestor that the original a-file is lost, but we have provided them an electronic copy of their record."
- 12.18.3.9** Pend the case for responsive records.
- 12.18.3.10** Include in your Discussion all systems you checked and specify the date the file was lost in CIS and NFTS.

Please note: this is NOT the procedure for a request for alien number only or for petitions destroyed in accordance with federal paperwork retention guidelines.

Note: Please refer to the **Lost File Flowchart** which you will find in Appendix H.

NOTES:

12.18.4 Staffing FAQ's

Q: What screen print do I attach?

A: The screen prints attached are typically an NFTS screen. If the receipt is archived in CLAIMS and not found elsewhere, there is no screen print attached at all. See the Staffing Sheet Guide for current information.

Q: Which file request do I use?

A: Each office has its own file request in FIPS. The Staffing Sheet Guide details which sheet to use in specific circumstances.

Q: What if they have two alien files with two different numbers?

A: In cases like this, we request each alien file on a separate file request and write **MULTIPLE STAFFINGS** near the center of the page on the FIPS staffing sheet, or if it is a letter format, on the first page, just under the address.

12.18.5 Records Indexing / Manual Requests

If you do not find a person in CIS, CLAIMS or PCQS, do not automatically print the screens and close the case NR. In some instances, the A-Number exists but it will not be found in any systems search. This is especially true of individuals who had no business with the Service after the date CIS was put in use. A general rule which applies most of the time is the subject had no business concerning any immigration matter since 1975 or earlier. Look at the information in the request. For instance, if an individual claims to have arrived in the United States in 1960 and naturalized in 1971, it is important not to close the case NR. In these instances, staff the request using a "Records Indexing" staffing so that a manual search can be conducted.

Sometimes the Requestor/subject will provide an A-Number and the file cannot be located in NFTS or CIS, but they claim to have done business with the service after 1975. Ensure Requestors provide the minimum information to allow a positive identification (i.e., full name, date and place of birth). If the requested records relate to:

- A-Files;
- Dates of birth;
- Dates of entry; or
- Naturalization dates

which are after 1975, do not create a Records Indexing file request, because no records will exist; check CIS, PCQS and/or CLAIMS for a record. If you find no record, please

Records Remarks:

TO RECAP RECORDS INDEXING: If the subject has had no business with the service since 1975 or earlier, they may or may not have a CIS record. If they do not, then staff to records indexing. If the subject has had business from 1976 forward, do not staff to records indexing.

12.18.6 No Record:

When closing a case as a NR (No Record), ensure that you have done the required system searches to support your decision. If there is wording on the request that would indicate the subject was detained, stopped, arrested or sent back across the border and a thorough system search yielded no information, you should refer the request to CBP. CBP will possibly have a record responsive to their request. Your search should include CIS, CLAIMS and PCQS. Consult the sections of this manual entitled “Central Index System” and “Computer Linked Application Information Management System” for more information regarding the systems.

When conducting “no record” research, do the queries of all CIS and PCQS or CLAIMS searches as directed. Prepare a Final Action Letter with closing code NR. Insert a Discussion naming the systems you searched. Send to Up-front Approver.

When conducting no record research, check the following screens in CIS (Central Index System):

9103 Exact Name
9104 AKA (Alias) Name
9102 Sounds-Like Name

If you do not have PCQS, perform following searches in CLAIMS. Otherwise, go to PCQS and search using last name with an asterisk and first name with an asterisk. Select < 90 days in relation to the DOB unless this provides too many responses. If you get too many responses select < 30 days or exact date. If subject has two last names search each one with an asterisk.

When conducting a search in CLAIMS (Computer Linked Application Information Management System) run alien's name as the beneficiary/applicant (3) **AND** as petitioner (6).

Genealogy is exempt from this process.

12.18.9 SAC locations

Occasionally, you will see a requesting a SAC (Special Agent in Charge) case, and not be able to find the File Control Office under SAC in your FIPS staffing list (ex. POO/Portland, Oregon). How do you staff correctly for the file? Would you use the “ICE General” staffing?

Yes, you do, but only as a last resort. Before staffing under ICE General, please check under RAC (Resident Alien in Charge) and ASAC, in consecutive order to find the staffing location. Since you cannot find Portland under SAC, you would next check RAC, and then ASAC (Portland is found under ASAC). Finally, if you cannot find the location **after** searching SAC, RAC and ASAC, please staff under ICE General.

