

Form I-910, Instructions for Application for Civil Surgeon Designation

OMB No. 1615-0114

Expires 05/31/2020

[Page 1]

What Is the Purpose of Form I-910?

Form I-910, Application for Civil Surgeon Designation, is used by physicians seeking designation as a civil surgeon.

What Is a Civil Surgeon?

By law, a civil surgeon is a physician designated by U.S. Citizenship and Immigration Services (USCIS) to conduct immigration medical examinations for individuals applying for an immigration benefit in the United States.

Unless you are a medical officer of **the** U.S. Public Health Service (USPHS), you must have civil surgeon designation if you wish to conduct immigration medical examinations **for immigration benefit applicants** in the United States. If you are not a **USCIS**-designated civil surgeon (or a **USPHS** medical officer), you are not authorized to conduct **immigration** medical examinations for immigration benefit applications in the United States or **to** complete Form I-693, Report of Medical Examination and Vaccination Record.

Civil surgeon designation does not authorize you to conduct immigration medical examinations for individuals seeking immigration benefits abroad through the visa issuance process of **the** U.S. Department of State (DOS). **Only** DOS-designated panel physicians overseas **may conduct such examinations**. For more information, visit the DOS website at travel.state.gov/content/travel/en/us-visas/immigrate/the-immigrant-visa-process/interview/interview-prepare/medical-examination.html.

NOTE: Civil surgeon designation is not required for physicians who perform medical examinations, unrelated to an immigration benefit, for detainees in the custody of U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), and other government entities.

Who Should Use Form I-910?

Use Form I-910 if you are a physician seeking civil surgeon designation to perform immigration medical examinations **for immigration benefit applicants** in the United States and complete Form I-693.

Do not use Form I-910 if you are a military or public health department physician who qualifies for blanket civil surgeon designation by USCIS. Public health department physicians may only use the blanket civil surgeon designation to complete the vaccination assessments for refugees, not asylees, seeking adjustment of status. Military physicians who qualify for blanket civil surgeon designation may complete all parts of a required immigration medical examination for members and veterans of the U.S. Armed Forces and certain eligible dependents if the military physician meets certain conditions. For more information, please visit www.uscis.gov/civilsurgeons.

What Professional Qualifications Are Required for Civil Surgeon Designation?

For USCIS to designate you as a civil surgeon, you must:

1. Have an **active and** unrestricted license as a doctor of medicine (M.D.) or doctor of osteopathy (D.O.) in the U.S. state or U.S. territory **where** you seek to perform immigration medical examinations;
2. Have at least four years of professional experience as a physician **in the U.S.**; and
3. Have authorization to work in the United States.

[Page 2]

Are There Other Requirements for Civil Surgeon Designation?

In addition to meeting the professional qualifications, you must:

1. Apply for civil surgeon designation using Form I-910;
2. Submit the completed Form I-910 with the correct filing fee; and
3. Have active medical practices at the locations where you are requesting to perform immigration medical examinations. USCIS will not grant a civil surgeon designation for locations where you intend to practice in the future or where you no longer practice.

NOTE: Civil surgeon designation is at the discretion of USCIS. Although you may meet the specified professional qualifications and other requirements listed on Form I-910, USCIS cannot guarantee you will receive designation as a civil surgeon.

What Are the Responsibilities of a Civil Surgeon?

If USCIS designates you as a civil surgeon, you must comply with the following requirements **when performing civil surgeon duties**:

1. **Truthfully** and accurately report the results of an applicant's immigration medical examination and all laboratory reports on Form I-693, where indicated, and **sign** the civil surgeon's certification on Form I-693.

Take reasonable steps to ensure the person appearing for the immigration medical examination, **including any laboratory test, vaccinations, or x-rays**, is the same person applying for the requested immigration benefit. Generally, applicants must present a valid government-issued photo identification (for example, a valid **unexpired** passport or driver's license) at the time of their immigration medical **examination**, and you must annotate the type of identification presented and identification number in **Part 5** of Form I-693. The law imposes severe penalties for knowingly and willfully falsifying or concealing a material fact or using any false documents in connection with immigration medical examinations.

