Two-Step Verification Method

Every time you log in, you will be given a verification code. What is your preferred method to receive your verification code?

- Use an Authentication App
  Retrieve codes from an authentication app (such as Authy or Google Authenticator) on your mobile device.

- SMS Text Message
  Receive a text message to your mobile device when signing in.

- Email
  Receive an Email when signing in.

You can use most Time-Based, One-Time Password (TOTP) applications for added security, which will ask you to enter a unique verification code generated by the selected application on your mobile device.

USCIS advises that you read the privacy policies of any application you use, especially if you share any personal information. USCIS is not responsible for the information collection practices of non-USCIS applications.

Using an Authentication Application

Authentication apps generate security codes for signing into sites that require a high level of security. You can use these apps to get security codes even if you don’t have an internet connection or mobile service.

If you choose to utilize this option for setting up two-step verification on your account, you will need to download and install an authentication app on your device. You can use most Time-Based, One-Time Password (TOTP) apps.

Here are a few options to get you started:

- **Android options:** Authy, Google Authenticator, Microsoft Authenticator
- **iOS options:** Authy, Google Authenticator, Microsoft Authenticator

Two-Step Verification Backup Code

If you lose access to your authentication device (you get a new mobile device or change your phone number), you can use this backup code to login to your USOS account. If you change and confirm a new two-step verification method preference, your old code will no longer work.

Please print or save a copy of this code, and store it somewhere safe so that you are not locked out of your account.

Your backup code is: a37f72cbe2
