The CIS Ombudsman's Webinar Series: Overview of myUSCIS for Applicants

On January 20, 2022, the Department of Homeland Security's (DHS) [Office of the Citizenship and Immigration Services Ombudsman \(CIS Ombudsman\)](#) hosted a public webinar titled “Overview of [myUSCIS](#) for Applicants.”

During this session, [CIS Ombudsman Phyllis A. Coven](#) and her staff engaged with U.S. Citizenship and Immigration Services' (USCIS) subject matter experts (SMEs) to provide an overview of myUSCIS. The SMEs showed stakeholders how to create a myUSCIS account, how USCIS organizes online forms, how to file USCIS forms using myUSCIS, how to upload documentation, and how to resolve error messages. The agency encouraged use of its customer service tools that allow individuals to find case-related information without having to call the USCIS Contact Center or visit a field office. USCIS also provided a live demonstration of the myUSCIS platform using Form I-90, Application to Replace Permanent Resident Card as an example and displaying how to navigate through the online account.

A total of 559 stakeholders joined this webinar. Participants submitted approximately 150 written questions. From those, the CIS Ombudsman posed 32 questions to the USCIS SMEs on topics such as withdrawals, fee waivers, system-generated errors, and attorney concerns with the myUSCIS user experience.

Below is a sample of the questions received:

- How do I cancel/withdraw an application online? Is this option available in myUSCIS?
- Can applications be completed and submitted on a smartphone or can this only be done by using a computer?
- How can you sign up for case status notifications to be delivered to your email?
- Can myUSCIS be used to query and track the status of a paper application?
- If USCIS sends a Request for Evidence via the U.S. Postal Service, can the response be submitted online through the myUSCIS account?

The CIS Ombudsman will share a complete list of inquiries with USCIS to allow the agency to address the public's concerns. Additionally, the CIS Ombudsman will post the engagement's presentation on its Outreach webpage.