2. Follow Department of Health and Human Services (HHS) regulations and Centers for Disease Control and Prevention (CDC) guidelines. **Civil** surgeons **must** perform the immigration medical examination according to HHS regulations found at 42 CFR part 34. These regulations include the specific guidelines found in the **CDC publication "Technical Instructions for Civil Surgeons"** (Technical Instructions). Civil surgeons should address any questions about the Technical Instructions directly to CDC. USCIS cannot answer medical questions involving the Technical Instructions. The Technical Instructions, including periodic updates posted by CDC, are available on the CDC website at

www.cdc.gov/immigrantrefugeehealth/exams/ti/civil/technical-instructions-civil-surgeons.html.

3. Make referrals and file case reports, as required. The CDC's Technical Instructions require you to:

A. Refer the applicant to the local health department if the chest x-ray suggests tuberculosis (TB) or if any other health-related circumstances are present, as specified in the CDC's Technical Instructions;

B. Ensure testing and therapy are given for diagnoses of communicable diseases of public health significance, as outlined in the CDC's Technical Instructions; and

C. File a case report with the appropriate public health authorities if required by local laws or regulations. You must also advise the applicant that you are filing a case report.

[Page 3]

4. Notify USCIS of any changes relevant to your designation as a civil surgeon. You are responsible for notifying USCIS in the event that:

A. You cease to practice medicine;

B. You cease to perform immigration medical examinations in the U.S. state or U.S. territory or at the locations associated with your civil surgeon designation;

C. Your medical license is restricted and/or you are subject to any disciplinary action; or

D. Your contact information changes (for example, name of office, address, telephone number, fax number, or email address).

NOTE: You should notify USCIS within 15 days of the change. See the **When and How Do I Update My Civil Surgeon Information** section of these Instructions for more information.

Can USCIS Revoke Civil Surgeon Designation?

USCIS may revoke a civil surgeon's designation at any time. Reasons for revocation include, but are not limited to, your: 1. Failure to continue to meet the professional qualifications required for civil surgeon designation;

2. Failure to meet the responsibilities of a civil surgeon, including failure to follow the CDC's Technical Instructions and Form I-693 Instructions;

3. Engaging in immigration fraud, including providing false information in any materials provided in the course of immigration medical examinations; or

4. Engaging in any activity that poses a risk to public health or safety.

Provide the following information about the locations where you seek to perform immigration medical examinations. If you intend to perform immigration medical examinations in more than one location, provide the details for each additional location in **Part 10. Additional Information**.

You must provide the following information. Failure to provide this information may result in the denial of your application. USCIS will use the contact information listed below for all civil surgeon-related communications.

The Form I-94 number is also known as the **Arrival/Departure Record** number on some versions of Form I-94.

NOTE: If you were admitted to the United States by CBP at an airport or seaport after April 30, 2013, CBP may have issued you an electronic Form I-94 instead of a paper Form I-94. You may visit the CBP website at www.cbp.gov/i94 to obtain a paper version of an electronic Form I-94. CBP **does not** charge a fee for this service. Some travelers admitted to the United States at a land border, airport, or seaport after April 30, 2013, with a passport or travel document, who were issued a paper Form I-94 by CBP, may also be able to obtain a replacement Form I-94 from the CBP website without charge. If you cannot obtain your Form I-94 from the CBP website, you may obtain it by filing Form I-102, Application for Replacement/Initial Nonimmigrant Arrival-Departure Record, with USCIS. USCIS **does** charge a fee for this service. See the USCIS website at www.uscis.gov/I-102 for more information.

6. Item Numbers 6. - 9. Passport and Travel Document Numbers. If you used a passport or travel document to travel to the United States, enter either the passport or travel document information in the appropriate space on the application, even if the passport or travel document is currently expired.