12.18.10 LESC (LSC) records

On all of these file requests, you must attach the NFTS screen print to page two.

12.18.11 T-files

Q. What if the subject has an A-file at one office other than NRC and a T-file at a different office other than NRC (for example, an A-file in Chicago and a T-file in Milwaukee)?

A: In this case, we will request both files, EXCEPT, do not request T-files at HBG with RPC codes XX, ZG, XY or ZY.

Q. What if they have an A-file at an outside office and a T-file here at the NRC?

A: Request the A-file only, but include the T-file portion on the file request. The T-file will get combined with the A-file when it arrives at the facility for scanning. **NEVER CROP THE T-FILE INFORMATION FROM THE NFTS SCREEN PRINT.**

The exception to this rule – We do not receive A-files from ESC, SSC, NSC, WSC, NBC or RDF for scanning. Those offices either scan directly into FIPS for us or we export the A-file from EDMS. Therefore, if the A-file is at one of the above service centers and there is a T-file anywhere else, including at the NRC, you will have to staff for the T-file. This includes any digitized files. Another example of when we staff for an in-house T-file is when the responsive records are scanned in simultaneously with the request.

(b)(6)

12.18.12.1 Do not request receipt files with a prefix from any offices other than one of the five Service Centers (ESC/EAC, SSC/SRC, WSC/WAC, MSC/NBC or NSC/LIN). District offices issue work authorizations but cannot request those. For instance, you cannot request receipt number [REDACTED] no matter where it is. However, if you find an unconsolidated receipt file [REDACTED] and it is at LOS, you can request it.

12.18.12.2 If the Requestor does not specifically ask for a receipt file and provides an alien number, request the alien file only.

12.18.12.3 If the Requestor does not provide any receipt number or alien number, then you must research CIS, CLAIMS and PCQS.

Be cautious about requesting receipt files that are for EAD cards only. There should be another application/petition filed in conjunction with this EAD card. If the only receipt number you find is for an EAD card, and it is within the seven-year retention time, then yes, you will request the EAD card.

If they provide a receipt number, you must research CLAIMS, PCQS and NFTS thoroughly. You may also check the status of a petition or application on USCIS.gov, and you may use that information to justify referring the case to Department of State, or you may add that information to RAFACS responsive records (as described in this paragraph). Ensure the receipt file has not been consolidated into a T-file or into an A-file. Please request the A-file or T-file if the receipt file has been consolidated. Check CLAIMS to be sure that the Service did not reject the receipt. Receipts that are shown as rejected in CLAIMS are returned to the submitter by the Service Center. Print the CLAIMS screen(s) that shows the receipt was rejected by the service. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

If there is no location information in NFTS, and if NVC does not have the receipt, but there is a record in PCQS, print any PCQS screen(s) concerning the petition. Create a File Request to RAFACS (not RAFACS/CIS). Leave the "Customize Letter" button selected. Attach a "Scan As" cover sheet to the screen prints, mark the box "Responsive Records" and take to person designated to scan RAFACS-only responsive records. Pend the case.

12.18.12.4 If the Requestor specifies a receipt file, and the receipt has not been consolidated, you may have VOI (and certification of agreement, if necessary) from either party and you may staff for the file if it is available in records. If you are unsure of whether you need certification of agreement, please refer to section

7 of this guide. If the receipt is not available in records, please refer to sections 12.18.6 or 12.18.14. If it is available in records in NFTS, first verify the receipt number belongs to the subject, then staff for that receipt file.

If the receipt has been consolidated into an alien file, the situation is different. If you have VOI (and certification of agreement, if necessary) from the person whose alien file the receipt has been consolidated into, then you should verify the alien number belongs to the subject and staff for that alien file. If there is no certification of agreement from the person whose alien file the petition has been consolidated into, you will close the request as TD. Refer to section 16a, "TD (total denial) CASE CLOSINGS."

12.18.12.5 Forms I-526 and I-829 are petitions filed by an Alien Entrepreneur. If, while researching the receipt file, you discover in CLAIMS or PCQS that the receipt is either a Form I-526 or Form I-829, please take the following actions:

1. Send an e-mail to NRC, FOIASIG and CC your supervisor stating that NRC201XXXXXXX (your case number) is requesting copies of an I-526 or I-829 receipt file.
2. Copy the body of the e-mail and paste it into a discussion.
3. Send the case to Unit Chief.
4. SIG will then reassign the case to the COW queue for action.

