USCIS Processing Time Information for our National Benefits Center

Instructions on Using the Table								
Instructions on Using the Table								
Below is a chart that shows the Form Number, Form Name and Processing Times for all of the forms that are processed at that office. (Note that not all offices process all types of applications and petitions.)								
Find the particular form number (in the left column) or form name (in the center column) in which you are interested. In the right column you will find either a timeframe in months or an exact date.								
If the office is processing a particular type of application in less time than our processing goal, you will see the processing times expressed in months (for example, if the office is processing naturalization applications in less than our 5 month goal, the processing time will state "Five Months"). However, if that office is taking longer than our processing goal to handle the form type in question, you will see the filing date (e.g., "April 10, 2003") of the last case we processed on the date the website chart was last updated. The charts are updated on or about the 15th day of each month.								
IMPORTANT: If your receipt notice date is earlier than the processing date shown, we suggest you call our USCIS Customer Service Office at 1-800-375-5283 for assistance.								
Please note that the processing times listed below for Form Number I-765 category (c)(8), based on a pending asylum application, only applies to an initial filing. The processing								
time for a renewal I-765 category (c)(8) is 3 Months.								
The 90-day period for reviewing Form I-765 filed together with Form I-821D begins if and when USCIS decides whether to defer action in your case.								
We offer a variety of services after you file. For example, for most kinds of cases you can check the status of your case online.