Part 4. Medical Degrees

Only doctors of medicine (M.D.) and doctors of osteopathy (D.O.) may receive designation as civil surgeons. Provide the following:

- 1. The name(s) of the school(s) you attended;**
- 2. The dates of your attendance and graduation; and**
- 3. The type of medical degree(s) you earned.**

If you need extra space to complete this section, use the space provided in **Part 10. Additional Information.**

Attach a copy of your medical degree(s) to your Form I-910. A copy of the original medical school diploma is required. If it is a foreign language diploma, a full English translation must be submitted with the foreign document. The translator must sign a certification that the English language translation is complete and accurate, and that he or she is competent to translate from the foreign language into English. The certification must include the translator's signature. A Certificate from Educational Commission for Foreign Medical Graduates is not acceptable for this requirement.

Part 5. Medical Licenses

You must have an **active and unrestricted** license to practice medicine in each U.S. state or U.S. territory **where** you seek to perform immigration medical examinations. For each U.S. state or U.S. territory **where** you seek to perform immigration medical examinations, **fill out the chart with the** following **information:**

2. The medical license number;
3. The date the medical license was issued;

Attach a copy of each of your medical licenses to your Form I-910.

[Page 7]

Part 6. Professional Experience

Item Numbers 1. - 6. To receive designation as a civil surgeon, you must establish you have practiced medicine as a physician (M.D. or D.O.) for at least four years in the U.S. Provide the following information to cover a period of at least four years:

1. The names of each employer;
2. The dates of your employment with each employer; and
3. The contact information for each employer.

If you need extra space to complete this section, use the space provided in **Part 10. Additional Information**.

NOTE: In calculating whether you meet the four-year practice requirement as a physician, **do not** count your post-graduate medical training in an internship or residency program. You can, however, count the time you practiced medicine on the basis of a post-residency fellowship. Submit evidence establishing your professional experience, such as letters of employment verification, evaluations, certificates of completion of fellowship program, or medical liability or malpractice insurance policy. Letters of employment or employee evaluation should be on the company letterhead, include your dates of employment, position(s) held, job description, and the name, title/position and signature of the person authorized to verify the employment. A medical liability or malpractice insurance policy, by itself, is insufficient to establish professional experience, but may be submitted to supplement other evidence listed above. If you are/were self-employed, submit copies of your business tax returns and your business license(s) or tax receipt(s) covering the tax return periods.

Part 7. Applicant's Statement, Contact Information, Certification, and Signature

Item Numbers 1. - 6. Select the appropriate box to indicate whether you read this application yourself or whether you had an interpreter assist you. If someone assisted you in completing the application, select the box indicating that you used a preparer. Further, you must sign and date your application and provide

your daytime telephone number, mobile telephone number (if any), and email address (if any). Every application **MUST** contain the signature of the applicant. A stamped or typewritten name in place of a signature is not acceptable. **Your signature will be kept on record to verify the signature on any submitted Form I-693.**

Part 8. Interpreter's Contact Information, Certification, and Signature

If you used anyone as an interpreter to read the Instructions and questions on this application to you in a language in which you are fluent, the interpreter must fill out this section; provide his or her name, the name and address of his or her business or organization (if any), his or her daytime telephone number, his or her mobile telephone number (if any), and his or her email address (if any). The interpreter must sign and date the application.

Part 9. Contact Information, Declaration, and Signature of the Person Preparing this Application, if Other Than the Applicant

Item Numbers 1. - 9. This section must contain the signature of the person who completed your application, if other than you, the applicant. If the person who completed this application is associated with a business or organization, that person should complete the business or organization name and address information. Anyone who helped you complete this application **MUST** sign and date the application. A stamped or typewritten name in place of a signature is not acceptable. If the person who helped you prepare your application is an attorney or accredited representative, he or she may also need to submit a completed Form G-28, Notice of Entry of Appearance as Attorney or Accredited Representative, along with your application.