This screenshot shows a receipt that has been archived.

If we receive a request for a receipt file and the receipt file has been archived per CLAIMS, create the case as usual. To determine whether we need to request the archived receipt file do one or all of the following as necessary:

- A. Enter the receipt number in NFTS. There may be evidence that the receipt file has been consolidated into an A-file or there may be evidence that the receipt file has been forwarded to the NVC. Sometimes, you can discover that an archived receipt has been forwarded to NVC through PCQS. If the receipt is located at the NVC, do not redirect to the NVC. Have the screen prints of the receipt scanned in as responsive records. Make sure the track is TRACK I. Create the request using RAFACS (not RAFACS/CIS). Find the information from the archived receipt in PCQS and print that information. Prepare a "Scan As" sheet to be scanned as responsive records for the case number you have just created, attach it to the screen prints to OneNote and send an email to FOIAPROGRAM.NRC@uscis.dhs.gov. On the subject line, put the control number and SOR's name. Pend the case.

- B. On the USCIS website (<http://www.uscis.gov/portal/site/uscis>) enter the receipt number in the “Check Case Status.” Checking the receipt number on the website may provide evidence that the receipt file has been forwarded to the NVC.
- C. If there is no evidence that the archived receipt file has been forwarded to NVC we will create a file request using RAFACS (not RAFACS/CIS). Find the information from the archived receipt in PCQS and print that information. Prepare a “Scan As” sheet to be scanned as responsive records for the case number you have just created, attach it to the screen prints and take those to the person designated to scan RAFACS-only responsive records. Pend the case.
- D. If there is no evidence in PCQS, add a note on the staffing sheet “Receipt is archived.” A designated clerk will receive the staffing request, have the archived report created, and get it scanned in as Responsive Records.

12.18.14 Receipt files; Lost receipt file, File destroyed, File cannot locate or File Rejected

If a staffing response from one of the service centers (ESC, SSC, NSC or WSC) has been scanned and a screen print from CLAIMS is shown on the staffing response with any of the following language, “FILE CANNOT LOCATE”, “FILE DESTROYED”, or “LOST RECEIPT FILE” or if the receipt was rejected, create as Track 1, category OTHER.

Create a file request to RAFACS (*not RAFACS/CIS*). The default selection for the letter is “Customize Letter.” Be sure that option is selected. Print the appropriate CLAIMS or PCQS screen prints (should be a minimum of 3 pages if the receipt file is for an I-130). Attach a “Scan As” cover sheet to the screen prints and take to person designated to scan RAFACS-only responsive records. Pend the case.

Fill out the FIPS worksheet as you normally would, except paste “IOE” and the number into the “Topic” line on the FIPS worksheet.

NOTE: Putting the IOE number in the Topic line is the only way we have to track ELIS2 cases.

Next, create a staffing to the correct File Control Office.

Step 4: Is your requestor an attorney/representative or is this a self-request?

If you answered “yes” to either choice, go to Step 5a(1) to create your Staffing and Acknowledgement letters. You will be inserting specific language into both letters.

If the requestor is other than an attorney/representative or a request from the subject of record, go to Step 5b(1) to change your Staffing letter only. There is no change to the Acknowledgement letter.

A wife requesting her husband’s file is an example of an “other.”

If the case is closed (see example below), it doesn’t matter who the requester is. Go to Step 5b(1).

Step 5a(1): Staffing letter

Open cases from Attorney/Representatives or self-requests:

- Replace the Alien number at the top and bottom of the page with the IOE Receipt number
- Replace the first part of the second bullet which reads "Send a copy of all responsive documents to the FOIA office in their entirety," with the sentence, "Send a copy of the Case Details and Case History tabs (expand all), any restricted content, and any risk resolution memo."
- Do not replace "**DO NOT MAKE REDACTIONS.**" Leave it at the end of the second bullet.

Example:

In accordance with Department of Homeland Security Regulations (6 C.F.R. § 5.3(c)), your request is deemed to constitute an agreement to pay any fees that may be chargeable up to \$25.00. Fees may be charged for searching for records sought at the respective clerical, professional, and/or managerial rates of \$4.00/\$7.00/\$10.25 per quarter hour, and for duplication of copies at the rate of \$.10 per copy. The first 100 copies and two hours of search time are not charged, and the remaining combined charges for search and duplication must exceed \$14.00 before we will charge you any fees. Most requests do not require any fees; however, if fees in excess of \$25.00 are required, we will notify you beforehand.

