All of the targets in this operation were amenable to arrest and removal under the Immigration and Nationality Act.

ICE deportation officers carry out targeted enforcement operations daily nationwide as part of the agency's ongoing efforts to protect the nation, uphold public safety, and protect the integrity of our immigration laws and border controls. These operations involve existing and established [Fugitive Operations Teams](#).

During the targeted enforcement operations, ICE officers frequently encounter other aliens illegally present in the United States. They are evaluated on a case-by-case basis, and, when appropriate, they are arrested by ICE officers.

In fiscal year 2016, ICE conducted 240,255 removals nationwide. Ninety-two percent of individuals removed from the interior of the United States had previously been convicted of a crime.