NOTE: Select **Item Number 7.** if the preparer may act as a secondary point of contact for you, if USCIS is unable to contact you using the information provided in **Part 2. Clinical Office Locations.**

Part 10. Additional Information

Item Numbers 1. - 7.D. If you need extra space to provide any additional information within this application, use the space provided in **Part 10. Additional Information.** If you need more space than what is provided in **Part 10.**, you may make copies of **Part 10.** to complete and file with your application, or attach a separate sheet of paper. You must submit the separate sheet at the same time you submit your Form I-910. Type or print your name and CSID Number (if any) at the top of each separate sheet; indicate the **Page Number**, **Part Number**, and **Item Number** of Form I-910 to which the additional information relates; and sign and date each sheet.

We recommend that you print or save a copy of your completed application to review in the future and for your records.

What Is the Filing Fee?

The filing fee for Form I-910 is **\$785**.

Exception: Physicians receiving blanket civil surgeon designations are not subject to a fee for receiving the blanket designation. For more information, please visit www.uscis.gov/civilsurgeons.

NOTE: The filing fee is not refundable, regardless of any action USCIS takes on this application. **DO NOT MAIL CASH.** You must submit all fees in the exact amounts.

Payments by Check or Money Order

Use the following guidelines when you prepare your check or money order for the Form I-910 filing fee:

1. The check or money order must be drawn on a bank or other financial institution located in the United States and must be payable in U.S. currency; **and**
2. Make the check or money order payable to **U.S. Department of Homeland Security**.

NOTE: Spell out U.S. Department of Homeland Security; do not use the initials “USDHS” or “DHS.”

Notice to Those Paying by Check. If you send USCIS a check, we will convert it into an electronic funds transfer (EFT). This means we will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will usually take 24 hours and your bank will show it on your regular account statement.

You will not receive your original check back. We will destroy your original check, but will keep a copy of it. If USCIS cannot process the EFT for technical reasons, you authorize us to process the copy in place of your original check. If your check is returned as unpayable, we will re-submit the payment to the financial institution one time. If the check is returned as unpayable a second time, we will reject your application and charge you a returned check fee.

Payments by Credit Card

If you are filing your **application** at a USCIS Lockbox facility, you can pay your filing fee using a credit card. Please see Form G-1450, Authorization for Credit Card Transactions, at www.uscis.gov/G-1450 for more information.

How To Check If the Fees Are Correct

NOTE: If the change is an update to your contact information that involves practicing in a new U.S. state or U.S. territory, then you **may not** perform immigration medical examinations in the new U.S. state or U.S. territory until USCIS approves the change. In this case, you must submit your new contact information to USCIS with evidence you are licensed to practice medicine in the new U.S. state or U.S. territory in which you seek to perform immigration medical examinations.

USCIS will also conduct compliance reviews or audits to ensure the accuracy of civil surgeon information. As part of these compliance reviews or audits, USCIS may contact you to verify some or all of the information provided on Form I-910. USCIS Compliance Review and Monitoring

By signing this application, you have stated under penalty of perjury (28 U.S.C. section 1746) that all information and documentation submitted with this application are complete, true, and correct. You also authorize the release of any information from your records that USCIS may need to determine your eligibility for the designation you are seeking and consent to USCIS verifying such information.

DHS has the authority to verify any information you submit to establish eligibility for the designation you are seeking at any time. USCIS' legal authority to verify this information is in 8 U.S.C. sections 1103, 1155, and 1184, and 8 CFR parts 103, 204, 205, and 214. To ensure compliance with applicable laws and authorities, USCIS may verify information before or after your case is decided.

Agency verification methods may include, but are not limited to: review of public records and information; contact through written correspondence, the internet, fax, other electronic transmission, or telephone; unannounced physical site inspections of medical clinics or practices; and interviews. USCIS will use information obtained through verification to assess your compliance with the laws and to determine your eligibility for designation.

Subject to the restrictions under 8 CFR 103.2(b)(16), USCIS will provide you with an opportunity to address any adverse or derogatory information that may result from a USCIS compliance review, verification, or site visit after a formal decision is made on your case or after the agency has initiated an adverse action which may result in revocation or termination of an approval.