From the USCIS Electronic Immigration System (ELIS) you may download the case intake snapshot, case evidence, and correspondence (e.g. any G-28 Representation or Withdrawal request) from your Case Details screen.

This office will be providing your records on a Compact Disc (CD) for use on your personal computer. The CD is readable on all computers through the use of Adobe Acrobat software. A version of Adobe Acrobat will be included on the CD. Your records can be viewed on your computer screen and can be printed onto paper. Only records 15 pages or more are eligible for CD printing. To request your responsive records on paper, please include your control number and write to the above address Attention: FOIA/PA Officer, or fax them to (816) 350-5785.

ELIS FAQ's

Q: The NFTS screen print says that ELIS is consolidated into a T-file. How do I fill out the Staffing Sheet?

A: If ELIS is consolidated into an A or T-file per NFTS, do not replace the A-number with the IOE receipt number or replace the second bullet. Create as a normal case (not in ELIS), except don't forget to add the IOE Receipt number to the FIPS worksheet.

Q: Which FCOs adjudicate the Form I-90?

A: MSC/NBC, SSC and WSC...check NFTS for the correct staffing.

12.18.17 RAFACS Staffings

Occasionally when someone requests a file, we are unable to find it. Do we just close it “NR?” In certain cases, we can.

However, if we can find something that belongs to the Requestor, such as a Border Crossing Card, CLAIMS or PCQS screen prints, we cannot close the case “NR.”

Staff to RAFACS all requests that you can’t find what the Requestor is asking for, but you can find other documents that relate to the subject of record. After doing so, please change the case to Track 1.

13. REASSIGN OFFICE

A case creator may sometimes have to move a case that was scanned in the NRC queue to another queue for processing. Before you create a case, you can click the drop-down box and select a different office. You will be able to do this even if you do not have that queue assigned to you.

Accidentally reassigning the office: Before you create the case, make sure the Office is correct. When you click Save after you have filled in the case information, FIPS’ focus will go to the Office drop-down box. If you have inadvertently touched the mouse wheel while it is saving, you may inadvertently “reassign the office.” That is to say, when you create the case, it could have a BLR number, for example, instead of an NRC number. It is always a good idea to re-

check that NRC is selected before you create the case. If you have accidentally reassigned the office, you must print out all pages of the request, attach a Scan As sheet, and take it to OA to be scanned in as a new case.

There are times you intentionally reassign the office prior to creating the case:

Reassign the office to CNT if the request is for a contract.

Reassign the office to HQS if the request is for CIS Personnel Information.

Reassign any SIG case to COW.

After you have reassigned an office, you must click “Save” again before you create the case. If you are not sure about reassigning an office, it is a good idea to discuss it with a supervisor first.

First you must select the correct office. In this example, we have a request from a newspaper, which makes it a SIG case, so we want to reassign the office to COW. Use the drop-down box to select the office where you want the case to go, click Save.

The classified document control point of contact maintains the files in the FOIA Safe until the case is closed. Once she is notified the file is no longer needed, she will return the file to the original FCO.

17. MARKING A DOCUMENT “DO NOT SEND”

From time to time, there will be an instance when we should not mail a system-generated letter. Examples include instances where a status letter is created in error, or a referral memo is erroneously created. To ensure that the letter or memorandum is not inadvertently mailed, please take the following steps:

1. Type “DO NOT SEND” at the top of the page,
2. Delete all the information in the letter/memorandum, and
3. Create a Discussion which explains why the letter/memo should not be mailed.

Accomplishing the steps above will make it easier for the O/A room to identify letters created in error.

18. ACKNOWLEDGEMENT LETTERS

We prepare acknowledgement letters in all cases **except** for routine use and Red Cross last known address request and any cases going to FOIASIG. The example in this guide shows how to do a standard acknowledgment letter if we have verified certification of agreement and identity, the Requestor has not asked for expedited treatment or a fee waiver, and we have found a responsive record. As you go through this example, please keep in mind that there are many factors which would require you to prepare the acknowledgment letter differently.

19. DISCUSSIONS

Discussion notes are crucial to creating and processing a case. When creators are establishing the case in FIPS, they should note any unusual circumstances or details in a Discussion for later reference. FIPS creates entries in the Case Actions tab for all activities and creates a display on the Case Info screen when a duplicate is attached, but does not explain why.

FOIA/PA Assistants or Government Information Specialists *must* create Discussions:

- for any Up-front Approver case,
- anytime they are moving a case to Unit Chief,
- anytime they are reassigning the office,
- anytime they are staffing based on best available information, and
- any time there is a need to explain something unusual.

Because Discussions become a permanent part of the case in FIPS, you should not use Discussions to record personal feelings or to debate, question, or even to seek clarification. A FOIA/PA Assistant or Government Information Specialist should discuss issues needing clarification via e-mail, a telephone call or a personal visit to his or her supervisor.

20. CHANGING A REQ TO A CSD

(Note: this article pertains to people who work in the Research Queue)

Occasionally Requestor documents, certificates of identity, status requests and other correspondence will inadvertently get scanned into FIPS as a new request. If you encounter these types of documents in FIPS as REQ's, please attempt to locate the case to which the documents belong. After you locate the case in FIPS, make a note of the control number. Create a Discussion asking Research to add the request as CSD to the appropriate case. Next, go back to the worksheet in FIPS and Send to Research.

A person working the Research queue will assign the request to CSD as follows:

21. TROUBLESHOOTING WORK *FROM* THE OA ROOM

The FOIA/PA Assistants assigned to the mail are responsible for picking up faxes and mail (in the black bins marked Troubleshooter) from the OA room and in the basket located next to the copier in shared workroom each day and are responsible for sorting and working the mail. Individual team members expecting a fax should notify his or her supervisor or retrieve the fax. If the case has been created, insert a Discussion (Scan in fax and notify [me] when the fax has been scanned. If the fax needs to be scanned in before reviewing, the OA Room clerks can scan it in and notify you. They may also deliver the fax or mail if needed.

22. TROUBLESHOOTING WORK *TO* THE OA ROOM

When new requests are taken to the OA room, place them in the “New Request” bin on the counter.

When taking Requestor documentation, CSD’s, responsive records or certifications of identity to the OA room, write “Requestor Docs” or “CSD” on the first page, along with the date and your initials.

23. FOIA MAILBOXES:

FOIA has access to various e-mail mailboxes that serve different purposes. The paragraphs below describe these mailboxes and their purposes. E-mails to any of the FOIA mailboxes must contain specific instructions.

Updated on March 28, 2016

When you review all the scanned in CSDs and request documents which have been scanned into the case, you may find issues needing attention. Send e-mails to the OA Room when:

- A. The original Final Action Letter and responsive records were mailed but the Requestor never received them. The OA room will reprint the records to CD or paper and re-mail per instructions provided in the e-mail. The instructions must include the control number and whether to print CD or paper, as well as how the case was closed "G1 or PD." Include a Discussion in the original case.
- B. The responsive records need to be re-printed to CD due to the Requestor receiving a broken CD.
- C. The Requestor has either has a changed or new address; therefore, the records need to be re-printed and re-mailed to the Requestor. You need to state in your instructions to the OA room that you've made the changes to the address in the final action letter. Correct the address on the final action letter and the FIPS database. State that you've changed the address in a Discussion.
- D. The first or second page of the new request is missing. Ask them if they can check to see if the page was missed by the scanning department. Include the REQ#, and the data handwritten on the first page of the request. If the first page is missing, include the REQ# and the date the case was scanned. Send the case to Unit Chief until the OA Room sends a response. Then have the case returned to you and create as usual.

Note: sometimes we find documents that do not belong in the case we are working on and belong in another case or need to be created as a new case. Attach a coversheet and deliver it to the CSD bin in the OA Room when the request letter and supporting docs need to be printed and scanned into another case. Include instructions to the OA Room or the case creator, if necessary. You will need to attach a coversheet as a CSD when documents need scanned into create a new request attaché a NEW REQ (new request) coversheet and deliver to the New Requests bin in the OA Room. Do not send an email.

Don't forget to add a Discussion to the original case.

23.2 FST (NRC, NRCFOIAMS)

Send e-mails to the FST mailbox when you encounter an appeal in case create that was not previously addressed. See section 8.16

All e-mails to the FST mailbox should contain the control number, the A-Number or subject of the case, and specific instructions relating to the case.

23.3 FIPS PROBLEM

(b)(6)

Send e-mails to **NRC, FIPSPROBLEM, NRC, FOIA PROGRAM**, [REDACTED] and your supervisor:

- A. If you are receiving FIPS errors, including if FIPS spontaneously closes
 - B. If responsive records need to be copied from one case to another
 - C. If records are incorrectly scanned in a case and need to be removed
 - D. If FIPS is running unusually slow.
- (b)(6)

If there are errors in FIPS or FIPS is running slowly, copy the following people on the e-mail: **NRC, FIPSPROBLEM, NRC, FOIA PROGRAM**, [REDACTED] and your supervisor.

Include the following in the subject line of your e-mail:

- If you are at a Work Stoppage and cannot do any work in FIPS, please title your subject line: **WORK STOPPAGE**, control number and issue.
 - If the case you are working on has a problem that is preventing you from completing it, please title your subject line, **CASE NEEDS CORRECTION**, control number and issue
 - If the message deals with a problem you can work around, please title your subject line: **FYI ONLY**, control number and issue.
- (b)(6)

In all cases, in the body of your message, please follow the same format listed below. Attach sanitized screen prints if applicable.

All e-mails to **FIPSPROBLEM, NRC, FOIA PROGRAM**, [REDACTED] and your supervisor must contain specific instructions, including a description of the problem and the role of the case; standalone, create, locator or processing and the control number or REQ number if you were creating the case.

- Are you teleworking or at the office?
- Temporarily: What operating system are you using? XP or Win7?
- What is your cube number?
- What is your work extension number?
- If there are errors in FIPS or FIPS is running slowly, include the following information in the e-mail:
 - What were you doing when the problem began?
 - Did you get an error message? If so, include the message or a screenshot of the message.
 - Is it slow or not responding at all?
 - What other Internet sites do you have open?
- If you are viewing or editing Responsive Records:
 - How many pages of responsive records are there?
 - Do you have thumbnails on?
 - Were you checking in a document, image file or letter?
- If you were doing a search:

24. E-MAIL TO CUSTOMERS

If necessary, send a message to the NRC, NRCFOIAMSMB outlining what we need to say. The FST supervisor will generate the e-mail to the Requestor and transmit. Include all information in the e-mail that the FST supervisor will need in order to be able to send the e-mail. Put a Discussion in FIPS outlining your request to FST. If you are asking for more information from the Requestor, create a slot in the case in FIPS to ensure that the case will close out automatically if no response is received from the Requestor.

25. MAIL

The FOIA Division receives two types of mail: Returned Mail and Direct Mail.

25.1 RETURNED MAIL:

25.1.1 Interim Interest Letters

Returned Interim Interest Letters are scanned as Requestor Docs.

Except for Interim Interest Letters, all returned envelopes and letters are scanned as CSD's.

Do not use forwarding addresses provided by US Postal Service.

OA's will note each case with action taken for each piece of returned mail. Notes are to be complete and concise. They should include the reason the letter was returned, action taken, and the OA's name.

Note: Not all letters are acknowledgment letters. The returned correspondence could be a status letter or request for additional information. Before letters are updated with the correct address, confirm the correct letter is being updated. The Discussion should include the type of letter being corrected and resent.

25.1.2 Acknowledgement letters

Compare address on acknowledgement letter to address on the G-639, G-28 and returned address on the original envelope.

A. If there is a transcription error in the address:

1. Correct the address in the address section of the FIPS worksheet and click "Save" to update FIPS.
2. Correct the acknowledgement letter and resend letter.
3. Write the ID of the case creator on the returned letter and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.
4. Note the case. Example of the Discussion:

Title of Discussion: Returned Mail – no such number

Body of Discussion: Address on letter did not match G639. Street address should be 1003 Market Street, not 103 Market Street. Updated FIPS and ack letter and resent letter. Name.

5. Returned acknowledgement letters with a Requestor document need to be repended for additional time. **Give the letter to the OA supervisor to repend.**

B. If the address on the acknowledgement letter matches the address on the G-639, G-28 and/or return address on original envelope:

1. Note the case. Example of the Discussion:

Title of Discussion: Returned Mail – no forwarding address

Body of Discussion: Address matches G-639. No other address found. Did not resend ack letter.

2. Give acknowledgement letter to OA Supervisor to Close.

25.1.3 Final Action Letters

Compare address on final action letter to address on the G-639, G-28 and returned address on original envelope. Check all CSDs for a new address.

- A. If address matches G-639 and/or G-28 and no other address is found, note case with the reason the letter and responsive records were returned. Discussion should include "no other address found; did not resend final action letter" and OA's name. **Scan envelope and front page of letter as CSD.**

Shred the letter and responsive records.

- B. If another address is found in the CSDs:

1. Update FIPS and final action letter, reprint letter, and label and resend. **Scan original letter and envelope as CSD.**
2. Write the ID of the **case processor** on the returned letter and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.

25.1.4 CDs

A. CDs Returned for postage.

Make a copy of the CD and re-mail. Attach the copy of the CD to the original CD mailer and give to the OA Supervisor. Note the case with the following Discussion.

Title of Discussion: CD Returned for Additional Postage
 Body of Discussion: Re-mailed CD, date and name

B. CDs Returned due to Incorrect Address.

Compare address on final action letter to address on the G-639, G-28 and return address on original envelope. Check all CSD's for a new address.

1. If address matches G-639 and/or G-28 and no other address is found, note case with the reason the CD was returned. Discussion should include "no other address found; did not resend CD" and OA's name.

Shred the CD.

2. If another address is found in the CSD's:
 - a. Make a copy of the CD and returned envelope.
 - b. Update FIPS and reprint a new label. (Do not update letter in FIPS). Put the new label on the outside of the CD Mailer (not directly on the CD).
 - c. Write the ID of the **case processor** on the copy of the returned CD and give to OA Supervisor. Do this in a controlled manner so that you and the supervisor are the only ones who see this paperwork.

25.2 DIRECT MAIL:

This is mail sent directly to NRC from Requestors, subjects, attorneys, etc. The content of direct mail is varied and usually requires some type of action. Direct mail could consist of, but not limited to, any of the following:

- Change of Address (see section 25.2.3).
- Status Request (see section 25.2.4).
- Withdrawal of Request (see section 25.2.5).
- A request to change the scope of a FOIA request. The action required to change the scope of a request could involve changing the track of the case, depending upon the type of information/documents requested (see section 34).
- Correspondence about delinquent payments, including checks (see section 25.2.2)
- Responses to Track 3 denial or Expedited Treatment denial (see section 25.2.1)
- Responses to requests for additional information (see section 25.2.2)
- Requestor asks for their record on paper: scan in as a case supporting document (CSD)

We may respond to direct mail in writing or by phone, and some mail requires no response.

Please create a Discussion describing the problem and how it was corrected. The OA Room Clerk assigned to handle mail should initial, date, and write what kind of document (such as CSD or REQ DOCS) on the top page and staple the pages together after scanning. Case creators may deliver the fax or mail with CSD's to the OA room for scanning.

Mail or faxes regarding delinquent payments, payments made or checks received is pulled prior to distributing to the Team. If any of these types of documents are inadvertently left in with the mail, please give them to the Team supervisor.

25.2.1 Mail concerning Track 3 or expedited treatment

If we receive additional correspondence via e-mail, mail or fax relating to an existing case, asking for expedited processing or processing as Track 3; forward the correspondence to the FOIA/PA supervisor. A supervisor must review the correspondence and make a determination. We must address within 10 days in writing our response to the expedited or Track 3 processing request, whether we grant or deny.

Updated on March 28, 2016

FOIA/PA Assistants assigned to mail will place the mail in the Track 3 or Expedited Review bin.

Insert a Discussion titled "Expedited Treatment Request" or "Track 3 Request." In the text of the Discussion type whether it was denied or approved and the sequence number of the status letter. Scan the additional correspondence in as a CSD.

If the Requestor responds to our denial of expedited treatment or Track 3 processing, the procedure is essentially the same: forward it to the FOIA-PA supervisor, who will make the determination.

If a FOIA/PA Assistant or Government Information Specialist working in Records Locator queue discovers correspondence relating to expedited processing or Track 3 scanned in but has not been addressed by a supervisor; that person should insert a Discussion. If it is regarding a Track 3 request, approve or deny the request. If it is regarding an expedited request, send the case to Admin or Unit Chief and send an e-mail to the supervisor handling the expedited requests and include the control number of the case. See section 6.3.1 for Track 3 and 6.3.6 for and Expedited processes.

25.2.2 Requestor documentation / additional information

This consists of documents or more information that we have asked the Requestor/subject to provide. When the information is received it is scanned into the Requestor documentation slot. Use the additional information provided to continue creating the case. If the Requestor/subject did not provide the alien number, use the information provided to search CIS 9103 and PCQS or CLAIMS to locate any responsive records, or receipt files. If the subject of record entered before 1975 and may possibly have had no business with INS or USCIS after 1975, you may have to staff to Records Indexing (see section 12.7.5, *Records Indexing/Manual Requests*). If you cannot locate any records relating to your person, you may have to close the case as NR (see section 12.18.6, *No Record*). Copy screen-prints of your searches for scanning in as CSD. (FYI CSD's can be scanned in after a case is closed).

We do not re-open cases that close as FC because the Requestor failed to reply within the time allotted - unless it is our fault. An example of our fault would be they sent back the Requestor docs and the envelope was postmarked before the deadline. It doesn't matter if they are one day late returning the requested information. The Team will send the Requestor a letter advising them that their case has been closed as a FC. If the Requestor still has an interest in receiving the information, he or she will need to submit a new FOIA request. This includes cases closed within the same month. We are handling these FC requests the same for everyone so nobody is getting unfair treatment. However, if you receive a call asking for more time to return the Requestor docs, and before the case closes, you may repend.

See section 7.3, Reasonable Description of Records being Sought, and follow the steps in section 7.3.4, Requesting Additional Information with the Acknowledgement Letter
See Section 16b, FC (Failure to Comply) Case Closings and if needed NR, No Record section 12.18.6

25.2.3 Request for change of address

If you receive a Form AR-11 or other correspondence from an alien wanting to submit a change of address, forward the original letter and enclosures to the following address:

U.S. Department of Homeland Security
Bureau of Citizenship and Immigration
Change of Address
PO Box 7134
London, KY 40742-7134

For commercial overnight or fast freight services only:

U.S. Department of Homeland Security
Bureau of Citizenship and Immigration
Change of Address
1084-I South Laurel Road
London, KY 40744

25.2.4 Status letters

The public has the ability to check online the status of their FOIA request(s) with NRC at (www.uscis.gov).

From www.uscis.gov, click on the “Check your Case Status” icon.

Clicking the icon mentioned above will take you to the “My Case Status” page. Enter the Control or Receipt number, and click “Check Status.”

The online status check will indicate whether the request is still pending, or whether the case has been processed or closed within the last six months.

If the request is still pending, the online status check will indicate the position of the request relative to all pending USCIS requests in the same processing track. It also provides the date the request was received.

Updated on March 28, 2016

If the request was processed or closed within the last six months the Requestor will be given the date the request was closed. The system does not discern how the request was closed i.e. DP, GI, PD etc., however it does address cases closed for Failure to Comply.

If the control number entered is not recognized, the Requestor will be advised the number entered is invalid or the case was processed more than six months ago.

The previous method of providing a status letter did not give the Requestor accurate information. In order to better serve our customers Teams should paste in the online status check every time a status is requested.

If you need to generate a status letter due to correspondence via mail, e-mail or fax, please run the control number with the online status check. Do not provide status to the Requestor using the Calculate Queue Position button. Change the information on the letter that shows the status of the case, replacing it with the results from the online status check before you close and save. Use the latest Status Letter from the Tasks tab in FIPS.

Note: The Status Letter will always state the track as "Track One." If you are not processing a Track one case, please make sure you change the track.

Please print the online status check and send it to be scanned in as a CSD to support the status letter.

25.2.5 Withdrawal of a FOIA/PA request

A Requestor must send us a document to withdraw a pending request. Upon receipt of a written request to withdraw a FOIA, please have the request scanned into the case as CSD. Make sure that the WD letter has been scanned in before you close the case. Ask your supervisor to send the case to you in Records Locator queue. Add a Discussion indicating that the request was withdrawn per the documents found in CSD.

If you are closing a case WD or FC and there is a FOIA Safe Staffing, please send an e-mail to NRC, FOIASafe. The classified files POC will keep the files in the FOIA Safe until the case is closed. Once notified the file is no longer needed, he or she will return the file to the original FCO.

25.2.6 Mail received in a foreign language

If we receive mail written in a foreign language and you cannot determine whether it is a FOIA request, forward the mail to a supervisor. The supervisor will forward the documentation to FST, who will then return the translated mail.
